CHRISTIAN WORKER WAS A SNEAK THIEF?

Edmund C. Everett's Sudden Departure Marked by the Disappearance of Articles.

AN ALLEGED MINISTER

STRANGER ALSO CLAIMED TO BE A NEWPAPER MAN—TOLD GREAT TALES.

Got Into Good Graces of Several Plainfielders—J. Henry Crane Minus An Overcoat—Claimed to Have Worked in Elizabeth.

Edmund C. Everett has been visiting in town. He stayed only a few days, but in that time he is said to have gathered together more articles that did not belong to him, than a pawn broker could collect in a month.

Several days ago he came to the Y. M. C. A. representing himself to be a minister of the gospel, a former newspaper man, cow boy, temperance worker, professional "barker" and advertising manager for a large daily. He declared that he was to make an address at Rescue Mission Thanksgiving evening and that he was going to stay here for at least three weeks incidentally to work up the circulation of the New York World.

He requested that Mr. Manning, the secretary of the Y. M. C. A. secure for him a suitable boarding house. Mr. Manning took the young man to a private house on East Fifth street. On Wednesday the fellow disappeared from the house and it is supposed took with him an overcoat belonging to J. Henry Crane, some money, a razor and other things belonging to other boarders. Previous to that time Mr. Crane had taken the young man to the First Baptist Church where he led in prayer in the Christian Endeavor Society, making a most touching address.

Everett has been operating, it is said, in several other boarding houses in this city. At one house on West Fourth street he is thought to have secured $30 in money from one of the boarder's bureau drawers and, a suit of clothing, besides some watches and a ring.

The fellow declared that he came to this city from Elizabeth where he was employed in the "J. T. Harris" Clothing Company as advertising manager. There is no such firm in the Elizabeth directory. The local police have been notified of the theft of goods from the East Fifth street house.

WARREN'S NEW DRUM CORPS

FIRE LADDIES HAVE A FIFE AND DRUM ORGANIZATION—PRACTICE NIGHTLY.

The members of Warren Engine Company are making elaborate preparations for the opening of the new engine house in the borough, which will take place shortly after January 1. A fife and drum corps is being organized among the members and each evening the members gather in the new building and practice on the flute and snare drum. Clerk Conover is the drum major; Joseph Newman, band master; Lambert B. Bodine, captain; James Walker, bass drum, and William G. Debele, aymbols. Other members in the drum corps are George Schlereth, William Day, Richard Kenny, Lewis Clark and George Stewart. Captain William B. Smith will have charge of the drilling.

REV. MR. FINN'S ANSWER.

Park Avenue Baptists to Know on Sunday Whether He Will Accept.

A response has been received from Rev. A. E. Finn, recently called to the pastorate of the Park Avenue Baptist Church, and he says that he will give the church a definite answer on Sunday. Just at present Mr. Finn's congregation at Cherryville is holding a revival service and this may cause a delay in the shaping of his plans. It is generally believed that he will accept the charge.

Famous Missionaries His Subject.

William D. Murray will speak on "Famous Missionaries" at the Y. M. C. A. men's meeting next Sunday afternoon at 4 o'clock. The Trinity Church choir will provide music. Miss Florence Bennett will be the soloist.

Gift to Frank Hedden.

Frank Hedden, of East Fourth street, has received a barrel of oysters and six red head ducks as a gift from Captain Frank Sutton, of Barnegat.

Y. M. C. A. AUXILIARY ELECTS

WOMAN'S AID TO ASSOCIATION HAS THIRTY-FIVE MEMBERS NOW.

The Ladies' Auxiliary of the Young Men's Christian Association, which was organized two weeks ago, had its second meeting yesterday in the association building. The object of the branch is to assist the main and boys' departments. Twenty-five members were present of thirty-five, a list which it is hoped will be increased to one hundred. The members will be divided into committees for more effective work.

A public meeting will be held on Dec. 14 and in the interval between now and then a constitution will be drawn up. These officers were elected yesterday: Mrs. Henry M. Maxson, president; Mrs. Stephen Cahoone, vice president; Mrs. J. D. Phillips, second vice president; Mrs. J. W. Gavett, secretary; Miss Lena Bass, treasurer. Kenneth Robbie addressed the auxiliary on the work of the boys' department of which he is secretary and J. H. Manning, general secretary, told the members in what ways the auxiliary could be made most helpful to the association.

YOUNG WOMEN'S CLUB AFFAIR

RECEPTION HELD AND PLANS MADE FOR SEVERAL NEW FEATURES.

A reception was held by the members of the Young Women's Club in their new rooms in the Babcock building last night. The event marked the opening of a new era for the club. With new and enlarged quarters greater possibilities are opened for better work for the members of this worthy organization.

The reception and social gathering was a "house warming" event. Progressive games were played during the evening. Miss Bessie Gothwick won the first prize, a basket, and Miss Elizabeth Gibson won the second prize, a fancy work box. Refreshments and dancing were enjoyed, the music being provided by Miss Weston and Miss Huntington. The committee of arrangements consisted of Miss V. P. Conklin, chairman; Miss Florence Huntington, Miss Dora Stetson, Miss Mamie Lockert and Miss Katherine Duffy.

It is planned to open a physical culture department in the club, a millinery class, a class for dressmaking and other accomplishments. Each Monday night a social gathering will be held and on the last Monday of each month a special social will be held at which time refreshments and dancing will be enjoyed.

PROSPEROUS ORDER.

New Jersey A. O. U. W. Makes No Assessment for December.

There will be no beneficiary assessment in the A. O. U. W. for the month of December. The financiers of every lodge in the State have been notified by Grand Recorder J. H. Lippincott, of Camden, that there is a sufficient amount in the treasury to warrant an omission of the month's assessments. This is the third month in the present year that the Workmen have omitted their assessments, indicating the great prosperity of the order in New Jersey.

Class Pins.

The class pins of the class of 1904, P. H. S. were distributed yesterday. They are patterned somewhat after a college seal, having an irregular gold circle enclosing a circular of red and white, on which appears the monogram P. H. S. Around this colored circle are the class motto, "Ad summum vitamur" and "1904." The committee in charge of the pins were Miss Wilhemina Patton, chairman; and the Misses Helen Robins, H. Mae Batchelor, VanWyck Brooks.

BOARD CONSIDERS PARENTS' COMPLAINTS

Dr. Cooley Tells the Borough School Trustees That Citizens Are Indignant Over Affairs.

VACATION PERIODS SET

QUESTION OF BUYING DRAWING INSTRUMENTS AGAIN AGITATED.

Miss French and M. K. D. Heucker Selected as Teachers—Warrants Drawn—Condition of the Finances.

The dates for the vacations for the school year, the matter of the new school buildings which will be found in another column, and a protest against the present system of accommodating pupils in stores and halls were features of the meeting of the North Plainfield Board of Education last night.

Dr. Cooley, as chairman of the building committee, stated that complaints are getting more numerous regarding the school accommodations in the borough. Parents have complained about having their children kept in the basement class room of the Watchung School and they object to sending their children to the store and hall rooms on Somerset street. The chief objection to both places is that the ventilation is poor.

Several resolutions were offered by John Valiant, chairman of the finance committee. The president and district clerk were authorized to pay a $3,000 note with interest. Another resolution was passed authorizing the President and Clerk to sign warrants on the $1,700 loan and pay the interest on the same and to draw a warrant for $2,800.90 to meet the expenditures for the month. Itemized these expenditures are: Library, $3,943; general fund, $2,390.99 and manual training, $370.48. The cash on hand is now $5,211.53.

President Joy, of the teachers' committee, reported that Miss French has been secured to fill the vacancy caused by the resignation of Miss Plumm, of Elizabeth, and of the appointment of M. K. D. Heucker as successor to Mr. Bauerhite, who resigned to take a position in the Greater New York schools. Chairman Samuel Townsend, of the truancy and grievance committee reported that he believes it is possible to secure a nurse for a reasonable salary to act as school inspectress of all cases where children have been sent home afflicted with vermin or skin disease. The matter was left to him for further investigation. The reply of the Plainfield Board of Education to the proposition made by the borough Board to consolidate the high school system of borough and city, was received. The City Board stated that the matter would be considered by that body when the work on the new school building was actually begun.

County Superintendent of Schools H. V. Krebs invited all the members of the Board to be present at the meeting of members of the Boards of Education of all cities and boroughs in the county. The meeting is to be held in Somerville, Saturday, Dec. 12.

Superintendent Homer J. Wightman submitted dates for the closing of the school for vacations during the school year. They are: Christmas vacation, school closes, Wednesday, December 23 and reopens, Tuesday, January 5; closing for the Easter vacation on April 3 and re-opening on the 9, which will bring commencement day, June 17. This arrangement gives the pupils one more day of school than that of last year. Mr. Wightman asked for an expression of the Board on whether or not it was desired to take part in the New Jersey State school exhibit at the St. Louis Exposition. The matter was referred to the President with power. The board debated at some length on whether or not to purchase one more set of mechanical drawing instruments so as to do away with all partiality. On account of the lack of applicances, only the children of well-to-do parents can take up the course of mechanical drawing as they can afford to procure drawing instruments. Those who can not afford to buy them are obliged to do without this most important course. One member objected to purchasing the additional number of sets on the ground "that it will leave nothing in the appropriation at the end of the year." On voting it was found that six were in favor of impartiality and five were in favor of keeping down the expenses so as to make a "good showing" at the end of

HARRY DE WINDT'S PERILOUS JAUNT

Instructive Lecture Given in An Entertaining Way by a Noted Traveler.

GRAPHIC DESCRIPTIONS

STRANGE STORIES OF DISTANT LANDS RELATED AT THE CASINO.

Plainfield Public Failed to Take Advantage of Rare Opportunity to Hear An Able Man Tell of Wonderful Journeys.

Judging from the amount of hardship that Harry DeWindt underwent in his trip "Paris to New York, Overland," the engineer who would attempt to span the space with railroad lines would be up against the biggest problem of the ages. Mr. DeWindt described his travels to an audience at the Casino last night that numbered about forty, where the quality of the lecture and the name of the lecturer should have brought out a crowded house.

Mr. DeWindt is an agreeable talker. He relates his tremendous experiences in a simple, matter-of-fact way but withal graphically and with a graceful diction and a slight accent that charms.

Mr. DeWindt left Paris December 19, 1902, arriving in New York in August more than eight months later. He covered 18,484 miles by land and 33 miles across the Behring Straits by water. Some of the more interesting statements of the traveller in the course of his remarks may be stated simply:

Moscow, in Mr. DeWindt's belief, is the most beautiful city in the world.

The journey of eleven days from Warsaw to Irkoutz by the Siberian railway could be accomplished in four as the American train travels.

The soil in Irkoutz, Siberia, is frozen to a depth of 600 feet.

The body of a girl exhumed near Irkoutz three years after burial was in the same condition of preservation as three hours after burial.

Criminals arrived at Irkoutz after a three years walk across the snowy wastes from Russia.

In Yakouts snow-blindness is almost universal.

There is a striking and inexplicable similarity between the languages spoken in Yakouts and European Turkey.

The average temperature is 78 degrees below zero.

At one of the settlements for Siberian exiles, Mr. DeWindt and his party were the first visitors from the outside world in thirty years.

Natives of most of the settlements consisting of two or three huts live in most horrible squalor.

The most ominous thing about Siberia is the terrible silence, the stillness that overwhelms and drives men mad.

In one settlement of fourteen Russian exiles, two were guilty of crime.

No one ever returns from exile.

More than one-third of the exiles kill themselves.

By one of the political exiles Mr. DeWindt was commissioned to deliver a letter of an anarchistic nature to a person in Paterson, N. J. The letter, needless to state was never delivered.

Watson and Frank Brown were chosen delegates to the annual convention to be held next spring.

No Papers Served on Sheriff.

SCHOOL BOARD WANTS $25,000 STRUCTURE

Borough Board of Education Considers Proposition of Erecting New Building.

SEVERAL SUGGESTIONS

PROPOSITION TO BUILD TWO STRUCTURES IN DIFFERENT PARTS.

Dr. Cooley's Views—Plot Smalley Offers is in Prideville—Public Meeting of Taxpayers to Take Definite Action a Probability.

"Shall the new borough school building be placed on the French property at the upper end of Grove street?" That is the question which will be submitted to the taxpayers of North Plainfield at a mass meeting to be held sometime between the first and tenth of January. After sitting in executive session until midnight the North Plainfield Board of Education last night voted to submit that lot to the voters as being the most desirable one of any under consideration.

The matter now rests with the building and grounds committee to secure an estimate on an eight room school building and as soon as this is done to call another meeting of the Board at which time the cost will be considered and a date set for the public hearing. The building will cost approximately $25,000.

Dr. J. H. Cooley, E. A. Overton and Mr. Murray comprise the grounds and building committee, to whom all inquiries should be directed.

Mayor Newton B. Smalley, of North Plainfield, offered a large piece of property which he owns in Prideville, provided the Board erects in that part of the borough a suitable school building to accommodate the smaller children in that vicinity. The proposition was subsequently considered in executive session.

The Mayor appeared before the meeting principally for the purpose of ascertaining whether or not the Board has considered the idea of bringing up the matter of a new school building at a public meeting at which all the North Plainfield tax payers can be present and have a voice in the question. Mayor Smalley says that he would like to see the new school building erected in the western part of the municipality. He suggested the French property on Grove street as a site. It seems that the Board has had this site under advisement and has decided that that lot will be too small for the purposes. The Mayor declared that a school building does much in building up a community and will improve the tone and general character of the vicinity where it is located, citing the Watchung school as an instance.

Dr. Cooley, chairman of the building committee, said that the conditions show that the school building is needed more in the eastern side of the borough. Mayor Smalley offered a lot in the rear of the West End Hose Company's house on Harrison street, which fronts on another thoroughfare, and erect another school building of the same size in another part of the borough where the number of children and the greatest growth is perceptable. If objection was made to the location of a school in Prideville, the mayor suggested that the school building be erected on the lot opposite the Park Club building.

Muhlenberg Ready January 1.

It was announced last evening that the new Muhlenberg Hospital will be ready for occupancy by January 1. RARE PRINTS EXHIBITED

COLLECTION OF VALUABLE ENGRAVINGS SHOWN MONDAY AFTERNOON CLUB.

Features of the meeting of the Monday Afternoon Club yesterday afternoon at the Casino were the reading of selections from "She Stoops to Conquer," and an exhibition of Boydell-Shakespeare prints, numbering over sixty large engravings loaned by Mrs. Kenyon of the Plainfield Seminary and Miss Loyd, of Washington avenue.

These reprints from the English engravers were formerly owned by Dr. Spooner, who resided in this place some years ago and after whom Spooner avenue was named. Buying the plates abroad, Dr. Spooner had them reproduced in this county at great expense, and these pictures loaned for the exhibition are a part of a collection, the full number of which is one hundred.

Miss Kenyon gave a brief but interesting account of the Boydell-Shakespeare Galley and the reproduction of the prints, with pleasant reminiscences of Dr. and Mrs. Spooner, well known to older residents of the town.

NO CHALLENGES EXCHANGED

PLAINFIELD "POET" OWES HIS LIFE TO A COLUMBIAN'S FORGIVING SPIRIT.

They have a topical song at the Princeton Glee Club, which they keep up to date by additions from time to time on current events. At a recent concert in Princeton they used a clever skit on the Panama Revolution, but it seemed that Senor Moro del Riposa, a high Colombian official, was unfortunately in the audience. Senor del Riposa was paying a visit to the University as a guest of one of the professors. He was greatly incensed, but explanations followed, and peace was restored.

The objectionable verse had been written by a Plainfield boy, and now he crosses the street at the mention of Panama. He says the club will sing no topical songs at the concert here next week unless they have an affidavit from everyone in the audience giving name, address and personal affiliations.

To Entertain the Boys.

An unusually good entertainment in the boys' department of the Y. M. C. A. on Monday night will be by Charles R. Taggart, the well known all-round musical performer, ventriloquist and impersonator. P. S. C. TO ORDER 750 CARS

PLAN OF CORPORATION TO SPEND $7,000,000 ON ITS TROLLEY LINES.

The Public Service Corporation, which owns and operates the trolley lines in Newark, Elizabeth and this city, and which, it is rumored, is not considering purchasing the lines of the Middlesex and Somerset Traction Company, will spend $7,000,000 during the next five years in improvements on the lines which it controls.

In addition to the 150 new cars recently ordered, contracts will be given out for the erection of 600 more, within a short time so that when the spring traffic commences the company will be enabled to better handle the ever increasing patronage. This city will benefit from the improvements. It will mean new cars and better service.

Representatives of the Camden and Trenton and New Brunswick trolley companies have been securing bids for the erection of bridges over several streams in Hamilton township, between Trenton and Camden. When these have been completed the entire roadway from New York to Philadelphia will be open to traffic. Part of the roadway is now ready for the through service between New York and Philadelphia but under the present plan passengers will be obliged to change cars at Trenton on account of the difference in the width of the guage.

The new bridges will make it possible to overcome this difficulty by placing an inside rail between the two tracks through Trenton which will accommodate the trucks of the cars which pass over the Trenton-New Brunswick line.

CITY JOTTINGS.

—John Whitenack has resined his position as billing clerk in the local freight office.

—The Y. M. C. A. Orchestra held its usual practice in the association rooms last night.

—Mr. and Mrs. J. R. Hood, who have been living at the Schoonmaker house on Central avenue, have returned to their winter residence in New York City.

—An effort is being made to establish a rural free delivery mail route, starting from Bound Brook and covering territory to the east of the latter place. The proposed route is down the Raritan river road to Centennial avenue, back to Possumtown lane, to Cedar lane, to Harris lane, to the old Stage road, to Bonegut brook, thence to Greenbrook road and back to Bound Brook by way of Beechwood Heights. If established this will cover territory adjacent to route from New Brunswick and Plainfield, now established. It is possible that another route may be established to go around through Weston, Finderne and Adamsville.

AMUSEMENTS.

Good news for school children, their parents, relatives and friends, is contained in the announcement of the Majestic Theatre in New York the daily matinees of "Babes in Toyland" will be given during the Christmas holidays. Scores of letters have bene received by Manager Flaherty asking him to give extra matinees during the holidays and he finally decided to concede to the requests though daily matinees have never before been given by a first class New York Theatre. There will be the usual matinee on Wednesday, December 23, an extra matinee Christmas Day, the regular matinee on Saturday, December 26th, and a matinee each day the following week. BROOKE TESTIFIES.

Former Governor of Cuba Scores General Wood.

ACCUSED MAY RETURN FROM MANILA

Charges Made That Orders Were Violated and Communications Sent to Washington Over the Head of the Governor General.

WASHINGTON, Dec. 1.—Major General John R. Brooke, retired, former governor general of Cuba, gave testimony before the senate committee on military affairs which charged insubordination against General Leonard Wood. For more than two hours he occupied the entire time in telling of General Wood's conduct at Santiago. The witness offered in support of his statements many documents taken from records at the war department and several papers from his personal collection. At the close of his testimony a member of the committee said that it is probable General Wood will have to return from the Philippines and testify.

One of the charges made by General Brooke is that General Wood violated the order which required him in making improvements in Santiago to submit estimates to the governor general. As evidence of this violation General Brooke called attention to the building of barracks at Santiago near the Morro without General Wood first having given notice to the department at Havana. General Brooke said also that General Wood continually sent communications to the war department over the head of his commanding officer. The witness assured the committee that he cared nothing for the ignoring of his authority, but said that the proceeding had been detrimental to military discipline.

General Brooke called to the attention of the committee in support of an allegation that General Wood had neglected to work in harmony with the military government the matter of General Wood's attitude toward the newspapers at Santiago which repeatedly made attacks on General Brooke's administration. General Brooke read a number of these attacks and also his recommendation to the war department that the papers be suppressed unless they desisted.

One of the extracts from the Independencia, published at Santiago, which was read, was a bitter denunciation of General Brooke under the caption of "God Save Cuba." The article was based on General Brooke's order for the centralization of affairs of the island, by which receipts from all custom houses were ordered sent to Havana. The article, among other things, said that if carried into effect the order soon would prohibit the people of Santiago from breathing without permission from General Brooke; that it was a matter of life and death to the province of Santiago to get the order rescinded. A large number of telegrams of indignation sent to President McKinley were appended to the article.

General Brooke read a letter which he had sent to the adjutant general of the war department asking that General Wood be instructed to prohibit the publication of such articles during the period of military government. He also read General Wood's reply to the adjutant general, which, the witness said, had been sent over the head of his superior officer, saying that freedom of speech, untrammeled criticism of the military government and absolute independence in all matters was a necessary part of the education of the Cubans to fit them to conduct a liberal government.

The witness declared that the attitude of General Wood was responsible to a great extent in adding to the disquiet of the Cubans.

Major Rathbone was before the committee for half an hour. The committee asked him if he desired to have additional witnesses summoned, and as a result a number of subpoenas were issued. Dr. Pablo Desvernenie, who was secretary of finance under General Brooke's administration, will be called to tell what he knows concerning orders issued to the courts by General Wood which are alleged to have brought about the conviction of Major Rathbone. It was decided also to recall General Tasker H. Bliss of the general staff of the army.

GRAND RAPIDS GRAFT

Confession of Ex-City Attorney Implicates City Officials.

SAYS EX-MAYOR GOT MUCH BOODLE

Salsbury Told of the Passage of the Water Bill by the Legislature and the Illegal Means Used to Accomplish It.

GRAND RAPIDS, Mich., Dec. 1.—The confession of ex-City Attorney Last K. Salsbury in regard to the notorious water scandal in this city was told for the first time in court at the preliminary examination of State Senator David Burns, and it has created a tremendous sensation, on account of the number of prominent persons it implicates, in addition to the seventeen officials and former officials who were arrested on bribery charges ten days ago.

Never once did Salsbury have to refer to notes, and he rendered his testimony readily and rapidly, giving names, dates and occurrences as though the alleged events happened only last week instead of three years ago.

The examination of Senator Burns was completely lost to view in the story of the conspiracy as related by Salsbury. As names of many prominent men were mentioned by Salsbury and the amount he paid to each for their influence or silence was given there was a suppressed murmur of surprise throughout the thronged court room.

The persons implicated by Salsbury during his testimony against State Senator Burns and the amounts he alleged they received are as follows:

George R. Perry, ex-mayor, $13,725; J. Clark Sproat, manager Grand Rapids Democrat, $3,333; R. A. Cameron, New York, $500; State Senator David E. Burns, $200; Alderman McCool, $500; Alderman Ellen, $350; Alderman De Pagter, $350; Alderman Muir, $500; Alderman Kinney, $350; Alderman Donovan, $500; Alderman Phillips, $1,000; Alderman Johnson, $350 or $400; Alderman Stonehouse, $350; Alderman Lozier, $500; Alderman Shriver, $350; Alderman Mel, $350; Alderman Ghysels, $350; Alderman Hodges, $500; Alderman Slocum, $500; Cory P. Bissell, $500; J. Russell Thomson, reporter on Evening Press, $500; Isaac Lamereaux, ex-city clerk, $1,500; State Representative Van Zoeren, $350; State Representative Van Dercook, $60; E. D. Conger, manager Grand Rapids Herald, $10,000; Thomas F. McGarry, a prominent attorney, now in Florida, $7,500; C. S. Burch, manager of the Evening Press, $5,000.

He also implicated in water deals Dudley E. Waters, ex-president of the board of public works; Dr. Hilke de Vries, ex-city physician; George Ellis, a local broker; Samuel M. Lemon, collector of internal revenue, and William H. Anderson, president of the Fourth National bank.

Six separate water conspiracy deals were on in Grand Rapids at one time according to Salsbury's sworn testimony, each gigantic in its size and all calling for the use of a boodle fund.

Salsbury told of the passage of the water bill by the legislature and detailed the means by which it was accomplished.

"I saw Joe Kennedy," said Salsbury, "and I gave him a thousand dollar bill to take care of the interests of the bill in the legislature. It was the last day of the session for the introduction of bills, I think. He told me he paid Representative Van Zoeren $350 and Representative Van der Cook $60. As expenses I allowed him $90 without any question. He returned the rest of the money to me.

"All the corruption money," he continued, "came from the Taylor fund. I don't recall any one now who received any money in the deal whom I have not named. I do not recall any one who had guilty knowledge whom I have not named. The first man to receive money from me was Mayor Perry—$3,333.

"Perry's money was paid in his private business office."

Grant's Dispatch Boat Sunk.

ALBANY, N. Y., Dec. 1.—The old side wheel steamer M. Martin, which has plied the Hudson between this city and Newburg since 1863, lies on the river bottom here with the water almost level with her main deck. She sank upon her arrival from down stream, the floating ice, with which the river is full, having torn out the calking from her seams. She belongs to the Central Hudson Steamboat company and during the war was used on Chesapeake bay as a dispatch boat by General Grant. She will be raised and repaired sufficiently to return to Newburg for the winter.

Heavy Snow in Great Britain.

LONDON, Dec. 1.—The heavy rains have been succeeded by snowstorms, which are general throughout Great Britain and many parts of the continent. The fall in London was very slight, but in some of the country districts outdoor work is suspended and traffic is carried on with difficulty. Vessels are seeking refuge in the harbors along the British coast. Several lives have been lost.

GERMANY ASSENTS.

Recognition of Panama Means Approval of Our Action.

OTHER POWERS EXPECTED TO FOLLOW

Such Action Exempts From All Obligation, So Far as New Republic Is Concerned, the Five Mile Canal Strip Now Under Our Control.

WASHINGTON, Dec. 1.—Germany has recognized the republic of Panama as a sovereign and independent state.

Baron von Dem Bussche-Haddenhausen, first secretary of embassy and charge d'affaires, has addressed a note to M. Bunau-Varilla, the minister from Panama, informing him that the German government having received his notification of the creation of the new republic and his formal assurances that Panama assumed and would execute all obligations contained in the treaties between Germany and Colombia so far as they affected territory over which Panama is now sovereign, his majesty, the emperor and king, extended full recognition to the new republic and best wishes for its prosperity and long life.

Several days ago when the German government inquired of Minister Bunau-Varilla whether Panama would carry out the treaty stipulations of the existing conventions between Germany and Colombia the minister replied that his government readily assumed these obligations so far as they affected the territory over which the republic of Panama exercised sovereignty, but that the Panama government must necessarily exempt from this pledge the canal strip, over which the Hay-Bunau-Varilla treaty grants sovereign rights, power and authority to the United States. The German government has readily assented to this exemption, thus signifying her approval of this provision of the new canal treaty.

Baron von Dem Bussche called at the state department and officially informed this government of Germany's action.

In view of the precedent set by Germany it is expected that the other European powers will grant an equally full recognition to the new republic and exempt from all obligations so far as the Panama government is concerned the territory five miles on each side of the canal route commonly known as the canal strip.

Typhoid Epidemic at Butler.

Estimate 4,000 people in distress. Majority cases early in second week. Doctors and nurses overworked. Diet station and three temporary hospitals under way. Fifty nurses and seventy-five servant girls can be used."

The shooting occurred in front of the theater building after a fight between the colored man, the special policeman and several others. McNamara is locked up at the Harrison street police station.

The Daily Press has a higher circulation rating than is accorded to any other paper in Plainfield.—Printer's Ink.

There is an excellent prospect that Assemblyman Swackhamer will be chosen minority leader of the House. We may be a little ahead of time, but we wish to extend congratulations to the boroughite for whose opposition to the consolidation of North Plainfield and Plainfield we are unable to account.

The Elks will signalize their advent as a fraternal order in this city by holding a street parade tomorrow night. Among its list of charter members are many prominent citizens and the outlook for a strong organization here is exceptionally bright. Good luck to Plainfield Lodge, No. 885, B. P. O. E.!

"Senators met and adjourned" is a headline to which the newspaper reading public is becoming accustomed. We hope their salaries are being paid regularly, inasmuch as they do make an appearance in Washington, for a glance at the roll of members convinces us that there are at least three among the number who can not live on their general income.

This from the columns of the Railroad Employee is worth reproduction:

"A conductor who has spent the best part of his life in the service of the New Jersey Central, passed a remark recently which illustrates the feeling which exists throughout the rank and file of the service of that corporation toward their officials. When asked by a brother railroader from another line how 'things were going on the Central,' the veteran replied: 'How are they going? Why my boy every man in the service is doing his level best to hold down his job to the very extent of his ability in the interests of the company, and the endeavor to show their appreciation of the best and whitest set of officials that ever managed a railroad. That's the way things are going over here.' With a feeling like this among the subordinates, is there any wonder that the Central has in so short a time risen from the ashes of a former mismanagement and regained the laurels of an honored and glorious past?"

What a wonderful change for the better has that conductor witnessed since Messrs. Besler and Burt took charge of the road!

A corporation that will raise the price of its commodity twelve times in as many months and then declare a dividend of $44,000,000 is unworthy of enjoying any legal rights and should be crushed in the interests of humanity. It is a blot on any educational institution to receive any share of these ill gotten gains, and Chicago University and other seats of learning, standing as they do for the advancement of man, should decline the contributions of Rockfeller, who has been enriched through the machinations of the Standard Oil Company. It is hard, indeed, to believe that this merciless trust proposes to conduct its business abroad on the same lines as has characterized its existence in this country. The Newark Sunday Call makes this just criticism of the concern:

"The history of the Standard Oil Company now being revealed in McClure's Magazine is a story of outrage and wrong which has no likeness since the days of the robber baron. What this terrible band of millionaries has done in this country is now being repeated abroad, with the wretched peasantry of Italy, Austria and France, who are being made to pay their poor earnings to increase the profits of these conscienceless spiders of finance."

The engines of two Central Railroad trains played football with a handcar yesterday morning at the Greenbrook tanks. The car was left on track No. 3 by some linemen and struck by the local from Somerville, landing on track 4 in the path of the Philadelphia express. After the manner of DeWitt booting a pigskin, the engine lifted the car into the air and dropped it back in front of the local which, however, had stopped in time to prevent another collision. There wasn't much left of the handcar.

NOT CHEATING FREEHOLDERS.

False Story That Contractors Were Using Poor Paint on Bridges.

There having been rumors that the paint being used on the county line bridges in this city was not what it should be and that the men doing the work were not performing a first class job, brought Freeholder Westphal to the scene yesterday. He visited the Madison avenue bridge, where the contractors, Archie Davies and William Snell are at work and asked for a sample of the paint. This was given the freeholder out of the can the men were using. Mr. Westphal then took the sample to several experts and was informed by each that the paint was all right The rumors were evidently started by jealous persons.

BRISTOW'S REPORT ISSUED.

Ignatie Postal Graft Exposed—President Roosevelt's Comments.

WASHINGTON, Dec. 1.—The report of Fourth Assistant Postmaster General Bristow on the postal investigation, just given out, shows that in 1903 a great conspiracy to loot the government was started in the postoffice department. It shows that that conspiracy spread into division after division until wholesale robbery of the people became a regular and recognized feature of the letting of contracts.

Attached to the report of Fourth Assistant Postmaster General Bristow is a memorandum written by President Roosevelt, in which the president stated that he approved of Mr. Bristow's find-

GENERAL BRISTOW.

ings and in which he declared that the prosecution of those officials found guilty of corruption must be pushed with the utmost vigor.

Perhaps the most amazing feature of General Bristow's report is the disclosure that while the government was defrauded out of millions on a single deal the aggregate amount received by all the official conspirators combined did not amount to over $300,000 or $400,000. In other words, the public money was thrown away in so reckless a fashion that the robbers themselves did not get more than a small percentage of the golden stream.

A striking illustration of this is the fact cited by Mr. Bristow that Harrison J. Barrett received only $6,000 from the Arnold turf investment scheme, "yet that concern defrauded the people out of over $3,000,000."

Alaska Should Have Representative.

WASHINGTON, Dec. 1.—President Roosevelt has had a talk with Representative Cushman of Washington concerning the latter's recent trip to Alaska. Mr. Cushman strongly urged on the president the desirability of according to Alaska some of the demands of that territory. He said it should have at least one delegate in the house to look after its interests and suggested that congress should make a considerable appropriation for the construction of roads. The president assured Mr. Cushman that he would do all he could to advance the interests of the great territory.

Called on All Miners to Quit Work.

SCOFIELD, Utah, Dec. 1.—All the coal mining camps in this district have been placarded with official notices of the United Mine Workers of America declaring a strike in the Utah coalfields and calling on all the miners to cease work. From now on a systematic fight for the demands of the miners will be made under the direction of the union. The notice of eviction served on the striking miners occupying houses on leased company grounds having expired, guards armed with rifles made a house to house call demanding that the houses be vacated. No disturbances are reported.

Confesses to Eighteen Murders.

CHICAGO, Dec. 1.—Chief of Police O'Neill states that Charles Kruger, in jail at Greensburg, Pa., has confessed to the murder of Policemen Pennell and Devine in Chicago. According to Chief O'Neill, Kruger has also confessed to the murder of sixteen other persons in Kentucky and the east. The prisoner was arrested on the charge of burglary originally and has been sentenced to be hanged Jan. 14, 1904.

Nebraska State Auditor Arrested.

DOUGLAS, Wyo., Dec. 1.—Charles Weston, state auditor of Nebraska, who was arrested here on charges connected with the closing of the Denecke bank of Casper, says the affairs of the bank will be adjusted to the entire satisfaction of the other stockholders. A message from Casper says that the stockholders will settle in full with the depositors and will immediately reorganize the bank into a national institution.

Japanese Army Maneuvers.

VICTORIA, B. C., Dec. 1.—Advices from Kobe by the steamer Athenian say that the autumn maneuvers of the Japanese army, in which 40,000 troops are engaged, commenced on Nov. 12, with General Commander Oyama in charge. The army is divided into two forces, the eastern and western armies. The emperor is at the maneuvers, and several foreign officers are attached to the staff.

Barrett's Sentence Deferred.

ST. LOUIS, Dec. 1.—When Thomas R. Barrett, convicted of aiding and abetting naturalization frauds, appeared in the United States district court District Attorney Dyer requested Judge Adams to defer sentence until other charges of Barrett's connection with the naturalization frauds could be thoroughly sifted. Judge Adams assented.

DAN PATCH.

Driven by McHenry, Famous Pacer Broke the World's Record.

MACON, Ga., Dec. 1.—In the face of a cold and driving rain and a temperature of 47 degrees Dan Patch broke the two world's pacing records.

To a high wheel sulky he lowered Direct's record of 2:06 to 2:04¾. The time by quarters was 0:31, 0:30¾, 0:31¼ and 0:31¾.

Twenty-five minutes later, to the usual track sulky, he went two miles in 4:17, lowering Nervola's record of 4:19 by two seconds flat.

He was driven by M. E. McHenry, and the claim is made that under the weather conditions the races were perhaps the fastest ever known. The excellence of the track was fully demonstrated.

Beau Ormonde Beaten by Proper.

SAN FRANCISCO, Dec. 1.—Beau Ormonde, heavily backed at 6 to 5 in the mile race at Oakland, was beaten by Proper, the second betting choice. Honiton made her first appearance and had no trouble beating Arabo, the favorite, in the fifth race.

New York, Gregor K. and Ethics.

NEW ORLEANS, La., Dec. 1.—Favorites and outsiders divided the honors at the fair grounds. The successful choices were New York, Gregor K. and Ethics.

CHICAGO WANTS IT.

Republicans of the Windy City Plan For National Convention.

CHICAGO, Dec. 1.—The plans of Chicago Republicans to secure the next Republican national convention for this city have been completed, according to James J. Sheridan, president of the Hamilton club, which has taken the initiative in the matter.

"We feel assured that Chicago wants the convention and that the city is favored by many prospective delegates because of its central location and facilities for caring for large crowds," said Mr. Sheridan.

"The Coliseum, which we will offer as a hall for the meeting of the convention, is one of the best buildings in the world for the purpose. It will seat 15,000 people, has excellent acoustic properties and is an ideal one for the purpose."

Progress In Artillery Equipment.

WASHINGTON, Dec. 1.—The board of ordnance and fortifications in its annual report says that the results of the tests made with the three inch rapid fire gun recommended by the board for adoption for the army "show that when equipped with these guns and carriages the field artillery of our army will have a weapon equal, if not superior, to that of any nation." Relative to the tests conducted in Pensacola harbor the report says they have resulted in the adoption of a system of fire control and direction for coast artillery "which when installed, with such modifications as experience may suggest, as a part of the coast defense will render it more than ever effective."

Warned Students Against Typhoid.

CHICAGO, Dec. 1.—President Harper of the University of Chicago has warned the students against a typhoid fever epidemic at the university. Several cases of fever have developed in the last few days, and the authorities, fearing a serious siege, have begun the most rigid efforts to stamp out the disease before it gets a firmer hold among the students. Before a special meeting of all the students Dr. Harper personally asked university men and women to do all in their power to help the authorities in their efforts to rid the university of the disease and prevent the classes having to be broken up and the students sent to their homes.

Arrests Made at Telluride Camp.

TELLURIDE, Colo., Dec. 1.—Carrying out the previous instructions of Governor Peabody, when he ordered that "agitators, idlers and trouble breeders be driven from the camp," Sheriff Rutan has arrested twenty-eight men, soldiers assisting the civil officers. Twenty of the prisoners were discharged later by Justice of the Peace Robinson. About fifty miners are working on the Tomboy property. No attempt will be made to resume work at any other of the idle mines until the Tomboy has secured a full force of miners and mill men.

Eight Hour Law Constitutional.

WASHINGTON, Dec. 1.—The United States supreme court has affirmed the constitutionality of the eight hour law of the state of Kansas regulating labor on public works. Justice Harlan said in handing down the opinion of the court that if the statute is mischievous the responsibility rests with the legislators and not the courts. Chief Justice Fuller and Justices Brewer and Peckham dissented.

Cannon Confers With President.

WASHINGTON, Dec. 1.—Speaker Cannon has had a conference with the president concerning legislation pending and prospective. It is not the speaker's purpose to announce the house committees tomorrow, and it seems probable now that the announcement will not be made before next Friday.

Cashier Arrested For Fraud.

CHICAGO, Dec. 1.—Charged with embezzlement of $80,000 from the First National bank of Dundee, Ill., which closed its doors Nov. 22, Cashier Francis B. Wright has been arrested on complaint of Receiver David A. Cook and brought to Chicago.

Railroad Safe Blown Open.

PHENIXVILLE, Pa., Dec. 1.—The safe at the passenger station of the Pennsylvania railroad was blown open with dynamite and robbed of $150. There is no clew to the robbers.

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

THE NEW WOMAN

She Will Move the World

WE do not live in a republic; not really, you know. The founders of the nation, who held it to be self evident that all mankind are created equal, thought they were starting a republic, but they were mistaken. I can prove it to you. The "upper circles," which means the rich class of this land, were recently shocked by the report that a bachelor belonging to their sacred ranks was going to marry a girl who worked for her living. The young man was nothing extra intellectually or physically. If he had been a poor youth he might possibly have earned a rather shabby living as some kind of an underling, but, having inherited an annual income that of itself would have constituted a fortune during lifetime for half a dozen large families if it had been divided among them, he was great things, according to us, the people, who get down upon our faces and worship those who have money. The girl was a good girl, well educated and at least as well mannered as many of the gay set to which the youth belonged, yet the rumor that the millionaire was actually to marry her created almost as much disturbance as the story that the German crown prince wanted to marry an American beauty. Society breathed again, however, for the rumor concerning the engagement of a millionaire to a working girl was shown to be false, as false, for instance, as the foundation upon which social distinction in America is built. The splendid dream of the signers of the Declaration of Independence has been nearly despoiled. Only this much remains of it—that there is yet in our land opportunity for every person to become a true lady or gentleman in spite of money worship. There are the public schools, the night schools, the free lectures, the literary clubs. All may secure a good education. All in this country may acquire the manners and the language of the cultured man and woman.

* *

The idea of what true social distinction is based upon has somehow lodged itself in my head and will not out. A boor, whether man or woman, is one who is ignorant, selfish, ill bred and careless and untidy in personal habits. There are such often among millionaire men and women, and these cannot be ladies and gentlemen. On the other hand, I have had a mechanic, a steamfitter, come into my flat to repair a hot water pipe, who had the manners of a knight. He was noble looking, clean and tidy as to his dress, perfect as to his English, scientific in knowledge of his business. That man was a gentleman, and George Washington could not have overlaughed him. Let every one of the hundreds of thousands of American girls who earn a modest living in shop, factory or office know that it is incumbent on her to be a real lady, gentle, sincere and low voiced, courteous and polished in her manners, correct in her English, tidy in her dress. As truly as the sun shines, this is all that constitutes the real lady, and every woman can achieve it.

* *

The older I grow the fewer opinions I have concerning other people's affairs.

* *

Girls, learn to use your hands. Learn to use hatchet, hammer, saw, chisel and screwdriver as well as the needle. Learn to draw from the real object and to draw well. You can do that without a teacher. Manual training is now the demand. The woman who cannot use her hands will be left.

* *

Since written history began men have been making fun of women and reviling and blaming them. The oldest records show it. Adam began it in the garden of Eden. It constitutes a large part of the stock in trade of the funny papers today. Yet now, when woman has learned to write, if she says one word against man instantly man squeals out that she is "antagonizing him" and must stop it, for he can't stand it. Dear, dear! What of all the centuries during which man has been antagonizing woman?

* *

The superintendent of the telegraph company that has recently employed girls instead of boys as messengers in Boston reports, "The girls are giving us better service than the boys, as they attend strictly to business."

* *

I am glad scientific authorities are beginning to find out what some of us have always known—that hard work does not drive half so many people crazy as laziness. There is no preservative of health, happiness and youthfulness like steady employment at work one loves enthusiastically. And if you don't like your work and can't quit it yet make yourself like it. You can do that, and there is everything in it.

* *

During the late campaign in New York city a woman's organization held one of the largest of the many political meetings. The president of the woman's league occupied the chair and introduced the men speakers to an audience consisting mostly of men. The speakers were candidates for various offices. The same league of women raised and paid to the men's committee hundreds of dollars to help run the campaign. The women raised the money, and the men spent it. Thus it seems that politically woman is good enough to do everything except hold office and vote.

ELIZA ARCHARD CONNER.

A CURIOUS VIOLIN.

Strange Musical Instrument Made from a Lobster's Claw by a New Jersey Genius.

The only violin in the world made from the claw of a giant lobster has just been completed by John H. Dadmun, of 429 Berkley street, Camden, N. J. This unique instrument, strange to say, can be made to produce as sweet musical tones as any high-class violin. Its owner gives the following as the story of its life:

The lobster from which the claw was taken was caught off Gloucester, Mass., in March, 1862. In time it came to Concord, N. H., where Mr. Dadmun saw it.

LOBSTER CLAW VIOLIN.
(Curious Instrument Made by a Man in New Jersey.)

At that time the lobster weighed 17½ pounds. A single claw weighed 5½ pounds. The claw that Mr. Dadmun preserved, after the lobster had gone the way of such things, was 13¼ inches long, 7 inches broad and 2¾ inches thick.

Preserved among other curiosities of the Dadmun household, the giant claw remained a claw for many years. One day it occurred to its owner that it was shaped something like a violin, and he tried the experiment of fashioning it to look more like that popular musical instrument. After much patient effort Mr. Dadmun managed to transform the claw into a violin that could be played. The tone was sweet, but not loud enough for an orchestra. Experiment proved that by changing the fittings and settings the tone could be made much louder. As it is now the violin when played properly sounds exactly like any other violin. It is doubtless the most curious musical instrument ever made.

POLITE POTATO FREAK.

After Being Supplied with a Hat This Tuber Closely Resembled Human Form.

The military looking potato whose portrait is presented herewith, was grown by a New York farmer. Neither the man who dug the potato nor those who packed it recognized its lifelike appearance and expression. It was unusually large, weighing a trifle more than a pound and a half. When it came to be packed its size attracted the attention of the farmer, who placed it carefully on the top of the

(New York Tuber Closely Resembles the Human Form.)

barrel which was to bring it to New York.

It chanced that the commission merchant who unpacked the potatoes was a man of imagination, and he instantly recognized the semblance to the human form. The only artificial additions since it left the ground before being photographed were the hat and the pipe and the eyes. It will be seen that these adjuncts merely lend an appearance of brightness.

Killed by Eating Rat Pie.

Charles Wingate, aged 60 years, died from poisoning by strychnine, at Peoria, Ill. Mrs. Wingate, who has been much troubled by rats, made two pies. One of these she prepared for table use; in the other she put a large dose of strychnine. It was the intention of Mrs. Wyngate to place the rat pie on the floor of the closet, but she neglected to do so, and her husband, coming in hungry when she was not in the room, took the first pie he saw and ate it. Unfortunately, it was the wrong pie. The coroner's jury censured Mrs. Wyngate for leaving the poison in a manner so easily mistakable.

A Primitive Telescope.

Galileo's first telescope was made of a piece of lead water pipe, in each end of which he cemented common spectacle glasses.

DON'T OVERLOOK THIS.

A Careful Perusal Will Prove Its Value to Every Plainfield Reader.

The average man is a doubter, and there is little wonder it is so. Misrepresentations make people skeptics. Nowadays the public ask for better evidence than the testimony of strangers. Here is proof which should convince every Plainfield reader.

Mr. Geo. S. McGinnis, of No. 213 Somerset street, foreman of B. H. McCullough's Sash and Door Manufacturing Co., says: "I never was sick a day in my life until a pain struck me across my back and a lameness over the kidneys. I did not pay much attention to it at first, thinking it would pass away, but instead of this it grew worse. I saw Doan's Kidney Pills so highly recommended by those who had used them for such troubles that I went to L. W. Randolph's drug store and got a box. I used them according to instructions and felt somewhat relieved. Continuing the treatment, by the time I had finished the third box the pain in my back and lameness disappeared."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

ACADEMY OF MUSIC BURNED.

Brooklyn's Famous Old Theater Entirely Destroyed.

NEW YORK, Dec. 1.—One of Brooklyn's most famous buildings, the Academy of Music, on Montague street, in the center of the business section, has been completely destroyed by fire, and the big office buildings in the vicinity were considerably damaged by the heat from the fire. The glass in nearly every window of all the buildings in the block was shattered and scattered over the sidewalks and streets.

One man is missing and is believed to have met death in a small building adjoining the Academy on the east, which was used as a saloon by Hugh McGroarty. He was carrying out valuables from the saloon when a portion of the wall of the Academy crashed through the roof.

The fire was believed to have been started by an electric wire which had been strung by workmen who were making preparations for a dinner to be given at the Academy in honor of Senator Patrick McCarren.

Many complaints were heard that the supply of water was entirely inadequate. Of five fire hydrants in the vicinity of the Academy only two could be used, and engines had to go two or three blocks away to make connections with plugs that were in working order.

While the fire was raging the employees of banks and trust companies in the vicinity carried out under police protection large quantities of money and a number of valuable books.

The damage to the Academy by fire and to the other buildings by heat from the fire is estimated at between $500,000 and $750,000.

BANDIT TRIES TO ESCAPE.

Chicago Chief of Police Frustrates Neidermeier's Attempt.

CHICAGO, Dec. 1.—Chief of Police O'Neill in person has frustrated a plan by which Peter Neidermeier, one of the car barn bandits, sought to escape from the Harrison street station during an interview with the chief. As a result of the incident, however, the police redoubled the guard over the cell in which Neidermeier is locked.

Neidermeier all but carried out his plan to make a dash for liberty. He craftily arranged to meet Chief O'Neill alone in Inspector Lavin's office, ostensibly to make a number of confessions, and while gesticulating in illustration of this work of crime to leap through the window to the street. His plan was frustrated by the foresight of O'Neill, who, before permitting the interview, stationed three armed detectives outside the window through which the bandit hoped to escape.

Neidermeier, seeing his plan checked, signified that the "interview" need go no further and that he was ready to return to his cell.

Two Killed, One Hurt, In Train Crash.

WANT NEW ROAD.

Dunellen Citizens Agitating the Construction of a Macadamized Thoroughfare.

There has been an agitation in the borough of Dunellen for several weeks in favor of the county of Middlesex macadamizing a road through that place.

Now a part of South avenue in Dunellen has been opened and gives a connecting link between this city, Dunellen and Bound Brook. There are no trolley tracks on this road and it would be popular as a driving thoroughfare. It is also suggested that the continuation of the New Market and Stelton road from Center street to the county line be made a county dividing line, thus securing a route of travel between New Brunswick and Plainfield uneffected by trolley.

Such a plan would be of great benefit to this city as the trolley tracks of the Middlesex and Somerset lines are encountered on whichever route the driving public chose to take. By way of Metuchen the trolley tracks are met with in that borough and along the Perth Amboy road between Metuchen and New Brunswick, through Stelton they are encountered and also along the route through Bound Brook.

If such a road as the one proposed was built both New Brunswick and this city would be benefitted as it would bring more New Brunswickers here and vice versa, both in a merchantile way and for pleasure driving. The people claim that the borough has been paying $3,000 into the county for a number of years and has never received anything in return for it in the way of roads.

—In Justice Mosher's court the case of the Elizabeth Curtain Co. against Shrager will be heard Dec. 7.

Miss Mabel Wilson, of West Sixth street, has gone to Morristown, where she will visit friends until the Christmas holiday season.

THROUGH TROLLEYS ASSURED.

Line Between Newark and Trenton to be in Operation Soon.

Beginning January 1 next there will be a through trolley service from Jersey City through this city to Trenton. The approval of a contract to provide this service has been signed by President McCarter of the Public Service Corporation. President McCarter also announces that it is proposed to run a new line from the Hoboken ferry to Newark, a through line from Hackensack and another from Perth Amboy direct to Newark. It is thought that the line from Jersey City to Trenton will be over the lines of the Trenton and New Brunswick, though objection has been made that the guage of the tracks on this line is different from that of the Public Service Corporation lines.

Edward Apgar Saw Things.

Edward Apgar, of Johnston avenue, helped the night force of patrolmen to keep warm last night by sending them on two wild goose chases. He told them first that a colored man was abusing a white woman on North avenue by swearing at her, but no officer could locate the disturbance. Later Mr. Apgar reported to Patrolman Higgins that two colored men were acting in a strange manner about the Hotel Netherwood but investigation by Patrolman McGinley brought no results.

Trolley Changes.

In accordance with a new rule issued by the Public Service Corporation one trolley car is taken off the Netherwood-Dunellen line after 7 o'clock at night and one off the main line between this city and Elizabeth. The other cars are required to make their trips in faster time. It is said that "stop" signs will be placed at convenient intervals along the various lines and that the cars will pick up passengers at these points.

Wrestling Exhibition.

In the intermission between the halves of the basket ball game between the Y. M. C. A. and Leal's School at the Y. M. C. A. gymnasium last night, an exhibition wrestling march between O. H. Munger and F. M. Marclay furnished entertainment. Another exhibition will be arranged for December 21 when the Y. M. C. A. meets Passaic Y. M. C. A. in basket ball in the local gymnasium.

ORGANIZED AID'S REVIEW OF YEAR

Officers Elected and Timely Addresses Made at Annual Meeting of Local Society.

SECRETARY'S REPORT

MISS VAN BOSKERCK PREDICTS MANY IMPROVEMENTS FOR THE FUTURE.

Rev. E. Vicars Stevenson Scored Liquor Traffic—Henry M. Maxson Re-Elected President—The Annual Reports.

The annual meeting of the Organized Aid Society, held last night in the Sunday-school room of the Crescent Avenue Church, was addressed by Rev. W. J. Nichols, of the Charities Aid Association of Brooklyn. Mr. Nichols spoke of the importance of the work of organized charities stating that their aim is to help the poor to help themselves, to give them aid and still allow them to hold their self-respect. The harmfulness of indiscriminate charity he illustrated by showing that 20 per cent. of the inmates of a Massachusetts penitentiary are there as the result of having received misdirected financial aid.

Miss Sarah VanBoskirk, general secretary of the local Organized Aid Association, announced that during the year 784 applications for help had been received including 80 new applications. There were 221 individual cases treated. In referring to what had been accomplished by organized charity in Plainfield she mentioned the helpful effects of watering the poorer streets of the city during the summer; detailed the excellent work done by the King's Daughters baby camp; and revealed the fact that Plainfield really has a slum quarter presenting an important charitable problem. She spoke particularly of "Paradise Alley" near Richmond street and portions of West Third street as needing the care of the city authorities. A city park and playground and a public bath are institutions that Miss VanBoskerck said were bound to come to Plainfield at some time in the future. She advocated a woodyard and lodging for the benefit of tramps who apply for aid at night.

Henry M. Maxson presided over the meeting and stated that the organization was prosperous. Officers elected for the ensuing year were: President, Henry M. Maxson; vice presidents, John D. Miller, Mrs. J. K. Myers and Mrs. Fred G. Mead; secretary, William S. Tyler; treasurer, Boardman Wright.

It was announced by Hugh J. Fox, secretary of the State Charities Association, that the New Jersey State conference of Corrections and Charities, would be held February 18 to 20 at Atlantic City and the local organization was urged to be represented by one or more delegates.

Rev. E. Vicars Stevenson scored the liquor traffic in a few brief remarks. A. C. Nickerson, of the district committee, read a report. The report of the treasurer, Boardman Wright, showed a total received during the past year of $1,875.81; expended, $857.76; invested, $998.75; leaving a balance on hand of $19.30. Reference was made to the bequest left the organization by Miss Rowe to the amount of $1,000. It was expected that Fred W. Wynes, secretary of the State Charities Aid Association, would speak, but another appointment prevented.

Rural Delivery's First Day.

The inauguration of the rural free delivery mail service, yesterday, began under favorable auspices. The carriers, Leslie Tingley and James Lambert, started out at 7:30 o'clock in the morning and completed their duties within the prescribed time. Nearly everyone along the routes was pleased with the arrangement and it bids fair to be a great success.

NO HOME FOR THE NURSES

MUHLENBERG HOSPITAL LACKS SUFFICIENT FUNDS TO ERECT HOME.

As yet the Board of Governors of Muhlenberg Hospital has not secured a sufficient sum of money to erect a new home for the nurses in the vicinity of the new hospital. There are about sixteen nurses who will have to be provided for near the hospital and present arrangements will not permit their being cared for at the new building. Just at present the board is in a quandary, not knowing what the result will be. It would not be practical to have the nurses remain in their present home after possession of the new institution is taken, yet some arrangements will have to be made that will be convenient and comfortable.

SKETCH OF THE FAMILY

PLAINFIELD MEMBER ACTIVE IN MANY WOMEN'S ORGANIZATIONS.

What Mother and Daughter Have Written—Grandson's Work at Harvard—Some of Mrs. Hall's Recent Books.

The family group pictured in The Daily Press today presents members of four generations in a distinguished lineage, Mrs. Julia Ward Howe, now in her eighty-fifth year, beloved author of the "Battle Hymn of the Republic" whose pen has been wielded and whose voice has been raised throughout her long life in the cause of humanity; Mrs. Florence Howe Hall, of this city, whose useful work as a lecturer and writer has brought her wide notice; Mrs. Hall's son, Henry Marion Hall, of Orange, and his wife who was Miss Alice Haskell, of Boston, and their little daughter, Julia Ward Howe Hall, the pride of her great-grandmother's heart.

Julia Ward Howe, the central figure of the group, has had an active career during the past year in spite of her age. She has addressed audiences frequently in Maine and recently at Dover, N. H. She spent Thanksgiving Day in Gardner, Me., at the home of her daughter, Mrs. Laura E. Richards, the author of "Captain January" and other well-known books, the latest, "The Golden Windows," illustrated by Mrs. Richards' daughter, Julia Ward Richards. The following day Mrs. Howe presided over a meeting of the Authors Club, at Wellesley, Mass., an organization of which she is president.

Mrs. Florence Howe Hall, of this city, has always been a worker in the interest of womankind and has held numerous offices of distinction. She is at present regent of Continental Chapter, Daughters of the American Revolution. She was a charter member of the Monday Afternoon Club of this city and its second president. As chairman of correspondence for New Jersey of the General Federation of Women's Clubs, she served six years,

WOMAN'S TITLE TO CITIZENSHIP

SUBJECT OF ADDRESS TO BE MADE BY MISS HARRIETT MAY MILLS.

Miss Harriett May Mills, who will lecture on "Woman's Title to Citizenship" Friday afternoon at the house of Mrs. David P. Hall, of Madison avenue, is an organizer of woman's suffrage associations for New York State. She has been at work in New Jersey during the past three weeks closing her labors here this week. At Trenton an address by her resulted in the organization of an association with twenty-five members and at Short Hills she influenced the institution of an organization with twenty members. She has spoken at Orange and this week makes addresses at Nutley and Elizabeth besides Plainfield.

In her speech Friday afternoon at the home of Mrs. Hall, Miss Mills will endeavor to increase the interest in woman's suffrage and add to the membership list of the Woman's Suffrage League of Plainfield and North Plainfield. Miss Mills is a graduate of Cornell University. The lecture will be followed by tea at 4:30 o'clock.

Elizabeth's Postoffice.

There is a strong probability that the land on Broad street, between Washington street and Elizabeth avenue in Elizabeth, and on which the Lyceum Theatre now stands may be purchased by the United States Government as a site for the new postoffice to be erected in Elizabeth. Elroy & Drake, who are now running the Lyceum, have a ten years' lease on the building, which is owned by W. G. Peckham, of Westfield.

DIPHTHERIA CASES ON THE DECREASE

Plainfield Board of Health in Monthly Session Hears Several Encouraging Reports.

INSPECTION OF DAIRIES

EIGHTEEN SAMPLES OF MILK ANALYZED BY HEALTH OFFICER THURLOW.

Thirty-Three Births; Fifteen Marriages and Thirteen Deaths During November—The Permits Granted Applicants.

A notable feature of the reports presented at the December meeting of the Plainfield Board of Health, held yesterday afternoon, was the marked decrease shown in the number of cases of diphtheria, there being twice the number reported in October as compared to November. Those cases reported were of a mild form and the Board feels that any spread has been checked.

There were 154 visits made to houses infected with contagious diseases, twenty-three dairies visited. Two hundred and twenty-five were the total number of inspections of all kinds made during the month. Eighteen samples of milk were analyzed, all of which proved to be of fairly good quality.

The work of the garbage collection and disposal is progressing. The committee appointed by the Common Council at its last meeting met with a similar committee from the Board of Health and plans were adopted for a thorough investigation of the subject and a report will be presented in the near future.

The statement of mortality for the month of November last compared with the preceding month and the corresponding month of 1902, the death rate being computed on the estimate of a population of 16,000, shows that the rate is below the average. Last month the total number of deaths was 13, the annual death rate per thousand, 13.5. The deaths included eleven males and seven females. There were three under one year, two between one and five years and four over sixty years. During November there were fifteen marriages and thirty-three birth certificates received.

Permits were granted to these applicants: Fernanda Brown, Peter Robinson and Walter Ingraham to collected grabage and to T. L. Merle to sell milk. Joel Codington's application for a permit to sell milk was refused because his stable and dairy does not yet comply with the regulastions of the Board of Health.

OUSTING ASSESSOR HUBBARD

RUMOR THAT PLACE WILL BE GIVEN TO AN ADMINISTRATION MAN.

According to well-defined rumors Joseph A. Hubbard, who has served Plainfield as an assessor for thirty-six years, will be retired, and Harry B. MacDonald, a resident of the Third ward, will be appointed in his place. This change, it is said, is a result of the recent election and the position is to be given to Mr. MacDonald for services he performed at that time in helping the "bolting" faction. It has been understood that Mr. Hubbard has been and is a Kean man.

Mr. Hubbard, when seen yesterday by a representative of The Daily Press, expressed no surprise over the rumor, declaring that he had heard of it since election. He said that not a word had been mentioned to him about the change. He expressed willingness to retire if aksed to do so, but disliked being retired under the circumstances mentioned.

The tendency seems to be to get younger men in the Board of Assessors. If Mr. MacDonald is appointed the Board will be composed of Harry C. Runyon, Harry C. VanEmburgh, Harry B. MacDonald and Charles H. Hand.

Kicked by a Horse.

John Marshall, of West Fourth street, while unharnessing a horse last night, was kicked in the forehead and knocked unconscious. He was attended by a physician who at first thought the young man had received a fractural skull. Marshall was taken to his home where he is still confined.

—William Addis, health inspector, has reported to the police that someone has been stealing the milk from his back porch every morning.

HARMONY REIGNED AT DEMOCRATIC PRIMARIES

County and City Committeemen Chosen in the Several Wards to Represent Party.

NOLAN HITS AT MOODY

PLAINFIELD WORKER SAYS COUNTY CHAIRMAN IS BEING USED.

J. V. F. Dilts Defeats Herbert W. Stover for Place on County Committee—Officers at the Several Primaries.

Democratic primaries were held in the various wards in the city last night for the purpose of electing county and city committeemen, the only contest being in the Third district of the Second ward between Herbert W. Stover and J. V. F. Dilts. Stover received five votes and Dilts twelve.

The result of the primaries in the various wards was as follows: First ward, First district, county committeeman—Andrew J. Nolan; Second district, W. T. Banks; city committee—First district, Vincent L. Frasee; Second district, P. B. Goodfellow. Officers—V. L. Frasee, chairman; W. T. Banks, secretary; Clarence E. Teel, judge; and John Rafferty, inspector.

Second ward, First district, county committeeman—Frank Shattel. In the Second district there was a contest between Herbert W. Stover and J. V. F. Dilts. Dilts won by seven votes. City committee—First district, Joseph Harrigan; Second district, Victor Troyce. Officers—J. D. McAleer, president; Victor Troyce, secretary; F. W. Yates, judge; and C. A. Sturtevant, inspector.

No primary was held in the Third ward.

Fourth ward, First district, county committee—John Casey; Second district, Clarence Waldron; Third district, Ira G. Hulbert. No city committeemen were elected. Officers—Thomas Case, chairman; C. A. Shannon, secretary; Ira G. Hulbert, judge; and James Kane, inspector.

In speaking of the result of the primaries, Andrew J. Nolan said this morning: "The result is as expected. If those few so called Democrats who persist in criticising and continually finding fault with whatever is done by those who give their time to the cause, would push forward the work of the Democratic party in this city by joining the organization, better results would be accomplished. When they do that they will be the first to be rewarded and pushed to the front in the organization. The interference of the chairman of the Democratic County Committee, is to be condemned. He is used by a few Republican city politicians who are not pleased with the people in control of the Democratic party in this city."

BEZETT A SMASHER.

Man Who Looks Like "Peace Be With Thee," Haled to Police Court.

Louis Bezett, of East Second street, a colored man bearing a striking resemblance to John Alexander Dowie, was arrested on complaint of his wife, charged with drunkenness and disorderly conduct, breaking down doors and furniture and otherwise misconducting himself. "Peace be with thee," said the City Judge, when the colored "Elijah" was introduced to him this morning. "Peace be multiplied," said the colored man whose features were formed in the mold of the "prophet." The judge told the prisoner to be less faithful in his imitation of Zion methods of persuasion in the future and the incident was closed.

New Vestry at Grace Church.

These wardens and vestrymen were chosen at a parish meeting of Grace Church, this week: Senior warden, D. Ivins; junior warden, Marion S. Ackerman; vestrymen, Julius E. Erickson, Lewis G. Timpson, Edward H. Booth, W. B. Gough, Orville Waring, Arthur Masters and C. E. Brooks.

Plainfield Eagles to Parade.

—Mrs. Clara N. Naylor, of Orange place, has received from Building Inspector T. O. Doane permission to erect a frame dwelling on John street.

becoming vice president of the State federation after its organization and afterwards a director and chairman of the department of education. She is at present correspondent for the Club Woman, a New York paper published in woman's interests.

Mrs. Hall was president of the State Woman's Suffrage Association for eight years, retiring in 1900 and becoming an honorary president, an office which she now holds. She is also president of the Equal Suffrage League of Plainfield and North Plainfield and is serving her eleventh term as president of the Branch Alliance of Unitarian Women.

With her sister, Mrs. John Elliott, who writes under the pen name of Maude Howe, Mrs. Hall has combined to write the story of "Laura Bridgeman, Dr. Howe's Famous Pupil and What He Taught Her." Dr. Samuel G. Howe, Julia Ward Howe's husband, was the first to bring light to the mind of the blind deaf-mute. He fought, in addition for the Greeks in their war for independence and was a leader in many great enterprises. Among those who have commented favorably on the educational and literary value of the "Story of Laura Bridgeman" are President Roosevelt, Secretary John Hay, Henry VanDyke, Dr. Edward Everett Hale, William Dena Howells, Bishop Potter, of New York; Prof. Justin H. Smith, of Dartmouth College; Pres. W. R. Harper, of the University of Chicago; F. Marion Crawford, Senator George F. Hoar and many others, including the editors of important periodicals. The work is illustrated by John Elliott, husband of "Maud Howe." It has been published in England and is now in its third edition.

Other books by Mrs. Hall are "Social Customs," which the "New York Critic" said was the best work of the kind which had come under its notice, and "The Correct Thing," a manual of etiquette. She has also made numerous contributions to newspapers and magazines. She has lectured for the past fourteen years before clubs, schools and colleges, one of her most popular subjects being personal reminiscences of distinguished people whom she has met at the home of her mother.

Henry Marion Hall, who appears in the picture, is one of five grandsons of Julia Ward Howe who have been students at Harvard. Mr. Hall received his degree in '99 and is now an instructor of English at Cantaret Academy, Orange. He was one of the ten strongest men in Harvard University when an undergraduate, and always taken an active interest in athletics. He is said to resemble strongly his grandfather, Dr. Howe.

John Howe Hall, another son of Mrs. Florence Howe Hall, graduated last June from Harvard. He was a member of the Harvard track team and this year won the Gorham Thomas graduate scholarship. He is studying to becoming a mining engineer.

LITERARY.

The December magazine number of The Outlook contains much of special importance and interest. Perhaps the most prominent feature is the first installment of Mr. Jacob A. Riis's series of articles on the President, to be called "Theodore Roosevelt the Citizen;" the illustration includes a new portrait of Mr. Roosevelt drawn by Mr. George T. Tobin from a photograph taken for The Outlook by Mr. Arthur Hewitt. Other illustrated articles of note are Mr. Hamilton Wright Mabie's "The Land of Scott;" Mr. Norman Hapgood's elaborate review of Morley's "Gladstone;" "In the Three Greatest Libraries," by Dr. James H. Canfield, of Columbia University, and "The Books of a Season," an elaborate review and estimate of the season's literature which is included in this issue as being the Fifteenth Annual Holiday Book Number of The Outlook.

—Charles Carey, aged 20 years, employed as a laborer at the Potter Press Works, went to the hospital Monday suffering with an injury to his hip, caused by a heavy weight falling on him. The injury is not a serious one and the young man only remained but a short time at the institution.

—There are 418 trains arriving and departing each day on thirteen tracks at the Reading terminal passenger station in Philadelphia. Comparing these figures with what is being done in Chicago one can get a clear idea of the business. In Chicago, according to recent figures, there were 1,190 passenger trains entering and leaving the terminal in that city each day. The total number of tracks is 72, which gives an average of 16.39 trains per track each week day. The average for the Reading terminal is 32.15 trains per track each day.

Story of a Wonderful Woman.

This is the day of women leaders in many fields of thought and action, but there are few among the sex so prominent as Mrs. Augusta E. Stetson, New York's High Priestess of Christian Science. The crowning achievement of her career—the raising of $2,000,000 for the building of a new temple to Christian Science, and the opening of this temple last week—calls attention to Mrs. Stetson and makes the story of her remarkable life particularly interesting just now. This story will appear in next Sunday's New York World.

A SPECIAL SESSION.

Utah Legislature May Be Called to Provide Strike Funds.

SALT LAKE CITY, Dec. 2.—Following further fruitless efforts to bring about a settlement of the Utah coal miners' strike, Governor Wells said that probably he would call a special session of the legislature to provide funds for keeping the state militia in the field. A protracted conference was held at the governor's office between Vice President Kramer and Manager Williams of the Utah Fuel company, Colonel Holmes of the Salt Lake Commercial club, Adjutant General Burton and others in an attempt to agree on a basis of settlement, but nothing resulted.

"The settlement of the strike hinges on the recognition of the union," said Governor Wells later. "This the coal officials positively refused. The difference over wages, it is apparent, can be easily adjusted. The state troops will be kept in the field, and I shall in all probability call a special session of the legislature shortly to provide the necessary funds."

ELIJAH A BANKRUPT

Receivers Take Possession of Prophet's Zion City.

FOUNDED BY DOWIE TWO YEARS AGO

Financial Difficulties Which Began During the Host's Crusade In New York Have Culminated In All Property Being Seized.

CHICAGO, Dec. 2.—Judge Kohlsaat in the United States district court has appointed Fred M. Blount and Albert D. Currier receivers in bankruptcy for the property of John Alexander Dowie at Zion City on petition of three creditors alleging an indebtedness of $1,160.

Financial difficulties which began during the crusade of John Alexander Dowie, the self styled "Elijah III." and his restoration host to New York a month ago and which have been rapidly increasing since Dowie's return culminated in the federal court thus taking possession of all the property controlled by Dowie in Zion City. This town, which was founded two years ago by Dowie, has a population of over 10,000, is the general headquarters for Dowie's church and is said to represent an expenditure of $20,000,000.

The bankruptcy proceedings against Dowie were based on the allegation that he is insolvent and that while in this financial condition he committed an act of bankruptcy by making a preferential payment on Nov. 2 to the E. Streeter Lumber company for $3,770. Dowie has been hard pressed by his creditors, especially since it was announced that his recent mission to New York had proved unsuccessful financially.

Dowie is known to have accumulated a large sum as the head of the Christian Catholic church, the assets of the organization being estimated at between $20,000,000 and $30,000,000. There was a large outlay of money, however, when Zion City was started. Then lace and candy industries were started, and as both of these ventures have never been a paying investment a great deal more money was tied up. Dowie's differences with his brother-in-law, Stevenson, over the management of the lace factory cost more than $100,000, and other suits recently begun in Lake county by creditors are said to aggregate a large sum.

Dowie's first confession of weakness was made at a rally in the tabernacle at Zion City.

"A lot of you people have cash in your pockets," Dowie said to his followers. "Dig down and get it out. It is God's, and we need it in his work. You're cowards if you don't give it up. Deposit it."

Instead of frightening many into depositing, this appeal sent a long line of people to the bank on Friday, when they lined up at the paying teller's window, drawing out their money.

Less than $3,000 was deposited in the bank on Friday, while the amount withdrawn was twice as much. Late in the afternoon A. W. Graham of Waukegan tried to withdraw his account of $300 and was told he would have to give thirty days' notice before he could get his money. Another appeal was made by Dowie for funds, but the depositors who appeared were few, and the deposits were chiefly in trivial amounts. He asked the members of Zion more urgently than ever for money. He declared that he must have $500,000 without delay. This sum, he said, he was willing to take in short loans, but that they must be forthcoming immediately.

In the efforts to remedy the condition of affairs at Zion City hundreds of letters were sent out daily to Dowie's followers in other parts of the country. In these letters, in which glowing prospects of Zion City's future were painted and in which Dowie himself is quoted as praying that all those who believe in him will "follow the Lord," all Dowieites are urged, almost commanded, to sell their farms, stores and everything else and come at once to Zion City and take up the work of the church. All of those who have money in banks near where they now live were asked to draw that money out of the local banks and send it for deposit at Zion City.

It is declared to be a fact that the employees of the manufacturing industries have not been paid in from four to six weeks.

In one shop a nonmember of Dowie's flock asked Dowie why he was going to Australia if his finances were so bad.

"Perhaps I may not be able to go at all," quietly returned Dowie. "I may have to stay and see that things are set right before I leave."

The receivers, with their attorneys, and Custodian Redleske, with six deputy marshals, went out to Zion City to serve upon Dowie the notice of the receivership. Redleske and his deputies went to the bank, while the others called upon Dowie at his residence. As the officers were about to demand admission to the bank a man ran from a rear door. One of the deputies overtook him, and a second man came running from the bank, shouting:

"Let me have those papers. I will get away with them."

Redleske threatened to place them under arrest unless they returned at once to the bank, which they did. He then placed the bank and the three men in it under a guard.

While this was taking place at the bank the receivers and their attorneys called upon Dowie and read to him the petition and order of the court which placed Zion in the hands of receivers.

After hearing the petition Dowie locked himself up with several of his leading subordinates. He refused to allow himself to be seen or to make any statement, merely sending out word that he had nothing to say.

The order of court compels Dowie to appear in court Dec. 11.

Our Toyland.

Do you know that we devote 40,000 square feet, or nearly an acre of space, to the display of Toys and Dolls? Yes, and that does not include our Toy Receiving and Stock Rooms, big enclosures in themselves. Another point we desire to impress upon shoppers is the fact that there is plenty of aisle room around our various counters, so that if the crowds get to be three or four rows deep, there will still be passage ways for the other shoppers. Really, there are few stores in Newark that employ, all told, as much roomage as we spread around our Toys.

Our Toys are the best in the world, and come from countries famous for toy making. Germany heads the list of toy producing centres. Then comes Switzerland, with France, Austria and Hungary in the line. Some fine toys are made in this country, not excepting much abused New Jersey with its wealth of manufactures, rich farm lands and magnificent scenery and healthful atmosphere.

There is a class of toys "faked" up just to last long enough for the merchant to sell and pass out. The poor child that gets one of this kind is heart-broken over its destruction in two to fifteen minutes after receiving it. WE don't have any.

It's a clever thing to do, to bring the children to see our toys. We have passive and active toys. The passive are they which don't do anything of themselves; the active are the mechanical and electrical. Watch the children as they watch the toys and you learn just what they want you to give them at Christmas.

Come in now, if you can, while the stocks are replete with all the newest and must attractive numbers. Later on in Christmastide the crowd of buyers will deepen, and shopping won't be as easy and pleasant as now. If you see something you would like and haven't all the money ready, pay a deposit and we'll hold the article to await your direction about delivering it.

Our Dolldom.

Our dolls are 'perfect Ladies.' They look and act their parts to the very life. They can talk, walk and dance. They have lovely complexions, beautiful, golden, raven and mezzo shades of hair (tresses may sound more poetical). And there is such a crowd of the beauties from the Dolls' Paradise that we cannot begin to describe them. Our doll costumes are magnificent in the higher lights of excellence. Apropos to the subject we might remark that there isn't a poorly dressed "dollie" in any line we show, even to the humblest of them.

We have dolls that are so tiny that you have almost to look twice to see them. There's a whole lot of bigger girl and boy dolls born since last Christmas; dolls whose hair can be taken off and another kind of hair put on; dolls that act up and do almost any feat; dolls with celluloid heads and papier mache bodies; dolls all made of steel, yet so perfectly moulded and naturally finished one would never know it. Then there are rag dolls even at 6.00 and 6.50, big enough to go to school.

But see them—and buy if prices are an inducement.

Schools and institutions that give dolls at Christmas should come at once and make selections.

WAR CLOUD CLEARS

Japan and Russia on Verge of Final Settlement.

FRANCE AND BRITAIN HELPED PEACE

Both Powers Will Support the Open Door Trade Policy and Will Assent to the Integrity of China and Korea.

PARIS, Dec. 2.—Japan and Russia are on the verge of a settlement of the far eastern controversy which promises to dissipate the war clouds which have been hanging over both countries. This settlement will be the result of the negotiations which have been in progress for some time past and which were assisted by the friendly representations of France to Russia and of Great Britain to Japan. The two nations have practically agreed upon the basis of a treaty, as follows:

Russia will accept the two agreements entered into by Japan and Korea dated 1896 and 1898 respectively, under which Japan secured various rights in Korea, including the maintenance of a garrison at Seoul. In exchange for this concession Japan will accept Russia's treaty with China respecting Manchuria.

It is believed that Japan and Russia will reiterate their support of the principles of the "open door" and the integrity of China and of Korea.

In diplomatic and official circles here considerable gratification is expressed at the satisfactory stage upon which the negotiations between Russia and Japan have now entered.

Before the recent visit of Count Lamsdorff, the Russian foreign minister, to Paris, on which occasion he accompanied the czar, France and Great Britain as a result of the entente existing between them had agreed to use their influence with Russia and Japan respectively for the purpose of securing an amicable arrangement of the questions in dispute. When Count Lamsdorff arrived M. Delcasse, the French foreign minister, took occasion to point out the interest which France had in a peaceful solution of the difficulty. At the same time M. Delcasse told Count Lamsdorff that it was clearly understood that no matter what the result there would be no change, generally speaking, in the attitude of France toward Russia.

Count Lamsdorff fully appreciated the delicacy of the French representation, but explained that the policy of the Russian government tended to a peaceful solution. In the meantime Great Britain had been making energetic representations to the Tokyo government. Diplomats therefore give considerable credit to the respective allies of the two disputants for the moderation which has prevailed in the Russian and Japanese councils.

Philadelphia Accepts Carnegie's Gift.

PHILADELPHIA, Dec. 2.—The city council's committee on free libraries has voted to accept from Andrew Carnegie the gift of $1,500,000 for the building of thirty branch libraries in this city. The gift was contingent on the city furnishing the sites, appropriating 10 per cent of the total cost of the libraries for maintenance and purchasing the books. There was spirited opposition to the acceptance of the money, because it made necessary an annual appropriation of about $150,000 to maintain the libraries.

Memorial Church Dedicated.

GETTYSBURG, Pa., Dec. 2.—The Gettysburg Battlefield Memorial Church of the Prince of Peace, erected in this borough in honor of the soldiers of both the north and the south who took part in the battle of Gettysburg, has been dedicated by Bishop Ethelbert Talbot of the central Pennsylvania diocese of the Protestant Episcopal church.

Rockefeller's Christmas Gift.

CHICAGO, Dec. 2.—John D. Rockefeller will make his usual Christmas present to the University of Chicago this year. His special educational agent, Starr J. Murphy, is inspecting the various departments of the university for the purpose of learning the needs of the institution.

Found $800 In I O U's.

PORTLAND, Ore., Dec. 2.—Postoffice inspectors who are investigating the Portland postoffice have found, it is said, "I O U's" for over $800 for money taken from the cash drawer. Postmaster Bancroft declines to discuss the matter, but it is understood he has made good the shortage.

Kaiser Will Not Open Reichstag.

BERLIN, Dec. 2.—It is reported here that, owing to the condition of his throat, Emperor William will not open the reichstag tomorrow, but that Chancellor von Bulow will act in his stead.

Frisco Postmaster Has Resigned.

SAN FRANCISCO, Dec. 2.—The Evening Post says Postmaster Montague of this city has resigned his office.

CONDENSED DISPATCHES.

American Jews are no longer permitted to enter Russia without special permits from Minister von Plehve.

Detective Joseph Driscoll, who was shot by the Chicago car barn murderers in the fight in Indiana, is dead.

An American missionary of the southern Presbyterian church has been drowned in the Kongo river, Africa.

Gold has been discovered in sand brought up by a dredger at work on a channel across the Columbia river bar.

Princess Alice of Schoenburg-Waldenburg has begun proceedings for divorce and threatens action for calumny on account of the story of her alleged elopement.

Sheriff Coriell proposes to sell Charles M. Schwab's private steamer, "Happy Day," tomorrow, but the public need not be distressed. The "philanthropist" still has a few castles left as well as some millions in stock.

We suggest that the officials of the local trolley company order the conductors to call out the name of intersecting streets along the lines. This is particularly desired at night time, when frequently passengers are carried beyond the point where they desire to alight from the cars. There are many strangers continually in the city, who use the service, and for this reason alone, this innovation should be made.

"Former State Senator Charles Arthur Reed has been chosen trustee of the new lodge of Elks, which is to be instituted in Plainfield this week. His permanent retirement from politics was the one thing that made him eligible to join the ranks of the Best People on Earth."

And the Newark Evening News, which is responsible for the forgoing paragraph, will please take notice that the name Charles Arthur Reed generally figures conspicuously in many public movements here. Tidings of his nullity as a factor for public good have not reached Plainfield yet.

Every day new arguments are advanced which show the great and increasing need for better school accommodations in North Plainfield. At the Board of Education meeting held in the Somerset street High School building Monday evening, it was reported that the seating capacity in the North Plainfield schools is 1,002, while there are 1,165 names enrolled. The vital statistics show that there were 130 births in the borough last year and that from January 1 up to date one borough physician alone has reported fifty-one births. This shows that the need of better school facilities are ever increasing and that it is necessary to look towards future as well as present needs.

The town of Harlem has taken new life, in the imagination of some deluded mortals, and a billion dollars is in store for some 40,000 "heirs," provided the courts can be convinced between now and eternity that the present owners have no legal title vested in them to the vast property in that section of New York. The man who is engineering the scheme to reclaim the land is an ardent Christian Scientist and he bases a claim that the immense parcel of territory is the New Jerusalem, on passages in Holy Writ. Naturally the "heirs" are scattered al over the county and it is reasonable to suppose that some of them may be persuaded of the justice of the claim. These alluring schemes have figured in all ages. In recent years American "heirs" have spent fortunes in striving to recover alleged immense riches stored in banks in England, but we don't know of any particular instance in which they have succeeded. Posterity may see the day when the town of Harlem is conveyed to its claimants, but the hope isn't worth a minute's consideration.

The revival services now being conducted at the Rescue Mission, on Grove street, each evening are well attended. The results, spiritually, have been great. The meetings are being held by Mrs. Lou O'Brien and Miss Mattie Sutton, of Easton, Pa.

Kenneth Shupp, of Madison avenue, who has charge of the music at Grace M. E. church, expects to secure the services of another tenor. The new choir is doing excellent work and is receiving the commendation of the members of the church and congregation.

The special religious meetings at the Y. M. C. A., in charge of Lawrence B. Greenwood, will begin December 6 and continue through the 20th. Men's meetings will be held in the evenings and during the afternoons prayer and Bible study will be in order. A special meeting of the ushers for the services will be held tonight at the Y. M. C. —The members of the Plainfield Relief Association are planning to observe Christmas in the customary way, that of making the season one of enjoyment for the poor and unfortunate.

—A few days ago Miss Sykes, of West Front street, lost a brown automobile veil. She advertised her loss in The Daily Press. Tucker Johnson, janitor at the City National Bank, restored the veil to its owner. Moral—Read The Daily Press.

—For the purpose of connecting the basement with the cash department at Hill & Shupp's store, Kenneth Shupp has devised a trolley system whereby small wooden balls can be sent back and forth without any trouble, thus saving a great many steps.

—The proposition to build a bridge across Staten Island sound received a decided boost at a meeting held last week at St. George in the office of President Cromwell, of Richmond Borough. A committee was appointed to make an investigation and report at a meeting which will be held in Perth Amboy, probably two weeks from now.

—There is a report in circulation that through baggage-masters on the Baltimore and Ohio Railroad will soon be compelled to run through between Jersey City and Pittsburg, instead of between Pittsburg and Philadelphia, as at present. Many of these men own their homes in Philadelpnia, and such a change as proposed would make it necessary for them to part with properties it has taken them years to acquire.

I. C. T.'s Successful Fair.

The second night of the I. C. T. Club fair was most successful. Additional donations received were from Hill & Shupp, Edward Laing and Harry Dreier. Warren Engine Company will go through its evolutions at tonight's meeting, and it is expected that the Independent Fife and Drum Corps will attend. It is probable that the celebrate bear dance by Alfred Berry Marsh and Edmond Texier will be a feature.

An Ideal Location

Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE
LINDEN, N. J.

Beautiful and Accessible
2 Miles from Elizabeth, 7 Miles from Newark,
14 MILES FROM NEW YORK
On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

FOR INFORMATION concerning lots in these beautiful Park Cemeteries, and FREE transportation to prospective lot buyers, apply at once to any LEADING UNDERTAKER or offices of the Associations:

WINDOW FURNISHINGS.

They Need Not Be Expensive In Order to Be Pretty.

The window is perhaps the most important feature of the room, and if it is tastefully decorated the whole room looks pretty. The careful house furnisher looks out first for the carpets and curtains, and then somehow the rest of the furniture seems to take care of itself.

A DAINTY EFFECT.

This does not mean necessarily that the curtains must be rich and expensive. The day of heavy brocades is past, and we are no longer limited to highly ornamented lace curtains. In fact, the stiff white curtain has entirely gone out of style. For the drawing room there are filmy curtains of lace or net, very soft and creamy in tint, and some of these are quite inexpensive. They are not suspended by means of hooks or rings, but are shirred on to a narrow brass bar placed on the inside of the window frame. These curtains are frequently quite short, reaching in some cases only to the sill. If a second curtain is desired it hangs in straight folds down to the floor and is drawn back in order to show the dainty inner curtains. The sketch shows a pretty effect. These outer curtains need not be expensive. There are silk and linen mixtures in old rose, pale green, pale blue and yellow, which are very effective. They come in empire or Louis XV. designs and in wreaths, crowns and fleur-de-lis. Then there are the linen English cretonnes so heavily ribbed and mellow in their pale colorings that they look like tapestry. Figured china silk makes pretty outer curtains, too, especially when combined with white woodwork.

The inner shades need no longer be of unattractive linen. They now come in all the pale shades to match the room, and the ends are decorated with fringe in scallops or with two insertions of coarse lace and a lace edge dyed to match the shade.

For the bedrooms nothing is prettier than plain muslin frilled, or if one wishes a change from white curtains there are pretty French mulls daintily sprayed with rosebuds. These can either be made up by themselves or with white ruffles.

There are ecru net curtains for the dining room and library, and the newest of these come with a border of applique in red, blue or green. They sell for $5 a pair. But plenty of pretty materials are sold by the yard, and as they only require a narrow hem they are easily made. Oriental weaves in stripes or solid colors are always in good taste.

The figured madras is the prettiest material for window draperies that has been seen in many a day. The groundwork is sheer, allowing the light to pass through, and the figurings in dull reds, greens and yellows give somewhat of a stained glass effect. Curtains of this description are not caught back. They hang in straight folds to the floor and are not very full in order that the figurings may be clearly seen. If the woodwork is pretty they are shirred on to a small rod inside of the frame and close to the window.

BEATRICE CLIFTON.

ENTRANCE HALLS.

How They May Be Furnished Like Living Rooms.

Nowadays many houses have square rooms for entrance halls instead of the narrow, cheerless affairs of the past, and these are furnished much in the style of a living room.

The illustration shows how an antique idea was utilized, and a very smart effect was gained.

The woodwork is in squares of dark oak, and the ceiling is tinted to harmonize. The massive fireplace and the carved tables and chairs are all of this rich, dull finish, and the tone is relieved by the red leather cushions of the chairs, by the brass andirons and by the old portraits in their dull gilt frames. The old English window is particularly attractive, with its frosted panes and figured dimity curtains, and the deep red rug adds another touch of color to the whole.

AN OLD TIME ARRANGEMENT.

MARVIN HART WON.

"Kid" Carter of Brooklyn Beaten In a Fifteen Round Bout.

BOSTON, Dec. 2.—After one of the hardest fought contests seen in this city in recent years Marvin Hart of Louisville, Ky., was given the decision over "Kid" Carter of Brooklyn in a fifteen round bout at the Criterion Athletic club last night. The figtit was stopped by Referee Buckley within one minute of the time limit and when Carter was nearly out.

In the third round Hart floored Carter with a right, but the "Kid," after taking the count, got up and clinched. From that time until the ninth both men boxed savagely, Hart having the better of the battle. Carter was knocked down several times, but Hart's blows seemed to lack force, and the Brooklyn boy always arose before the ten seconds expired.

During the following rounds the men went at it hard and fast, Hart scoring the most points and Carter being knocked down repeatedly. The Brooklyn boy boxed pluckily, occasionally landing some terrific right hand punches that made Hart stagger.

The fourteenth round was a savage one. Carter reopened Hart's eye, and the latter landed a wicked left on Carter's nose. Carter was very groggy and was finally knocked down, but the gong rang before he could be counted out.

In the fifteenth round both contestants went in to win, but Carter was so plainly outclassed that the referee stopped the bout after two minutes of savage boxing, during which Carter was knocked down twice.

Wire In Got First Place.

WASHINGTON, Dec. 2.—The card at Bennings proved a good one for the bookmakers, as not an actual favorite won. The steeple chase was one of the best jumping races ever seen here and was decided only in the last sixteenth, Woolgatherer winning from Connover in a hard drive. The weight was too much for Carbuncle in the handicap, Wire In, from the Kirkwood stables, gaining first place by a neck. Graziallo ran another good race and defeated some good two-year-olds for first honors.

Forest King Was Disqualified.

SAN FRANCISCO, Dec. 2.—After gaining a neck victory in the fourth race at Oakland Forest King was disqualified for fouling near the finish and was placed last. He interfered with Last Knight, the favorite, who was given first money. Only first choices landed. Hildebrand and Ferrell were suspended for the remainder of the week for rough riding.

Jack O'Keefe Got the Decision.

CHICAGO, Dec. 2.—Jack O'Keefe was given the decision over "Chicago Jack" Daly at the end of six rounds here. The fight was fast and fairly even throughout.

GOVERNOR ODELL IN NEW YORK.

Will Have Conference With Senator Platt This Morning.

NEW YORK, Dec. 2.—Governor B. B. Odell, Jr., arrived here last night from Albany and will have a conference with Senator Platt this morning. The purpose of the conference is to discuss certain changes in the county committee which are deemed advisable by Governor Odell. In reference to the statement published in regard to Fiscal Supervisor Bender Governor Odell said:

"I have investigated carefully the allegations that Fiscal Supervisor Bender had ordered the superintendents of state institutions to purchase sugar from a certain firm. Mr. Bender denied sending any such order, and several superintendents with whom I have communicated say they have received no such orders. If the superintendents or boards of managers can in their own localities purchase at lower figures they are allowed to do so. The firm of Matthews & Co. at Newburg is not directly or indirectly dealing in any manner with the state."

Lady Postal Clerk Held.

BOSTON, Nov. 2.—Miss Sophia P. Merrill, sister of Postmaster W. Harvey Merrill of Salem, a general delivery clerk in the Salem postoffice, was arraigned before United States Commissioner Fiske in this city on the charge of embezzling packages from the mails. Miss Merrill pleaded not guilty and was held for the grand jury. A decoy package was found on Miss Merrill's person.

White Widow of Douglass Dead.

WASHINGTON, Dec. 2.—Helen Douglass, the widow of the late Frederick Douglass, the well known colored orator, is dead here, aged sixty-five years. Mrs. Douglass was the second wife of Frederick Douglass and was a white woman. She was a native of Honeoye Falls, N. Y.

Wages Reduced at Sharon.

CHARON, Pa., Dec. 2.—A reduction of 10 per cent in the wages of the employees of the Sharon plant of the American Steel Foundries company has gone into effect. About 600 men are affected.

Thirteen Brides Sailed.

SAN FRANCISCO, Dec. 2.—Among the transport Logan's passengers sailing from this port were thirteen brides, all married to army officers within a year and nine of them within the last two months.

BELL AT TELLURIDE

Adjutant General Gets Warning With a Gory Finger.

MINERS WANT TROOPS WITHDRAWN

Letter Bore Blood Stains, and Human Relic Was Evidently Freshly Cut From Man's Right Hand—Threat That Ears Would Follow.

DENVER, Dec. 2.—Adjutant General Sherman M. Bell has received from Telluride the following letter wrapped around a human finger and signed "S. D.:"

"We send you the finger of a man who disappeared from Telluride some time ago. His ears will follow, and then his head. If his friends want to see him again in any other way but the way we send him you have got to do one thing. We only want you to withdraw the troops from Telluride at once. If you don't you will receive his ears in a few days. Don't try to find us, for it is not in the power of a tin soldier to do it."

A physician who examined the finger pronounced it the ring finger from the right hand and said it was evidently cut off shortly before the letter was mailed, as the blood stains on the letter bore evidence of being fresh, and the blood on the finger was hardly dry yet.

After conferring with Governor Peabody General Bell turned the letter over to the postoffice inspectors, who will endeavor to trace its author. It is generally believed at the capitol that the matter was intended as a hoax.

The executive board of the Western Federation of Miners, in session in this city, sent the following telegram to Guy E. Miller, president of the Telluride miners' union:

"Advise all men who were ordered to leave town as a result of alleged vagrancy trials to remain in Telluride. The justices of the peace or any other official of company or state cannot compel persons to leave any place where they choose to live. The constitution of the United States concerning civil rights makes it unlawful for officials to deny these rights. Howe, Rutan and others are subject to punishment in United States courts, and the law will be duly invoked. You are assured of the hearty support of the Western Federation of Miners."

The board's action is the result of the arrest by the sheriff at Telluride of twenty-eight idle men.

Typhoid Rages at Butler.

BUTLER, Pa., Dec. 2.—Four deaths and twenty-five new cases is the fever record for the twenty-four hours. Six new physicians from other places have been added to the local staff. The worst feature was the appearance of diphtheria in three of the twenty-two children who have fever at St. Paul's Orphans' home. A doctor and four nurses have been detailed for that institution. Quarantine has been established by the board of health there. Eight nurses have arrived from Cleveland, and a telegram from Mayor Weaver of Philadelphia announced that twenty-five nurses are on their way from that city to Butler in a special car.

Alleged Charges Against a Sheriff.

ALBANY, Dec. 2.—The report that charges of malfeasance in office would be filed with Governor Odell this week against Sheriff Fred L. Rice of Orleans county have reached here. At the executive chamber all knowledge of the matter was disclaimed. Senator L'Hommedieu, who, according to the report, has been assisting in the prosecution of the inquiry into the management of the office of Sheriff Rice, was in Albany last week and had a conference with Governor Odell.

A New Life Saver.

COPENHAGEN, Dec. 2.—A successful trial of the Doenvig life saving globe has been made at Skaw on the dangerous north Jutland coast during a storm. After a trial had been made with a ballasted buoy the inventor, Captain Doenvig, with four other persons, entered a buoy which was launched from the cruiser Heimdal. It successfully cleared the breakers and shoals and drifted safely ashore.

Robbed Lackawanna, Missed $3,000.

MORRISTOWN, N. J., Dec. 2.—While the ticket agent at the Delaware, Lackawanna and Western station was out at lunch a thief broke into the office and stole $215, overlooking a package containing nearly $3,000 which was in the agent's desk.

Excitement In Cotton Market.

NEW YORK, Dec. 2.—Excitement and activity marked the opening of the cotton market. First prices showed an advance of 12 to 19 points, with December selling at 11.58, January at 11.65, March at 11.76, May at 11.75 and July at 11.73.

Flat Top Mines' Fatality.

GAS COMPANIES IN CONSOLIDATION

Plainfield and Somerville Lighting Concern File An Agreement of Merger.

MR. RUNKLE, PRESIDENT

DENIES THAT PUBLIC SERVICE CORPORATION IS IN DEAL.

Said That an Improved Service Will Result From Consolidation—Plans of New Company—List of Officers.

The Plainfield Gas and Electric Light Company and the Somerville Lighting Company have filed an agreement at Trenton merging the two concerns. The officers are: President, H. G. Runkle, of this city; secretary, A. M. Young, of Bramford, Conn.; treasurer, James C. Pope, of this city, secretary of the local company.

When seen today, Mr. Pope would not give out any information beyond stating that the companies have been merged into one. He denied the report that the consolidation of the two concerns had any connection with the efforts now being made by the Public Service Corporation to absorb all the gas and electric light companies in this State. It is believed that the merger is a scheme to prevent the Corporation from absorbing the local and Somerville plants.

A person connected with the gas company said this morning that the merger means better service here. A new tank is being erected. He hinted that it is possible that in time the Plainfield and Somerville gas companies which have been merged into one, would connect their pipes and thus supply gas to all the towns between here and the Somerset County seat. This plan, it is said, will include the electric lighting and power systems which will also supply light to all the towns between here and Somerville.

A verdict of $41.65 for the plaintiff was returned by the jury yesterday afternoon in Justice Nash' courts in the trial of the suit for breach of contract brought by Blanchard Fosgate against Annie E. Miss Lincoln claimed that she had sent to Fosgate a letter dismissing him as her architect and Fosgate claimed he had never received it.

NEW JERSEY LEADS IN IMPROVED HIGHWAYS

Report Filed With Governor Reflects Credit on State Supervisor R. A. Meeker.

STATE'S APPROPRIATION

OVER 2,000 MILES OF UP-TO-DATE ROADS IN THE STATE.

Petitions for 500 Miles Await Action of State Commissioner—New Jersey Expends $250,000 Annually—Governor Pleased.

In the report of the State Road Commissioner, which was submitted to the Governor yesterday noon, it will be shown that New Jersey exceeds every State in the Union in the number of improved highways. It is said that the Governor is much pleased over the condition, which has largely been brought about by State Supervisor of Roads Robert A. Meeker, of this city.

And this is not in proportion to the area, population, or anything of the like. The fact was first reported by the Automobile Club of America, following a detailed investigation. This State does not only exceed all the others in this particular, but actually doubles the greatest of them. There are now about 2,000 miles of up-to date road-ways in New Jersey. New Jersey is the forty-second State in the Union in point of area.

During the current year, $250,000 has been spent by the State and more than twice this sum expended by the twenty-one counties. It is the custom of the State to pay one-third of the total cost of such improvements, and the average total expenditure, therefore, is easily figured. But the counties frequently overstep the limit, and this year they will have spent more than $900,000. Last year the total was exactly this amount. The $250,000 is provided annually by the State Department.

Petitions for more than 500 miles of new roads are waiting the approval of the road commissioner, who, by reason of the State's assistance, exercises a certain supervision over the undertakings. A part of these will, of course, be built next year, commencing as soon as the new appropriation becomes available.

The grand total beneficiary fund disbursed by the order from organization to October 1, last, was $132,570,369.28. There were 1,603 new members received last September.

F. C. LANGHORNE, AN ORIGINAL ELK

Plainfield Man Relates the True Story of the Birth of the B. P. O. E.

FIRST, THE JOLLY CORKS

HUMBLE BEGINNING IN A NEW YORK BOARDING HOUSE.

Organized As Benevolent Order of Elks on February 10, 1868—Its First Officers and the Constitution.

The Benevolent Protection Order of Elks, which now numbers its membership in the hundred thousands, owes its origin to a social party of young men who boarded in the same house in New York some thirty-six years ago. Frank C. Langhorne, of Putnam avenue, this city, was one of six who composed the group, the majority of them being connected with the stage as a profession. These young men styled their organization The Jolly Corks and their place of meeting was the boarding house, at 188 Elm street. A few weeks subsequent to organization, The Jolly Corks, who were fond of merry times, established themselves at 17 Delancy street, from which they removed in a short time to Military Hall in the Bowery, where the first lodge of Elks held its meetings.

Disaffection had arisen in the ranks of The Jolly Corks, it being due to jealousy over offices in the society. The Benevolent Order of Elks was established and the organization was effected on February 10, 1868. Report has it that there was also a branch of The Jolly Corks in Philadelphia, but this is denied by Mr. Langhorne, who told a Daily Press reporter yesterday, for the first time the true history of the order's birth. Nearly all the original members of the order are now dead, but strange to say, John G. Kent, of New York, a charter member, participated in the organization of Plainfield lodge, No. 885, last night. In its early days the titles of the several offices were different than those of the present day. Instead of an exalted ruler, the principal officer of the lodge was the right honorable-primo. This position was held in the original organization by Charles Vivian, an actor. Richard R. Steirly, a professional piano player, who visited Mr. Langhorne a short time ago, was first deputy primo, and William Carlton, who possessed a rich tenor voice frequently heard before the footlights, was the honorable secretary. H. Vandermark, another soloist on the boards, was the treasurer, and William Sheppard was tyler. Mr. Langhorne had no connection with the stage.

A constitution and set of by-laws as well as rules and regulations were drawn up and printed for the benefit of the members. Probably what is the only copy extant is now in the possession of Mr. Langhorne. An elk's head is printed on the fly leaf. The purpose of the organization is best explained in this declaration subscribed to by the charter members:

"The undersigned members of the theatrical, minstrel, equestrian and literary professions and others who sympathize with and approve of the object in view (hereafter set forth in the constitution and by-laws) do hereby organize an order to promote, protect and enhance the welfare and happiness of each other.

"Charles Vivian, Richard Steirly, William Carlton, H. Vandermark, William Sheppard, E. M. Platt, W. Bowran, H. Bosworth, M. G. Ashe, John G. Kent, J. G. Wilton, F. Langborne, F. A. Bloome, C. F. McDonald and T. G. Riggs."

One of the primary objects of the organization was to help the unfortunate or sick actor. Mr. Langhorne declares that the members had jolly good times together and frequently gave benefit entertainments in the New York theatres, in which the best metropolitan talent appeared. The Plainfield man has long since dropped out of the order.

Hutchinson, Acting Governor.

Governor Murphy has started on a two weeks' trip through the West to make a tour of inspection of the western shops and offices of the Murphy Varnish Company. The Governor more than a score of years ago inaugurated the custom of making such a tour at least once a year. During his absence, business requiring the attention of the executive will be transacted by E. C. Hutchinson, president of the Senate.

NOW A MAN OF MANY PARTS

NEWARK EVENING NEWS SAYS FREDERICK'S CURE, A TRIUMPH OF SURGERY.

The most composite man in New Jersey, perhaps in the world, is Wilson S. Frederick, of Dunellen, Middlesex County. He is now, after his marvellous restoration at the hands of the doctors, made up of bits of more than 200 different men. Of course the greatest part of this newly restored man consists of the original Frederick, but all the rest is an aggregate of little patches, about 4,200 in number, contributed by his friends and acquaintances. It may seem amusing to read of such a composite individual, but the experience has been anything but amusing to the man himself. He was a victim of the Westfield wreck on the Central Railroad, and his body was so scalded that fully one-third of the skin was destroyed. His death seemed but a matter of a few hours, but as he outlived the expectations of the Muhlenberg Hospital physicians, the latter resolved to try skin grafting. Piece by piece, during the past ten months, little patches of skin, about an inch long and a quarter of an inch wide, were cut from Masonic brothers of the scalded man and from willing employes of the express company for which Frederick had worked, and were placed on the raw, quivering flesh. They grew, they healed; and now, at last, Frederick has a whole skin again and has been discharged from the hospital as cured. This triumph of surgery is marvellous because of its extent, the heroic constitution of the man which enabled him to endure the long treatment, and the liberality of the unusually large number of friends who have contributed to his restoration. Had each one insisted upon putting his name on the piece of cuticle contributed, Fredericks would have looked much like a memorial patchwork quilt.

CHANGING JERSEY DAY.

Date Originally Set by St. Louis Fair Commissioners Conflicts With State Fair Plans.

Secretary Mahlon R. Margerum, of the Inter-State Fair Association, who is much chagrined by the announcement that the New Jersey commissioners for the St. Louis exposition have decided upon Wednesday, September 28, the day before the Inter-State fair's big Thursday, as New Jersey day at the exposition, has called the attention of the commissioners to the fact that next year there will be presidential and gubernatorial elections in this State and that for this reason "Big Thursday, or Politicians' day" at the Inter-State fair will be of unusual importance not only to the politicians of the State, but as well to the fair association, many of whose directors are prominent in State affairs.

He said if Wednesday, September 28 were made New Jersey day at St. Louis it would be impossible for the men to whom it would be important to attend both New Jersey day at St. Louis and "Big Thursday" in Trenton to reach this city by Thursday, September 29. Mr. Margerum saw former Governor Foster M. Voorhees and Ira W. Wood members of the New Jersey commission and was assured by them that if possible the date for New Jersey day would be changed. They said they apprehended no difficulty in the matter.

ELKS' LODGE INSTITUTED

Plainfield Lodge, No. 885, B. P. O. E., Formally Organized With Elaborate Ceremonies.

STREET PARADE HELD

Representatives Present From Many Cities—Institution, Installation, Parade and Banquet—A Charter Member of Order Witnesses Ceremonies.

Fire works, gay decorations on many of the business houses in the down town section, and enthusiasm which could not be dampened or diminished by cold winds or driving snow everywhere attested the welcome given to the Elks who invaded this city six hundred strong yesterday. It marked the advent of Plainfield lodge, No. 885, B. P. O. E., as a local fraternal organization. The dream of a year, cherished by many prominent men, was realized when the first officers of the new lodge were induced into office and a local lodge was started, on what promises to be an eventful career, with pomp and ceremony.

The Elks owned the town. Towards evening the Best People on Earth began to arrive in great numbers. Some brought with them brass bands; all came prepared for one of the greatest days in the history of New Jersey Elkdom. As the various delegations arrived they were received by the members of the reception and entertainment committees, of the Plainfield lodge. Elks arriving on incoming trains were met by Alexander D. Findlay, Sheriff B. Frank Coriell, Former Judge William A. Coddington, Edward Gaston, Herbert Brooks, L. I. VanAlystine and Edward C. Searing. Those who came by trolley were escorted to the lodge rooms in the Stillman building by the entertainment committee, consisting of George O. Stevens, H. C. VanEmburgh, J. F. Lane, William W. Warnock and Henry Pedeflous.

At 5 o'clock the ceremony of instituting the new lodge was begun. This was performed by the members of New Brunswick lodge, No. 324. The officers in charge were District Deputy Charles H. Smith, of Jersey City; Exalted Ruler William H. Everson, Esteemed Leading Knight William Schlessinger, Esteemed Loyal Knight William Tallman, Esteemed Lecturing Knight William Boylan, Esquire J. Harvey Wilson, Secretary Joseph H. Ridgeway, Treasurer Theodore Cohn, Inner Guard John Hickey, Tiler J. Newton Blue, Jr., and Chaplain Joseph Allen. The first officers of the local lodge to be installed were: Exalted Ruler City Judge William N. Runyon, Esteemed Leading Knight A. D. Findlay, Esteemed Loyal Knight George O. Stevens, Esteemed Lecturing Knight L. I. VanAlystine, Treasurer L. B. Woolston, Secretary Walter H. Freeman, Tiler Edward C. Searing; trustees—One year, Former Senator Charles A. Reed; two years, Herbert W. Stover, and three years, James F. Buckle. Thirty charter members were initiated. The team was composed of Peter Moore, Benjamin Suydam and G. Edward Burt, all of the New Burnswick lodge.

After the ceremonies, which lasted almost three hours, Exalted Ruler William N. Runyon made a short address to the members of the new lodge and the visitors in which he said he was glad to see so much enthusiasm attending the institution of the first lodge of Elks in this city, and hoped for the hearty support of the new members. He expressed a wish that the new lodge increase in membership until it becomes one of the strongest in the city.

After the ceremonies attendant upon the inaugurating of the new lodge, a parade was held through some of the business streets of the town. This was one of the eventful incidents of the evening. Standing in the driving snow, citizens lined the curbs to watch the parade pass. They had prepared a royal welcome for the visiting host. As soon as the first roll of the drum announced that the parade was about to move colored lights shot up from a hundred different places and great cheers arose on the night air. The glow from the torches in line and on the sidewalks among the spectators showed windows full of people in many of the buildings which lined the route of the parade, cheering the visitors lustily. The line of march:

MACEDONIA, HIS SUBJECT

GREEK DESCRIBED HIS COUNTRY AND SCORED GREEK CATHOLIC CHURCH.

A former Macedonian prince, Demetrius Elias Eishanoff, gave an instructive talk on his country and countrymen last night at the Monroe Avenue M. E. Church. He told his his conversion from the Greek Catholic church to the Protestant faith, ascribing his change of conviction as due in a large measure to his alleged discovery of immorality of the priests and nuns in the Greek church.

After he had proclaimed his change in religious faith he said he was obliged to flee the country, his family at Thessalonica not only mourning for him as dead but holding for him regular funeral services. Mr. Eishanoff described the manner of living and religion of the Macedonians and produced the uniform of a nobleman's son as illustrative of the costumes of the people. He is now a medical student in Philadelphia and expects to return as a missionary to his native land when the present Macedonian troubles are ended.

FAHN BOY'S NARROW ESCAPE

ELK PARADER BRANISHED FLAMING TORCH IN LAD'S FACE.

While watching the parade of the Elks in this city last evening, Harrison Fahn, the son of Lawrence Fahn, of Somerset street, almost had his right eye put out by a flaming torch in the hands of one of the visitors. The injury is a painful one, the flesh being torn and burned beneath the optic.

Young Fahn was standing on East Second street, near Park avenue, watching the parade pass. As he stood there a man rushed up to him and threw the sputtering torch of red light into his face and then ran down the street. With a cry of intense pain the lad fell back on the sidewalk and he was soon surrounded by a large crowd of people. One side of his face was almost covered with powder marks. He was taken home where the injured member was examined and found to have escaped serious injury although the eye lashes were burned.

KIDNAPPED GIRL RETURNED.

Child Former Plainfielders Are Alleged to Have Lured Away.

Almost as mysteriously as she disappeared, Emma Bahr, the fourteen-year-old girl, who left the Waterburg Orphan Farm School at Pelham on Thanksgiving Day, has returned to the home, and a charge of kidnapping now rests against Mr. and Mrs. John Lang, formerly of this city. The girl was located in Jersey City by her uncle, who took her to Mount Vernon, and turned her over to Chief Foley. He sent the child back to the home.

The girl says she was induced to leave the home by her sister, Bertha, and her husband, John Lang, known here as John Long, who are now under arrest in Mount Vernon charged with kidnapping.

She says that they visited her at the home on Thanksgiving Day, and as they were leaving gave her ten cents to pay her fare on the trolley car so that she could follow them to New Rochelle. While the police were looking for her in New Rochelle Bnam says that she was hidden in an attic in her uncle's home there. She was taken to a house on Staten Island, where she remained until the police traced her there and arrested her sister. Lang and his wife deny that they kidnapped the girl.

Lakewood's Fall Season.

With the passing of the summer and the farewells to September there comes as a ruling thought in the minds of resorters, the choice of a point of healthful and advantageous location for the winter, and, more immediately, for the months of early fall, when summer places of entertainment are closed and cold weather resorts have not yet opened. To the family the problem is a particularly weighty one for the schools all over the country are opening for the year, and it is time the little people took up the business of childhood. And in making choice there are to be considered as factors, healthfulness, accessibility to business centers, the character of diversions, and social surroundings.

It is true that Lakewood very largely owes it leading place among resorts to the peculiar points which are most valued at midwinter—warmth, shelter and mildness of climate—and yet, in all its eight months' season, from fall to spring, there are no more perfect months than October and November.

For more than twelve years the first day of October has been the date on which Lakewood has opened its doors to the outside world, and that first day's registrations have been uniformly large, including travelers from mountain and seashore, and returning cottagers anxious to get settled again in their Lakewood homes after a summer's wanderings. All through the above named months the habit of outdoor life which governed the hot weather season is prolonged in Lakewood, and the golden days of color which imperceptibly pass into frosts and chill of winter are rich in opportunities for sport and exercise on the golf links, the lake and in the woods. If you have never enjoyed the experience, try Lakewood in early its season.

A booklet on Lakewood will be sent free by C. M. Burt, G. P. A., New Jersey Central, New York City.

THE WILL PROBATED.

Judge Strong Dismisses the Caveat Filed by Granddaughter of the Late Mrs. Emeline Manning.

Judge Strong, of the Middlesex County courts, has admitted to probate the will of the late Mrs. Emeline Manning, of South Plainfield, thereby defeating the hope of Mrs. Andrew Manning, who sought to break the will on the ground that she believed it did not make proper provision for her young daughter, Emeline, a beneficiary. Two thirds of the estate is divided equally between the deceased woman's daughters, the Misses Harriet T., and Sarah T. Manning, and the other third is left to these daughters in trust for Emeline T. Manning, granddaughter of the dead woman.

W. L. Hetfield, Sr., Esq., brother of Mrs. Andrew Manning, represented her, while Joseph B. Coward, Esq., was counsel for the defendants.

Alleged Crook in Pennsylvania.

Edmund C. Everett, the alleged confidence man, who has been operating here, has, according to the Stroudsburg, Pa., Times, been operating in that city. The paper tells of the work of the dapper little chap who, it is claimed, disappeared at the same time $41 and some jewelry vanished. While in Stroudsburg he was known as Roland Tremaine, but had letters in his care under the name of St. Clair. His description corresponds with that of Everett; short, very dark and nervous, wearing a heavy black moustache. He claimed to have come from Trenton.

SIDE LIGHTS ON TIMELY TOPICS NOTED IN PASSING.

Through reading an article in a popular monthly magazine, Thomas Fahy, of Plainfield, recently placed himself in communication with friends and schoolmates in Warrington, England, whom he had not heard from in thirty-two years. The article described the making of several canes from postage stamps, through hydraplic pressure, for presentation to King Edward. The story was dated from Warrington and was signed by a name which sounded familiar to Mr. Fahy as that of a schoolmate, and he immediately wrote to the man, as it was the first time he had heard the town mentioned in America since coming here. He received an early reply, and to his delight found his first supposition was correct and that he knew th writer. A regular correspondence has since sprung up and the Plainfielder is just now beginning to hear of the friends of his boyhood days. He was greatly surprised that many of the old residenters remembered him, although the place is as as large as Newark and a great many changes have been made since he left.—Newark Evening News.

DON'T OVERLOOK THIS.

A Careful Perusal Will Prove Its Value to Every Plainfield Reader.

The average man is a doubter, and there is little wonder it is so. Misrepresentations make people skeptics. Nowadays the public ask for better evidence than the testimony of strangers. Here is proof which should convince every Plainfield reader.

Mr. Geo. S. McGinnis, of No. 212 Somerset street, foreman of B. H. McCullough's Sash and Door Manufacturing Co., says: "I never was sick a day in my life until a pain struck me across my back and a lameness over the kidneys. I did not pay much attention to it at first, thinking it would pass away, but instead of this it grew worse. I saw Doan's Kidney Pills so highly recommended by those who had used them for such troubles that I went to L. W. Randolph's drug store and got a box. I used them according to instructions and felt somewhat relieved. Continuing the treatment, by the time I had finished the third box the pain in my back and lameness disappeared."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.

A GATHERING IN ZION.

Dowie Calls on the Faithful For Just $1,000,000.

CHICAGO, Dec. 3.—A great gathering of the Dowieites has been held in the tabernacle at Zion City, called by Dowie for the purpose of starting a fund of $1,000,000 with which to pay all the indebtedness that hangs over Zion City and himself.

The outpouring of his followers was not one to bring cheer to the heart of the general overseer of Zion. The tabernacle seats 6,000 people, and usually all the seats are taken at the special meetings called by Dowie. The hall was not over half filled, and the gathering was not as enthusiastic as might be desired by a man who was in immediate need of funds.

Dowie gave to his followers a statement of the financial situation of Zion City, told them that the assets were ample, the only trouble being that he was not able to realize upon them at once. All he needed was a contribution of ready money with which to tide over the present crisis in the affairs of the city, and this once done Zion would grow to greater power than ever before.

"I love this tabernacle," he said. "I loved all my tabernacles as I loved my people. As my people have grown so have my temples of worship. And when we prepare to leave this tabernacle for the last time the next house of worship will be Jerusalem."

Ottawa University Destroyed.

OTTAWA, Dec. 3.—The Ottawa university, one of the largest educational institutions in Canada, was totally destroyed by fire here. The loss is estimated by a member of the faculty at $500,000. The building and contents were insured for $200,000. All of the students escaped, many of them having narrow escapes. Three priests were forced to jump from upper windows and were badly injured. They are Fathers Boyon, Fullham and McGurty. It is feared that Father McGurty cannot recover. One of the domestics is missing and probably perished in the flames, and another was so seriously burned that she will probably die. The missing woman is Miss Danis. She was last seen on the fourth floor. The fire, it is believed, was caused by a careless smoker throwing away a lighted cigar or cigarette.

"I Am a Panama-American."

SAN FRANCISCO, Dec. 3. — The steamer City of Para, which arrived here, was the first vessel to leave the Pacific side of the isthmus after the revolution. Among her way passengers was General Carranoi, Panama's first minister to Costa Rica, who was landed at Punta Arenas. All the City of Para's officers speak of the great enthusiasm at Panama for the new republic. They say that even the boys in the streets when asked, "Are you a Colombian?" responded: "No. I am a Panama-American." From all that could be learned there is absolutely no sentiment against the movement for independence at Panama.

SIGNS CANAL TREATY

Panama Junta Promptly Ratifies Agreement.

GREAT WORK MAY NOW PROCEED.

The Document, Wrapped in the Panamanian Flag, Was Formally Handed to the Junta and Signed and Sealed by Them.

WASHINGTON, Dec. 3.—Two telegrams, one from the junta and the other from the minister for foreign affairs of the republic of Panama, announcing the approval of the Hay-Bunau-Varilla treaty, have been received by Minister Bunau-Varilla.

From Minister Espriella:

"The junta has finished the examination and approved and signed the canal treaty."

From the junta, signed by J. A. Arango, Tomas Arias and M. Espinosa:

"We are happy to communicate to your excellency that we have just ratified the Hay-Bunau-Varilla treaty without modification and unanimously. This official act has been received with unanimous approbation."

Minister Bunau-Varilla has communicated the news received by him to Secretary Hay.

The treaty as approved and signed by the Panama junta will be promptly returned to Minister Bunau-Varilla at Washington. To insure its safe and prompt transmission without interference by officials anywhere the treaty was intrusted to Consul General Gudger at Panama, who has forwarded it to Washington in the American diplomatic mail pouch. Instructions to this effect had already been sent to Mr. Gudger by Secretary Hay. This courtesy was extended at the request of Minister Bunau-Varilla, who is anxious that there shall be no interruption to the safe return of the approved treaty to Washington.

A dispatch from Panama giving particulars of the signing of the treaty says:

Minister of Foreign Affairs Espriella arrived here from Colon with the new canal treaty. It was discussed and ratified by the junta of the republic of Panama.

Rear Admiral J. G. Walker arrived on the same train that brought Senor Espriella. Senors Arango and Arias, with some of the ministers of the new republic, met the party at the railway station. Senor Espriella drove immediately to the government palace, where the chest containing the treaty was placed on a table in the main office. Members of the junta and of the ministry assembled in the grand saloon of the palace. The chest and two small tin boxes, addressed to the members of the junta and bearing the seals of Minister Bunau-Varilla, were placed on a table in the center of the room.

Surrounded by the spectators, who were seated about the table, Senor Espriella opened the chest and withdrew the cotton wrappers, finally bringing to light the treaty, enveloped in the Panamanian flag. The document was addressed to the members of the junta by Minister Bunau-Varilla.

Senor Arias then broke the seal and formally handed the paper to the members of the junta. There was only one copy in the English language. After discussing its provisions the ministers and members of the junta all signed the document with a special gold pen purchased for the occasion.

Gudger Confirms Signing.

WASHINGTON, Dec. 3.—Secretary Hay has received a cablegram from Consul General Gudger saying that the canal treaty has been unanimously approved by the government and cabinet.

Goelet Sued For Auto Accident.

BOSTON, Dec. 3.—Wright & Pierce, attorneys, of this city have instituted a suit in New York courts against Robert Walton Goelet in behalf of William Anderson of Cambridge as a result of an accident in this city on Nov. 21, when the plaintiff alleges he was injured by an automobile driven by Mr. Goelet. The papers have been filed in the United States district court in New York in order to obtain proper jurisdiction. The ad damnum is placed at $10,000. Mr. Goelet was on the way to the Harvard-Yale football game when the automobile collided with a bicycle ridden by Anderson.

Yongampho to Be an Open Port.

LONDON, Dec. 3.—The Tokyo correspondent of the Daily Mail says that telegrams have been received from Seoul to the effect that Japanese Minister Hayashi has been informed by the emperor of Korea at an audience that he had placed the question of the opening of Yongampho to foreign trade in the hands of his foreign minister and that the port would be opened within a few days. M. Plehve, the Russian minister to Korea, is, however, still protesting against the opening of the port.

Going Back to Ten Hour Day.

MORTIMER DURAND.

Britain's New Ambassador Presents His Credentials.

A TRIBUTE PAID TO THE DEAD ENVOY

Welfare of the World, Says English Representative, Depends In No Small Degree on Firm Friendship of the Two Nations.

WASHINGTON, Dec. 3.—The British ambassador, Sir Mortimer Durand, when presenting his credentials to President Roosevelt at the White House addressed the president as follows:

"Mr. President, I have the honor to inform you that King Edward VII., my august sovereign, has directed me to present to you in person this letter accrediting me as his ambassador to the United States of America.

"His majesty has further directed me to assure you of his earnest desire that the friendly relations which exist between the United States and Great Britain may be maintained and strengthened, and I have received his majesty's command to keep this object constantly in view.

"I am deeply conscious, Mr. President, of the responsibility laid upon me, and I am well aware how hard it will be for me to prove worthy of the high mission with which I have been honored. I come to America for the first time with a warm admiration for, but without any personal knowledge of, the great nation over which you have been called to preside, and I feel my inexperience the more keenly because I succeed as British ambassador here one who had passed a considerable part of his life in this country, whose sympathies with your people were therefore based upon a thorough understanding and, I may add, whose singular charm of character endeared him to all who knew him.

"I can only say, Mr. President, that, with God's help, I will do my best to carry out the duty intrusted to me. No duty could be more in accord with my wishes, and it will be a very real happiness when my work here comes to an end if I can feel that I have been able to help, however little, in bringing about an increase of the good will between our two nations. I believe that upon that good will depends in no small degree the welfare of the world."

In replying the president said:

"Mr. Ambassador, it affords me sincere gratification to receive from your hands the letter whereby his majesty King Edward VII. accredits you as his ambassador to the United States of America.

"Through you, the personal representative of your sovereign, I cordially reciprocate his majesty's desire that friendship and good will between our two countries shall be strengthened and perpetuated, and with the concurrent efforts of the American government I doubt not that success will attend your endeavors to fulfill his majesty's desire to this beneficial end.

"Following as you do, Mr. Ambassador, in the steps of one whose genial sympathy with our people and whose intimate knowledge of this country stood him in good stead, enabling him to gain the confidence and esteem of this government and to win the affection of all with whom he was brought into association, I cannot doubt that you, being inspired by the same good purposes and animated by the same kindly feelings, will achieve no less than did your lamented predecessor and merit equally with him the high regard of this government and of my countrymen. It is fitting that this should be and that, mindful of the ties of kinship and speech, moved by like aspirations of progress in the paths of peace and sharing a reverential trust in the Almighty that guides our destinies, our two nations and peoples through their ministering agencies should strive to reach a harmonious accord in all that affects their common interests."

It is intended to hold in connection with the congress a Roentgen exhibition for the purpose of showing the scientific results of the discovery.

Bank's Cash Balance Was $171.90.

CHARLESTON, S. C., Dec. 3.—The statement of the Farmers and Merchants' bank of Camden, the president and cashier of which killed themselves on the same day, is not encouraging. The depositors and creditors will get their money eventually, but $72,370 belonging to the stockholders will not be realized. On the day of the double tragedy when the bank closed the cash on hand was $171.90.

The Daily Press has a higher circulation rating than is accorded to any other paper in Plainfield.—Printers' Ink.

Dowie blames his downfall on the newspapers. After this let no one say that the influence of the press for the public good is on the wane.

What hinders the completion of the work on Giraud avenue? The continued blocking of the thoroughfare is a source of annoyance to residents in that section.

Stories on "Mantle of snow covers city," and poems on "The beautiful snow" are now in order. The annual alarm on "peach crops blighted by frost" is yet several months off.

The reports of the Plainfield Organized Aid Association for the last year is very encouraging. Assistance was rendered in 221 cases, representing the expenditure of much money as well as time. The entire contributions for the twelve months amounted to $1,875.81, which speaks well of the generosity of Plainfielders.

John L. Moody, of Cranford, as county chairman of the Democratic party, has incurred the displeasure of some of the local party workers because of his alleged interference in local politics. Mr. Moody is a conscientious and able Democrat, and there is no reason to suspect that what he does is not for the best interests of his party. The attitude of the Plainfield delegates at the recent county convention was such as to cause alarm for the prospects of the party in this city.

In planning an advertising campaign, it is the wise advertiser who works along the lines of least resistance, in attracting the public eye, always focusing attention on his proposition in a manner pleasant, inviting, and certain, without loss of time or detracting from the interest—a pertinent reason why the daily newspaper is always selected for big campaigns, because advertising in the columns of reputable dailies brings the public in touch with your goods almost immediately. If the proposition is right and the advertising carefully followed up, it is reasonably certain a demand will be created from which profitable results accrue.—Newspaperdom.

AMUSEMENTS.

Music lovers, long wearied and surfeited with rag-time airs and banal melodies supposed to illuminate the recent flood of musical comedy scores, will be interested in hearing that concerted numbers for male voices are being given special prominence in "Winsome Winnie," in which Miss Paula Edwardes appears as a star at the Casino. Unlike many stars, she has seen fit to surround herself by an excellent company of actors and singers, and there is no time when she is the only pretty girl in evidence or the only one who had something of interest to say or to do.

The programme of the third Wetzler Symphony concert, which will take place Tuesday evening, December 8 at Carnegie Hall contains works by the three great "B's" in music: Bach, Beethoven and Brahms. The orchestral numbers being a Suite in E flat by Bach, orchestra led by Mr. Wetzler, and the monumental C minor Symphony (No. 1) by Brahms; the soloists is Harold Bauer, the distinguished pianist who will play Beethoven's Concerto in E flat.

PLAINFIELD BOWLERS DEFEATED BY ORANGE

Superb Exhibition Given by Visiting Team Which Found No Trouble in Winning.

CAPTURED THE THREE

ORANGE AGGREGATION INDIVIDUALLY AND COLLECTIVELY STRONGER.

Score of 894 Made by Out-of-Town Team in First Game—Plainfield's Highest Mark Was 695—Detailed Results of the Play.

The bowling team from the Orange Y. M. C. A. visited the local association, last night, and defeated the home team in each of the three games rolled. The visitors had a walkover, being individually and collectively stronger. They gave an excellent exhibition of team work and there never was a question as to the result of the games. The totals rolled in the three games by the visitors were 894, 770 and 789. McCurdy, who made a score of 236 in the first game, was high man, while his colleagues all put up high scores. Plainfield rolled 605, 695 and 648.

Not a member of the home team reached 200, but a good attempt was made. It is the purpose of the team to devote more time for practice, so that in the coming matches a better showing will be made. The third match in the league series will be rolled with the Passaic Y. M. C. A. team in this city, and there will also be a basket ball game the same night between teams from these two associations.

The scores for last night's matches follow:

From lodge rooms down Front to Park avenue, to East Second, to Watchung avenue, to North, to Park avenue, to Somerset street and to Saengerbund Hall.

Datter's band, of Elizabeth, which escorted Elizabeth lodge, No. 289, headed the parade. Seifert's band, of Bayonne, which accompanied Bayonne lodge, No. 434, was followed by LaVere's full band which preceded the Plainfield lodge in the parade. There were fully six hundred Elks in line, and their cheers as they passed by the decorated places of business or returned the salute of friends, reechoed blocks. A feature of the parade was the salutation given the marchers by the members of Warren Engine Company in North Plainfield. The doors of the engine company were thrown open and as the parade marched into the hall the bells in the house, including the gongs on the apparatus and the bell in the tower, were started ringing in unison. The entire front of the building was lighted and a lantern was placed at the top of the flag staff.

An elaborate repast was served by Pedelious in Saengerbund Hall. Speeches and songs served to pass the evening enjoyably. Among those who made speeches were: Exalted Ruler William N. Smith, of Jersey City lodge No. 211; Exalted Ruler Henry Kaufman, of Newark lodge, No. 21; Frank Cook, formerly of this city, now a member of New York lodge, No. 1; Ira C. Peck, of Manila lodge, No. 671, who enjoyed the distinction of representing the most distant lodge; John T. Kent, who was one of the members of the original organization of Elks, which was then known as the Order of the Jolly Corks, but who is now a member of Jersey City lodge, No. 211; John P. Martin, of Syracuse lodge, No. 51; Harry Butler, of Brooklyn lodge, No. 23; Exalted Ruler Edward Griffen, of Bayonne lodge, No. 434; Robert McDonald, secretary of Jersey City lodge and Exalted Ruler James Murray, of the same lodge. Several vocal selections were rendered by Robert Schwartz, of Elizabeth lodge, and the newly elected officers of the Plainfield lodge, No. 885.

Representatives were here from Perth Amboy, Trenton, Philadelphia, Camden, Jersey City, South Amboy, Paterson, Syracuse, Hoboken, Elizabeth, New York, Brooklyn and many other places. Among the prominent people here were Senator W. H. C. Jackson, of Middlesex County; Surrogate Peter Francis Daly, Alderman John Harkins, of New Brunswick, and Edward H. Radel. The New Brunswick contingent numbered seventy-five and that of Elizabeth 125.

EPWORTH LEAGUE.

Topic For the Week Beginning Dec. 6, "Lost and Helpless, a Man Without Christ"—Text, John xii, 37-43; Heb. iii, 12.

"Take heed lest there shall be in any one of you an evil heart of unbelief, in falling away from the living God."

"They loved the glory that is of men more than the glory that is of God."

It is not so very long ago that much was said of the depravity of human nature and the desperate wickedness of the heart. The creeds of most of the churches still have articles similar to that of the Methodist Episcopal church, which speaks of "original or birth sin" as "the corruption of the nature of every man that naturally is engendered of the offspring of Adam, whereby man is very far gone from original righteousness and of his own nature inclined to evil, and that continually." Little, however, is heard at the present time of the evil of human nature and the lost condition of men. The attention of the people has been turned from the study of soul life and spirit nature so completely by the study of material things and the intoxication of discovery, invention, trade and luxury has so absorbed all interest that the true condition and nature of man have been largely lost to view. It has now come about that in the pulpits of the most orthodox denominations preachers may declare without challenge and the daily press publish without comment that "goodness and not sin is natural to man. The human heart is first and fundamentally good. Sin is as unnatural to the heart as disease to the body. God then is as congenial to man as sunlight is to the plant." Indeed! And really this is wonderful! Since when has man so gloriously and wonderfully changed?

This gospel is not the gospel of Jesus Christ. No wonder men are not made better under its preaching. No wonder that ritualism spreads. Under such preaching the minister may well become a priestly performer of churchly rites and symbolic ceremonies and burning incense take the place of saintly prayers.

The need is for prophetic preachers of righteousness and great spiritual truths. Men are wicked. The heart is sinful and deceitful. Get down among men and listen to their talk and watch their doings anywhere in city or country, among the rich or poor, and then say "sin is unnatural and goodness is natural" if you can!

One needs not to go into the slums to know that men are lost and sinners exceedingly against God and their fellow men. If he will go among men anywhere with open heart he will grow heartsick at the sights and sounds. Men are desperately lost, and there is no power to save them but in Jesus Christ. The recovery must be to love of God and purity. No culture, no wealth, no philosophy, can cure this disease. Men are as corrupt now as in the days of Isaiah, as in the days of Christ.

Our duty is to bring them a gospel of hope, a cure for sin, and not a proclamation of their natural goodness.

It is true now as when Jesus spoke the words:

"Except ye repent ye shall all likewise perish."

Leave Tomorrow With God.

Would it not be better to leave tomorrow with God? That is what is troubling men—tomorrow's temptations, tomorrow's difficulties, tomorrow's burdens, tomorrow's duties. Martin Luther in his autobiography says: "I have one preacher that I love better than any other on earth. It is my little tame robin, which preaches to me daily. I put his crumbs upon my window sill, especially at night. He hops on to the sill when he wants his supply and takes as much as he desires to satisfy his need. From thence he always hops to a little tree close by and lifts up his voice to God and sings his carol of praise and gratitude, tucks his little head under his wing and goes fast to sleep and leaves tomorrow to look after itself. He is the best preacher that I have on earth."—H. W. Webb-Peploe.

The Reign of Love.

To nature God is law; to man God is and must be love. For matter can be ruled, sustained, molded, glorified by law only, but man is governed, uplifted, brought to his best estate only by the measureless forces of an infinite love. To him law is an incident; it is not nor can it be by him regarded as a primary or an ultimate condition of spiritual well being. A good man obeys the law of nature and of his own well being, but that is not his goodness. Such obedience may be his life, but it is not his virtue or his exaltation. To put on the bloom of grace, to be morally excellent, a human spirit must come under the dominion of love divine. The realm of ideal manhood is where love rules. The beginning and the end of our perfected humanity is the reign of love.—Evangelist.

Answered Prayer.

Among the mysteries there is none greater than that of answered prayer. How does God answer it? By law? In law? Above law? We do not know, nor how to pray as we ought do we know. We are sure that God must somehow respond to His child when he cries to Him, and we are quite as sure that prayer at its best can be little more than that which Whittier declares, "Thy will be done." It is a peaceful condition of mind to come into, and in it we can beat back the billows of doubt and distrust and misgiving as from nowhere else.—Baptist Commonwealth.

By the Radiance of God.

Keep your conduct abreast of your conscience and very soon your conscience will be illumined by the radiance of God.—W. M. Taylor, D. D.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning Dec. 6—Comment by Rev. S. H. Doyle.

Topic.—What the heroes of faith teach us.—Heb. xi, 1-40.

The eleventh chapter of Hebrews is one of great interest and inspiration. Here we have recorded a long list of the ancient patriarchs, whose lives were in harmony with the will of God and who because of their faith in Him made their lives count and "obtained a good report." Heroes indeed and heroes of faith! Not by might nor by power, but by faith in God, they "subdued kingdoms, wrought righteousness, obtained promises, stopped the mouths of lions, quenched the violence of fire, escaped the edge of the sword, out of weakness were made strong, waxed valiant in fight, turned to flight the armies of aliens." As heroic deeds inspire to emulation, so also should the faith of heroes, and from a study of this chapter our faith in God through Jesus Christ should be more firmly established.

The faith of these ancient heroes possessed several important characteristics. (1) It was faith in God. The faith defined and illustrated here is not distinctive Christian faith. Saving faith in Jesus Christ is something entirely different. This was faith in God, in His power and in His promises. Such faith always preceeds Christian faith. It should exist in every human heart and prepare the way for saving faith in Christ. (2) It was a practical faith. Some religious faith is not practical. It is not applied to the daily affairs of life. We believe, but do not live by our beliefs. Not so was it with these Old Testament worthies. They based their lives upon their faith. Dangers, difficulties, trials and afflictions had no terrors for them because of their faith in God. Our faith should be practical. It should sustain us in difficulty, inspire us to duty and comfort us in trial and affliction. A fruitless faith is a worthless faith. (3) It was an adaptable faith. The experiences of none of these worthies were exactly alike, yet faith in God was adaptable to every experience. Nor is there any condition or experience in life where faith in God will not sustain us. It is able to meet the wants and needs of every human heart and life.

The numbers of the heroes of faith are also worthy of our attention. Many young people have the erroneous idea that but few of the world's great men have been men of faith. The impression somehow prevails that religious faith has been for the most part exercised by children and women. But nothing could be further from the truth, as we see illustrated here. All of Israel's great men from Abel to Malachi are included in this list of faith heroes. Nor has the Jewish nation been peculiar in this respect. The world's truly great men have all believed in God. Therefore, we should not hesitate to believe and to act up to our faith. "Seeing we also are compassed about with so great a cloud of witnesses, let us * * * run with patience the race that is set before us, looking unto Jesus, the author and finisher of our faith."

BIBLE READINGS.

Gen. iv, 4; v, 21-24; vi, 11-22; xii, 1-5; xxii, 1-19; Ex. ii, 1-15; Josh. vi, 12-21; Matt. ix, 27-31; xvii, 14-21; Gal. ii, 20.

Enlargement.

Let us increase our working forces. Every manufacturing plant when it decides to do more business adds to its horse power. The soul power of the Christian Endeavor society is the active membership. Enlarge your active membership. Every real active member won is a new force added to the dynamics of the kingdom of heaven. Do not overwork the story of Gideon and his 300. It does not teach that God prefers to work with the few rather than the many. Ten thousand Gideonites are better than 300—only see that they are Gideonites. Let us get away forever from the heresy that a Christian Endeavor society is a little club of like minded young people who meet together once a week for a pleasant little conclave of a religious character. A good Endeavor society may be very small, but it is always as large as its field allows.—Rev. Dr. Francis E. Clark in President's Annual Address at Denver Convention.

Worth the Cost.

The Epworth Leaguers cheerfully footed bills to the amount of $9,000 for their recent international gathering at Detroit, and confidently counted it "worth every cent of it." We have not seen the figures of the Denver committee, but we know they paid every item with a glad heart and felt that they were putting their money where it would bring large and lasting returns for the advancement of the cause of Jesus Christ.—John R. Clements in "Empire State Notes."

Denver Snap Shots.

The man who has been thinking that the sun of Christian Endeavor is setting will have to think again. We are not looking back upon our Egypts, but we are looking forward, with our faces toward the land of promise.—Rev. James Alexander.

The best way to get new members into the Christian Endeavor society is to have a first class prayer meeting.—H. A. Kinports.

The teacher is the one who "wakes up;" the scholar is the one who responds. Let our motto be, "A junior society connected with every Endeavor society."—Rev. George F. Kenngott.

We keep the idea strongly to the front that Christian Endeavor is applicable to every denomination.—Rev. Dr. F. E Clark.

A plan in the Christian Endeavor World is good, but a plan in the Christian Endeavor member is better.—William Shaw.

An Ideal Location

Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE

LINDEN, N. J.

Beautiful and Accessible

2 Miles from Elizabeth, 7 Miles from Newark, 14 MILES FROM NEW YORK

On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

FOR INFORMATION concerning lots in these beautiful Park Cemeteries, and FREE transportation to prospective lot buyers, apply at once to any LEADING UNDERTAKER or offices of the Associations:

CHIFFON VELVET.

The New and Supple Weave Which Has Become So Fashionable.

Chiffon velvet has almost entirely supplanted the ordinary make of this material, for it is so supple and so lustrous that even the best silk velvet looks cheap by its side.

At almost any smart function this winter chiffon velvet dresses prevail. They are made in elaborate tailor fashion and are worn with handsome stoles of fur and much beplumed toques.

The most fashionable color seems to be gun metal gray, and the luster of

CHIFFON VELVET HAT.

this is toned down in spots by masses of embroidery and deep gray and white fringe.

Next in popularity comes an odd, rather silvery shade of brown, which goes particularly well with sables or silver fox.

In one of New York's most fashionable tea rooms recently no fewer than eight beautiful costumes in chiffon velvet of this shade were to be seen.

There are also very smart gowns of black chiffon velvet trimmed with rich Irish lace and black chenille, but these are worn by older women.

The dressy tailor made may be of gray cloth or velvet, made with a bit of fringe or dyed lace and some pretty buttons. A white or gray lace waist may accompany this and a large gray and white plumed hat.

In millinery chiffon velvet is positively unequaled, for it is light in weight and lends itself to intricate manipulation.

The illustration shows a hat of this velvet in a fawn shade. It is trimmed with a brown and green wing.

SMART BOLEROS.

Changes In the Cut of Waists and Small Coats.

Three-quarter length cloth costumes are seen for general utility wear. For dressier occasions, however, the short bolero with the wide belt is to be preferred. This bolero is made in double and triple effects, and often the overhanging part is bordered with fringe.

The outline of the figure is lost in many of the new bodices, they are so befrilled. Bertha effects, and especially deep ones, are very smart, especially for evening toilets. Fullness is

MOLESKIN BOLERO.

not only seen in the front, but also in the back, where it is fulled in to a wide, tight waistband.

Silk fringe with a deep network is one of the most fashionable trimmings possible, and it is much used on crepe de chine and veiling gowns.

The pouch front is less assertive than formerly, but it still remains in a modified form.

Blouses of heavy lace are made with a thin lining of chiffon and a wide folded belt.

Velvet blouses are prepared for wearing with coat and skirt costumes, and the pin spotted velvets are most attractive when lightly trimmed with a few motifs of lace or made with a small V shaped yoke and collar of lace. Ornaments of chenille and silk are freely used on bodices and blouses, and lace is decorated with disks of velvet or with stitched bands and borders.

The illustration shows a bolero made of moleskin in a triple effect, with a wide jeweled belt. The turban worn with this is of ermine.

ODELL-PLATT TALK.

Governor and Senator Meet In All Day Confab.

BRUCE INSISTS ON RESIGNING.

After Conference Held by Leading Republicans the Governor States They Have Arrived at a Conclusion Satisfactory to All.

NEW YORK, Dec. 3.—Governor Odell has announced the resignation of M. Linn Bruce from the chairmanship of the Republican committee of New York county. Mr. Bruce was urged to remain by Mr. Odell, who assured him of his hearty support, but he said that the pressure of private business rendered his retirement imperative.

The announcement of Mr. Bruce's resignation came as the climax of a day of conferences participated in by the governor, Senator Platt, Colonel George W. Dunn, chairman of the Republican state committee; Mr. Bruce and others at the Fifth Avenue hotel. Messrs. Odell and Platt breakfasted together at the hotel and conferred for more than an hour. Then Colonel Dunn called on the governor, and they passed the remainder of the forenoon together.

Another conference between the leaders was held in the afternoon, after which Governor Odell issued the following formal statement:

"I have had two conferences with Senator Platt and Chairman Dunn, and we have arrived at a conclusion that is satisfactory to all. There is no reason for any friction in the party. We are, on the contrary, actuated by a common desire for party success and increased votes and propose unitedly to work to that end."

The following statements explain the situation. Senator Platt said:

"The governor, Colonel Dunn and myself have conferred regarding various matters of political interest. In reference to the chairmanship of the New York county committee, we all agreed in pronouncing Mr. Bruce's administration to have been most admirable, and we united in the belief that his services ought to be employed in that difficult post for another term if he could be induced to remain. Mr. Bruce, however, for professional reasons concludes that he cannot longer serve the party in the chairmanship of that committee, much to the regret of us all.

"The efforts of the Democratic press to stir up sedition in the Republican party and to disrupt the friendly relations which have so long subsisted between its leaders have been unavailing, and the unpleasant rumors of enmity between the governor and myself ought now to be set at rest."

Governor Odell said:

"Following up the conference with Senator Platt and Chairman Dunn, I have talked with Chairman Bruce in reference to his remaining chairman of the county committee. I have said that his work was satisfactory and that if he would continue he would meet with my cordial co-operation and aid. For professional reasons, however, he has declined a re-election, to the regret of all those who have the interest of the Republican party at heart."

Mr. Bruce said;

"An effective administration of the office of president of the county committee during the coming year, in view of the impending national and state elections, will require all the time of the president for at least eight months. I have had under consideration for some days whether or not I could accept a re-election. I find myself at the parting of the ways. I must either practice law or practice politics. I prefer the former. I have spent years building up a law business, and I cannot abandon it. I have therefore informed Senator Platt and Governor Odell that it would be impossible for me to accept a re-election. The reports that I have in view any appointive position are without foundation in fact."

Among those who called on Governor Odell during the day were William H. Ten Eyck, William Barnes, Jr., of Albany and Judge James A. Blanchard of the supreme court.

French Ships Poaching.

ST. JOHN'S, N. F., Dec. 3.—Although forced to leave the coast by British warships, three French fishing vessels have returned to the French shore to engage in the herring fishery. It is believed they are after herring, which they will keep in cold storage at St. Pierre for use as bait on the Grand banks next summer. Police have been dispatched to investigate the matter, which, it is thought, may result in serious friction in herring fishery centers.

Probing Graft at Omaha.

OMAHA, Nebr., Dec. 3.—Mayor Frank E. Moores announced his intention of investigating "grafting" by certain city officials, which, he says, has been going on for some time. He began by calling before him City Poundmaster McLaughlin, whom he openly charged with receiving money for duties never performed.

Guilty of Manslaughter.

OWEGO, N. Y., Dec. 3.—The jury in the trial of William Taylor, charged with manslaughter in the first degree, found the defendant guilty in the second degree and recommended mercy. Taylor, who is a farmer in Candor, was accused of beating Charles Warner, a farm hand, to death.

Bishop Ill With Typhoid.

SALT LAKE CITY, Dec. 3.—Rev. Dr. Leonard, bishop of the Salt Lake diocese of the Protestant Episcopal church, embracing Utah, Nevada and western Colorado, is critically ill of typhoid fever.

CARS AND BUILDINGS BURNED.

Explosion of Naphtha Causes Two Deaths and Big Fire.

DOVER, Del., Dec. 3.—An explosion of a tank car of naphtha in the center of a freight train on the Delaware division of the Philadelphia, Baltimore and Washington railroad caused two and probably three deaths, the injuring of a number of persons, the wrecking of several buildings and a number of freight cars.

The accident occurred at Greenwood, twenty-five miles south of this city. The explosion is thought to have resulted from spontaneous combustion. The burning fluid was scattered in all directions. Fifteen cars were wrecked, three of which were destroyed by fire, and several buildings near the railroad caught fire. Engineer B. W. Sheppard of Wilmington is missing and is believed to be buried under the wreckage.

Brakeman Edward J. Roach of Georgetown was taken from the wreck dead; an infant child died from shock; Conductor Cornelius J. Hall and Fireman John Barker were badly burned; Towerman Horace Lynch was badly injured.

A dozen or more citizens were injured or suffered seriously from shock, and of these the condition of Mrs. W. Morris is serious.

The telephone and telegraph wires were broken, and communication with other towns was impossible. As soon as possible a locomotive was sent back to Seaford, and it returned with a special train carrying five physicians from Harrington. While the physicians were looking after the injured citizens and trainmen a party of rescuers was at work around the wrecked train, and another party directed its efforts to the burning buildings.

Despite hard work of the fire fighters the residences of Dr. H. G. Johnson and the public school building were consumed, and a dozen others were rendered uninhabitable.

AT OAKLAND TRACK,

Fossil Won the Mile Handicap With Ease.

SAN FRANCISCO, Dec. 3.—An excellent card drew a large crowd to Oakland track, and some fine sport was witnessed.

The mile handicap was one of the main attractions. Beau Ormonde, the favorite, led for a time, but at the half mile pole began to drop back.

Fossil assumed command and, after shaking off Claude, won easily from Divina, who came up in time to beat Claude by a nose.

Patrice Was Drugged.

NEW ORLEANS, Dec. 3.—Four favorites won—Morning Star, Rainland, Big Ben and Bob Hilliard. Patrice's action at the post in the sixth indicated that drugs had been administered to the filly. Her entry was ordered refused until the stewards could investigate her condition.

Tribes Hill Won at Bennings.

WASHINGTON, Dec. 3.—W. R. Midgley's Tribes Hill, carrying top weight, made all the pace and won the Bennings Special at a mile and a half at the Bennings course. Castilian proved the best sprinter of the three-year-olds, taking the lead at the start and was never in danger.

BOSTON, Dec. 3.—D. H. Walcott of the Boston Chess club, to whom was left the decision in the chess tournament between Harvard and Yale on the night of Nov. 20, has announced the contest a draw, each team having won five games and honors in points being equal.

Ten Killed by Savages.

VICTORIA, B. C., Dec. 3. — The steamer Iro Maru, from the orient, brought Captain and Mrs. Hoestadt of the wrecked American ship Benjamin A. Sewall. Captain Hoestadt confirms the report that ten of the crew were killed by savages off Tobago island, off the Formosan coast. Searching parties found two of the men belonging to the mate's boat, which had fallen into the hands of the natives. These men, William Reinwald and Julian Calco, had been kept alive to carry wood. When found they were naked, their bodies sore and blistered. The clothes belonging to the others and identified by Captain Hoestadt were found in a savage village where all had been killed.

Canada Might Have Training Ships.

OTTAWA, Dec. 3. — The Dominion government has not yet been notified of the desire of the United States to establish training ships on the great lakes. It is a question if this country will have any objection to make, provided the concession does not go beyond training ships, because Canada might like to have them on the inland waters for the traing of its own militia.

Sultan May Get Ultimatum.

AT SANTO DOMINGO.

Our Minister Says New Government Must Observe All Old Engagements.

SANTO DOMINGO, Dec. 3.—General Augustin Morales, president of the provisional government of Santo Domingo, has had a long interview with United States Minister Powell, during which he demanded that Senor Galvan, former minister of finance, should be withdrawn from the board appointed by the government of President Wos y Gil to arbitrate the claims of the Santo Domingo Improvement company.

Minister Powell declined to grant this demand and supplemented his declination by the statement that the United States government could only recognize the provisional government of Santo Domingo when it agreed to strictly observe all the acts and engagements entered into by former governments with the United States.

It is reported here that a disturbance, headed by General Candelario Roso, has broken out at Barahona, on the south coast of the island. The general situation remains unsettled, and there have been many demonstrations of dissatisfaction.

It is rumored that several places in the north of the island are by no means tranquil, and it is considered desirable that the United States gunboat Newport should remain here.

The financial condition of the provisional government is a desperate one.

STOPPED HIS LANDING.

Insane Son of Former Minister of Salvador Halted at San Francisco.

SAN FRANCISCO, Dec. 3.—Immigration Inspector A. De la Torre, Jr., boarded the Pacific Mail steamer City of Para on her arrival from Panama and way ports and stopped the landing of Fernando Gallegos, an insane son of Salvador Gallegos, former minister of Salvador at Washington and also at Berlin. It is reported by passengers that young Gallegos was very violent on the trip.

It was represented to Inspector De la Torre that the young man was of distinguished family and wished to be admitted to the United States merely to be treated in a sanitarium. The immigration officer replied that the law forbids the landing of insane persons, without regard to condition in life.

Salvador Gallegos, brother and attendant of the insane young man, was also ordered deported in accordance with the terms of the law.

The Salvadorean consul will appeal to Commissioner of Immigration North, and if this is unsuccessful an appeal will be made through the Salvadorean minister at Washington to President Roosevelt.

Salvador Gallegos, the father of the boy, is a millionaire several times over, being one of the wealthiest coffee planters in Central America.

SOLDIERS ACCUSED.

New York Italian Died at Plattsburg From Bullet Wound.

PLATTSBURG, N. Y., Dec. 3.—Giose Montazzi of New York city, an Italian who was shot by a soldier of the Fifth United States infantry at the Savoy hotel, has died of his injuries in the post hospital. When the Italian was taken to the hospital the wound was not thought to be fatal or even serious.

While the troops were at dinner the officer of the guard under instructions from Colonel Adams placed Sergeant Joseph McIlvaine and Private Nichols of Company D under arrest. Both of these men admit having been at the Savoy at the time of the shooting, but both deny knowing anything about the fight which resulted in the Italian's death.

Italian laborers fell in with a crowd of soldiers from Plattsburg barracks, and under the influence of liquor a row began which ended in the shooting.

CONGREGATIONALISTS ENJOY THE CONCERT

Local and Out-of-Town Talent Employed to Entertain Music Lovers.

MISS PALMER WHISTLED

C. R. TAGGART PERFOMED TRICKS OF VENTRILOQUISM, SANG AND RECITED.

Others Sang Including Quartette of Local Vocalists—The Programme Was Interesting and the Performers Heartily Applauded.

An exceptionally fine concert and entertainment was given last night at the Congregational Church by local and out-of-town talent. The programme opened with the "Ballad of the Weaver," sung by a quartette composed of Miss Cornelia Miller, soprano; Mrs. Charlotte Ross, contralto; Fred C. Tallamy, tenor and Fred S. Cutter, bass. Mr. Tallamy also sang "O Dry Those Tears" and Charles R. Taggart recited several humorous pieces which were well received. Miss Ethel M. Palmer, who is known throughout the East as a whistler of exceptional ability gave several selections. She was loudly applauded. Lennox D. Barnes, baritone, rendered two selections, "The Rose" and "The River and the Sea." Miss Miller sang a pretty selection, "Once" and the first part of the programme closed with "The Lover's Song," by the quartette.

Mr. Cutter opened the second part of the programme with two vocal selections, "The Turkey's Song" and the "Skipper of St. Ives." Tricks of ventriloquism by Mr. Taggart entertained the audience. Miss Palmer again favored with whistling selections and Mrs. Ross, contralto, sang "Good Night Little Girl" and one of R. K. Miller's compositions, both of great merit and loudly applauded. Mr. Barnes rendered "When Thou Art Near" and "The Rosary" and Mr. Taggart sang "Old Fancies." The programme closed with "Echoes" by the quartette.

Lennox D. Barnest made a hit with his singing and was accorded unusual applause. The entertainment was arranged by the ladies' committee for the benefit of the choir fund. It is probable that the committee will realize at least $100. The committee in charge of the arrangements was Frank A. Weeks and M. A. VanArsdale. The ushers were Charles Belknap, Samuel Craig and Everett Morgan.

ALIS CLUB HAS JOLLY TIME

DINNER AND ENTERTAINMENT ENLIVEN THE OCCASION AT CLUBHOUSE.

The baseball committee, John J. Slevin, A. W. Boone and Benjamin A. Mumford gave a dinner last night at the Alis Club in the interest of the baseball season of 1904. The programme opened by the "Black Town" comedy four, who gave buck dancing, songs and recitations.

While coffee was being enjoyed, B. A. Mumford talked about the Alis Club and the work of the committee in the interest of next season's baseball. President John G. McLaughlin and others spoke.

WHEN PEOPLE GET MARRIED IN CHINA

What They Do is Shown at the Fair of the Ladies' Aid Society of the First M. E.

EXACT REPRODUCTION

CEREMONY ENACTED BY MEMBERS OF CHURCH, THE COSTUMES ORIENTAL.

One Among Many Features at Successful Fair—Opened Last Night and Continuing Through Tonight—Good Things for Sale.

Under the auspices of the Ladies' Aid Society, of the First M. E. Church, a bazaar and New England supper is being held this week in Vincent Chapel. The affair opened yesterday afternoon, was continued last night and will also be an attraction this afternoon and tonight. There are plenty of features, among the most interesting being a Chinese wedding, a ceremony which will be repeated tonight. The wedding is enacted by people dressed in Chinese costume and the decorations are in keeping. It is not in any sense a burlesque, but planned to give one an idea of what marriage is like among the Celestials.

While the wedding is probably the feature of the evening, the bazaar calls for considerable attention, the members having spent much time and labor in an effort to make the chapel attactive. It is hoped that a sufficient sum will be raised to meet the pledged obligation of $1,400 toward the recent improvements at the church. Mrs. Nelson A. Miller, president of the society, has been ably assisted by the members.

The chapel is attractively arranged with booths, prettily draped. In the centre is The Ladies' Home Journal booth in red, where the Journal and pictures as well as cakes are sold. Mrs. Henry A. McGee is chairman, and is assisted by Mrs. Clayton M. Nagle, Mrs. John H. Lewis and Mrs. James R. Joy.

At the useful booth, Mrs. Edwin B. Leland presides, assisted by Mrs. Joseph Dunham, Mrs. H. G. Burnett, Mrs. J. Hervey Doane, Mrs. Nelson Y Hull and Mrs. Charles E. Horne.

A booth devoted to the sale of children's things is one of the most attractive. Mrs. Eugene A. Edgar is the chairmna having charge, and assisting her are Miss Edna French, Mrs. William Symons, Mrs. Edward Shearer, Mrs. Judd Stewart, Miss Margaret Corey, Mrs. Robert Davis and Mrs. Thomas MacDonald.

In the long room back of the large one is a table reserved for the sale of fancy articles of every description. Mrs. Joseph B. Yerkes is in charge, together with Mrs. James W. Jackson, Mrs. Charles H. Lyman and Mrs. Samuel W. Clark.

A cozy corner is used for the candy booth, where sweets are sold by Mrs. Joseph H. Howell, chairman, and Mrs. James C. Peck, Miss Elsie Horne, Miss Drucilla S. Smith, Miss Elizabeth Valiant, Miss Gretrude Snodgrass and Miss Lillian Snodgrass.

A feature of the bazaar is the tea room, arranged in Oriental fashion. Here hot chocolate, cocoa and tea is dispensed by Miss Saidee Mae Howell and Miss Nellie Valiant, dressed in Japanese costume.

Of course, one of the strongest attractions is the New England supper, served from 6 to 8 o'clock, in the large room beneath the main church. A most appetizing meal has been prepared. The supper committee consists of the following: Mrs. J. H. Robley, Mrs. Edward C. Mulford, Miss Susie Jackson, Miss Gertrude Sharp, Mrs. I. L. McVoy, Mrs. Benjamin E. Ruckman, Mrs. E. Clark, Jr., and Mrs. David E. Moore. The waitresses are: Mrs. William Symons, Mrs. Edward Shearer, Miss Eva Webster, Miss Grace Webster, Miss Helen Whitney, Miss Mabel M. Symons, Miss Edna French and Miss Alice Martin.

Those presiding at the various tables as hostesses are Mrs. George H. Whitney, Mrs. James W. Jackson, Mrs. Henry A. McGee, Mrs. James R. Joy, Mrs. A. A. Taft, Mrs. E. Clark, Jr., and Mrs. Nelson A. Miller.

In the Chinese wedding, Miss Mary A. Robley acts as bride and Arthur Peck as groom, and Miss Helen Shupp is the mistress of ceremonies. The go-between, who plans the match, is Miss Etta Raybert. Dr. F. W. French and Mrs. Stephen H. Tugwell impersonate the father and mother of the bride, while Eugene A. Edgar is the father of the groom, who gives the wedding. Miss Elizabeth Stackhouse is the sister-in-law of the bride, and Miss Helen Joy and George Rittenhouse are her younger brother and sister. Miss Helen Whitney is a sister of the groom and Miss Edith Taft a sister of the bride. Wesley Messersmith and Fred Martin take the part of coolies, and Miss Mabel M. Symons is the maid, who serves the bridal party with rice. The parts are all well taken.

Genuine Chinese music is furnished during the ceremony by Bert Steiner, Arthur Humble and Leslie Leland. Included among the guests are Charles L. Lewis and A. C. Hoagland. The affair is given in pantomime, there being seven scenes, and the explanatory readings are by James R. Joy.

SICK BENEFITS FOR ORANGE F. C.

Planned at Meeting Held in the Parlors of the Hotel Kensington Last Night.

THE CLUB IS GROWING

A TWENTY-ONE CENT DIVIDEND PAID STOCKHOLDERS IN FOOTBALL TEAM.

Incorporation of Club Planned—Rooms Will be Secured—Discussion of Move to Combine With Fanwood and Other Clubs.

The Orange Field Club, the crack junior athletic association of the city, concluded the business of the football year at a meeting in the Hotel Kensington last evening. Twenty-one cents per share was declared to be the dividend in the football stock issued by the association. The meeting was attended by at least thirty members of the club and was most enthusiastic. It was planned to incorporate the club under the present name and introduce sick benefits as a permanent feature, each member who is ill to recieve $5 a week and the services of a physician. This was the suggestion of William T. Walters, manager of last year's Clinton avenue baseball nine. H. Clifford Smith presided at the meeting, and Harry Hook was secretary.

George McVoy, who was manager of last year's football team will be the manager of the baseball team next spring. William T. Waters will be the first assistant and Edward Sherwin, second. A committee was appointed to secure suitable club rooms and report at the next meeting Tuesday evening, Dec. 22, at the Hotel Kensington. It is probable that the rooms will be located over I. H. Boehm's store on West Front street.

There is a movement on foot to combine the Orange Field Club, the Reform Club, the Cranford Field Club and the Fanwood Club. This matter will be discussed carefully at the next meeting of the club. An effort is to be made between now and the date for the next meeting to secure a total club membership of sixty.

TO DO THEIR OWN COOKING

COMPANIES OF NATIONAL GUARD TO RECEIVE STORES SEPARATELY.

The annual report of Quartermaster General Richard A. Donnelly has been made public. An important feature of the report is the recommendation it contains that the system of feeding the soldiers be changed, that stores be issured to each company separately and that the different companies do their own cooking and serving. This is the mode in New York State and has been found to be entirely satisfactory.

FASHIONABLE AUDIENCE WAS WELL PLEASED

William Lavin, Noted Tenor, Gave Song Recital at Truell Court.

HE WAS IN GOOD VOICE

ASSISTED BY MRS. M. M. MACDONALD, SOPRANO, AND E. A. JANKE, PIANIST.

Mr. Lavin and Mrs. Macdonald Have Appeared in Europe—Mr. Lavin With Mme. Patti—Mrs. Macdonald in Grand Opera.

A song recital at Truell Court last evening was given by William Lavin, tenor, assisted by Mrs. Marie Marguerite Macdonald, soprano, and E. Arthur Janke, pianist. An attentive and well pleased audience filled the room.

Mr. Lavin, who is a singer of wide repute, has just returned from a tour of conquest through Italy, France, Germany and England. In London, he sang in a series of concerts under direction of Wood, the well known conductor, who recently came to this country on invitation of the Philharmonic Society to represent England in a musical festival in New York. Mr. Lavin also toured England and Scotland with Mme. Patti. His voice is clear and strong, his tones rich and mellow. He sang last night selections from Italian, French, English and German, and all with true art, expressively and with a high musical conception.

Mrs. Macdonald's soprano voice was sweet and pure in tone, and if it lacked anything in freshness, the deficiency was more than supplied by the cleverness of her art. Her performance in two duetts with Mr. Lavin was brilliant. Mrs. Macdonald has sung recently in Paris and in many places in Germany. In the United States, she has sung frequently the part of "Marguerite" in Faust and "Leonora" in Il Trovatore and has appeared in many other parts in the leading operas. Mr. Janke, the pianist, of this city, accompanied the singers ably.

The programme: Serenata, duett, Tosti, Mrs. Macdonald and Mr. Lavin; a, "Ah non credea" (Mignon), Thomas; b, "Dai campi dai prati" (Mefistofele), Boito, Mr. Lavin; "Einsam in truben Tagen" (Lohengrin), Wagner, Mrs. Macdonald; a, Obstination, Fontenailles; b, "Bon jour, Suzon," Pessard; c, "Si mes vers," Hahn; d, "Te souviens-tu du baiser," Cui; e, "Aimons-nous," Saint-Saens, Mr. Lavin; a, "Thy Name," Mary Knight Wood; b, "Absent," Tirindelli; c, "Ring Out, Wild Bells," Jordan; d, "Love Laid His Sleepless Head," Herbert, Mr. Lavin; a, "Ouvre tes yeux bleus," Massenet; b, "Ueber allen Gipfeln ist Ruh," Janke, Mrs. Macdonald; a, "Ueber's Jahr," Van Der Stucken, b, "Sei mir gegruesst," c, "Du bist die Rub," d, Serenade, Schubert, Mr. Lavin; "Dear Love of Mine," duett, Goring Thomas, Mrs. Macdonald and Mr. Lavin.

CHOICE BOOKS.

As Well As Beautiful Engravings Will be Exhibited at Public Library Tomorrow.

The exhibit at the Public Library tomorrow afternoon will be one of unusual attractiveness. A large number of extra illustrated books and mounted photographs will be displayed, giving the public an exceptional opportunity of seeing the really large number of fine books that the Library contains.

Persons visiting the Library frequently express surprise at its resources along the lines in which they are interested, and it is doubtful if the average borrower is aware of the extent of the collection of the Library's choicer books, as works of this character obviously cannot be kept on the open shelves. Beautiful plates illustrative of colonial homes, furniture, etc., will be hung tomorrow upon the walls of the reading room.

The public is greatly indebted to friends of the Library, as without their kind co-operation the exhibit would not have been possible. Those who are to take part are as follows: Miss Ellen D. F. Anthony, Miss Isabel S. Arnold, Mrs. C. E. Brooks, Miss Florella F. Clarke, Mrs. Andrew J. Gavett, Miss Susan Hubbell, Miss Eline Massett, Miss Katharine Neilson, Mrs. Olaf Saugstad, Miss M. E. Tracy, Miss Florence Tweedy and Miss Mary E. Tweedy.

BOARD OF TRADE'S BANQUET

GENERAL DISCUSSION OF PLANS FOR THE PROPOSED FEAST.

A discussion of the proposed banquet which the Board hopes to give in January, occupied the time at the Board of Trade meeting last night. The plan is to make the affair more elaborate than the last one, to provide accommodations for 125 guests and to have speakers of National and State prominence. There appears to be no place where such a gathering could be accommodated. Alexander Gilbert is the chairman of the committee and further discussion was given up until a report from the entire committee is received.

James E. Martine provoked a discussion of the gas question, citing the reported condition at Atlantic City, where it is said gas is furnished for thirty-five cents per thousand cubic feet. The matter was warmly agitated and finally a resolution was adopted authorizing the secretary to communicate with the officials at Atlantic City and learn the exact condition of the gas question there.

ADDITION TO STATE LIBRARY

INCREASING COLLECTION DEMANDS SOME EXTENSION TO BUILDING.

The fact that the present capacity of the State Library at Trenton is taxed to its utmost together with the further fact that an architect has declared that the walls of that part of the State House in which the library is situated will not safely carry any greater strain than is now upon them may necessitate the erection in the near future of a new building for the accommodation of the library.

It is likely that the Legislature will be asked to take some action in the matter at its approaching session. Some time ago State Librarian Henry C. Buchanan called the attention of Governor Murphy and others of the State officers to the necessity for providing more accommodations in the State library for the constantly increasing number of books. At the same time Librarian Buchanan asked that a modern steel stack be built in the library.

In 1901 the legislature passed an act providing for the erection of this stack, but the appropriations committee did not include the cost in the annual budget.

According to Librarian Buchanan there are at present in the library about 65,000 volumes and there are upwards of 15,000 voumes stored away in the loft, a place that was not built with the idea that it would ever be called upon to carry a great weight.

Fair Will Case.

The farmer, Topin, was the only witness at yesterday's hearing of the Fair will case testimony before Commissioner Eisler, of New York, in Paris. The witness testified that he arrived on the scene after the accident and carried the bodies of Mr. and Mrs. Charles L. Fair to the porter's lodge. The body of Mr. Fair, he added, was stiff, and that of Mrs. Fair was still warm.

I. V. Bond Dead.

Isaac Vanderveer Bond, sixty-nine years old, who died at his home in Newark, Wednesday night, was a native of this city and was a son of a Presbyterian minister. Mr. Bond leaves three daughters, all of whom are married. The interment will take place in the family plot in this city.

GOLDEN WEDDING OF DUNELLEN COUPLE

Mr. and Mrs. Samuel B. Merrill Celebrated Fiftieth Anniversary of Their Marriage.

WAS A FAMILY REUNION

MR. MERRILL A STAUNCH REPUBLICAN, WELL-KNOWN IN BOROUGH.

Came to Dunellen Shortly After Marriage in 1853—Made Hay for Government During War—Celebration at Home of Daughter.

Mr. and Mrs. Samuel B. Merrill, of Dunellen, yesterday celebrated the fiftieth anniversary of their wedding at the home of their son-in-law, George W. Day, an editor. The occasion was marked by a family reunion and a gathering of about eighty friends and relatives in the evening.

Mr. Merrill was one of the pioneer Republicans of Middlesex County. Although born in Flemington, Hunterdon County, seventy-four years ago, he moved to Dunellen shortly after his marriage in 1853, and has lived there ever since. Few men in the borough are better known than he. During the war he conducted a large hay press in Dunellen and sold large quantities of hay and straw to the Government for use in the army. Years ago he was one of the most prominent Republicans in his county. He occupied positions on the Township Committee and on the School Board. Of late years he has led a retired life.

His marriage to Miss Mary Runyon took place on the old Asa Runyon farm. The officiating clergyman was Rev. Alfred Mawl, pastor of the Samptown Baptist Church. Mr. and Mrs. Merrill have three children, Mrs. Walter Hunt, of Philadelphia; Mrs. George W. Day, of Dunellen, and A. R. Merrill, of Newark. The grandchildren are S. Merrill Hunt, Harry B. D. Hunt and Anna Hunt, all of Philadelphia; Alfred W. Day and Clarence W. Merrill.

Friends were present last evening from Flemington, Weston, Newark, Dunellen, New Market and other places. Mr. and Mrs. Merrill were presented with a purse of gold, the contents equalling in dollars, the number of years of their married life.

THE ORGANIZED AID'S WORK

STATISTICTS COMPILED BY MISS SARA M. VAN BOSKERCK, THE SECRETARY.

An insight into the work of the Organized Aid Association of Plainfield and North Plainfield is given by the detailed statistics of the past year as prepared by the general secretary, Miss Sarah M. VanBoskerck. The total number of applications, of all kinds and from all classes of people, was 784, classified as follows: For material aid, 174; for information, 149; for investigation of supposed need, 87; for advice, 67; for loans, 12; for medical services, 17; for services of the city nurse, 18; for legal aid, 6; for aid for neglected children, 30; from other societies, for investigation, 33; and information, 46; for personal service of various kinds, 27; for outside work, 49; for servants, 71. There were eighty new cases during the year. The particular approval of the Organized Aid Association was accorded the street commissioner in his work of having the poorer city streets watered, a work which benefitted the poorer classes greatly.

Disastrous Dunellen Fire.

The Asa Batchellor house on the old Reeves farm, West Dunnellen, was destroyed by fire at 1:30 yesterday morning. It is a total loss. The cause of the fire is a mystery. The family were awakened just in time to flee in their night clothes.

Former Plainfielder Dead.

Rev. W. C. Hendrickson, who died at his home in Bristol Pa., Wednesday night, at the age of seventy-two years, was a native of this city, and was the son of a former elder of the Crescent Avenue Presbyterian Church. One of his sisters lives in this city.

Borough Council.

It is possible that an ordinance in regard to the moving of buildings through the borough streets may be introduced, and its passage moved at tonight's regular meeting of the Borough Council.

Chester Randolph, formerly of Chicago, who has been visiting relatives in Plainfield, has gone to Brooklyn to visit his parents.

AMUSEMENTS.

The Hudson Theatre, one of the supurb playhouses, has Marie Tempest in the "Marriage of Kitty" as its attraction. Included in the company is Leonard Boyne. Miss Tempest's name is sufficient to fill the house nightly, but in this instance she has a good drawing card, the "Marriage of Kitty" being something exceptional. The whole caste is good. Order your seats in advance by mail.

Frank Daniels is a fixed star in the domain of popular actors, and he is adding newer brightness to his reputation by his funny stunts in "The Office Boy," which is enjoying a great run at the Victoria Theatre. Daniels is at his best in the show and this is saying a good deal considering past successes.

"The Little Princess" is the attraction at the Madison Square. It is a winning number among the New York theatrical offerings of the week and possesses merits which easily account for the large houses it is drawing. The curtain does not go up until 8:30 thus allowing the suburbanite to enjoy his dinner at home and get to the playhouse in ample time for the performance.

To fulfill the expectations of the thousands who each week go to Keith's for their amusements is no small undertaking. Not only must the entire bill be changed but no two must be alike. There must be an endless variety of variety, and the fact that no audience ever left the Union Square Theatre disappointed speaks volumes for the arrangement of the shows offered each week. Some are better than others, but all are good. Just which to class as best depends very much upon the tastes of those who witness them. But for all around merit none better could be put together than that which will be seen during the coming week.

An Accidental Discovery Put Our Customers and Ourselves Good on

A Special Lot of Silk Petticoats and Drop Skirts

These garments are real values at $6.98 to $18.50. We will sell them at half price and even less than half price.

There isn't one garment in the lot that is out of style or lacks the merit of perfection, as you will find. Saturday Prices:

3.98, 5.50, 6.98 and 8.98.

NOTE—No more acceptable present to any lady than are selected from these wonderful bargain values.

These Petticoats and Skirts are toned in black and colors, some made with accordion plaited or circular flounces, others with ribbon and lace.

Among them are also tuckings, ruchings, plaitings, hemstitchings, cluster tuckings, light and dark shades; best workmanship. Saturday Prices:

3.98, 5.50, 6.98 and 8.98.

Members of local lodges of the A. O. U. W., are in receipt of communications from Grand Master Workman A. Y. Tomlinson to the effect that, while the new beneficiary fund rates as adopted by the Supreme Lodge are left optional with each Grand Lodge jurisdiction, the guaranty fund as set forth in the new plans is mandatory and effective in each jurisdiction commencing October 1, 1903. The obligation to pay the guaranty fund, according to the Grand Master Workman and finance committee, is both legal and moral; moral because the fund is for the purpose of paying the widows and beneficiaries of deceased members of the order in States not self-supporting. In regard to the legal obligation, the laws of the Supreme and Grand Lodges are quoted as leaving no other course open. It is explained further:

"No guaranty fund is due for any month that there is no beneficiary fund assessment levied, as is the case this month; and beginning January 1, 1904, the Supreme Lodge will refund to the Grand Lodge from this fund, a certain amount for all members who have attained the age of 56 or over on January 1, 1904, who die after that date."

Plainfield, N. J., Dec. 4, 1903.

The Daily Press has a higher circulation rating than is accorded to any other paper in Plainfield.—Printers' Ink.

The arguments that sell goods in the store would make good data for newspaper advertisements.

If W. J. Bryan is chosen Democratic National chairman, the title of the office had better be changed to funeral director.

What explanation is there for the small attendance at the attractions given in the Casino recently. There can be no gainsaying the fact that many first class attractions take place there. Yet time and again a mere handful of people take advantage of the offerings. The other night De Windt, the explorer, gave a most instructive lecture but he had to talk to less than forty persons. Why is it that Plainfield people do not patronize the house?

Now is the proper time for the Common Council to take up the subject of municipal collection and disposal of garbage which is agitated by many citizens. The Board of Health heartily endorses the proposed innovation, realizing that the present methods are detrimental to the public health. Plainfielders take pride in the fact that theirs is an up-to-date city, but in this one respect a municipal improvement is sorely lacking. Granting the fact that the condition of the city's finances at present would not permit the scheme being put in operation at once, is not the earliest opportunity the best time for deciding to make the much needed change. "Do it now."

BLAIR IS ARRESTED

Former World's Fair Counsel Charged With Forgery.

SAID HE ISSUED SPURIOUS DEEDS

In Addition to the Filing of False Deeds, Accused Is Said to Have Forged the Seal of the Recorder of St. Louis.

ST. LOUIS, Dec. 4.—The October grand jury has returned two indictments against James L. Blair, former general counsel of the world's fair, each charging forgery in the first degree. Each indictment is based on the alleged forgery by Blair of a deed of trust to secure a loan from the estate of Peter Blow of St. Louis, of which he as a trustee had charge.

One indictment alleges that on Dec. 10, 1896, Blair filed for record a forged deed in favor of Michael O'Laughlin and his wife, Johanna, to Louis A. Meyer for $12,000. Seven notes and property near Fourteenth and Spruce streets were given as security.

The other indictment charges that on July 10, 1895, Blair filed a forged deed for $60,000 in favor of Elizabeth and John Dwyer and the St. Louis Trust company, their agent, to Otto L. Mersmer. It covered eleven notes and property at Seventh and Pine streets. The indictments also charge Blair with forgery of the seal of the St. Louis recorder of deeds.

The indictments were assigned to Judge Taylor's division of the circuit court. A capias was at once issued for the arrest of Blair and was placed in the hands of three deputy sheriffs for service. They were then instructed to proceed to the Mullanphy hospital, where Blair has been confined by illness since his collapse several weeks ago.

Blair was taken before Judge Taylor and gave bonds for his appearance when called upon for trial.

The punishment in each case ranges from ten years to life imprisonment.

The indictments indirectly result, it is understood, from testimony before the grand jury by James T. Roberts, a former employee of Blair.

An impression which prevailed that the crimes which Roberts charged were outlawed by the statute of limitations and that Blair could consequently not be prosecuted was erroneous. Forgery in the first degree is not covered by the statute of limitations.

The Colorado Miners' Strike.

DENVER, Dec. 4.—Delos A. Chappell, president of the Victor Fuel company, and F. J. Hearne, president of the Colorado Fuel and Iron company, had a conference here to agree upon a line of action to be pursued in respect to any proposition that may be received from the United Mine Workers looking to the settlement of the strike in southern Colorado. It was definitely decided to reject the proposition which, they were informed, had been agreed upon at the conference at Trinidad between President Mitchell and the district officials to call off the strike if the operators will grant an eight hour day, recognition of the union being waived. It also was practically decided to reject any other proposition that may come from the United Mine Workers. "Our course is fully determined upon," said Mr. Chappell. "We have nothing whatever to do with Mr. Mitchell and his colleagues."

French Art at St. Louis.

PARIS, Dec. 4.—The jury appointed to select specimens of French art for exhibition at St. Louis has completed its work. In the exhibit some of the greatest artists and sculptors will be represented. Two thousand paintings were submitted, of which only 600 could be taken so as to secure as wide a range as possible. On the list of successful artists are such names as Bonnat, Bouguereau, Duran, Fleury, Henner, Besnard, Simon, Menard, Constant, Monet and the late Camille Pissaro. The collection of paintings is regarded as probably the best France ever sent abroad. A fine exhibit of engravings and water colors will also be sent.

PANAMA SITUATION.

President and Secretary of State Confer as to Treaty.

HAY, REYES AND HERRAN TALK.

Colombian Envoy, Uncertain as to Procedure In Presenting Grievances to Our Government, Awaits Word From Bogota.

WASHINGTON, Dec. 4.—Secretary Hay had a talk with the president about the developments on the isthmus of Panama. Secretary Moody dropped in while the subject was under consideration and joined in the conference. As a result of the conference it is possible that one of the United States warships now at Colon will be used to bring the Panama canal treaty ratified at Panama to the United States.

The treaty should reach Washington in the ordinary course about Dec. 15, and as the Cuban reciprocity bill is to be disposed of in the senate on Dec. 16 the president can carry out his original intention of withholding the Panama treaty from interference with the Cuban bill and at the same time avoid any unnecessary delay.

In accordance with an appointment Dr. Herran, the Colombian charge, and General Reyes, Colombia's special representative, took luncheon with Secretary Hay at the latter's home. The opportunity was taken advantage of to thoroughly discuss the recent happenings on the isthmus, and Secretary Hay listened with a great deal of interest to General Reyes' statement of the position of the Colombian government.

General Reyes and Dr. Herran talked with Secretary Hay as to the methods of procedure General Reyes shall follow in performing the duties of the mission which has brought him and his fellow commissioners to Washington. Only the general lines of the representations they are to make to the state department have been decided. They are still awaiting special and explicit instructions from Bogota as to the specific requests to be made on this government before reaching a decision regarding the course of procedure.

When General Reyes left Bogota the government de jure of Panama had not been formally recognized by the United States, so that his later instructions will cover the events which have occurred since that time, including the signing of the canal treaty. Colombia has a number of grievances, one official said, and General Reyes' mission will be directed to securing some redress for the wrongs which she has suffered. General Reyes comes to Washington as an envoy extraordinary and minister plenipotentiary on a special mission, with full diplomatic standing. Arrangements will soon be made for his presentation to President Roosevelt in that capacity, after which whatever negotiations may be subsequently conducted will be through the state department.

An Ideal Location

Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE

LINDEN, N. J.

Beautiful and Accessible

2 Miles from Elizabeth, 7 Miles from Newark, 14 MILES FROM NEW YORK

On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

FOR INFORMATION concerning lots in these beautiful Park Cemeteries, and FREE transportation to prospective lot buyers, apply at once to any LEADING UNDERTAKER or offices of the Associations:

SIDE LIGHTS ON TIMELY TOPICS NOTED IN PASSING.

At the present time when the question of shortening the present college course of four years to three years is engaging the thought and discussion of prominent educators, it is interesting to note the opinion of Dr. Rush Rhees, president of Rochester University, whom Plainfield and its High School claim as one of her boys. At the seventeenth annual convention of the Association of Colleges and Preparatory Schools of the Middle States and Maryland held Saturday at Columbia University, New York, Dr. Rush Rhees, with five other prominent educators, read papers opposing the shortening of the college course, claiming that the student needed the four years' course for intellectual maturity. He did not object to a three years' course in special cases.

Homer Davenport, for eleven years the leading cartoonist on the Hearst newspapers, has resigned from the New York American and Journal to go on a two years' lecture tour throughout the United States and England. Mr. Davenport will illustrate his lectures with caricatures of the characters of national prominence with whom he has come in contact. Homer Davenport is thought to have been the highest paid cartoonist in the profession, and is credited with having drawn a salary of $15,000 a year. He was born on an Oregon farm about thirty-six years ago and received his first employment on the San Francisco Examiner in 1892. After being employed for a time on the San Francisco Chronicle he enlisted his services with W. R. Hearst when the latter acquired the New York Journal. He has been drawing for the Hearst newspapers ever since. —Editor and Publisher.

With a membership list of 125 to start upon, the boys of the Y. M. C. A. have begun a scouting expedition for new members. In accordance with the novel idea of their secretary, Kenneth Robbie, they have formed into two Indian tribes, the Dakota and Blackfeet Sioux under the chieftainship of Sitting Bull, C. L. Loomis, and Spotted Tail, Fred Smith. The tribe adding most to the membership will be given a banquet by the losing tribe who will act as waiters. At the present stange of the game, the Blackfeet Sioux are in the lead.

LITERARY.

In literary merit and in the manner of presenting and illustrating its contents, The Metropolitan Magazine for 1904 will challenge comparison with any other magazine published. In its short stories the aim will be variety and that kind of style of writing that compels attention. Important and timely special articles will be contributed by trained observers and the whole will be illustrated by artists whose names are a guarantee of artistic beauty. Among the best known contributors will be Thomas Nelson Page, John Fox, Jr., "Mr. Dooley," George Ade, Anthony Hope, Maurice Hewlett, F. Hopkinson Smith, Bliss Carman, Guy Wetmore Carryl, Richard LeGallienne, Clinton Scollard and many others. All of these writers will contribute their best work. A special feature will be Maurice Hewlett's great romance, telling the stirring love-story of Mary, Queen of Scots. Rufus F. Zogbaum, author and artist, has been specially commissioned by the magazine to investigate the condition of Uncle Sam's fighting men and he will tell the truth about the army both with pen and pencil. Another remarkable feature will be the humorous short stories written by the masters among the fun-makers.

Firing at Martine.

The announcement made that Farmer Orator Martine has reached the conclusion that Hearst would be a good man for the Democrats to name as their Presidential candidate perhaps explains a mystery. The victorious Union County Democrats could not have been expected to invite a visionary to attend the banquet marking their great triumph.—Newark Evening News.

—The annual session of the New Jersey State Grange, Patrons of Husbandry, was opened in session in the assembly chamber at the State House at Trenton with an attendance of more than 150 members representing every county in the State.

—W. Holt Apgar, receiver for the Munger Automobile Tire Company, of this city, announces that the creditors of the company will be paid eighteen and one-half cents on the dollar. Wants Princeton to Reform.

Editor, The Daily Press:—

I see in Tuesday's Press an account of a Princeton Glee Club concert where the boys got into difficulties by reason of singing topical songs. Served 'em right! I say. I have never missed a Princeton Glee Club concert, because at these college concerts you get a lot of music that you don't hear anywhere else. But why should the boys try to imitate the real stage? When the Princeton Glee Club comes here next week let them stick to real college music. Cut out the topical song. It's funny, but it isn't half as funny as the distinctive college song. I don't know when I've laughed so much in my life as I did at a song of Truesdale's, the leader of the Princeton Glee Club, which I heard him sing last winter. Let's have more of that, and less of the topical song.

One Who Believes in Glee Clubs.

Editor, The Daily Press:—

The fact that the land in the new Institute Park, Brooklyn, has been held by the several administrations in Brooklyn for the past forty years, has a suggestion in it of similar good work that might be done in Plainfield.

To be sure we don't want the land which it is proposed to secure for park purposes to lie dormant for forty years, but we do believe that such land in the southern part of the city should be acquired now and its conversion into one of the greatest attractions any city could have should proceed as rapidly as possible.

This land is now only a menace to the health of our city. It should on the contrary be one of the most healthful spots in the vicinity, yielding up its quota of good to mankind.

Let us hear from the committee appointed to investigate and report on this matter.

Civic Pride.

—The Board of Governors of Muhlenberg Hospital will hold a regular meeting Monday night.

—Because they have been granted a decrease in the number of hours of work the laborers on the elevation work in New Brunswick, 300 in number, have struck. They say shorter hours means less pay. The change was to have gone into effect Monday. No attempt has been made on either side to settle the difficulty.

—A sheriff's sale of the farm of Rev. Thomas O'Hanlon, D. D., president of Pennington Seminary, was conducted by Sheriff Thomas Thropp at Trenton Tuesday. The action was the result of proceedings instituted against Dr. O'Hanlon by Samuel B. Ketchan. The farm is located in Hopewell township and was sold for $2,500 to Wilson D. Hunt, cashier of the Pennington bank.

ORDINANCE TO STOP REMOVAL OF HOUSES

Borough Council Acts Speedily to Prohibit Removal of Frame Buildings From City.

ILLEGAL LIQUOR SALES

THE AUTHORITIES ARE POWERLESS TO PREVENT ALLEGED ABUSES.

Reward Offered for Detection of Persons Destroying Street Lights and Signs—Park Club Wants a Storm Sewer.

The Borough Council, at its December meeting held last night, found much business of more or less importance to occupy its attention, and one of the most important steps taken was the adoption of a resolution offered by Mr. Clark, which authorized the borough counsel to draft at once an ordinance prohibiting the removal of any frame building in the borough. In connection with the resolution, Mr. Clark stated that if such an act is legal an ordinance cannot be drafted too quickly as the borough seems to be the dumping grounds for these kind of structures. Mr. Clark added that the borough does not want to pass through another such experience as it had recently.

For the purpose of hastening action on the matter, the Council will hold an adjourned meeting next Friday night to consider the proposed ordinance. Mayor Smalley made a few remarks in relation to the resolution, reviewing the action of the borough in reference to the Sebring house, and he declared that as he had carried out the orders of the Council in that case and he was prepared to do the same in any future case of a similar nature. He advocated the refusal of all applications for the removal of frame buildings in the borough and asked for the endorsement of the Council in what he had done in the last trouble. He said that the borough would likely have a law-suit on its hands as a result of the arrest of John Goodwin, but he was not afraid of the final decision.

Another matter that was discussed at some length was that in reference to a complaint received from the Plainfield Electric Light Company regarding the breaking of incandescent lamps in the borough. It was the general opinion that this is the result of boys who use flobert rifles recklessly. In order to put a stop to this practice, a resolution offered by Mr. Clark, providing that a reward of $5 be paid to anyone securing the detection and conviction of any person or persons guilty of breaking these lamps or defacing street signs, was adopted. The resolution also provided that an advertisement of this action be inserted in the local papers.

A communication was received from Ottilie Emma Heinold, Ottilie Emma Schaeffer, Theodore F. French and Elston M. French in which the petitioners offered to dedicate the necessary fifty feet of land necessary to extend and widen Duer street from Greenbrook to what is known as upper Duer street. The matter was referred to the street committee and later Chairman Arnold offered a resolution that the street would be accepted if the petitioners would open up and grade the street. This was adopted.

A communication was received from S. St. John McCutchen, president of the Park Club, in which he asked the Council to construct a short storm sewer under Washington avenue on the Park Club side for the purpose of carrying off the surface water that usually floods the street at that point. Mr. Arnold stated later in the evening that improvements had been made in Washington avenue near the Park Club and the committee believed that no further trouble would be experienced there.

This report was presented by Collector G. F. Brown: Taxes and interest, $3,805.14; Board of Health, $44.03; special school, $1,972.99; license, J. H. Gracely, $384.87; rebate from State school tax, $35.68; fines received from Recorder, $12; interest from bank, $30.80; balance November 1, $11,369.71; total receipts, $17,609.22; disbursements, $7,219.36; cash on hand, $10,389.96. Last night claims amounting to about $4,000 were ordered paid by the Council.

Chairman Arnold, of the street committee, reported that $164 had been expended during the past month on street work and through a resolution he secured the endorsement of the

MRS. HALL HOST OF EQUAL SUFFRAGISTS

Large Gathering to Hear Address by Miss Harriett May Mills on the Movement.

BENEFITS OF EQUALITY

ARGUMENTS IN FAVOR OF WOMEN'S TITLE TO CITIZENSHIP.

Tea Follows Address—Those Participating in Affair—Additions to Membership—Officers of Local League.

As the result largely of a clear exposition of the meaning of the woman suffrage movement yesterday afternoon by Miss Harriett May Mills, of Syracuse, N. Y., fourteen new members were added to the Equal Suffrage League of Plainfield and North Plainfield. The meeting and informal tea was held at the home of Mrs. Florence Howe Hall, the president, of Madison avenue. There was an attendance of fifty members.

"Woman's Title to Citizenship" was Miss Mills' subject. She spoke of gains made in the cause during recent years, showing that there are now twelve States in which mothers are placed on an equal footing in regard to the guardianship of their children. She brought forward the large amount of taxes paid by women as an argument for granting them equal suffrage, and stated that if any educational qualifications for voting were necessary, they should affect men in the same way as women. The argument that granting the franchise to women would affect the size of families, she answered by showoing that in Wyoming under woman suffrage divorces had notably decreased. She further indicated that elections were held in a more odrerly manner under woman suffrage, again citing Wyoming as an example. She expressed herself as pleased with the progress of the work in New Jersey and referred to the fact that women had the surffage in the State prior to 1807.

At the tea which followed Miss Mills' talk, Mrs. John I. Clapp, Mrs. Robert Robley, Mrs. Olaf Saugstad and Miss Bertha Whitney presided at the tables. Assisting them as waitresses were Miss Florence Huntington, Miss Viola Conkling, Miss Stephanie Krom and Miss Wilhelmina Patton. Green was the color scheme in the decorations of the tables and rooms.

The officers of the Equal Suffrage League of the city and borough are: Mrs. F. H. Hall, president; Mrs. I. L. Miller, vice president and auditor; Mrs. Samuel L. Huntington, treasurer; Mrs. William L. Patton, corresponding secretary and Mrs. Harold Durar, recording secretary.

Miss Mills will speak today in Elizabeth where she will be the guest of Mrs. Elizabeth B. Blackwell, the first woman ordained a minister of the gospel in the United States.

The local league will hold meeting every month this year instead of every month as last year.

UNION PARK FOR CITY AND BOROUGH

Scheme Launched by Council to Join With City for Consolidated Pleasure Grounds.

THE SITE SUGGESTED

COMMITTEE APPOINTED TO ASCERTAIN FEASIBILITY OF PROPOSITION.

Councilman Arnold the Father of the Plan—Mayor Appoints Committee of Three to Report on Advisability of Scheme.

Following closely upon the attempt to unite the public schools of North Plainfield with those of Plainfield, the borough officials, at the December meeting of the Council, last night, took initiatory steps toward the establishment of a public park for the use of the two municipalities. Councilman J. K. Arnold, as chairman of the street committee, introduced the subject through a resolution providing for the appointment by the Mayor of a committee of three to investigate and report on the matter.

Mr. Arnold, in explaining his action, stated that he had been informed that Plainfield's plan of locating a park near Randolph road, had fallen through, and he also understood that the Boice property in the vicinity of Elm place could be secured for a public park. He favored the project and believed that such a scheme would be advisable and would be a source of pleasure to the people of the borough and city.

Mayor Smalley, before he appointed a committee consisting of Councilmen Arnold, VanArsdale and Clark, said that he was afraid the motive would be misconstrued to mean consolidation of city and borough. However, in appointing the committee he said that he would select three members who favored a public park, band concerts, and like municipal imporvements.

ANNUAL PRAISE SERVICE OF W. H. AND F. M. SOCIETIES OF CRESCENT AVE.

The annual praise service of the Woman's Home and Foreign Missionary Societies, of the Crescent Avenue Presbyterian Church, was held in the chapel of the church, yesterday afternoon at 3:30 o'clock, with an unusually large attendance of members and friends. Mrs. Ella A. Boole, of New York, the new secretary of the Woman's Home Board of Missions, was present and gave an interesting talk of the work in the home mission fields, telling of the progress made and of the future needs. Rev. John Sheridan Zelie, pastor of the church, spoke for the foreign mission work, relating the needs there.

During the meeting there were vocal selections by a chorus choir consisting of Miss Hubbell, Mrs. Asa Collier, Mrs. Noble King, Miss Marie Newman, Miss Matie Ketcham and Mrs. Charles Langdon. There was received the usual thanks-offering, a good sum being contributed to be divided for the home and foreign work.

SKETCH OF HIS CAREER

FUNERAL SERVICES HELD AT HIS LATE HOME IN NEWARK.

Dead Man a Member of A. O. U. W. and I. O. O. F.—Treasurer of Manufacturing Company—Active in Other Organizations.

The funeral services of Isaac Vanderveer Bond, treasurer of the Palmer-Price Varnish Company, of Newark, who died on Wednesday after a brief illness, were held from the residence in Newark, at 8 o'clock, last night. Rev. Dr. Lyman Whitney Allen, of the South Park Presbyterian Church, where Mr. Bond was a member, officiated.

Mr. Bond was for many years a member of the firm of Price, Bond & Co., and later of the firm of Bolen & Bond, varnish manufacturers. He was treasurer and one of the oldest members of the Road Horse Association of New Jersey. Members of that organization, and of Radiant Star Lodge, No. 190, I. O. O. F., and the New Jersey Grand Lodge of the Ancient Order of United Workmen, to which the dead man belonged, attended the obsequies last night.

Upon the arrival of the remains in this city this morning, Rev. C. E. Herring, of the First Presbyterian Church, accompanied the cortege to the North Plainfield Cemetery, where the interment took place. At the grave Mr. Herring conducted a short service. There was a very large number of floral tributes from relatives and friends.

Mr. Bond's wife was tragically killed at the North Avenue station in this city some time ago, while returning from the marriage of a relative. He was born in Plainfield sitxy-nine years ago, but had lived in Newark nearly all his life. He is survived by three daughter, Mrs. Alexander M. Linnett and Mrs. Alexander Archibald, of Newark, and Mrs. C. W. Thompson, of Los Angeles, Cal.

She was seventy years old and, though a native of New York State, had lived thirty-five years in the borough. She was a member and active worker in the Congregational Church. She is survived by her husband, two married daughters, Mrs. W. G. Debele and Mrs. L. Wiesman, three other daughters, Stella, Mamie and Nellie, and one son, Thomas Winckler, a councilman of Asbury Park. Mrs. Winckler has always been of a quiet and domestic disposition, much beloved for her kindliness and sympathy.

Funeral services will be held Monday afternoon at 2:30 o'clock at the late residence. Rev. C. L. Goodrich, of the Congregational Church, will have charge and will be assisted by Rev. E. L. Earp, of Grace M. E. Church. The interment will be in Hillside Cemetery.

Somerset's Entertainment.

Somerset Council, Jr. O. U. A. M., took formal possession of its new rooms on the fifth floor of the Babcock building last night and celebrated by a big entertainment and smoker. The rooms were packed. William Jeffery sang and Miss Boice, a little girl of ten, pleased everybody with two clever song selections. Wylie and Johnson, professional comedians, of Newark, who have been heard frequently in this city, provided much entertainment.

Mrs. P. P. Miller Dead.

Mrs. Phebe P. Miller, mother of Dudley S. Miller, the Park avenue druggist, died yesterday, following a long illness. She was sixty-four years of age and was a resident of Plainfield for many years. STATE INSPECTOR VISITS TENEMENTS

Finds That Plainfield Needs Little Attention From N. J. Commission.

ONLY TWO DEFECTIVE

SANITARY CONDITION OF TENEMENTS EXCELLENT AS A RULE.

Unable to Understand Why This City Does Not Have Municipal System of Garbage Collection.

Acting on the instructions of Charles J. Allen, of Newark, secretary of the New Jersey State Tenement House Commission, an inspection of the few tenements in this city was made yesterday, the result being particularly creditable to the local board of health. Only in two cases were conditions found to be defective.

Deputy Inspector Thomas Brady, of Newark, personally searched the city for conditions needing a remedy, and after the completion of the work expressed some favorable opinions regarding the sanitary arangements of the municipality. After his day's work, he told a reporter for The Daily Press that a tenement at the Southeast corner of South Second street and Grant avenue demands speedy attention in the interests of public health. He learned that there were two cases of typhoid in the house last month. During his visit he saw five barrels of garbage in the yard and another barrel in the dwelling. Five families, he said, occupy the place and the roof leaks. The tenement No. 239 West Front street, he also found in a bad condition, the roof being leaky and rubbish being stored on the top of the house. Mr. Brady could not understand why such a progressive city as Plainfield does not have a municipal system of garbage collection.

REV. MR. FINN ACCEPTS

FAVORABLE ANSWER TO CALL OF PARK AVE. BAPTIST CONGREGATION.

Charles Dayton, clerk of the Park Avenue Baptist Church, has received a letter from Rev. A. E. Finn, of Cherryville, recently called to the pastorate of the Plainfield church, stating that he accepts the call and will be prepared to enter upon his new duties January 1. A general announcement of this fact will be made at the morning service in the church, tomorrow.

Just at present Mr. Finn, who is pastor of the Baptist Church at Cherryville, is conducting a successful series of evangelistic services at the above church, and it would be impossible for him to sever his present pastorate earlier than January 1.

ANNIVERSARY SERMON.

Rev. E. Vicars Stevenson Will Preach Important Sermon Tomorrow.

Rev. E. Vicars Stevenson will preach his first anniversary sermon as rector of Grace Church, tomorrow, he having been instituted as pastor of that church on the Second Sunday in Advent a year ago. The anniversary sermon will be delivered at the morning service and it is said that it will be of special importance to the members of the parish, though the particular topics upon which the clergyman will dwell have not been announced.

Rev. Mr. Stevenson has done a great work at Grace Church during the last twelve months. He was formerly assistant minister in St. Michael's Church, New York, of which Rev. Dr. John P. Peters is rector.

Bad Boys These.

Richard Burke and George O'Neil, boys under fifteen years of age, were brought before City Judge Runyon this morning on a charge of throwing snowballs on the streets, breaking the windows of a barn on Fifth street and address epithets to passers-by. Their case was adjourned until Monday morning.

Gen. Cass' Widow Dead.

Mrs. Ellen N. Cass, widow of the late Gen. George W. Cass, died this morning at her late residence, 648 Belvidere avenue. She was eighty-five years old. Funeral services will be held in Pittsburg, Pa., Monday morning.

The Misses Louise and Mary Dunn, of Flemington, have been visiting Mrs. Charles Fisher, of this city.

DAILY PRESS BOWLING TOURNAMENT STARTS

In the First of the League Games Westfield Club's Five Wins From the Park Club.

VISITORS' GOOD SCORES

HOME AGGREGATION'S NEW ALLEYS USED FOR THE FIRST TIME.

Westfield Rolls Above 800 in Each of the Three Games—The Park's Highest Score 819—F. O. Ball a High Man—New Material.

The opening of The Daily Press Bowling League tournament on the Park Club alleys, last night, was not an auspicious one for the Parks who rolled the Westfield team. It was expected that the home team would make a much better showing, as new material was secured. Yet, the fact that the team has not practiced to any extent, no doubt accounts for the fact that it lost all three games. In the first game they rolled a total score of 819 against 867 for the Westfields. The visitors rolled above 800 in every game, while the Parks rolled below those figures in all but the first game, the totals of the second and third games being the same, 786. In the same games the Westfields rolled 858 and 859.

F. O. Ball was high man for the home team, rolling a score of 202 in the first game. William McCutchen, a new man, developed considerable strength, reaching 192 in the third game. Walter Long, another new member, did not come up to expectation, but will probably improve his game soon. William Townsend showed up well in all three games, making what would ordinarily be winning scores, while Dr. Thiers, the veteran, held his own fairly well.

The individual scores of the visiting team were more uniform and this is what brought them victory. Foster was high man with a score of 193, while the lowest score, 151 was made by Halsted. The visitors bowled in championship form throughout and several times overcome apparent defeat and made a grand finish.

The alleys, being new, had some effect with the result, as the teams are not so well acquainted with them. All expressed satisfaction with the alleys.

PEACE IN THE EAST

Russia and Austria Plan to Save Macedonia.

ON LINES ADOPTED FOR CRETE.

Christian Governor to Be Appointed and Religious Tolerance to Rule. Powers Anxious, as War Clouds Menace Peace of Europe.

LONDON, Dec. 5.—Negotiations that have been opened by the powers may result in an international administration for Macedonia along the lines observed in the present government of the island of Crete.

It has been learned that in order to prevent another Macedonian uprising in the spring, attended by unspeakable horrors, and the danger of a war between Turkey and Bulgaria as a consequence Russia and Austria have proposed to the powers that immediate steps be taken to put into operation a plan which in its general outline resembles that now enforced in Crete. This proposal is the result of the acceptance in principle by the sultan three days ago of the Russo-Austrian note concerning reforms in Macedonia which was submitted to the porte after the recent conference between Czar Nicholas and Emperor Francis Joseph. To what extent each power will participate in the organization of an international gendarmerie to be formed for the preservation of order and which power will be placed in supreme command of the gendarmerie, as well as other details, must be settled by the negotiations between the powers.

This proposal of the two powers dissipates the apprehension which has prevailed in diplomatic circles on the continent that Russia and Austria were arranging a settlement of the Macedonian question in a way to insure their own interests.

The powers will this time unite in the appointment of a Christian governor of Macedonia. While it is intended that the Christians shall be protected, there is also a determination that equal protection shall be accorded the Mussulmans.

All the powers concerned are anxious to settle the difficulties in the Balkans so that they can no longer menace the peace of Europe.

It is believed that results identical with those obtained in Crete are likely to follow from the enforcement of a similar policy in Macedonia. At first a large force was sent to Crete, but at present there are not more than 1,600 men there, representing the governments of Great Britain, France, Russia and Italy.

How the Russo-Austrian proposal will be received by the powers is not known, as its presentation has only just occurred. It is believed, however, that it will be acceptable to France, Italy and Great Britain, but that it is likely to be opposed by Germany.

Though this proposed action will be another step toward the separation of Macedonia and Turkey, there is nothing in the proposal to indicate that the powers have any intention of weakening Turkish ownership of the territory. As the sultan accepted the principle of the Russo-Austrian note, it follows as a natural consequence that he will not be likely to oppose the enforcement of the reforms which that note contemplated.

English Cotton Mills For America.

LONDON, Dec. 5.—One of the largest firms of cotton spinners at Bradford, Yorkshire, announces that they are preparing to erect mills in the United States, to which they will transfer hundreds of looms, with their complement of combing, drawing and spinning machinery, the dismounting of which has already commenced. "In making the announcement the firm says, "The American manufacturers recently have made such vast improvements in the manufacture and dyeing of the finest classes of goods similar to those we produce, on which we are paying 100 per cent and upward in duty, that we are confident our present American department will not be able to pay its way more than three or four years more at the most."

Declared to Be Insane.

NEW YORK, Dec. 5.—Kalman Foldessy, who was arrested here during President Roosevelt's visit last week for writing threatening letters to the president, was committed by Justice Fitzgerald in the supreme court to the Manhattan State Hospital For the Insane. Foldessy made a scene in court by suddenly drawing a penknife and exclaiming, "If I'm insane, why did the doctors give me this?" He was quickly disarmed. How he became possessed of the weapon is unknown. Doctors testified that he is hopelessly insane.

UNDER MARTIAL LAW

Cripple Creek Gold Mining District Ruled by Soldiers.

CIVIL AUTHORITIES ARE TOO WEAK

Governor Peabody Proclaims a State of "Insurrection and Rebellion In Teller County, Colo."—Wholesale Arrests Will Be Made.

DENVER, Dec. 5.—Governor Peabody has issued a proclamation declaring Cripple Creek under martial law and suspending the writ of habeas corpus. He declares that the gold camp is in a state of insurrection and rebellion and that the civil authorities are powerless.

In support of his action the governor cites the blowing up of a portion of the Vindicator mine and other acts of lawlessness and declares that it is impossible to control the turbulence of the camp by ordinary peaceable methods.

After mentioning acts of lawlessness said to have been committed in Cripple Creek the proclamation concludes as follows:

"Whereas, I have reason to believe that similar outrages may occur at any time, and, believing the civil authorities of said county of Teller are utterly unable, unwilling and are making no practical attempt to preserve order and to protect life and property,

"Now, therefore, I, James H. Peabody, governor of the state of Colorado, by virtue of the authority in me vested, do hereby proclaim and declare the said county of Teller, in the state of Colorado, to be in a state of insurrection and rebellion."

Governor Peabody bases his action on the decision of the Idaho supreme court, which declared that the act of the governor of Idaho in putting into force to a limited extent martial law in the Coeur d'Alene was in thorough harmony with the constitution of that state. The constitutional provision relating to suspension of the writ of habeas corpus in this state is similar to that of the Idaho constitution.

Wholesale arrests of strikers suspected of implication in the Vindicator explosion and other cases of violence will be made today. The "bull pen" will be enlarged so as to accommodate several hundred prisoners.

A dispatch from Cripple Creek says that an official statement issued by District Union No. 15 declares that Kennison, Parker, Davis, Steven Adams and Charles McKinney are innocent of the crime or murder, train wrecking and conspiracy to murder charged against them and that "the justice being dispensed in this district is a hollow mockery, a disgrace to a civilized community and an outrage."

CONDENSED DISPATCHES.

It is authoritatively denied in Paris that France is negotiating for the sale to the United States of St. Pierre and Miquelon islands.

A wagon load of Chinamen who were being smuggled into this country was overturned into the Erie canal at Buffalo and four of them drowned.

The suggestion that William R. Willcox be chosen president of the New York county Republican committee to succeed Bruce has been favorably commented on by many prominent members of that organization.

A middle aged man known to Dowie's followers only as the "Milwaukee millionaire" has arrived at Zion City. A prominent Dowieite said that the visitor was the "deliverer" whom Dowie mentioned at his rally meeting as being willing to pay Dowie's entire indebtedness if Dowie wished.

WILL CONGRESS ADJOURN?

Failure to Close Before Monday Means All Nominations Fail.

WASHINGTON, Dec. 5.—Unless there is an agreement by both houses of congress to adjourn the present session before noon Monday, when the regular session begins, all nominations must fail, and if the present special session ends by limitation, thus preventing the president from sending recess appointments to the senate, all pending recess appointments must terminate with the convening of congress in its regular session. These considerations furnished the incentive for a number of conferences looking to an agreement to adjourn on Monday or even today in order to permit the president to send in recess appointments.

Friends of General Wood are vitally interested and will try to bring about adjournment by concurrent action. Failure of action would mean General Wood's reversion to the rank of brigadier general and have similar effect on the appointments of 167 army officers advanced by reason of General Wood's promotion, all of whom have assumed the ranks and pay of their new appointments in the same manner as though their nominations had been confirmed by the senate.

One reason given by the leaders of the house for not passing a resolution of adjournment was that it would be a discourtesy to the president to adjourn a called session without completing the work for which it was convened. Members of the senate say they were ready to adjourn ten days ago, and a resolution of adjournment probably would have been sent to the house if it had not been reported and not denied that the house would not give consideration to a resolution of adjournment.

The situation is said to be without precedent in the senate.

EX-ALDERMEN CONFESS.

Salsbury's Statement Is Substantiated by Boodlers.

GRAND RAPIDS, Mich., Dec. 5.—The most interesting features in the water boodle scandal were the confessions of ex-Alderman Abraham Ghysels of the Sixth ward and Corey P. Bissell, former member of the board of public works, that they accepted the bribes mentioned by Salsbury in his confession.

Ex-Alderman Ghysels went to Assistant Prosecuting Attorney Ward's office and made a statement of the boodle transaction, acknowledging that he accepted an envelope from Salsbury containing $300.

This confession was followed a few minutes later by the appearance of Mr. Bissell, who also made a statement of his connection with the deal, acknowledging that he had accepted $500 and otherwise corroborating Salsbury's statements that he approached members of the council with the boodle proposition. Both Ghysels and Bissell informed the prosecutor that they will plead guilty in the superior court.

There may be an additional arrest today if the prosecution can get the warrant served.

Employers Want Ten Hour Day.

CHICAGO, Dec. 5.—Industrial war, long expected, has broken out in the Fox River valley, in northern Illinois. Manufacturers at Batavia, Aurora, Elgin, St. Charles and Geneva have organized and have decided to increase the hours of labor from nine to ten. The first notice was served by manufacturers at Batavia, and 350 machinists have quit work there. The wage earners are united and will resist this attempt to add to the hours of labor without increase in pay.

Arrested on Conspiracy Charge.

BENTON HARBOR, Mich., Dec. 5.—Paul Lippert of Chicago has been arrested here by Under Sheriff Frank P. Tyrrell of Chicago. Lippert was indicted by the grand jury in Chicago on a charge of conspiracy. The charge is that Lippert bribed Henry Pelkus, a clerk in the Cook county criminal court, for $500 to make false entries in the records in the case of the people versus John Gallagher. Alterations were made in the docket to prevent the case being brought to trial.

The Typhoid Epidemic.

BUTLER, Pa., Dec. 5.—Only eleven new cases of typhoid fever were reported to the board of health during the day, but more deaths occurred than on any previous day since the epidemic commenced, the number being six, which makes the total to date forty-three. Eight nurses and four doctors have arrived from points in the western part of the state.

Negro Elks Lodge Question.

JACKSON, Miss., Dec. 5.—Delegations from the Elks' lodges of Jackson, Vicksburg, Natchez and McComb City called on the governor and requested him to withhold his approval of the charter for the negro lodge of Elks of this state. They declared that the charter of the colored lodges would be an infringement.

Counterfeiters Raided.

BOSTON, Dec. 5.—Three men have been arrested here in a counterfeiting raid, in which a complete paraphernalia was seized. There was sufficient paper in hand to print $1,000,000 in money. It is understood that seven other members of the same gang were also arrested in or near New York.

Transvaal Bank Robbed of $15,000.

JOHANNESBURG, Dec. 5.—The Robinson bank at Randfontein was attacked by a gang of masked men, who, after gagging the manager and his assistants, secured $15,000. The robbers escaped.

SAVED THE ADDER.

Torpedo Boat Escaped Wreck by Boatswain's Brave Act.

WAS DRIFTING HELPLESS IN STORM

In the Teeth of a Furious Gale Volunteer Swam a Hundred Yards With Line and So Enabled the Boat to Be Towed to Safety.

NORFOLK, Va., Dec. 5.—The naval tug Peoria, towing the submarine torpedo boat Adder, has arrived at the navy yard here. The Adder was saved by the heroism of Boatswain Deery, who responded to a call for volunteers and swam a hundred yards with a line to the Adder from the tug and pulled a hawser after him. The Moccasin is ashore at Currituck and appears to be only slightly damaged. The Adder is leaking badly.

The Peoria has left for Currituck to aid the Yankton and Vixen in floating the Moccasin, which is now high and dry upon the beach.

When Boatswain Deery responded to the call for a volunteer to swim to the Adder a thirty-four mile gale, with mountainous seas, was crashing over the Peoria and burying the drifting submarine boats beneath tons of water. Deery, with a slender line fastened around his waist, plunged into the ocean and battled with wind and tide for a full hundred yards, finally reaching the Adder and gaining her deck. There he hauled a thick hawser aboard by means of the life line and made it fast.

All this time the Adder was being tossed about like a cork one minute and driven far beneath the surface the next, rolling and wallowing in such a manner as to make it almost impossible to retain a position upon her scanty decking, but Deery held on and accomplished his work. Then he went back to the tug hand over hand on the hawser.

It was said at the navy yard that Boatswain Deery will be commended at once to the president for bravery.

ROOSEVELT AND HANNA.

Hold Conference on Canal Situation and Wood Investigation.

WASHINGTON, Dec. 5.—President Roosevelt and Senator Hanna had a conference of several hours' duration at the White House last night, at which the Panama canal situation and important legislation to come before congress was discussed, with incidental references to the case of General Leonard Wood and the chairmanship of the Republican national committee.

Senator Hanna would say nothing as to the conference. His acceptance of the management of the next Republican campaign will depend upon his health.

The Belgrade Regicides.

BELGRADE, Servia, Dec. 5.—Colonel Mashin, commanding the Belgrade division of the army, brother-in-law of the late Queen Draga and one of the leading participants in the assassination of King Alexander and Queen Draga, summoned a meeting of all the officers in Belgrade and made a speech requesting them to forget the past. He said the dissatisfaction was unjustified, as the assassinations were in the interest of the country. The speech has had little effect on those who disapprove of the assassinations, while the other officers concerned in the assassinations are now dissatisfied with Colonel Mashin's action. They insist that all Servian officers should be given to understand that the assassinations were for the national benefit and that anybody disapproving of them must leave the army. They also demand rigorous treatment of the anti-regicides.

Western Grain Exchange Fails.

HELENA, Mont., Dec. 5.—The Western Stock and Grain Exchange, with offices at Helena, Butte, Anaconda, Great Falls and Missoula, closed its places of business. H. V. Warnock, a well known brokerage operator, the manager and owner of the concern, with headquarters in Helena, has left for the east, leaving word for his operator, Bert Scott, to close the office and post a notice to the effect that the company was in financial difficulties. Mr. Scott professed to be practically ignorant of the affairs of the company, but estimates that the deficiency in the state will reach a sum between $20,000 and $25,000.

Salina Fire Cost $500,000.

SALINA, Kan., Dec. 5.—Fire that started here at noon and which for a time threatened the entire business district destroyed the four story building occupied by the H. D. Lee Wholesale Grocery company, damaged the building and contents of the H. D. Lee Hardware company and burned several smaller buildings, causing an aggregate loss estimated at $500,000.

Bank and Postoffice Robbed.

RALEIGH, N. C., Dec. 5.—The bank and the postoffice of Mount Olive, N. C., on the line of the Atlantic Coast Line road, has been robbed of about $400 in money and stamps. The postoffice safe was wrecked, but the attempt on the bank vault failed. The robbers left no trace.

This is the way a Jersey City priest characterizes indulgence in intoxicating beverages: "Drunkard's church, the saloon; drunkard's altar, the bar; drunkard's priest, the bartender."

The New Jersey State Grange, Patrons of Husbandry, has passed a resolution favoring the removal of robins from the protection given by the game laws. It'll take more than a resolution to protect the man who introduces such a bill in the Legislature.

There are two ways of looking at advertising, both of them right. Advertising should be done during the dull time for the purpose of stirring up trade at that time, and also for the sake of the benefit which will come from being continually before the public's eye.—Saginaw Evening News.

The W. C. T. U., of Trenton, has endorsed the course of the Ministers' Association in that city in opposing the distribution of free tickets to the Inter-State fair among children. The claim is made that the fair has a demoralising influence on the young. If this be the case, and there is every reason to believe it is, would not a better plan be to stop any shows at the fair which are of a debasing class. Is it not the duty of the ministers and temperance workers to prevent the continuance of such exhibitions?

The Princeton Glee, Banjo and Mandolin Clubs will give a concert in the Casino here under the auspices of the Princeton Club of Plainfield on Friday night, Dec. 11. ORDINANCE TO STOP REMOVAL OF HOUSES

(CONTINUED FROM PAGE 1.)

Council in this action. Chairman Clark, of the fire, water and lamp committee, reported that $153.39 was expended in his department.

Mr. Lee, chairman of the police committee, stated that Chief Campbell reported four arrests made during November, and the collection of $22 in fines. He also offered a resolution authorizing the payment of $5 to George Weiss after his bill was properly sworn to.

A resolution offered by Mr. Arnold and adopted, provided for the erasure from the tax duplicate the names of several persons, who have either moved away or are not liable for tax for other reasons. The amount involved is about $50.

Mayor Smalley informed the Council that the lease on the present rooms would expire on April 1 next, and that he believed it would not be necessary to renew the lease as the new borough building would be completed the first of the year, when the new Council rooms would be ready for occupancy. The clerk was instructed to notify the owner of the present quarters of this fact.

The Mayor also made a few remarks concerning the sale of liquor in Saengerbund Hall, stating that no person or persons who occupy that hall have a right to sell liquors; that no permit had been obtained from him for such a right and if any one was desirous of making a test case in the mattter they were invited to go ahead and do so. A somewhat peculiar condition seems to exist at the hall. It is claimed that liquor is sold there, yet no license has been given for that purpose. It is a question in the minds of the officials as to whether they have a right to stop the sale of liquor, inasmuch as they have no power to grant the sale of it. Any prosecution in this matter would have to be on the part of the county authorities.

Before the Council adjourned Mr. Nichols offered a resolution authorizing the drawing of warrants to pay the Watchung avenue bond, taxes and all notes now due. This was adopted.

HOW TO OBTAIN PUBLICITY

THE INCREASE OF BUSINESS BROUGHT ABOUT BY FOLLOWING DIRECTIONS.

All merchants in Plainfield are anxious to increase their business, and more and more are they beginning to realize that the daily newspaper is the best medium of reaching the buying public. Persons who advertise in The Daily Press find it profitable to do so, for the reason that an evening paper with a great circulation like this, goes into the homes and is read by nearly every member of the family; that makes it the best advertising medium in this city.

And, speaking of publicity, a wise move for any advertiser to make is to procure the services of a good advertising firm to prepare his ads., booklets, circulars, etc. Such a firm is at present writing the adveritising of quite a few of Plainfield's leading merchants.

Voorhees & Company, of 116 Nassau street, New York City, to whom we refer, makes a specialty of this sort of work. The bold way they display their clients' ads and the strong arguments they use drive home facts. The result is that they make your ads so attractive and convincing that increased sales result.

Messrs. Voorhees & Company have issued a very pretty booklet—full of interesting information. It is entitled: "How to Make 'Your Advertising' Pay"—and is certainly worth the careful perusal of every advertiser. They will send you a copy on request.

SMITH'S TEAM NOW LEADS

RESULT OF SENIOR BASKET BALL LEAGUE GAMES AT Y. M. C. A.

Smith's and Hand's teams in the senior basket ball league games at the Y. M. C. A. gymnasium last night proved easy victors over Heinecke's and Neal's. In the Smith-Heinecke game, the play was close in the first half which ended 7 to 5 in Smith's favor. In the second period, Smith's team romped away from their opponents, rolling up 22 points and making a total of 29 to 12. The feature of this game was Smith's shooting for baskets, his quickness in dodging enabling him to score repeatedly from points near the baskets. Summary:

Smith's team—Caleen and Smith, forwards; Schuck, centre; Hallock and Brokaw, guards. Heinecke's—Woodland and Mundy, forwards; Utzinger, centre; Aalholm and Koons, guards. Goals from floor, Smith's team, 12; Heinecke's, 5. Goals from fouls, Smith's team, 5; Heinecke's, 2. Referee, C. Heywood. Umpires, Collins, Hand, Whitley. Time, 15-min. halves.

Neal and Hand played a hot game to a tie, 7 to 7, in the first half. Both teams played a block game in the second half, attempting to prevent a score, but Hand's team was the more successful and won 16 to 9. Summary:

Hand's team—Hand and Sheppard, forwards; Collins, centre; Joseph and Carolin, guards. Neal's team—Bentliff and Rottberg, forwards; Whitley, centre; Kirch and Hoagland, guards. Goals from floor, Hand's team, 7; Neal's, 4. Goals from fouls, Hand's team, 2; Neal's, 1. Referee, Heywood. Umpires, Heinecke and Collier. Time, 15 min. halves.

Smith's team leads in the league standing to date, with three victories and no defeats. Each of the other teams has won one games and lost two. Next week, Neal's team will play Smith, and Hand, Heinecke.

FARMER VON SWINKE

Why He Considers the United States a Marvelous Country.

His Garden Is an Eel Trap Which Is Good for Several Bushels of Fish Every Day in the Season.

There are several ways of catching eels as well as of skinning them, after they are caught. The latest method of doing both has been introduced by Fred von Swinke, a German, who came to Orrington, Me., last spring and began to grow peas for market upon some swamp land which he had purchased near Segunkedunk stream.

The farmer vowed that the rich lands near the sluggish water were capable of yielding more green peas to the acre than ten times the area on the hills. The seed came up in due time, and showed an inclination to grow, but before the plants were six inches tall every one was eaten off close to the soil by some creature which visited the farm by night.

Every pea vine was spoiled, but cabbages, turnips and other vegetables were allowed to grow undisturbed. The crop was planted over many times without securing any harvest worth the trouble.

In August, after Von Swinke had lost his seventh crop, and after all kinds of traps had failed to give relief, he kept watch among the pea vines for two nights. He was rewarded by seeing a large number of fat eels climb up the low bank and invade the pea preserve, gorging themselves upon the foliage, and then escaping back to the stream.

A New York correspondent says that instead of feeling downcast over this discovery, Von Swinke seemed to be highly elated. He went about the village rubbing his hands and telling what a wonderful country America was to furnish eels enough to supply a large city in every garden that edged upon a stream of fresh water. Then he bought a thousand feet of narrow boards and placed them end to end around his pea patch until they met and made a frame for the crop. Having done this he dug a hole near his cabin, sunk a half hogshead until its chines were level with the soil and filled it with pure water. Then, by opening his fence and putting a line of boards on each side of the walk leading from his garden he had included the tub of water within the cordon.

He sat up until nearly daybreak the following night, then he went out with

THE WATER WAS ALIVE.

a kerosene can and smeared the top surface of all the boards with the oil. After this he blew out his lantern and went to bed.

The first thing he did when he got up at nearly noon was to pour about ten quarts of salt and a bushel of hardwood ashes into the tub of water. No soooner had this been done than the water was alive with a squirming mass of eels, which tied themselves in knots, turned somersaults and handsprings, and made the water boil with their convolutions.

Soon they were dead, and then the farmer bailed out the water and began to skin his fish. There were nearly three bushels of them, all of good size and very fat.

Once a week since then Von Swinke has repeated the experiment and has made good catches every time. He says that eels will sooner run through fire than cross a board which has been daubed with oil. Having come to his garden to feed on peas early in the morning they had found every avenue of escape blocked by kerosene and naturally followed the path until they had come to the tub of water, into which they had plunged in fancied security.

The salt and ashes not only killed the eels, but removed the slime from the fish, so the farmer had no trouble in skinning the catch.

Girl Contracts to Be Good.

In consideration of her father's consent that she may go on the stage, Miss Eleanor Lawrence, of South Bethlehem, Pa., has signed a contract to "be good." The contract is unique, for she promises to eschew midnight suppers, frivolous company, and side door "Johnny boys." Further, she adds, she will not play cards and always will carry a prayer-book. Miss Lawrence is the daughter of Dawson Lawrence, a promoter of business enterprises.

Blind Men Swim Straight.

It is a standing puzzle that all blind swimmers are able to hold an almost perfectly straight course for very considerable distances, though no more guidance is given them than some species of call or whistle coming from the winning goal. A blind man, in fact, desiring to go in a straight line possesses the curious power of being able to do so almost exactly.

DIES AS SHE KNEELS.

Acid Kills Young Woman at Church While at Prayer at the Confessional.

Miss Pansy Ballard, an 18-year-old student at the state university at Lincoln, Neb., swallowed carbolic acid the other morning while kneeeling at the confessional in St. Theresa's procathedral. Staggering to her feet a few minutes later she whispered to the waiting priest that she had killed herself. Ten minutes later she was dead.

The girl was the daughter of Elias E. Ballard, a former banker at Wilber, but now engaged in extensive milling and wheat interests in Dodge City, Kan. She and her sister came to Lincoln a few weeks ago to attend the state university.

The Chicago Inter Ocean says the girl was a devout Catholic and was

STAGGERED TO HER FEET.

desirous of seeking an education at the convent at Lincoln. Her father was insistent that she go to the university. She first went to the convent and then to the university. For this she is said to have been gently chided by the sisters and urged to break away from the university. She was to have had another interview with the mother superior, but rather than face her importunities she took the poison.

For the past four years she has been of a very morose disposition. This was attributed to the fact that several years ago, in a spirit of bravado, and while accepting a dare from a companion, she placed herself under the influence of a traveling hypnotist, who gave a performance in her native town.

The girl left no note behind her, nor did she tell anyone of her intentions or threaten at any time to end her life. She left her boarding house in the morning without eating breakfast, and, coming downtown, purchased the acid. She repaired to the church and, after spending an hour in prayer and meditation, walked to the confessional and swallowed the poison.

The first intimation the listening priest had of her act was when the ear he held to the aperture caught the sound of a fall and a groan.

TOOK HUSBAND'S DARE.

New Jersey Woman Painted House While Her Lesser Half Did the Housework.

A woman dressed in man's attire, mounted on a high ladder and painting the rear of a two-story frame house, caused a sensation in the Johnstown section of Jersey City. Crowds watched her for hours while she transformed the color of the house from a sickly yellow to a beautiful Nile green. The woman was Mrs. Lizzie Maschinsky, formerly Mrs. Spectator, and the house was that in which she lives.

There was much speculation as to why Mrs. Maschinski undertook the job. Her husband is an expert with the paint brush and usually paints all of the buildings which he owns. Maschinski is well to do and owns much

property in the Johnstown section.

When he commenced painting some new houses he took his wife to look them over. It did not suit her ideas of how a house should be painted, and she told him so.

"If you don't like the way I paint," said Maschinski, "why don't you put on my trousers and show me how to do the job?"

"I will," said Mrs. Maschinski. "The house we live in needs a coat of paint, and I will paint it, but on one condition, and that is that while I am wearing your trousers you cook the dinner for the family."

Maschinski took the dare, and Mrs. Maschinski donned his trousers.

An Ideal Location

Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE

LINDEN, N. J.

Beautiful and Accessible

2 Miles from Elizabeth, 7 Miles from Newark, 14 MILES FROM NEW YORK

On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

A PERFECT CATTERY

There Is Profit In It

THERE is no doubt the cat population ought to be improved, likewise diminished. One of the nuisances of this land is the ever increasing number of tramp cats that infest it. Starved, gaunt, stoned by cruel boys, destroying the precious wild birds, making night hideous with their yowlings, they troop in country and town. Real lovers of the feline tribe can wish nothing better than that these tramp cats be abolished off the face of the earth, and this should be done in the speediest, most merciful way wherever they are found by persons who have at heart the interest of both the cat and human races.

But rearing high bred, fashionable cats for profit—that is a different proposition. Women and cats somehow seem to belong together, there being apparently a peculiar sympathy between them. A few fashionable American ladies have already established catteries for their own pleasure and entertainment, though not specially as a source of income. Among these is Mrs. Hofstra, who is especially fond of Siamese cats. She has a cattery said to be worth $5,000, which costs her annually $1,500 to maintain. Mrs. Charles Wood is another cat fancier, and her champion feline is priced at $5,000. In the matter of cat culture Englishwomen are ahead of Americans, they having made the cat fad fashionable a number of years ago. In January, 1898, Lady Marcus Beresford founded the National Cat Club of Great Britain. It now holds annual shows which are very successful, 600 cats being entered for competition. Lady Marcus Beresford has the handsomest and most elaborate cattery in England. The cat fad there is all the more popular because Queen Alexandra is a warm supporter of improved cat culture and fond of the animals themselves.

There might be profit in cat farming—rearing the common feline, just plain cat, for its fur, which is becoming valuable as the supply of fur bearing animals is being exhausted. It is practically certain, however, that rearing choice and fashionable cats for sale would return a good income. It already does so in Great Britain, where a number of women have taken the business in hand. A natural fondness for cats

CHINCHILLA CATS.

and a knack in taking care of them are necessary to begin. The rest can be achieved by intelligence, determination and perseverance.

A requisite to success would be the selection of fashionable breeds to rear for sale. The most popular at present are the long, silky, furry haired kinds, notably chinchillas, blue Persians and Siamese.

The chinchilla is of the color of the fur of that name. Her coat is extremely long, thick and silky, the tail very bushy. The cats in the cages in the illustration are chinchillas. The most famous cat in the world is a chinchilla, Zaida, valued by experts at $1,250. Zaida is a female and has taken more than seventy cups and prizes. She belongs to Miss Willoughby, an English lady. Chinchillas are among the most fashionable cats of all, but they are likewise rather delicate, apt to be attacked with pneumonia and consumption. This makes them somewhat difficult to rear. It is to be observed that a cat's lungs seem to be its weak point. Consumption, that, too, of a very infectious kind, is not uncommon among felines.

Almost or quite equal in favor with the chinchillas are the blue Persian cats. Angoras are the same as Persian, Angora being merely a Persian town famous for its pure bred, handsome cats. The fashionable Persian blue cat is a beauty among feline fanciers and brings a high price. The pure breed is all over blue, or what passes for blue among cat people, without a hair's variation from this color. Another distinguishing characteristic of blue Persians is an orange eye, that appears in no other cat.

Then there is the Siamese cat, which mews louder than a cat of any other breed can do, though it split its throat. For this reason some persons do not like Siamese cats. Still, those who do like them are enthusiastically fond of them, and that makes up. This breed of cats in Siam is only allowed to be owned by the royal family. That of itself is reason why it should be cultivated by fashionables. The Siamese cat of this breed is of a fawn color. Some specimens of the tribe owned by Lady Beresford and considered very rare and valuable are of a chocolate tint. The hair of cats of this breed is smoother and shorter than that of the Persians, and the eyes are always blue. A characteristic is two or more bald spots on the forehead.

The most successful and profitable cattery, of course, will be that in which the pets are allowed to live most nearly in the natural way.

Proceedings of the Union County Board of Chosen Freeholders.

[OFFICIAL.]

Adjourned meeting of the Board of Chosen Freeholders of the County of Union, State of New Jersey, held on Thursday, October 15, 1903, at 2:30 p. m.

Roll call showed all members present—20.

The minutes of the previous meeting (the reading of bills being omitted) were on motion approved as read.

PETITIONS, COMMUNICATIONS, ETC.

From John M. Rogers, adjutant Second Regiment, N. J., by direction of Colonel Collins, stating that the Second Regiment would visit Elizabeth on Wednesday, the 25th of October, for purposes of practical military instruction, etc., and invited this Board to witness the same on McCandless Field, South Elizabeth. Colonel Collins would also tender a review of the regiment at the City Hall about 4:15 p. m. of said day.

On motion of Freeholder Farrell, accepted and placed on file.

From the Elizabeth Water Company:

Elizabeth, N. J., Oct. 14, 1903.

Mr. J. F. Hubbard, Chairman Board of Freeholders, Union County, N. J.:

My Dear Captain—I enclose you copy of letters sent to Mr. N. W. Bonnel, representing Springfield Township in the Board of Freeholders, and Mr. Noah Woodruff, representing Union Township.

I am sure that you will appreciate the importance of prompt action in relation to the matter referred to in the letters. Yours very truly,

The Elizabethtown Water Company,
J. W. Whelan, Secretary.

Attached to the foregoing was the following copy of a letter sent to Freeholder Bonnel, of Springfield, viz.:

The Elizabethtown Water Company.
Elizabeth, N. J., Oct. 14, 1903.

Mr. N. W. Bonnell, Member of Board of Chosen Freeholders.
Springfield Township, N. J.

Mr. Dear Sir—I desire to call your attention to matter of bridge on Morris avenue at the Rahway River. My judgment is that it would be economy for the Board of Freeholders to cause the present bridge to be removed and place an iron beam bridge instead, at least 70 feet long and have the under side with beams at least one foot higher than the arches of the present bridge. The present structure will always cause trouble in backing up of water over the entire section. This suggestion has been before the Board of Freeholders a number of times, and whilst there are other portions of the county demanding new bridges and repairs, there is hardly any place that requires it as badly as Morris Avenue at the Rahway River.

Very truly yours,
The Elizabethtown Water Company.
(Signed) J. W. Whelan, Secretary.

Copy to Mr. Noah Woodruff, Member of Board of Chosen Freeholders, Union Township, Union County, N. J.

The copy of the foregoing letter as sent to Freeholder Woodruff was also presented and read.

Freeholder King moved that the communications as read be received and placed on file, which after a statement of the facts in the case by Freeholder Bonnel, of Springfield, and his expression of belief that a new bridge would be of advantage, it was so ordered.

NEW BUSINESS

By Freeholder Woodruff:

Resolved, That a committee of five be appointed to examine a bridge at Milltown, over the Rahway River, with power to replace the same in as good condition as it was before the flood, at a cost not to exceed $550.

Freeholder Robison moved the adoption of the resolution which was so ordered on roll call by an unanimous vote.

The director appointed as said committee Freeholders Woodruff, Bonnel, Kiu, Embree and Cady.

The following bills, properly audited and approved, were on roll call unanimously ordered paid, viz.:

Bedroom Furniture.

Cane or wicker furniture is by far the best for sleeping rooms. It is light and easily cleaned, and is just as comfortable as the heavy, dirt-collecting, disease-breeding, stuffed variety; in fact, more comfortable and infinitely safer and more healthy. Rugs, if not discarded altogether, should be cleaned often and thoroughly. Of course, one likes to have one's room decorated with pretty things, but let it always be in moderation. A room jammed full of things, no matter how ornamental they may be, becomes stuffy and tiresome to the eye.

Delicate Subject.

An old merchant of New York city who, as he himself phrases it, has the misfortune to be named Guiteau, was returning to his country house on the Hudson the other evening, when he was approached by a stranger who had observed the name on his hand bag. "Excuse me, sir," began the unknown, curiosity and trepidation blending in his tone, "but are you—are you a—a brother of the gentleman who—er—er—had the little difficulty with President Garfield?"

The Best Dressed Woman.

Abroad a novel competition was got up at Homburg and aroused much amusement, when a prize was offered to the best-dressed woman, the judges all to be men. The prize was a handsome gold locket, studded with one large ruby, and inclosing a tiny looking-glass. There were many entries, and Americans made a good proportion of the number. Finally, an American, Mrs. Steinway, won the prize.

Candid.

Miss Cutts—He's an awfully inquisitive bore, isn't he?

Miss Ann Teek—O! awfully. He was trying to find out my age the other day, so I just up and told him I was 50. That settled him.

Miss Cutts—Well, I guess it is best to be perfectly candid with that sort of fellow.—Philadelphia Press.

An Easy Solution.

A teacher was trying to interest his class in foreign matters, and asked: "Does anyone know how to make a Maltese cross?"

"Sure," responded the smallest boy of the lot.

"Tell us how," said the teacher.

"Step on her tail."—Christian Advocate.

Will Supply False Teeth.

Soldiers of the British army, not below the rank of sergeant, who incur such loss of teeth as would otherwise cause their discharge as invalids, are to be provided with artificial teeth at the public expense, if in the opinion of the medical officer they will thereby be rendered efficient.

A Matter of Doubt.

City Editor—I notice that in this account of yesterday's wedding you refer to the "happy couple."

Reporter—Isn't that all right?

City Editor—How many times have I told you that you were to give facts and not guess at things?—Town Topics.

Nut Cake.

One cup sugar, nearly one-half cup butter, one and one-half cups flour, one-half cup cold water, two eggs, heaping teaspoon baking powder, one-half cup walnuts. Cut the nuts in fine pieces, frost the cake and put whole nuts on top.—Boston Globe.

French Nickels.

The new French nickel is not only a public convenience, but a source of income to the treasury. The issue of 16,000,000 of the coins cost in nickel $80,000, and for stamping, $88,000, leaving a net profit for the treasury of $682,000

TRADE CONDITIONS.

R. G. Dun & Co. Report Week's Business Encouraging.

NEW YORK, Dec. 5.—R. G. Dun & Co.'s weekly review of trade says: Trade is seasonably quiet except in the lines affected by weather and those embracing holiday goods, which are in good demand. Activity is especially conspicuous among footwear jobbers and retailers. Commodities are generally lower in price, although a few important articles, such as cotton, eggs and dairy products, have risen so sharply that Dun's index number on Dec. 1 was $98,223 against $97,825 a month previous. For the year there is a decline of about 2 per cent. Manufacturing conditions are still irregular, the best symptom of the week being the steadiness of iron and steel.

Several encouraging reports are received regarding the iron and steel situation. In most cases the proposed reduction in wages has met with no opposition, and such business as comes forward is handled without interruption. Another good sign is that the past week has brought no further reduction in prices.

Both arrivals and shipments of wheat make poor comparisons with last year's figures. Receipts were 8,264,293 bushels against 9,964,659 a year ago, and exports, including flour, amounted to only 3,492,158 bushels against 5,340,739 in 1902.

POSTAL FRAUDS TRIAL.

Counsel for the Accused Deny Prima Facie Case Made.

BALTIMORE, Dec. 5.—Pinning confidence in their belief that the prosecution has failed to make a prima facie case against former Postal Clerks Thomas W. McGregor and Columbus E. Upton, counsel for the defense in the now widely known trial for alleged conspiracy to defraud the government by selling leather pouches at exorbitant prices decided to close the case without putting a single witness on the stand to testify for their clients.

When United States District Attorney John C. Rose announced to Judge Morris and the jury in the United States circuit court that the government had produced all its testimony it was generally thought that witnesses for the defense would be called immediately. William S. Bryan of counsel for the accused sprung a decided surprise when he arose and said:

"We do not think the government has made out a prima facie case, and therefore we will offer no witnesses."

Mr. Bryan then announced that prayers would be prepared and exchanged between counsel. Argument on the prayers will be offered Monday. The court will not sit on the case. General argument on the entire case will begin after the prayers are argued upon.

The Frehr Murders.

BUFFALO, Dec. 5.—Circumstances strong enough to warrant the preferring of a charge of murder against one in connection with the brutal murder of Mr. and Mrs. Frehr and the hiding of their bodies in the ground are rumored to have developed here. The charge against Charles Bonier, the old man who admits that he forged the name of Frehr to deeds of property, has not been changed. Mrs. Lindholm is still detained as a witness.

Land Grabbing.

The movement in Connecticut toward "saving the Connecticut shore" is likely to spread to all other sections of New England. Thirty years ago such a step would have been wholly unnecessary, since the coast was all public, but about that time the beginning of private occupancy of the shore began. At first, indeed, the owners did not attempt to secure the coast, but bought extensive tracts overlooking Long Island Sound. Their view being often obstructed by the public or by old landmarks, they then begin acquiring the shore itself. During the past four years this shore-grabbing has advanced with marked rapidity. In Maine it is estimated that over one-half the coast is privately owned.—*Collier's Weekly.*

One of the Bonaparts.

It would be useless to attempt a chronicle of Mr. Bonaparte's writings and other activities. He belongs to most of the good government organizations of the country, and has been the president of several of them. He has the commencement speech habit, and is wont to tell ambitious seniors how the government should be reformed. He has fought for civic service reform and—a young man still—has lived to see many of his dreams come true. Personally he takes life easily and does not grow excited. He is a blue-blood of the blue-bloods, but he never mingles in the poverty-stricken, ancestor-worshiping "society" of Baltimore. He is a millionaire, but he does not bother about the stock market. He is the foremost lay Catholic in the Catholic capital of the Western hemisphere, and the friend, adviser and confidant of Cardinal Gibbons, but his religion is not obtrusive. His friends may be few, but they are friends worth having. His enemies are enemies that every decent man should be proud to have.—From a Sketch of C. J. Bonaparte, in Leslie's Monthly for December.

AMUSEMENTS.

At Proctor's Newark Theatre, next week, an excellentes bow of all featurea cts will be in vogue. The programme will be headed by Miss Mary Norman, the famous impersonator of society woman, the Five Juggling Johnsons, Holden's Manikins, Milton and Dolly Nobles, Tom Brown and Nevarro, John F. Leonard, Schultz's Dogs, Mr. and Mrs. Stuart Darrows, and several other bright vaudeville novelties.

It is a good thing for the "Red Feather" management that the new and pretty Lyric Theatre has nearly 2,000 seats and plenty of wide aisles and foyer space. Although the De Koven-Klein-Cook operatic comique started off with a rush and its business each week has shown a substantial increase. Miss Grace Van Studdiford, with her voice of surpassing sweetness and purity, has scored the biggest kind of a hit with Broadway audiences. Thomas Q. Seabrooke's two comic songg "If I Only Had a Moustache Like the Kaiser," and "There's a Little Street in Heaven That They Call Broadway," are strikingly original and have become so popular that six and eight encores are the rule rather than the exception.

Social at Grace M. E. Church.

A social last night followed a business meeting of the Epworth League, of Grace M. E. Church. Mrs. E. L. Earp and Miss Mary Steiner were in charge. Games were played in one of which, an "apple contest." Miss Emma Smalley was successful in winning first prize.

SNAP SHOTS.

SIDE LIGHTS ON TIMELY TOPICS NOTED IN PASSING.

Patrick Foley, of this city, says he killed a black adder measuring forty inches, Wednesday, at the corner of North avenue and Berckman street. The animal was partially hidden under the snow.

Chief of the Fire Department T. O. Doane has issued his annual warning to housekeepers and proprietors of stores against the danger of fire from Christmas decorations of light, inflammable material. He advises the public as follows:

The bulbs of electric lights used in decorations should never be covered with anything inflammable. If electric lights are installed, the wiring must be inspected by the proper authorities. A disregard for this warning means the violation of one of the strictest clauses of the insurance policies.

If children or older persons are to be dressed in costume at any entertainment or gathreing, it should be borne in mind that all light fabrics can be made absolutely fire proof by being dipped in alum water. This is a precaution, which, if taken may save a child's life in time of danger.

The snow effect produced by cotton on trees and in Christmas plays is a source of danger. Mineral wool, to be secured at any hardware store, is cheaper and has the added advantage of being fire proof and resembling snow much more than cotton.

F. W. WUNSTEN DEAD.

Apoplexy Carried Him Off, Before Medical Aid Could be Summoned.

Fred W. Wuensten died in his bed suddenly at 2 o'clock this morning in his room at 912 West Front street. He was a hired man in the employ of Mrs. Marie Kuelen, who, hearing his groans, summoned assistance. Matthew Sweeney, who was passing the house, went to the man's room just as he breathed his last. Dr. Cregar was called in and notified the police, who in turn sent word to Dr. Westcott, county physician. Death was probably from apoplexy. Wuensten was the victim of a prolonged attack of rheumatism last winter, which it is thought weakened his heart.

SEVERAL COMPETITIONS

THE QUARTER-MILE WALK HAS AN EXCITING FINISH.

Results in the Various Events—A Number of Entries—Next Contest on Saturday Night, December 19.

In the first of the series of athletic contests at the Y. M. C. A. gymnasium for the individual all-round championship of the association the leading parts were taken Saturday night by Walter Cahoone and Ray Smith, who captured first and second places in all three events, the standing broad jump, fence vault and quarter-mile walk. On the evening's work, Cahoone won 178 points and led Smith by two.

Smith won the standing broad jump with a record of 8 feet, 5 inches, Cahoone taking second place with a jump of 8 feet, ½ inch. The fence vault was captured by Cahoone, who cleared the stick at 5 feet, 10 inches, three inches better than Smith's mark. The quarter-mile walk ended in a close finish between Smith and Cahoone, the former landing the win by a fifth of a second in 2 minutes, 16 seconds.

Other entries in all three events were Walter Sampson and A. Poinier; in the quarter-mile walk, E. Carolin; in the fence vault, W. E. Neal; and in the standing broad jump, R. Williams.

REV. MR. FINN ACCEPTS.

Letter in Response to Park Avenue Baptist Church Call Read to Congregation.

At the morning services at the Park Avenue Baptist Church, yesterday, the clerk, Charles Dayton, read the letter of acceptance received from Rev. A. E. Finn, of Cherryville, who was recently called to the pastorate of this church. The letter was brief and stated that the new pastor expected to enter upon his new charge the first Sunday in January.

Rev. Frank Fletcher, who occupied the pulpit of this church yesterday, took occasion to speak concerning the ability and high character of Mr. Finn, wishing him a successful work in the new field.

Stage Line Discontinued.

Because it does not pay to run it, the stage heretofore run between this city and South Plainfield was discontinued Saturday. During the winter it is a cold journey to ride in such a vehicle and the people do not patronize it well. It is believed that before many years there will be trolley connection between Plainfield, South Plainfield and New Market, giving the people cheap and quick transportation.

D'Aubigne to Speak.

M. Merle D'Aubigne, of Paris, a relative of the great historian of that name, will preach at the First Baptist Church, next Sunday morning and at the Crescent Avenue Presbyterian Church in the evening. He is interested in the work of the McAll Auxiliary and it is through the influence of the Plainfield branch that he comes to Plainfield to speak concerning the growth of that work in Paris.

LEGISLATURE TO AID FIREMEN

IF COURT OF APPEALS UPHOLDS DECISION, A NEW LAW MAY BE ENACTED.

Every one of the volunteer fire departments through this State is up in arms over the new law which was recently passed making the members liable to taxation the same as other citizens.

The New Jersey State Firemen's Association intends to take the matter in hand and they have decided to carry the decision of the Supreme Court to the Court of Errors and Appeals, to reestablish the right of firemen to be exempt from part of their taxation. This matter will be pushed by all the firemen in the State, and they will have back of them the best attorneys that can be procured.

It is stated by several of the leaders in the movement in Trenton that should the Court of Errors and Appeals uphold the decision of the Supreme Court a bill will be introduced in the Legislature granting the right of firemen to be exempt from taxation.

It is believed by every fireman in the State that the men who expose their health and lives in the volunteer service should be exempt to the extent of at least $500.

PARK AVENUE CHURCH TEA

SOCIAL AFFAIR AT HOME OF MRS. J. WESLEY JOHNSON NETTED $50.

A church tea and sale under the auspices of the Ladies' Aid Society, of the Park Avenue Baptist Church, attracted a large number of people to the home of Mrs. J. Wesley Johnson, on East Seventh street, Saturday afternoon from 3 to 6 o'clock. The home was decorated in a tasteful manner, the color scheme in the dining room being pink and in the parlor yellow, there being also a profusion of pink roses and yellow chrysanthemums, with shades of the same color.

Mrs. Johnson was assisted in receiving by Mrs. Frank T. Ostrom, president of the society; and Mrs. Peter Wyckoff. Those who poured tea were Mrs. John H. Doane, Mrs. Charles Dayton, Mrs. Charles Tennant, Mrs. Nelson Runyon, assisted by Mrs. Harry Johnson and Mrs. Wheaton S. Lowry.

Those in charge of the cake table were Mrs. Theodore I. Runyon, Mrs. Udelle, Mrs. Charles VanWinkle, while those at the candy table were Mrs. E. Frank Vail, Mrs. David M. Runyon and Miss Emily Runyon. During the afternoon refreshments were served. In addition to the income from the above tables a silver offering was received at the door. About $50 was obtained from all sources.

FEW PUPILS FROM CITIES

STATE NORMAL SCHOOL NOT A REPRESENTATIVE INSTITUTION.

Principal James M. Green, of the State Normal School in his annual report now in the possession of Governor Murphy, deplores the small attendance from the larger cities of the State at the school. In this he emphasizes the argument made before several legislatures, when the proposition to establish a new normal school was pending, that the present institution is not representative of the State at large, but is of especial benefit to a few counties, by which it is particularly patronized. Union County has but twenty-five pupils while Mercer has seventy-four.

This statement is borne out by the figures of the report itself, which shows an enrollment from the little county of Burlington exceeding that of Essex, while Mercer has an enrollment but little less than that of Hudson and Essex combined. The distribution of pupils for the year was as follows:

Atlantic, 11; Bergen, 15; Burlington, 51; Camden, 14; Cape May, 9; Cumberland, 38; Essex, 39; Gloucester, 6; Hudson, 44; Hunterdon, 38; Monmouth, 13; Salem, 15; Somerset, 17; Sussex, 21; Union, 25; Warren, 13.

Funeral of Mrs. Van Nest.

The funeral services of Mrs. George W. VanNest were held yesterday afternoon at 1:30 from the late home at Martinsville. There was a very large gathering of relatives and friends. Rev. Mr. Walton, of the Mt. Horeb M. E. Church, conducted the services. The interment was in Bound Brook.

DEATH AFTER HALF AN HOUR'S ILLNESS

Theodore J. Miller Taken Sick on the Train, Passes Away in a Doctor's Office.

HEART FAILURE, CAUSE

THREE PHYSICIANS WORK HEROICALLY TO SAVE HIS LIFE.

Sixty-Nine Years of Age—Had Been Engaged in Various Lines of Business—Member of Crescent Avenue Church—Funeral Arrangements.

Theodore J. Miller, of 967 Park avenue, died suddenly Saturday afternoon soon after leaving a train at the North Avenue Station. He was taken ill on the cars while coming home from New York and at the station he secured a carriage, giving instructions to the driver to take him to Dr. H. H. Lowrie's office in Park avenue. The physician at once determined that Mr. Miller was in a critical condition. With the assistance of Drs. W. H. Murray and M. B. Long, who were called in, every effort was made to resuscitate the sick man, but to no purpose. He died within a half hour after reaching Dr. Lowrie's office.

In the meantime Mr. Miller's daughters were notified and they arrived at the office just before he died. Heart trouble was the cause of death.

Mr. Miller was born in New York sixty-nine years ago. During the early part of his life he was engaged in the manufacture of clothing and later was a coffee and tea importer, with offices at 89 Front street, New York. He removed with his family to Plainfield about twenty-five years ago, where he continued to live. Some years ago he was in a railroad wreck at Greenville on the New Jersey Central, a fractured rib puncturing the lung. This injury healed, but always caused more or less trouble. Mr. Miller was a member of the Crescent Avenue Presbyterian Church. It was about a year ago that his wife died.

Mr. Miller is survived by four daughters, the Misses Minnie C., Caroline C., Grace E., and S. Cordelia Miller; also three sons, Clifford J. Miller, of Paterson; Theodore J. Miller, Jr., of Westfield and Howard J. Miller, of this city.

The funeral services will be held from the late home tomorrow morning at 11 o'clock, and Rev. John Sheridan Zelie, pastor of the Crescent Avenue Presbyterian Church, will officiate. The interment will be in Greenwood Cemetery, Brooklyn.

COMMUNION SERVICES.

At the First Baptist Church, one was received by letter from the North Orange Baptist Church. One person was received by letter at Warren Chapel.

At the Grace M. E. Church yesterday five new members were received on probation and one by letter.

DEATH OF MRS. BODINE.

Borough Woman Dies Leaving a Husband and Six Daughters.

Death came yesterday afternoon to Mrs. William H. Bodine at her home on Jackson avenue after a short illness with pneumonia. She was the daughter of Mr. and Mrs. Thomas McDonald and was thirty-seven years old. Six young daughters survive her. They are: Katherine, Annia, Laura, Elsie, Beatrice and Mabel. Her husband is president of the Carpenters' Union. The funeral services will be held at 2 o'clock Wednesday afternoon and will be conducted by Rev. Cornelius Schenck, pastor of the Trinity Reformed Church.

Preparing for Christmas.

Matthew J. Cashin, choirmaster of the St. Mary's R. C. Church and Miss Mae Smith, organist, are preparing the Christmas music. The musical service this year promises to be elaborate.

Common Council Tonight.

The December meeting of the Common Council will be held tonight, when matters pertaining to the closing up of the year's business will be considered.

FRANKLIN COUNCIL MUST PAY CLAIM

Junior Order Compelled to Pay Death Benefits, Though Dues in Arrears.

IS THE FINAL DECISION

VICTORIES WON BY WILLIAM VAN ALSTYNE'S COUNSEL, G. W. V. MOY.

Technical Defects in Pleadings—Case Does Not Establish a Precedent So Far as Merits of Claim Are Concerned.

George W. V. Moy, Esq., has scored a decisive victory in a suit against Franklin Council, No. 41, Jr. O. U. A. M., and his client, William Van Alystine, of Watchung avenue, will be awarded the amount of his claim for benefits due by reason of the death of his son, Harry VanAlystine.

Three victories have been won by the plaintiff's counsel in as many courts, the final decision having been made by the Court of Errors and Appeals.

The case was fought purely on technicalities in pleading. Franklin Council refused to pay death benefits alleging that young VanAlystine was in arrears in his dues at the time of his death. Counsel for the defense set this up as a defense although pleading the general issue. For this defect, the Union County Circuit Court found in favor of the plaintiff. Then the case was appealed to the Supreme Court with a similar result. As a last resort, the case was again appealed to the Court of Errors and Appeals, and there the opinions of the lower courts were sustained.

This does not establish a precedent so far as the payment of death benefits when dues are in arrears, the merits of the case never having been gone into by the courts before which the suit was heard.

DECAMPED WITH THE CASH

T. J. GRIMES LEAVES HIS COMPANY SUDDENLY, BUT THE SHOW GOES ON.

Grimes's Stock Company, which has been playing at the Central Theatre, is minus $122, according to one of the members of the company, who says that manager T. J. Grimes, has skipped the town with that amount of the troupe cash. The attraction has been drawing good houses and the prospects were bright when Mr. Grimes departed without leaving his postoffice address.

E. H. Willard, a clever artist in the theatrical line, has taken the reins in his hands and proposes to drive over the difficult point. He's the leading man and is said to have had lots of experience in the business. Tonight "A Noble Revenge" will be rendered by the thespians, and tomorrow night "Brother Against Brother" will be on the board. The final performance "Eagle Rock Ranch" will be given Wednesday night.

A. L. Bellis Dead.

Archibald L. Bellis, son of Mr. and Mrs. James S. Bellis, of Flemington, died at his home at 408 West Third street, yesterday afternoon. He was twenty-four years of age and has lived in this city for several years. He is survived by a wife. The funeral services will be held at 9:30 tomorrow morning and the interment will be in Flemington.

Seven Conversions.

Mr. Wright, of Washington, D. C., who is well known here as an evangelist, will assist in the religious services at the mission this week.

EVILDOERS BEFORE A LENIENT JUDGE

Twenty-Three Culprits in the City Court, Many Receving Suspended Sentences.

ALL RECORDS BROKEN

THE FLOWING BOWL CAUSES USUAL NUMBER OF DOWNFALLS.

Bad Boys Rounded Up for Breaking Electric Light Globes—Justice Huff Holds Colored Man in Bail for the Grand Jury.

There was a record attendance of malefactors at the city court this morning, twenty-three facing the City Judge and one coming up before Justice Huff, the total being the largest, so far as known, in the court's history. All but two of the offenders found City Judge Runyon disposed to leniency, the two being Thomas Lyons, Jr., who paid $5 in preference to twenty days' enforced retirement and Osborn Harris, colored, who was sent to the county jail for sixty days, convicted of having carved the features of Willie Brance with a razor.

The case before Justice Huff was that of Charles Raymond Johnson, colored, charged with the larceny of a watch from Samuel Johannsen, of East Front street, at whose house Johnson visited as a collector. The accused was held in $300 for the Grand Jury.

Sylvester Delago, charged by his step-son, Patsy Delago, with beating him and his mother, was discharged on suspended sentence by Judge Runyon. Others upon whom sentence was suspended were Minnie Dunn, white, accused by Winfield Scott Munro, colored, of indecent language and threats to kill; George O'Neal and Richard Burke, charged with breaking the window in Mrs. Mulford's barn on East Fifth street; Dominico Chiarrello, drunk; Patrick Sullivan, drunk; George Huff, doing business as a truckman without a license; William Wyckoff and Ellen Wyckoff, colored, accused by Louisa Latten of throwing bricks, crowbars, and other hard substances, following a discussion of family affairs.

Sentence was suspended also upon eleven boys, whose names follow, who were arrested by Patrolman Higgins for throwing stones and breaking an electric light globe on Spooner avenue: James Moore, George Moore, Albert Jaeger, Charles Jaeger, Clarence Horner, William Ryder, George Guick, William Chamberlain, Arthur Mundy, Thomas Murphy and James Murphy.

HIGH CELEBRATION.

Thomas Kynes, of Brooklyn, the New Organist, Has Charge of Music at St. Stephen's Church.

This order of service was excellently given: Processional hymn, Hodges; kyrie eleison, Old Chant; gloria tibe and gratias, Gounod; hymn 281, Hutchins; offertorium, "Jesus, Word of God Incarnate," Gounod; sursum corda, Merbeck; sanctus, Old Chant; benedictus, T. Adams; agnes dei, Gilbert; communion hymn, Hutchins; nunc dimittus, Gregorian; recessional, Hutchins.

Rev. E. M. Rodman officiated at the Church of the Holy Cross yesterday in the place of the rector, Rev. W. Montgomery Downey, who was called away by the death of his mother, which occurred Saturday night at Merrick, L. I. A special musical programme had been arranged and was admirably rendered by the vested choir. The music was rendered under the direction of Choirmaster Skiff.

Death of Rector's Mother.

PUBLIC SCHOOLS NOT GODLESS

REV. A. E. NICKERSON SAYS THAT ROMAN CATHOLIC IDEA IS WRONG.

"The Church and Our Public Schools" should be kept distinct was the key-note of a sermon by Rev. A. E. Nickerson, at All Souls' Unitarian Church, yesterday morning. Mr. Nickerson opposed the alleged idea of the Roman Catholic Churches that the public schools are Godless and said that all idea of the State's supporting secular schools should be fought down. He said further in effect:

The sort of knowledge that one gains at public schools cannot be Godless. No knowledge that is impartial, that considers neither creed nor dogma, that is free from religion or other prejudice, can be Godless. It is illiteracy, a lack of this impartial knowledge, that leads more often to wrongdoing.

Mr. Nickerson compared the Roman Catholic religion with that of the Puritans, ascribing to both intolerance. He said that home influence is what makes the schools strong and that home influence is not made of sufficient importance by the Roman Catholic Church in its relations to its schools.

"A FINE NATIONAL GUARD"

ADJUTANT GENERAL'S REPORT POINTS OUT THE MERITS AND DEFECTS.

Included in the annual report of Adjutant General R. Heber Breintnall, just submitted to Governor Murphy, is an interesting report on the condition of the guard by Inspector General Joseph W. Congdon.

It is shown that the strength of the National Guard has been increased within a year from 4,755 men to 5,008.

Referring to the condition of the National Guard of New Jersey General Congdon's report says:

"This is a fine National Guard organization, well uniformed and equipped. It is undoubtedly well experienced and practically efficient in military discipline, drill, rifle practice and the qualities that go to make up a practical citizen soldiery. As such an organization the people of New Jersey should be proud of it.

"The whole system of inspection is, in my judgment, faulty. The work cannot be done so hastily, as the time limit of the present laws governing inspections makes necessary, and be well or even completely done.

"The percentage of absentees from the muster rolls is smaller than ever before and is a subject of gratification. The percentage absent from this year's inspections was .09. Last year's absentees equalled 10 per cent. of the total. This 9 per cent. is, however, unreasonably and unnecessarily large. The mischief at the bottom of this percentage, which should never be more than 5 per cent. of absentees, lies with some few and particularly low-grade companies."

ISRAEL J. COON PASSES AWAY AT HIS HOME IN SOUTH STIRLING.

Israel J. Coon for years a prominent resident of Warren township, died at his home in Smalleytown or South Stirling yesterday afternoon at 5 o'clock. Death was due to stomach trouble. He is survived by a son, David, and two daughters, Mrs. David Smalley and Mrs. Borneman, wife of the pastor of the Methodist Church, at Smalleytown. His wife, who also survives him, is the sister of Harrison and Worth Coddington, of North Plainfield. He was seventy years of age.

Few people were better known in Warren township than Mr. Coon. He had lived in that part of the State nearly all his life. He held positions in the community in which he lived, serving several terms as assessor and tax collector. He was one of the first members of the Smalleytown church and during his later years has held many positions as trustee and administrator of wills. He was one of the heaviest stockholders in the Hillsborough Fire Insurance Company.

The funeral will be held at noon, Wednesday, at the Mt. Horeb Church.

FEATURE EXHIBIT AT THE PUBLIC LIBRARY

Valuable Collections on Several Subjects Shown by the Librarian, Miss Adams.

THE BOOKS DISPLAYED

ART, SCIENCE, HISTORY AND TRAVEL AMONG THE SUBJECTS.

Plainfield Women in Charge of the Various Departments—Some of the More Important Works at the Institution.

Some idea of the breadth of scope of Plainfield's public library, of its comprehensiveness of treatment in meeting the demands upon it in all departments of literature, was obtained Saturday afternoon by the many who attended the public exhibition of its choicer and more valuable books. The display was of necessity largely pictorial, the youth of the library and the character of its endowment precluding its possession of a large collection of rare old prints. The books exhibited, though mostly of present day publication, were many of them of a sort found only on the shelves of the libraries of the largest cities. The exhibit was planned and arranged by Miss Emma L. Adams, the librarian, who was assisted by several women not connected with the library but whose qualifications made them specially adapted to preside over the several tables, and to explain their contents to those interested.

One of the most unique features of the exhibition was that of a collection of samples of all sorts of woods, of interest to the layman as well as the architect. The collection is complete, similar ones being in the ownership of a very few libraries.

Books of travel, including several important works in French, were shown at a table in charge of Miss Anthony and Miss Tracy and excited much interest. A book on travel in the middle ages by LaCroix, the gift of J. Evarts Tracy, was one of the more remarkable works here exhibited.

All styles of ancient, mediaeval and modern architecture were illustrated at a table in charge of Miss Hubbell and Miss Florence Tweedy. At the decorative art table, containing works on furniture, pottery, etc., Mrs. Olaf Saugstad, who is something of an authority on decorative art, and Mrs. Charles E. Brooks presided. Books on sixteenth century furniture and French furniture were prominently displayed at this table.

The collection of books on history and customs, illustrating intimately personages and epochs important to the student of men and events, made one of the most instructive and frequently visited exhibits. An atlas containing reproductions of early maps revealing the state of geographical knowledge of our ancestors, more or less remote, was pointed out for its educational value. At this as well as the other tables, many recent book importations were shown as well as numerous beautiful photographs connected with the subjects illustrated. Miss Isabelle Arnold and Miss Flora Clark, instructors in history and kindred subjects, had charge of the history table.

Illustrations of modern German art, paintings and engravings, examples of the work of William Hogarth, the engraver of the early 18th century and works on lanscape art including "Constable and His Influence of Landscape Painting" were displayed at a table presided over by Miss Mary Tweedy and Miss Elaine Bassett. In charge of the table devoted to books about Nature, were Mrs. Andrew Gavett and Miss Katharine Nielson.

Hospital Benefit.

The conductors and motormen of Middlesex County street railways will hold a ball in Bound Brook Hall, Bound Brook, Friday, December 18 for the benefit of the Somerville hospital. The affair will be under the auspices of the ladies' auxiliary connected with the hospital. The benefit is in recognition of past kindnesses received by the trolley employes at the hands of the hospital authorities.

No Change at Clinton Avenue.

Mrs. S. A. Meader, who has been agent at the Clinton Avenue Station, on the New Jersey Central, for many years, still continues in that position. A few days ago an announcement was made that Charles Sutton, of Annandale, had secured the place. The item was obtained from an exchange. The fact is Mr. Sutton has secured a position as a helper at the Clinton Avenue Station.

POINTS FOR THE BUYERS

READY REFERENCES FOR THE LOCAL BARGAIN SEEKERS.

Schreiner, the Park avenue druggist, is now selling Henning's natural fish food, used extensively and with great success in feeding gold fish. It is considered one of the best foods ever put on the market.

There is nothing more appetizing these winter days than Flemington sausage, made in the old-fashioned way. R. W. Barnes, of Park avenue, always keeps a fresh supply of this sausage on hand and he also has received a shipment of extra fine mackerel.

If you have not yet selected your furs for the winter, don't delay the matter, but go at once to the Boston Cloak and Fur Store on West Front street, and do so at once. The stock is one of the largest in the State, all first-quality goods and lowest prices.

The time has arrived to place your order for Huyler's candies for the holiday season and L. W. Randolph, the Plainfield agent, would like to have you call at his drug store and make your selection. You can save yourself trouble in buying this confection at Randolph's and at the same time get the benefit of the largest stock carried by Huyler.

Not a week passes that something special is not offered in the line of bargains at the Great A. and P. Tea Company's store on West Front street. Everything that can be required of a well appointed grocery store is there, the best of its kind and the cheapest. When you combine this fact with the extraordinary offers of trading stamps at the store you have a forceful reason why you should give the A. and P. Tea Company your trade.

You will never realize how good the baked goods of John Wirth, West Front street, are, until you try them.

Modern, experienced dressmaking; dressmaking that is wide-a-wake to conditions of changing fashion, Mme. E. Cottrelly in the Woodhull & Martin building on East Front street.

The manager of the Hotel Kensington is constantly studying to promote the comfort and conveniences of his patrons.

Putnam & DeGraw, the dry goods merchants, among other things are offering a fine Tam o'Shanter at a price considerable below that usually charged. The firm also carries a full line of dry goods and men's furnishings.

When the inner man is hungry the best food is none too good. For that reason so many people stop at T. Timbo & Co's. restaurant on North avenue. It is the most accommodating place in town and you can always get what you call for promptly and at a reasonable price.

In making arrangements to celebrate the holiday season do not overlook A. M. Harper, of Park avenue. His stock of toys, dolls, as well as all kinds of writing materials is large and very desirable.

Stephen Voorhees, of this city, has returned from Griggstown, where he has been visiting relatives.

MRS. KIRK THANKS THE BOARD

UNION COUNTY FREEHOLDERS GIVE AND RECEIVE APPROPRIATE GIFTS.

At the last regular meeting of the Union County Board of Freeholders with its present membership, the director, Capt. J. Frank Hubbard, of this city, remembered the Board with his usual Christmas gift, a neat little diary containing much valuable information.

On motion of Freeholder Robison the bill of the W. T. Kirk Company for furnishing pipe to John Wahl, at New Providence, was ordered paid when properly audited.

Previous to the regular business of the session a letter of thanks was read from Mrs. William T. Kirk, a bride of a few weeks ago, thanking the members for a wedding gift on the occasion of her recent marriage. Former Sheriff and Mrs. Kirk were married at Biltmore, N. C., November 25, and the freeholders had remembered them with a pretty gift.

PRAISE FOR T. H. KELLER.

Sporting Magazine Contains Picture and Says Complimentary Things of Former Plainfielder.

The current number of the Sporting Goods Dealer has on its frontispiece a good likeness of Thomas H. Keller, formerly of this city. In referring to him the paper says:

"He made his home in one of the New Jersey suburbs of New York City, and perhaps it was his one-time residence in the State that prompted his fellow officers to choose him for colonel of a regiment of marksmen they organized at Sea Girt. However this may be, the fact remains that the regiment boasted one private and only a score or so of officers.

"For several years Mr. Keller has been the Eastern manager of the Peters Cartridge Company, of Cincinnati, with headquarters in New York City, now at 98 Chambers street, in the center of the sporting goods trade. The immense success of this company's loaded ammunition and the phenomenal popularity of its Semi-Smokless powder are in a very large measure due to the untiring work of its Eastern manager, along every line open to a wide-awake, hustling worker."

Everybody's Christmas Gift!

One Hundred Stores **UNDER ONE ROOF.** One Hundred Stores

Three to five times more useful, desirable, appropriate and acceptable presents for personal comfort and home service than any other store in New Jersey contains. Every section a department, not merely a counter, but a complete store.

The front of our building has a thirty-six-foot statue of Santa Claus, which at night is illuminated by several scores of electric lamps. The benign expression of countenance of the "grand old man" is remarked by everyone.

Inside there is a court with many columns, 35 feet wide, 200 feet deep and 108 feet high. The decorations in this court eclipse all others. Festoons of incandescent and elbe lights, 4,000 in number, extend from cornice to peristyle and from nadir to apex. Red bows, with golden letters, and a pretty "Merry Christmas" in green lights complete the court decoration.

Beyond the bridge extending across the court is a tableau of beauty and interest. Santa Claus has fallen asleep, and as his heart is so thoroughly filled with love and affection for the children he naturally dreams of them and their happiness. This delightful picture is shown with something of a tableau effect.

It is needless to mention that all this beauty of locality and appealing Christmas sentiment is laid right in HAHNE & CO.'S magnificent twelve-acre store at Broad and New streets.

Every department teems with the most desirable goods suitable as Christmas presents and glows with the freshness of the newest products of the best designers and artisans of every country.

From Germany, Switzerland, Austria, France and other nations, as well as from many parts of America, come toys by the thousands, all the way from the little marble at one cent to electrical and other finely constructed playthings at high prices.

You will see here birds in cages that sing, dancing and walking dolls, performing bears, mechanical animals of all kinds, automobiles, steam and mechanical; trains on tracks, mechanical and electric steam engines, steam and mechanical boats.

The boys will all want one of the railroads, complete with track, tunnels, stations, roundhouses, switches, crossings, bumpers, signal lights, etc. Then come trolley cars, hill-climbing toys, steam and mechanical fire engines, and so many more wonderful toys that this ad. cannot mention them all.

The dolls at HAHNE & CO.'S have pretty faces, not blank, idiotic stares, as so often noticed in dolls of the cheap and unworthy kind; and yet these dolls of HAHNE & CO. are in all conscience as cheap as anyone could wish to make the prices

Fine fancy furniture, rich imported rugs, fascinating designs and textiles of upholstery, cut glass and bric-a-brac, lamps, silver, clothing, furs, dinner and tea sets, art needlework and jewelry—in fact, an anending and unceasing collection of desirable and appropriate presents are on sale at HAHNE & CO'S.

It is worthy of especial mention that everyone of HAHNE & CO.'S depts. are entirely so. Just as much a complete store as any in its line (alone) anywhere in the world. The idea of marking off twelve or fifteen feet, or running in a counter, and calling it a department, is foreign to our idea of the eternal fitness of things.

HAHNE & CO.'S Book Department, always three to four times bigger than any other book store in Newark, has been extended into the men's clothing department for the holiday season. You should just see the piles and piles of the most elevating literature, in beautiful bindings and at almost sensationally low prices.

A person can go into HAHNE & CO.'S store at 8:30 a. m., pass a pleasant and profitable shopping experience, take lunch in the restaurant, and put in the remainder of the day in buying. To make a thorough and complete tour of the store will take at least one whole day, but it will be a day very profitably spent.

HAHNE & CO. have more salespeople, increased selling space and better delivery service than ever. But go early in the morning if you can. From now until Christmas it's more a question of what to buy with most people than a matter of price; nevertheless, with many it's important that their Christmas money go as far as possible. Recollect that the HAHNE prices are positively the lowest; that under no conditions, no matter how urgent may be the public's demands, do they lose sight of the great factor of their business, BIG VALUES AT SMALL PRICES.

Some of the advantages which insure safety and comfort to patrons during the busy Christmas shopping season are a strictly fire-proof building, with plenty of exits, broad stairs and aisles, seventeen large elevators, an abundance of daylight and perfect ventilation, found in New Jersey only in the HAHNE store.

On and after Wednesday, December the sixteenth, HAHNE & CO. will keep their store open evenings until Christmas.

LIFE SENTENCE SURE

Bonier, Held on Frehrs' Murder Charge, Is Caged.

HAS CONFESSED THREE FELONIES.

Police Confident He Cannot Escape Punishment, Even If Killing of Aged Couple Is Not Proved—May Be an Old German Convict.

BUFFALO, Dec. 7.—"Even assuming that Charles Bonier cannot be convicted of murdering the Frehrs with the evidence we have in hand," said Chief of Detectives Taylor, "we could on indictments based on his own confessions of three different felonies—forgery, attempted bribery and impersonating another in swearing to legal papers—send him to prison for the rest of his natural life even if he should live ten or twenty years longer."

With comprehensive statements from the aged suspect, Bonier; Mrs. Louise Lindholm, his housekeeper; relatives and neighbors of the murdered couple and other persons before them the authorities are now giving attention to discrepancies that appear in the prisoner's story when compared with the others in hand. Probably the most important discrepancy is that between two parts of Bonier's own statements. First, when asked to explain the mud that Mrs. Lindholm noticed on his shoes when he returned home on the night of Thursday, Nov. 19, the day the Frehrs are believed to have been buried in their yard, he said he had been digging celery. Later he said he went directly to his own home when he left the Frehr home at 4 o'clock that afternoon. The next important discrepancy lies between the statements of Bonier and his housekeeper as to the time he returned home that day. Bonier says he got home before dark. His home was not more than fifteen minutes' walk from the Frehr house. He said he was sure it was 4 o'clock when he and the old folks finished counting the money which he alleges he paid for their property and that he went directly home.

According to that he should have reached there at 4:15. Mrs. Lindholm says it was 8 o'clock. Bonier says he ate supper with Mrs. Lindholm and the children. Mrs. Lindholm says he ate alone after dark and long after their supper time.

Superintendent Bull heard an interesting story from an old German named John M. C. Schultz, who was born in Luechow, Germany. One of the companions of his youth was one Carl Bonier. Bonier, according to Schultz's story, was accused of murder in his native town in Germany. The victim of the murder was John Mese, Schultz's stepuncle and an official of Luechow. Mese was clubbed to death and robbed of a large sum of money. The money was found in Bonier's house, and he was placed under arrest charged with the crime.

The authorities were unable to establish a clear case against Bonier, and he was released after spending five years in prison. Shunned by the people of his native town, Bonier came to America. Schultz also emigrated a few years later and met Bonier in this city.

Schultz will be brought to police headquarters to identify the Bonier under arrest.

Venice Was Under Water.

VENICE, Dec. 7.—As a result of the extremely bad weather, accompanied by a violent wind, which has prevailed for some days, Venice was almost entirely under water for a few hours. At the piazza of the Cathedral of St. Mark the flood rose to a height of four feet, while inside the cathedral the water was so high as to threaten serious damage. Gondolas had to be used from shop door to shop door until bridges were improvised by the firemen, the ordinary bridges having disappeared. There is a fear that unless the weather changes there will be another flood during the night.

End of Colorado Strike Far Off.

DENVER, Dec. 7.—President John Mitchell and Governor Peabody have had a conference lasting three-quarters of an hour, but the settlement of the strike is as far distant as ever. Mr. Mitchell informed the governor that the strike would continue to the bitter end, and the governor just as positively informed the strike leader that he would tolerate no violence, but would order out the troops at the first provocation.

Musical Composer Dead.

CHICAGO, Dec. 7.—Frederick Grant Gleason, director of the Chicago Auditorium conservatory, is dead here of acute pneumonia. Professor Gleason, who was born in Hartford, Conn., in 1849, was one of the most celebrated of American composers. His compositions won for him the recognition of the entire musical world.

Mukden and Antung to Open.

PEKING, China, Dec. 7.—It is reported that the treaty between the United States and China for the opening of Mukden and Antung will be ratified immediately. The benefits of the treaty to foreign trade may be nullified by Russian influence.

Big Loss of Cotton by Fire.

OPELIKA, Ala., Dec. 7.—A disastrous fire occurred here in which the planters' warehouse, containing 800 bales of cotton and a $3,500 engine, was destroyed. The total loss is more than $60,000. The cotton was not insured.

Fire at Auburn, Ky.; Loss, $75,000.

BOWLING GREEN, Ky., Dec. 7.—Fire at Auburn, a town of only 900 inhabitants, eighteen miles south of Bowling Green, caused a loss of $75,000. The origin of the fire is unknown.

Plainfield, N. J., Dec. 7, 1903.

The Daily Press has a higher circulation rating than is accorded to any other paper in Plainfield.—Printers' Ink.

The New Brunswick Times mournfully says: "Dowie isn't the first man to come to New York to get millions, and go home 'broke.'" Why make such a confession? brother?

A news paragraph states that "Governor Murphy has gone West on a tour of his varnish works." Governor Murphy understands the varnish business all right, all right!—Camden Democrat.

Yes, like the goods he sells, he's a "smooth" article.

Good judgment is the essence of success in advertising. One must know how to offer goods that the people want, or that they think they want, which is in effect the same thing. The wares must be seasonable, or they must be seasoned with the savor of seeming to meet present needs. It is indispensable that the successful business man shall understand thoroughly the requirements of the public which he reaches.—Printers' Ink.

Any movement which has for its object the improvement of Plainfield as a municipality, The Daily Press heartily supports. It has always done so and will continue the policy, having its full share of civic pride. The proposition to establish a public park meets with our hearty endorsement and the columns of The Daily Press are open to a free and impartial discussion of the scheme, but we believe that the time has not arrived for such a feature. There are other things of a necessary character, which Plainfield should have before a venture in the line of a pleasure ground is made. While Plainfield is fortunate in possessing numerous improvements, which other cities of larger populations lack, it is without any system of garbage collection. This is a matter which effects the public health and is therefore of primary importance when improvements are being considered. At the present time the householders are compelled to dispose of garbage in any way possible. This is a wrong condition of affairs and there is but one remedy to be applied. The municipality should undertake the work, as it has the task of disposing of the sewage. Unfortunately there are no funds at hand at present to warrant the inauguration of a plan for the municipal collection and disposal of garbage. Neither is there sufficient funds in hand to allow the Common Council to have the streets sprinkled nine months in the year. Street sprinkling under the control of the municipal authorities has proved a decided success, but while the work was being done during the summer and fall, the street department was handicapped by the small number of sprinkling carts owned by the city. When the city's streets are properly sprinkled and the garbage is collected and disposed of in a proper manner, it is time enough to talk about a park.

CITY JOTTINGS.

—Children's Home, 146 Jackson avenue, corner Westervelt. Mrs. Sarah A. Hendrickson, matron. Take Somerset street car to Jackson avenue and walk east two blocks. tf

—Under the supervision of Street Commissioner Gavett a walk will soon be completed on West End avenue, extending from Henry Leifke's property to the Green brook bridge. On several occasions heavy rains have washed the walk away, but the improvement now being made will overcome this difficulty. A gutter on the north side of the avenue has also been dug out.

Texas farmers are being unionized at a rapid rate. Inquiry develops the fact that there are more than 300 farmers' unions in Texas, with a total membership of 40,000, and the organization is spreading like wildfire. It started at Emory, Rains County, under the name of the "Farmers' Educational and Co-operative Union of America."

Eight managers of the Westinghouse Electrical Company, including those from San Francisco, Seattle, Los Angeles and Western States, report that business is so brisk and money so plentiful in their territories that they will greatly increasee their orders for next year over this year. Two of the managers report that they believe there will be a falling off in their districts next year.

Strikers Shot the Sheriff.

BESSEMER, Mich., Dec. 7.—Striking miners attacked the nonunion men at work in the shaft at Sheffield, and when Sheriff Olson, who attempted to quell the disturbance, worked his way among the aggressors he was shot in the head and seriously wounded. After the shooting the strikers dispersed, and the leaders are said to be in hiding. Under Sheriff Rowe has gone to the scene with a posse of twenty-five deputies and will arrest all who had a hand in the rioting.

Horrors of the Kongo.

LONDON, Dec. 7.—The British consul in the Kongo Free State has just completed a tour of investigation undertaken under the orders of his government, and he fully confirms the worst reports of outrages perpetrated on natives of that part of Africa. He found that the most terrible slavery exists, the administration is atrocious, and if there is not speedy intervention the country will become desolate.

Train Robbers Foiled.

HARRISBURG, Pa., Dec. 7.—An attempted train robbery was frustrated by Special Officers Rodker and Heisler of the Philadelphia and Reading railroad in the Rutherford yards. William B. AMUSEMENTS.

"Winsome Winnie" with petite Paula Edwards' hand on the bridle, came under the wire at the Casino last Tuesday, a winner, distancing all musical comedy competitors in the quality of music, the dash of action and the charms of her fair women. She proved a thoroughbred from start to finish, and the grand stand throng of first-nighters took her straight to their hearts. This is largely due to the fact that the theatre-going public is weary of banal melodies and hungry for the good old harmonies of light opera, with which "Winsome Winnie's" score abounds.

Broadway, somewhat jaded by the long continued visitation of musical farces, French vaudevilles, colonial plays, emotional dramas and "society" stage hysterics, has been awakened from its lethargy by the appearance of "The County Chairman," George Ade's new rural comedy. This work, presented last week by Henry W. Savage for the first time in the East, met with recognition as enthusiastic and instantaneous as it was unexpected. George F. Marion, who is Mr. Savage's general stage director, has gained renewed distinction through the skill with which he has "put on" "The County Chairman," with its twenty-two speaking players and 150 supernumeraries.

The Foreward Movement Club will meet at Y. M. C. A. Hall on Monday at 8 p. m. The second period in the life of David Livingston will be considered. All men interested are invited.

The first of the meetings for Bible study to which all are invited will be addressed by Mr. Greenwood at Y. M. C. A. Hall on Wednesday at 3 p. m., and the first boys' meeting at 4 p. m. The first of the series of men's meetings will be held on Tuesday, Dec. 8 at 8 p. m.

An Ideal Location
Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE
LINDEN, N. J.
Beautiful and Accessible
2 Miles from Elizabeth, 7 Miles from Newark,
14 MILES FROM NEW YORK
On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.
BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.
BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.
BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

FOR INFORMATION concerning lots in these beautiful Park Cemeteries, and FREE transportation to prospective lot buyers, apply at once to any LEADING UNDERTAKER or offices of the Associations:

TYNER ASKS JUSTICE

Ex-Assistant Attorney General Addresses Roosevelt.

DENIES ALL ACCUSATIONS MADE.

Calls Action of President In Commenting on Bristow Report In His Case "Premature and Unwarranted" In Assuming Guilt.

WASHINGTON, Dec. 7.—Mr. James N. Tyner, who was assistant attorney general for the postoffice department until deposed on account of matters connected with the postoffice investigation, has sent the following letter to President Roosevelt:

"In your official statement as president of the United States, addressed to the American public, in connection with the report of Fourth Assistant Postmaster General Bristow on the alleged postal frauds, you make certain statements concerning my supposed connection therewith, which I take the liberty of answering in order that I may properly go upon your official records.

"I do not desire to question your good faith or sincerity in accepting the conclusion of your subordinate, Mr. Bristow, and in dignifying them with the weight of your high official position, but has it occurred to you that pending the trial of the three indictments against me, based on the allegations of the report and without having heard one word from me in my defense, your premature and unwarranted announcement of my assumed guilt and your call to the court and jury to indorse the same is, to say the least, extraordinary and dangerous? I am not even asking that I should be presumed innocent or that before I am condemned by you or the department I should be confronted by proofs and witnesses or given an opportunity to be heard in my defense, or that in the trial which confronts me I should have a fair trial. All I am asking is that, in view of the uncertainty of my life and the fact that my lips may at any moment be forever sealed, this letter be filed among your official records of my case, together with my letters of July 27, 1903, to Mr. Bristow, a copy of which I attach.

"I desire again specifically to deny every one of the veiled charges made by Mr. Bristow in his report and to call your attention to the fact that not one direct or specific charge is made against me in the conduct of my high office, nor has, nor can, one cent of gain be traced to me. If my life is spared I shall fully refute all the surmises and insinuations of Mr. Bristow and shall be able to show the reasons which led him to withhold from you full data and to garble, misquote and falsify that which he did submit to you.

"I also desire to state that if any of 'the friends of Tyner' have, as you alleged, advanced the theory that in this case the chief offender was 'my nephew Barrett' and that my alleged offenses were due to my failing mental and bodily powers they did so without my knowledge or assent. It is true that, owing to two strokes of paralysis, my bodily powers have failed me, and I may have to face a truer and sterner Judge ere many days, but my mental powers, I thank God, have never suffered and I trust will not fail me until I have convinced the American public and you, as chief executive, that my acts have been honest, honorable and straightforward in the sight of God and man. I am confident that the relations of Mr. Barrett with me and my department were as innocent and honorable as I am sure were all my motives and acts.

"I also wish to deny your utterly unwarranted statement that 'the gross corruption in the case of Tyner has gone on for a number of years.' You should know, and your subordinates do know, that no single act of corruption, gross or mild, has been discovered against me, and the United States government, with its forty inspectors and its chief inquisitor, Mr. Bristow, will be unable to discover one.

"I have tried by forty odd years of faithful service to my country to prove my zeal for faithfulness and honesty in the public service, and I now say to you, the president of the United States, my chief accuser, as if it were the last word I shall ever utter, that in your well recognized and honorable zeal for the public good you have allowed yourself to be deceived and imposed upon, and while I cannot hope for a hearing at your hands I shall at least give myself the wretched solace of having denied these wrongs and of having demanded that hearing which right and justice ought to accord me."

Coffee Planters Are Pleased.

SAN JUAN, Porto Rico, Dec. 7.—President Paniagua of the San Juan chamber of commerce has received a private cablegram from Paris informing him that the French senate and chamber of deputies will refuse to approve the proposition to impose an extra duty on importations of coffee after Jan. 1 next. This news is very gratifying to the coffee planters here, as it means the keeping open of the principal market for the Porto Rican product.

Submarine Boat Still Lies Stranded.

NORFOLK, Va., Dec. 7.—Advices from Currituck over the coast wires report that the sea is becoming much rougher, thus adding to the peril of the stranded submarine torpedo boat Moccasin. The Merritt & Chapman Wrecking company tug has not up to this time left Norfolk for the scene. The Yankton and Vixen are still standing off the coast near Currituck, but are unable to do anything to float the Moccasin.

CONGRESS CONVENES

Fifty-eighth Regular Session of the House Now On.

APPOINTMENTS MUST BE RENEWED.

General Wood Reverts to Rank of Brigadier, and 167 Army Officers Will Also Revert to Their Former Rank.

WASHINGTON, Dec. 7.—The house has convened in regular session. Much has been gained by the intervention of a special session, and the work of the regular session will be advanced fully two weeks, as ordinarily it requires the time up to the adjournment for the holiday recess to complete the organization of the house.

It will now be possible to pass at least two of the general appropriation bills before the recess is taken, and some of the house leaders hope to accomplish this.

Pending reports from committees the house will take up such matters as may be brought before it for consideration by unanimous consent, but the real work will not begin until the committees have had time to act on measures referred to them.

It is expected on the house side that the Christmas recess will be taken about Dec. 22 and that on reassembling after New Year's the house will get to work in deep earnest preparatory to as early a final adjournment as practical.

The extra session, having expired by limitation, elminates the possibility of a recess between the two sessions and opportunity for the president to review his civil and military recess appointments. Such appointments as have not been confirmed by the senate during the extra session must be renewed.

This action will denote General Leonard Wood from his present rank of major general, to which the senate has not confirmed him, to the rank of brigadier general. It also will denote in like manner 167 army officers who were promoted respectively to fill the vacancies caused by the promotion of General Wood.

IN THE SENATE.

Extraordinary Session Merges Into Fifty-eighth Regular Congress.

WASHINGTON, Dec. 7.—The senate today passed so quietly from the extraordinary session into the first regular session of the Fifty-eighth congress that spectators who are not familiar with its proceedings would scarcely have realized that a change had occurred. Senator Frye as president pro tempore announced that as the hour for the convening of the regular session had arrived the special session was now adjourned. The regular routine of business then proceeded as if there had been no interruption.

The Cuban reciprocity bill was taken up and will continue to be the regular business before the senate to the exclusion of all other matters except those of a routine character until the 16th inst., when a vote will be taken. Senator Cullom, who is in charge of the measure, made a statement in support of it. He was followed by Senator Teller and Senator Morgan in opposition and they in turn by the other senators who objected to the bill.

Congress Committee Chairmen.

WASHINGTON, Dec. 7.—Speaker Cannon has announced his committee appointments. There are several changes in chairmanships, made necessary by the retirement from congress of former chairmen and by shifting of places. The most important new chairmen are Messrs. Hemenway of Indiana, appropriations; Overstreet of Indiana, postoffice; Sibley of Pennsylvania, manufactures; Gillet of New York, public buildings; Southwick of New York, education, and Mondell of Wyoming, irrigation.

Young Girl Shot Assailant.

WILLIAMSON, W. Va., Dec. 7.—William Howardson, an alleged outlaw of notoriety, who worked in the lumber camps near Thacker, this county, was shot and mortally wounded by Miss Katie Roubough, a girl of less than twenty years old, who is employed as a telegraph operator for the Norfolk and Western railroad at Thacker. Howardson entered the tower where the girl was at work alone and attempted to embrace her, but the girl had a revolver. Four shots were fired, two of which penetrated Howardson's chest. He will die. The girl, after firing the fatal shots, called up the operator at Williamson, related her experience and told him she would no longer be on duty that night. She then walked a quarter of a mile in the darkness and surrendered to a magistrate. No one witnessed the tragedy, the inhabitants of the village all being asleep at the time. Miss Roubough lives near Pulaski, Va. She was released on her own recognizance.

Roosevelt Was Gallant.

WASHINGTON, Dec. 7.—President Roosevelt was riding in Rock Creek park when he witnessed an accident to Mrs. William Pettus of this city and gallantly went to her assistance. Mrs. Pettus had been thrown from her horse and lay for a moment unconscious in the roadway until the president dashed up and dismounted. President Roosevelt assisted Mrs. Pettus to her feet, while his orderly went in pursuit of her horse. Mrs. Pettus was only slightly hurt.

OBJECTIONS MADE TO NEW SCHOOL SITE

Scheme to Erect Building in Borough's West End Does Not Meet With Favor.

IS ARGUED PRO AND CON

MAYOR SMALLEY'S SUGGESTION THAT TWO BUILDINGS BE ADDED.

Vote in Favor of Greenbrook Site Five to Four—Location in Southeast Section of Borough Recommended by Some.

Criticisms are being heard in North Plainfield about the action of the Board of Education in selecting a site for the new school building at the corner of Grove street and Greenbrook road. It is held that they should have selected the two or more sites which they considered the most desirable for school purposes and then submitted them to the people at a public meeting to be held some time next month. An argument has been advanced favoring the West End site for the school, because it will build up that end of the town. That seems to be the prime matter of importance.

It has developed that the site was decided upon only after a lengthy discussion which lasted until midnight and that even then the vote resulted in five to four in favor of the Greenbrook location. It is said that some members of the Board were in favoring of submitting two proposed sites to the people.

When the census of school attendance was taken with a view to ascertaining the most desirable location for the school, as far as the number of children in any location was concerned, it was stated that the largest increase in the number of children and in the growth of the town was in the division bounded by Fairview avenue, Somerset street, East Front street and the borough limits. It was recommended that the school be located in that locality.

Washington Park people will, it is said, in some cases, object to sending their children to a school situated in that vicinity. They have done it in the case of the Watchung school, it is said. Advocates of the location of the school building in the West End declare that if the building is placed in the south eastern part of the borough, it will necessitate the children walking long distances to and from school. As Mayor Newton B. Smalley suggested at the last meeting of the Board of Education meeting, two buildings are needed. The building which is about to be erected will meet the needs only for a few years. North Plainfield is growing. New property owners are coming into the place almost every week and the increase in the number of pupils in the last year or two, shows that it is probable that this increase will be kept up.

MRS. MILLER'S FUNERAL.

Services Held From Residence of Her Son, Dudley S. Miller.

The funeral services of the late Mrs. Phebe P. Miller were held yesterday afternoon from the residence of her son, Dudley S. Miller, Orchard place. Rev. Dr. D. J. Yerkes, pastor emeritus of the First Baptist Church, officiated. There was a large attendance of frinds and neighbors. During the service Miss Etta Raybert sang "Sometime We'll Understand," and "Nearer My God to Thee." The interment took place this morning at Madison, N. J.

I. C. T. Fair Closed.

The biggest crowd that has attended the I. C. T. club fair this season was present last night, numbering something more than 350. Lively sales were the order throughout the evening. The hand painted sofa pillow was raffled off to Mrs. H. P. Greenwood and a handsome painting was won in the same way by Miss Louise Myers, of Scotch Plains. Other articles remaining unsold were auctioned off by Burlin Banks.

Muhlenberg Crowded.

Recently Muhlenberg Hospital has been crowded to the limit with patients, and as a result, a few days ago an important operation had to be postponed two or three days, owing to several other operations ahead. These conditions show the need of the new hospital which it is hoped will soon be occupied.

WAR NOT NECESSARY SAYS PROF. SUMNER

Under Auspices of Yale Club Famous Authority on Political Economy Talks.

U. S. IN UNIQUE POSITION

SPIRIT OF MILITARISM IN THIS COUNTRY DEPLORED BY THE SPEAKER.

Great Opportunity Given America to Do Away With Barbarous Expedient of War—Reason and Conscience to Bring Other Methods.

Quite an unusual lecture was that given last night in Grace Parish House, by Professor Sumner, of Yale University, under the auspices of the Yale Club. The subject was "The Share of War in the Development of Civilization." While Professor Sumner's talk was thoroughly scholarly, and contained a great deal of information, it was popular in style and full of humorous touches.

In beginning, Mr. Sumner quoted the often-made statement that war is a necessary evil, and natural to mankind. He then proceeded to prove, by a careful review of the life customs of many primitive nations, that neither a state of war nor a state of peace was the condition of men in the early days of civilization, but that peace and war developed together and side by side. The two great forces in the world, he said, are combination and competition, and the two operate together. As mankind separate into groups, large or small, they combine for the common good of those inside, but develop a spirit of hostility to all outside. One result aids the other; as organization and discipline within increase, victory over those without is more assured. The two forces, at the present day, have come to be known as industrialism and militarism.

The reasons for which men have gone to war were mentioned by Mr. Sumner; prominent among them the acquisition of territory, slaves, commerce, love, revenge, honor, glory and religion. While religion naturally makes for peace, it has been one of the principal producers of war, and war of the most bitter and ferocious type.

With regard to the United States, Mr. Sumner said that it held a unique position; isolated from other nations, with no strong neighbors close by to guard against, it has not the reasons of the European nations to go to war. The development of its industrial and political interests do not make war necessary. The rise of the spirit of militarism in the country was deplored by the speaker. A great opportunity, he said, had been given to the country, to show that a nation could do without the barbarous expedient of war; and the opportunity had been thrown away, the nation had adopted the old way of settling.

In the latter part of his lecture, Professor Sumner emphatically repeated that while war had in the past had a considerable part in bringing things to pass, the time was now ripe for reason and conscience to insist upon more rational methods. The only alternative to more bloodshed is more reason. No war which can be avoided is right; war is only a makeshift, to be avoided. It is the task of statesmen to find more rational expedients.

Make up your mind, he said in closing, whether you want peace or war. And then get ready for it. For what you get ready for, that you will have.

KEPT BOYS IN LAUGHTER

CHARLES R. TAGGART FURNISHED UNLIMITED AMUSEMENT AT Y. M. C. A.

In the third of the series of entertainments in the Intermediate and Boys' department course at the Y. M. C. A. last night, Charles R. Taggart royally entertained a large number of lads. Mr. Taggart's performance was versatile, and equally pleasing whether in the line of ventriloquism or as a monologist or in doing musical stunts with voice, violin or piano. His impersonations of odd characters such as an old country fiddler or dude kept his hearers in an uproar of laughter.

Other features of the programme were music by an improvised orchestra under direction of Kenneth Shupp and a tenor solo by William Jeffery. The ushers from the boy's department were Martin Stutsman, Augustus Nash and Harry Woodland. Stuart Freeman punched the tickets.

A DEFECT IN PRIMARY LAW

NO PROVISION FOR ELECTION OF PRESIDENTIAL DELEGATES.

One of the first measures to engage the attention of the next Legislature will be an amendment to the imperfect primary law adopted at the last session.

In drafting the new primary law ex-Senator Stokes and his associates on the commission appointed for that purpose overlooked the fact that New Jersey was in the union, that she is entitled to a say in the matter of electing a President of the United States. No provision is made in the law for primaries to elect delegates to the State convention that names the delegates to the national convention.

Each State in entitled to double the number of delegates to the national convention as there are representatives in the congress of the United States. Thus New Jersey will have twenty-four delegates to the next national convention, twenty from the ten congressional districts and four delegates-at-large.

The first step in the preliminaries for the national convention will be taken at a meeting of the Democratic national commitee next month. This committee, on which Mr. Gourley is the New Jersey representative, will meet next month to issue the call for the national convention. Following this meeting the State committees in the various States will take action.

The primaries in this State will, in all probability, take place in April, and the State convention in May. It is expected that the national convention will be held in June.

The rally will be the second of a series of Democratic rally meetings to be held throughout the county during the winter.

SICK BENEFITS ABOLISHED.

Plainfield Exempts Make Important Change in the By-Laws.

The Exempt Firemen's Association met in its rooms on Park avenue last night and discussed amendments to its by-laws at a business session of several hours. The most important alteration was in connection with the sick benefit fund which heretofore has been supplied from membership dues. It was considered advisable to cut out the sick benefit rather than raise the dues. The burial fund will still be maintained.

Warren's House Warming.

Arrangements are being made by the company, at the invitation of Warren Engine Company, to assist the latter company in their house warming when it moves into the new engine house on Somerset street.

FIRE DEPARTMENT CAPTAINS APPOINTED

Common Council Transacts Much Business at Its Regular December Meeting.

UNDERGROUND WIRES

BILL TO BE FRAMED FOR PRESENTATION TO THE LEGISLATURE.

One Regular and Several Special Policemen Appointed—Council Returns Deposit Check to the Bidders for School Bonds.

There was a great amount of routine business considered at the December meeting of the Common Council held last night. There was the appointments of three captains in the fire department to take the place of the foremen. This was done in accordance with a resolution offered by Mr. Lee, chairman of the fire committee. James Daly was made captain of No. 1 Hose Company; William Townley of No. 2 Hose Company, and George Feiring of No. 3 Hose Company. At the same time the rule governing the fine to be imposed upon a member of the department for an infraction of rules was changed from $5 to one month's pay.

Mayor Jenkins appointed Peter Hamilton, John Albert and Jacob Dunham as special policemen, with the understanding that Mr. Hamilton, who recently passed the third best civil service examination, is to go on as a "regular" at once with the ultimate idea of being appointed a "regular" in the near future, if found satisfactory. According to the statement of President Buckle, Mr. Hamilton is an ideal man for the position of policeman. He is almost perfect physically, 33 years of age, and has had previous experience. He is a former member of the Board of Aldermen and a sheriff at Elmira, N. Y.

Mr. Tyler took exception to the promiscuous appointmenst of specials and believed more care should be used in this matter, inasmuch as the wages of the "regulars" have been raised. President Buckle, as well as Mr. Gloak and Mr. Randolph, the latter chairman of the police committee, endeavored to explain matters for Mr. Tyler and tell him of the prevailing rule regarding the appointment of specials, that is that they cannot be made "regulars" only by the usual vote of the Council after passing an examination, and the men have to come up to the requirements. In the case of Mr. Hamilton he simply takes the place of another man who declined the position after passing his examination. Upon the conclusion of the remarks on the subject, the Council confirmed the appointments.

There were a great many petitions received, including several regarding tax matters in which there appeared errors. One of these was from Elston M. French, who purchased a property on Elizabeth street, supposed to belong to Jane Bundy. It was sold under the Martin Act with this understanding. It now appears that a Mrs. Keefe owns the property and has paid her tax. Mr. French signified his willingness to give up the property, provided the Council reimburses him to the extent of $88 95, the amount the deal cost him. In accordance with a resolution by Mr. Daniel this action was taken.

E. L. Finch, owning property on Arlington avenue, and F. E. Kinsman, owning property on Pemberton avenue, complained of wrong assessments and petitioned to have these matters adjusted. The American Sabbath Tract Society petitioned the Council to exempt it from the paymen of a tax on eight shares of bank stock, claiming it to be part of an endowment fund used for religious purposes. These matters were referred to the proper committee.

In view of the fact that the recent new school law was declared unconstitutional, Ladenburg, Thalman & Co., of New York, the successful bidders for Plainfield's $60,000 school bonds, communicated with the Council and asked to have the firm's $1,000 deposited check returned to them. Under the circumstances they did not care to take the bonds. The request was granted upon a resolution offered by Mr. Daniel.

Among other petitions was one from Carl Linmark, of Pond place, objecting to a dog tax imposed, claiming he does not own a canine. Residents of Terrill road and East Second street asked for three electric lights and residents of Leland avenue asked for an extension of the sewer through

W. A. BOE, AN EMBEZZLER?

PLAINFIELDER HELD IN BAIL TO ANSWER CHARGE OF HIS EMPLOYERS.

On a charge of embezzlement, William Albert Boe, of this city, was held in $300 bail last night by Justice Huff for a hearing Friday of this week. Boe was for fourteen years the representative of the firm of Patterson Bros., of Newark, dealers in cigars and tobacco, and when they were succeeded by John R. Miller & Son, he continued to sell goods for the firm in Plainfield. Some time ago he resigned and when asked to reconsider his resignation is said to have refused. The discovery of a shortage in his accounts amounting to something over $50 was followed by his arrest by Patrolman Overbaugh yesterday afternoon. Bail was furnished by Henry Haurand, Stonewall Jackson and Boe himself.

MRS. A. J. WINCKLER BURIED

REV. C. L. GOODRICH AND REV. DR. E. L. EARP OFFICIATED AT OBSEQUIES.

Funeral services over the remains of the late Mrs. A. J. Winkler were held yesterday afternoon at 2:30 from her late residence on Park place. Rev. Charles L. Goodrich officiated, assisted by Rev. Dr. Edwin L. Earp. The services were attended by a large number of relatives and friends.

Rev. Mr. Goodrich read the Scripture and spoke of the departed in a tender way, especially regarding her religious faith. He told of a beautiful dream she had a short while before her death in which she saw a glimpse of the future and of the faces of loved ones gone before. The pastor read parts from Pilgrim's Progress. Elmer Runyon sang several selections and Rev. Dr. Earp offered prayer.

The interment was in Hillside Cemetery. The pall bearers were: Warren, Edward and Elmer Weisman, grandsons, and Dykman Winkler, and Elmer Winkler, and William Smith, of New Brunwsick, nephews.

'PLAINS PROSPECTS FOR A CRACK TEAM

Manager Johnson Already Arranging a Strong Nine for Season of 1904.

STORY OF YEAR'S WORK

BUSINESS-LIKE METHODS HAS PLACED CLUB ON A PAYING BASIS.

Balance on Hand for Opening of Season—Players at Nominal Cost—Batting Averages of the Members for Last Season.

The chilly blasts of winter cannot put a damper upon the National game of baseball at Scotch Plains. While the fans are unable to enjoy their usual weekly game Saturday afternoons, they are nevertheless active and are already planning for the work of the season of 1904. The last season was one of the best the local team has ever enjoyed. Good clean baseball was furnished and the fame of the team spread to neighboring places. This helped to enrich the treasury and the club was one of the few teams in this section that could strike a balance on the right side at the close of the season.

Ball players came high, but Manager Johnston was enabled to present one of the fastest teams in the State at a nominal cost, because when he signed the team for 1903 he guaranteed them a season of play and the result was practically the same, the team being maintained during the whole season. No fancy prices had to be paid to help strengthen with as continued practice together enabled the players to put up a much faster article of baseball than a team of stars could have done, as they would lack team practice.

Manager Johnston showed his good judgment during the summer, by hiring out-of-town umpires. This was an innovation which was convincing to the baseball public that a fair game was assured visiting teams. Expenses were kept down by the management not carrying any extra players. During the twenty-three games played only fourteen players were used. The record made of eighteen victories and five defeats was encouraging to the supporters of the team, and when the season closed it was decided that the coming season Scotch Plains would have as fast a team as it as possible to get together. Manager Johnston is already scouting for the lineup for 1904. It is quite probable that many of the familiar faces will be found in their usual positions when the cry of "play ball" is heard in May. Several have already promised to don the Scotch Plains colors again. The uncertain ones are Davis, who occupied the box. "Lefty's" record during the season was watched by some of the minor league teams and an offer was made him but he refused on account of a good position he held with the Metropolitan Traction Company, but the fans are worrying for fear this inducement offered will be too alluring and Lefty may change his mind. If not, he will no doubt be a member of the local team next season.

Secretary and Treasurer Arthur Haskard's report shows, receipts from all sources $1,593.48; expenses including grand stand and rent of grounds, $1,334.93, leaving a neat balance of $258.55.

Following is the batting averages and the number of games participated in during the season by the players:

	Average.	Games.
Baldwin	.526	7
Hand	.500	3
Conley	.500	6
Bryan	.423	6
Brogan	.423	23

PROFESSOR SMYTH'S SCHOLARLY ADDRESS

Richardson and Fielding and Their Influence on the Modern Novel, His Subject.

BEFORE BIG AUDIENCE

THE MONDAY AFTERNOON CLUB HEARS CELEBRATED PHILADELPHIAN.

Description of Habits and Surroundings of Fielding and Richardson—Pioneers in Their School—Some of Their Works.

Dr. Albert H. Smyth, dean of the department of English literature in the Central High School, of Philadelphia, who delivered a lecture before the Monday Afternoon Club yesterday afternoon at the Casino, was greeted by a large audience that gave close attention to his scholarly discourse on "Richardson and Fielding and their Influence on the Modern Novel." Dr. Smyth described these writers as pioneer novelists very different in their station, habits of thought and ways of living, with a mutual hatred for each other. Richardson was prim, vain, fond of the fair sex and a cup of tea withal a sentimentalist in writing, while Fielding who was allied with princes, was robust and vivacious, describing his characters and ale-house scenes with dash and spirit.

Richardson, called by some "Columbus" in his explorations in new fields of literature attained celebrity by his first work "Pamela," published in 1741. Fielding caricatured this book in his "History of Joseph Andrews," whom he introduced to his readers as a brother of Pamela. "The History of Clarissa Harlowe" published by Richardson in 1749 was a voluminous work extending to eight volumes. It was written in the form of letters and is a marvel of epistolary skill. Richardson's "History of Sir Charles Grandison" was published in 1763 in seven volumes and the progress of the narrative is so slow that Dr. Johnson said of it, "Were you to read Richardson for the story, your impatience would be so fretted, you would go hang yourself."

Fielding's great work was "Tom Jones" which had a plot of great skill and in which he showed himself the graphic painter of common features of character Sterne, Smollett and Goldsmith followed these successful writers, and except Miss Burney's three books, of which "Evalina" is the most famous, there was no novelist of note until Jane Austen, at the close of the eighteenth century, gave her beautiful pictures of life full of high imagination and unobtrusive tenderness.

Reference was made by the speaker to the famous Waverly novels by Walter Scott, the inimitable writings of Thackeray, the pessimistic stories of Thomas Hardy and the later books of George Meredith.

Dr. Smyth said in substance at the close that modern realism had succeeded to the sentimental school and long drawn out descriptions of character and incident, but the analysis of sentiment and character of the early novelists had been handed down to the modern writers of fiction whose analytical process comprehended every shade of emotion and phase of thought.

Trolley Changes.

The local trolley cars, Sunday, were run under the same schedule that is enforced after 7:30 at night, that is one car was taken off the Dunellen-Netherwood line and the other four cars were obliged to do the work of five cars. This seems to work all right when the traffic is light, but it has been suggested that the rate of speed for night travel is too fast, in fact, making accidents more probable. The motorman is obliged to make his time and it requires a high rate of speed.

Fancy Articles.

An excellent opportunity will be given to purchase fancy articles, cake and candy at a sale to be held from 3 to 6 o'clock, tomorrow afternoon, at the home of Mrs. J. V. Beekman, 216 West Eighth street, under the auspices of Alpha Circle, King's Daughters.

EXCEPTION MADE TO REPORT FILED BY D. OF T. H. COMMISSION.

Inspector Addis, of the Plainfield Board of Health, takes exception to the report made on Plainfield by Deputy Inspector Thomas Brady, of the New Jersey State Tenement House Commission. In this he is substantiated by the agent for the property. Mr. Addis also says that No. 239 West Front street is in excellent condition from a sanitary standpoint, and is provoked that the State Commission should inspect Plainfield without notifying the local board.

A COLOMBIAN ARMY.

Cruiser to Reconnoiter For Rumored Advance.

MAY ATTACK FROM CARTAGENA.

Commander of the Cruiser Atlanta Will Watch Coast For Signs of Hostility on Part of Government at Bogota.

WASHINGTON, Dec. 8.—The dispatch of the cruiser Atlanta to the gulf of Darien is of great importance and interest in connection with the rumor from Colon of the departure of Colombian soldiers for the isthmus of Panama. This is about 180 miles east of Colon, and the cruise in those waters will enable her commander to keep in close touch with developments in the Colombian situation originating in and about the vicinity of Cartagena, from which place, it is rumored, the soldiers are to march on the isthmus.

Naval officials decline to say whether the dispatch of the Atlanta to the gulf of Darien is the result of any intimations of warlike operations on the part of Colombia. They content themselves with expressing the opinion that it will be impossible for Colombian troops to march overland to Colon or Panama because of the impassibility of the country to be traversed. Nevertheless the departure of the vessel is regarded as significant as indicating the intention of the officials of the United States to be on the alert.

To the Colombians in Washington the reports from Colon produced a mystifying effect. They will not say whether they believe the rumors or not.

"Perhaps it is so. I do not know," said one of them as he shrugged his shoulders. The Colombians believe there are 3,000 or more soldiers at Cartagena and at the various points along the seacoast available for such a purpose as that stated in the dispatch from Colon should the government desire to use them.

The commissioners from the department of Bolivar, who have been in Washington for some time with a view of learning the American attitude respecting the isthmus of Panama, will leave New York on their return journey for Colombia on Saturday. They will sail for Cartagena, which is in the department of Bolivar. They have secured from Dr. Herran and General Reyes a full statement of the condition of affairs as they exist here and at Panama and will carry this news back to their government. The commissioners had no diplomatic status. Their quest was simply one of inquiry. The commissioners are Messrs. Jiminez and Blanco.

Regarding the report that Colonel Torres, one of the Colombian officers, had been paid $8,000 in gold to embark his troops on board the Royal Mail steamer Orinoco and be transferred to Savanilla, General Reyes said that the acts of Colonel Torres in accepting the money was now under inquiry in Cartagena by officials of his government, to be followed by a court martial of that officer in the event that the reports as to Colonel Torres were found substantiated to their satisfaction.

General Reyes is still awaiting further instructions from his government pending any further move in connection with his mission here.

AN ARMY OF THREE THOUSAND.

Report From Colon That Isthmus Is to Be Attacked.

COLON, Dec. 8.—A rumor is in circulation here to the effect that 3,000 soldiers have left Cartagena for the purpose of invading the isthmus, but details are unknown. The report probably had its source in Port Limon, Costa Rica, where it was brought by steamer from Cartagena.

The only possible means of approaching Panama is by narrow and difficult mountain passes through the Indian country. The United States cruiser Atlanta is now off the Indian coast.

The United States auxiliary cruiser Dixie today landed a company of marines, who have established a camp at Empire Station, near Culebra cut. The battleship Maine is coaling near Bocas del Toro.

Pastor Nearly Lost His Life.

ROSENDALE, N. Y., Dec. 8.—The Roman Catholic Church of St. Peter's at this place has been destroyed by fire. The loss is estimated at $20,000. Father Lenez, the pastor of the church, was overcome by smoke and narrowly escaped with his life while attempting to save the sacred vessels which were afterward saved by his assistant, Father Cummings.

Murder With Stove Wood.

OKLAHOMA CITY, Okla., Dec. 8.—Oscar Letheredge killed Oscar Smith, his brother-in-law, here, crushing the boy's skull with a stick of stove wood, and probably fatally wounded J. E. Smith, another brother-in-law, because the boys tried to eject Letheredge from their father's home, where Letheredge had forced an entrance to see his divorced wife.

Five Years' Sentence For Fraud.

COLUMBUS, O., Dec. 8.—Harry J. Hoover pleaded guilty to making false entries and fraudulent issue of a certificate as cashier of the People's National bank of Newark, O., in the United States court here. He was sentenced to five years in the penitentiary.

THERE WAS A RECESS

President Roosevelt and Advisers Reach This Decision.

TIME ELAPSED BETWEEN SESSIONS

Appointment of General Wood and Other Army Officers Are Considered to Be Recess Appointments and Renominations Sent In.

WASHINGTON, Dec. 8.—President Roosevelt has sent to the senate the nomination of General Leonard Wood to be a major general of the army and the nomination of 167 other army officers whose promotion is dependent on that of General Wood.

Accompanying these nominations were those of about twenty-five civilian appointees, including that of Dr. W. H. Crum to be collector of the port of Charleston, S. C., and some others whom the president nominated in the last recess.

These appointments are considered by the president and his advisers to be recess appointments. The question of their status has been discussed thoroughly by the president with the best lawyers connected with the administration in congress. The conclusion has been reached that between the time of the falling of President Pro Tempore Frye's gavel signifying the conclusion of the extraordinary session and the calling to order of the senate in the regular session of congress an appreciable lapse of time occurred.

While the nominations are dated to take effect from the time the commissions were first issued on the recess appointments, it is the general opinion of members of the senate that the nominees will retain their old rank until the nominations are confirmed despite the fact that all of the officers affected have been serving for nearly three months under the advanced rank and pay to which they will be entitled when confirmed. On this theory General Wood will cease to serve as major general and will resume his rank of brigadier general and hold it until he is confirmed in the higher rank. When he is confirmed, however, he will receive a commission dated Aug. 8, and his advanced pay will take effect from that time.

The senate committee on military affairs resumed its hearing in the Wood case, with Commander Lucien Young of the navy on the stand.

Commander Young was subpœnaed by the military affairs committee at the request of Major Estes G. Rathbone, who had furnished to the committee a list of questions which he desired to have addressed to the witness. Much testimony was brought out in relation to the charge that General Wood after assuming the duties of governor general of Cuba employed detectives not connected with the army to shadow certain army officers for the purpose of reporting their actions to him.

Notice has been given by the committee to Senators Hanna and Teller, who made the protests against the confirmation of General Wood to be major general, that they must have all of their witnesses here before Dec. 16, when it is expected the investigation will be closed. It is believed by opponents of General Wood that this order will have the effect of curtailing the extent of the inquiry. It has not yet been decided whether it will be necessary to summon any more witnesses from Cuba, though it is known that several persons who have been before the committee will be recalled. Among the latter are General Tasker H. Bliss of the general staff, Major Runcie, author of the magazine article attacking the administration of General Brooke, and M. C. Fosnes, postoffice inspector, who served as director of posts in Cuba for the postal investigation.

Thought to Be Murdered.

BAINBRIDGE, Ga., Dec. 8.—John Sapp, a prominent merchant, has disappeared, and it is thought he has been murdered. Mr. Sapp, with his wife, left his father's house to drive home. About a mile from his father's home three or four men pulled Mr. Sapp out of the buggy and, presumably for effect, fired several shots. As soon as the men got Mr. Sapp out of the buggy his wife drove back to the father's house, but when a party returned to the scene no one was to be found. Mr. Sapp had $500 in his pocket, and his brother thinks that the men were after him for the purpose of robbery.

Women Did St. Peter's Act.

HASTINGS, Colo., Dec. 8.—Eleven wives of striking coal miners here attacked Marshals Hightower and Waybright while the officers were razing some shanties on the Victor Fuel company's property in the Italian quarter. Marie Vanelli struck Hightower on the head with a butcher's cleaver, nearly cutting off an ear. Other women gave Waybright a severe beating. The women were arrested.

Overruled Attorney's Prayer.

BALTIMORE, Dec. 8.—In the United States district court, in the case of Columbus Ellsworth Upton and Thomas W. McGregor, on trial for conspiracy to defraud the government on mail pouch contracts, Judge Morris overruled the prayer of attorneys for the defense to take the case from the jury on the ground that the government had failed to prove a prima facie case against the accused.

Former Attorney General Dead.

CAMDEN, N. J., Dec. 8.—Samuel H. Grey, formerly attorney general of New Jersey and one of the most eminent members of the state bar, died at his home here last night. Last Thursday he suffered a stroke of apoplexy from which he never rallied. Mr. Grey was sixty-seven years of age and was born in this city.

ZEIGLER DENIES ALL

Millionaire Under Charge of Bribery on the Stand.

"TOO MUCH RED PEPPER," SAYS ODELL

Accused Said Emphatically That He Did Not Commit Any Crime, Nor Was He a Fugitive From Justice.

ALBANY, N. Y., Dec. 8.—William Zeigler, the New York millionaire who is charged with bribery in the state of Missouri, appeared in person before Governor Odell here in the proceedings to induce the governor to surrender him to the authorities of that state to stand trial.

Zeigler is charged with supplying $15,000 which was used to bribe legislators of Missouri to prevent the repeal of a law prohibiting the sale of alum baking powders.

He was represented by Delancy Nicoll, former district attorney of New York; John M. Bowers, Edward Lauterbach, John M. Lindsay and William J. Underwood. The application was pressed by E. C. Crowe, attorney general of Missouri, and Judge Thomas B. Harvey of St. Louis.

A hard fight was made to force the Missouri officials to show the exact dates when Mr. Zeigler was in Missouri.

Mr. Zeigler denied emphatically that he had committed any bribery or that he was a fugitive from justice and declared that the whole proceeding was a malicious act of oppression, inspired chiefly by his personal enemies. These enemies he named as Evelyn B. Baldwin, whom, he says, he discharged for failure to carry out faithfully the Zeigler-Baldwin arctic expedition; Patterson Bain, whose enmity, he says, grew out of antialum prosecutions in Missouri, and F. A. Udell, with whom he had a controversy through Zeigler's attempt to secure control of the Provident Chemical works in St. Louis.

Upon the question of being a fugitive from justice, he declared that he had since the dates alleged been three times openly in the state of Missouri upon personal business, whose exact nature he set forth in his statement.

Zeigler's counsel then called a long series of witnesses, including Mr. Zeigler's private secretary and business associates, to cover almost every day in March, 1901, all of them tending to show that Zeigler was not out of the state or city of New York on the days in question.

The hearing was interspersed with spicy tilts between counsel, and once Governor Odell cautioned Mr. Bowers against the use of "so much red pepper."

At the close Governor Odell said he would give the Missouri people two weeks in which to submit briefs and Zeigler's counsel two weeks after that in which to answer them.

CONTRABAND CHINAMEN.

Gang of Smugglers Broken Up by Police of Buffalo.

BUFFALO, Dec. 8.—The recent drowning of Chinamen who were being smuggled into this country from Canada, United States immigration inspectors say, will lead to the breaking up of a gang of smugglers which for several months has been making a speciality of bringing in contraband Chinamen.

Three arrests were made here by United States Marshals Conkling and Strum and Inspectors Baltz and Stevenson. The prisoners are George C. Kellar, proprietor of a livery stable; Charles G. Romer, employed at Kellar's, and Mrs. May Simpson, keeper of a boarding house.

The charge against them is conspiracy to violate the United States law by smuggling Chinamen. They pleaded not guilty and were released on $1,000 bail each. It was one of Kellar's wagons that carried a load of Chinamen into the canal a few days ago. The Chinamen had just been ferried across the Niagara from Canada. The inspectors say Romer was the driver of the wagon. Mattresses and pillows found in the overturned rig, it is alleged, belonged to Mrs. Simpson. Kellar says he did not know the wagon was being used to carry the Chinamen.

Utah Strike Situation.

SALT LAKE CITY, Dec. 8.—Another conference was held between Governor Wells and representatives of the striking coal miners in an endeavor to reach a basis of agreement for a settlement of the strike, but after several hours of discussion the conference broke up without result. Attorneys Elder and Fowler, representing the miners, told the governor that if the state troops were withdrawn all the camps would be completely unionized within three weeks.

Flora Still Fast on Rocks.

VICTORIA, B. C., Dec. 8.—The British cruiser Flora still remains fast on the rocks, all efforts to move it proving unsuccessful. A second attempt was made to haul the vessel off the rocks at high tide, but the ship could not be moved. The wreckers will now direct their efforts to buoying the cruiser up, and a further attempt to float her will be made tomorrow.

Dinner to McClellan.

Now that Senator Kean has arranged to give a banquet in honor of Governor Murphy are we to witness an Alphonse and Gaston sketch in the political game in Jersey?

It was a shrewd move on the part of President Roosevelt to omit the subject of tariff in his message. It throws upon the Democrats the burden of making the subject an issue.

Here's an intercepted needless wireless dispatch—

W. J. B., care of R. C. Wantage, England: — The Democrats in New York, Maryland and Texas are said to be solid for Judge Alton B. Parker, of the Empire State. Danger that Nebraska will follow suit. Office boy, The Commoner.

Rockefeller's institution of learning has broken loose again. Witness this: "One of the missions of the University of Chicago therefore is to send men and women to capture and control the East. If we don't do this what will become of it?"—Dr. Harper.

Wouldn't Doctors Harper and Dowie make a great combination?

As an example of verbosity, the President's message eclipses the sermon of the old time circuit-riding preacher. There's 17,000 words in it and also some good solid common sense. Of prime importance is his declaration that the question of canal routes is irrevocably settled and his recommendation that Congress promptly ratify the Isthmian treaty. Mr. Roosevelt's policy in this matter has been up to his usual standard of strenuousity, and his message indicates that he will play the game to the limit.

FIRE DEPARTMENT CAPTAINS APPOINTED

(CONTINUED FROM PAGE 1.)

that avenue. These were all referred to the proper committees.

Mrs. Lucy B. Tomlinson, of East Sixth street, whose husband, Harold W. Tomlinson, lost his life in the Westfield wreck, petitioned for relief from a tax assessed on $1,500 worth of personal property. She claimed that on May 1 last, when the assessments were made she was not subject to such a tax and she asks for exemption. Accompanying the petition was a sworn statement from Charles A. Reed verifying the facts set forth by the petitioner. This matter was referred to the finance committee.

Howard C. Tracy, of Prospect avenue, petitioned for an electric light and he wants it located on a pole directly in front of his driveway, between Hillside and Woodland avenues J. C. Daly asked for the return of $12 paid as tax on property at 1351 Everett place, the sum having been paid twice. Eliza L. Brown, of Brooklyn, stated that she has been assessed for a barn supposed to be on her property on Belvidere avenue. She stated that the building is on J. W. Reinhart's property, and she wants the matter adjusted. These petitions all took the usual course, being referred to the finance committee.

Mrs. M. E. Risberg, of 259 Jackson avenue, took exception to paying a tax on her property, claiming that the tax had been paid before. In consequence she asked to have the sum paid by her returned. Chief T. O. Doane, of the Firemen's Relief Association, asked the Council to exempt an Elizabeth street property, owned by the association, from taxes, as the association is a charitable one. These petitions were given to the finance committee for consideration. The bills of the election officers for services performed in 1901-02 were again presented and this time they were referred directly to the Corporation Counsel for consideration.

Street Commissioner Gavett reported that during the past four months he had granted seventy-nine sewer permits, while Building Inspector Doane reported the granting of eleven permits during November.

At this time Mr. Daniel offered several resolutions, the first being that the city treasurer be authorized to pay the sum of $61,604 42, Plainfield's proportion of the State and County School tax. The second resolution provided for the renewal of a part of the $16,000 note issued on account of fire fund, the amount it was renewed for being $7,000, the balance having been paid off. Another note for $1,000, a part of a $4,500 note issued on account of the poor fund, was renewed in a similar manner and on a third resolution the sum of $3,000 was borrowed on account of sewer improvements, the same being secured by a note.

Mr. Tolles offered a resolution providing for the laying of sidewalks by the city in front of certain properties, the cost of the same to be paid for through a lien on the properties. This was adopted.

The appointments by the Mayor of Charles O. Pearson and Eugene V. Lorton as call men in the fire department, were confirmed by a vote of the Council.

Chairman Randolph, of the police committee, reported upon the investigation of the police patrol system by Manager C. W. Runyon, of the local telephone company, who has charge of the system, and W. H. Kierwin, a representative of the Gamewell Company. It will be remembered that at the last meeting it was reported that the electric wires appeared to be causing trouble about some of the call boxes. The report of those who investigated the matter showed that the system is in perfect condition, that there is no trouble that would cause injury to those using the system. There was found a slight escapement of electricity through electric light wires, but this was discovered only in damp weather and is not dangerous.

Mr. Tolles offered a resolution fixing Wednesday night, December 23, at 8 o'clock, as the time when the Council will meet to treat with the interested property-owners regarding the opening and extension of Myrtle avenue to the city and borough line at Green brook. In connection with this a formal notice, such as will be sent to the property owners, was read and approved. The property-owners affected include H. C. Compton, Mrs. Mary Moore and Christian Spreck. In connection with this Mr. Tolles moved that when Council adjourn it be to meet on the above date.

Mr. Tyler reported on the matter concerning the condition of the electric wires about the city and stated that Corporation Counsel Craig A. Marsh had informed him that the city's only remedy in protection from these wires was a presentation of the facts to the Grand Jury, that the city is practically without power in the matter. Mr. Marsh said that legislation along this line is needed very much and acting on this suggestion Mr. Tyler moved that Mr. Marsh be requested to prepare such a bill to be presnetd to the Legislature and that he report on the matter at the first meeting of the Council next year.

In a communication from Mr. Clark, clerk of the Board of Education, the Council was informed that L. H. Lovell and C. F. Abbott were recently appointed as members of the Board of School Estimate to serve with the Mayor and a similar number from the Council.

All of the members, except Mr. Pary were present, last night, and in addition J. S. Higham, Theodore Wilson and Willitm Starr Bullock, the newly-elected members were there to see how the City Fathers do things. They seemed much pleased and took advantage of getting acquainted with many little details.

SUBURBAN NEWS.

DUNELLEN.

The Borough Council met for its regular monthly meeting in the town hall last evening with Mayor Whykoff in the chair and all the members present with the exception of Frederick and Randolph. Bills to the amount of $350 were ordered paid. The hall committee was instructed to make a contract with the janitor to the effect that a fire should be kept burning in the hall day and night in order to prevent the freezing of the fire chemicals. The Middlesex and Somerset Traction Company had not paid one-third of the bill for the repairing of North avenue and the finance committee was instructed to ask for a prompt remittance. Another member was admitted to the fire department, making a total membership of thirty-nine. Contrary to expectation the fire department did not make a formal presentation of the new bell to the borough. It was reported that many individuals had failed to clear their walks of the recent snow. Nothing definite was decided in this matter however. It was mentioned that the Land Improvement Company had made a contract with Constable Blane to remove the snow from the walks fronting on their lands. The meeting then adjourned.

George Dunham, while in his classroom at the Whittier School yesterday afternoon, was seized with a violent fit and removed to his home. The indisposition was caused by indigestion.

Mr. Sutphen is having the trees removed and is widening South avenue. The street will then be again offered to the borough.

To Prevent Color Blindness.

It has been found that the remnants of function in those supposed to be blind may often be so improved as to take these patients entirely out of the blind class and make them enjoy useful vision. It is but a corollary of this that the deficiencies of vision called color-blindness are also preventable. Function, it must ever be repeated, depends upon education and exercise, and it is a necessary part of the great physiologic law that the perception of colors will be lost if the eye is not exercised in their perception. That the defect is dependent upon non-exercise is indicated by the fact that it is far less common in women than in men. In 10,000 men 369 are affected, while only nine are found in the same number of women. The proportion among savage men is less than among civilized men. But, of course, the education and exercise must begin in early childhood. And there is some proof that this exercise in childhood does stimulate color perception, and prevent color-blindness. — American Medicine.

London's Traffic.

It is an odd reflection on the 60 years' development of the railway system that the road beats the railway easily in London. The street vehicles travel 20 times as far as the train every day, and carry more passengers. It may seem incredible, but it is perfectly true, that the street vehicles of London accomplish a journey every day equal to 20 times round the earth. It is startling, in contrast with this, that the trains cover only 25,000 miles, but the explanation is, of course, the simple fact that for every train there are about 50 other vehicles. There are always running in London between 4,000 and 5,000 'buses and trams, carrying 1,600,000 passengers every day, and when all these are full there is room left for nearly 12,000 cabs, for which 700 stands are provided. "Cabby," one of the best abused men in the metropolis—often enough deserving it—drives 120,000 people about London every day.—Philadelphia Ledger.

Reformed.

"I'm glad to hear that you have turned over a new leaf," said the man with a bunch of tracts. "I have your solemn promise that you will never commit another burglary?"

"You have," answered the occupant of the cell.

"No doubt you have been brought to this change of heart by the tracts I gave you."

"It wasn't the tracts so much as the newspapers. There's no use in breaking open a man's house to get his money. The thing to do is to work out a neat little get-rich-quick game, open an office and let him bring his wages to you."—Washington Star.

How, Indeed?

Dr. M—— has a telephone in his house, and he instructed a newly-engaged Irish lad how to reply in case there should be a call over the wire in the absence of Dr. M—— and his wife. One day there came such a call, and Patrick went to the telephone.

"Well, sor?" said Patrick, with his mouth to the speaking tube.

"Who's that?" came over the wire.

"It's me, sor."

"And who's me?"

"Shure, and how should I know who yes are?" retorted Patrick.—Chums.

Disqualified.

"So you wish a position as lineman?" asked the manager of the telegraph company. "Have you had any experience?"

"No, sir, not as a lineman."

"Well, you know this a work requiring great endurance and considerable strength."

"I think I'll be all right, sir. I've been out with three polar expeditions, and can stand any kind of a strain."

"O, you wouldn't do at all. Why, you never could find the pole."—Chicago Tribune.

Entitled to Respect.

"Who's de ole guy w'at jist went by?"

"De ole guy wid de dinky whiskers?" replied the office boy. "Aw he's de owner of de paper."

"An' who's de guy wid 'im?"

"Sh! Don't git gay! He ain't no guy; dat's de sportin' editor!"—Philadelphia Inquirer.

Not Guilty.

"Sandy," said Gritty George, "here is where some sarcastic writer says dere ain't much difference between us tramps an' de loafers dat hang out in de country stores."

"Oh, git out!" sneered Sandy Pikes. "Who ever heard of us sittin 'on soap boxes?"—Chicago Daily News.

GRAND RAPIDS' BOODLERS.

Warrants Issued For Arrest of Seven Prominent Men.

GRAND RAPIDS, Mich., Dec. 8.—Chapter two of the Lake Michigan water scandal was opened to the public when Judge Haggerty of the police court signed warrants for the arrest of seven more prominent men implicated in the scandal by the confession of ex-City Attorney Lant K. Salsbury and by his testimony at the police court examinations thus far held. An eighth warrant will be issued very shortly. The list of men for whom warrants were issued is as follows:

Charged with conspiracy, J. Clark Sproat, former manager of the defunct Grand Rapids Democrat; Charles S. Burch, manager of the Grand Rapids Evening Press; Eugene D. Conger, manager of the Grand Rapids Herald; J. Russell Thomson, former reporter for the Grand Rapids Evening Press, and Isaac F. Lamoreaux, former city clerk.

Charged with attempting subordination of perjury, William F. McKnight, attorney, who was the Democratic candidate for attorney general in 1902.

Charged with perjury, ex-State Senator George E. Nichols, Ionia, Mich., attorney at law.

The warrants were issued on the complaint of Prosecutor Brown, based on the testimony of ex-City Attorney Lant K. Salsbury.

It is the intention of the prosecution to make the arrests some time today if the persons whose names are mentioned do not appear voluntarily.

The warrants for conspiracy in the famous water deal charge Charles S. Burch of the Evening Press, J. Clark Sproat of the old Morning Democrat, E. D. Conger of the Herald, J. Russell Thomson, former reporter of the Evening Press, and Isaac F. Lamoreaux, former city clerk, with accepting money from Salsbury for assisting him to try during the summer of 1900 to secure a contract with the city to furnish its inhabitants with water from Lake Michigan.

Salsbury swears that he gave Burch $5,000, Sproat $17,500, Conger $10,000, Thomson $500 and Lamoreaux $1,500 of a $100,000 boodle fund placed in his hands by H. A. Taylor, a New York capitalist, to procure a contract with the city.

William F. McKnight is charged with attempting to suborn F. H. Garman, one of the people's witnesses, to swear falsely in the trial of Salsbury in November, 1901, when the latter was convicted in the superior court.

The stenographic report of Salsbury's testimony given in the examination of Senator Burns a week ago was read in the police court. Salsbury was on the stand during the reading.

When given an opportunity to make corrections in his testimony Salsbury took occasion to change some of his previous statements regarding details and dates. He had testified that he gave E. D. Conger $10,000 about the time the board of trade took its annual excursion down Grand river in the early fall of 1900. He said:

"I did not pay Mr. Conger until after election. My impression is that I paid him about the last of November or the first of December. I also desire to correct the statement that I first offered Mr. Conger $20,000 of bonds. My impression is that I offered him $10,000 of bonds at first. Later he said he would not accept any bonds and would not accept anything less than $20,000. He was to lay still two or three weeks."

State Senator David Burns has summoned two witnesses for his defense. They are David E. Crowe and Willard S. Kingsley, who, Salsbury says, were interested in a proposal to transfer the hydraulic water plant to the city.

Said He Saved $58,000.

NEW YORK, Dec. 8.—Joseph Dodis, a twenty-year-old cigarmaker, one of the prisoners taken by Captain F. Norton Goddard's Antipolicy society agents in a raid on a cigar store at 36 East Fourth street, had in his possession at the time of his arrest $58,000 in cash. The money was in bank notes, some as large as $1,000, and is thought to belong to the men running the policy shop. Dodis claimed he had saved it out of his wages.

Danish Ship Lost; Crew Perish.

ST. JOHN'S, N. F., Dec. 8.—The vessel which was wrecked on Ferryland head, near Cape Race, during a furious storm at midnight proves to be the Danish schooner Sigrid Petersen, from Alicante, Spain, for St. John's. Her crew of five persons perished, and their bodies have been washed ashore. The vessel, which struck at the foot of a steep cliff, was battered to pieces by the storm.

Mrs. Curtin's Sudden Death.

BELLEFONTE, Pa., Dec. 8.—Mrs. Catherine I. Curtin, widow of Andrew G. Curtin, Pennsylvania's war governor and who served as a representative in the Forty-seventh, Forty-eighth and Forty-ninth congresses, died suddenly here of apoplexy, aged eighty-four years. Mrs. Curtin was stricken while eating luncheon and died within an hour.

Engineer and Flagman at Fault.

BOSTON, Dec. 8.—Responsibility for the Boston and Albany railroad wreck at Worcester, when an express passenger train plunged into a freight, causing the death of three persons, has been placed upon Engineer Webster of the passenger train and Flagman McNamara of the freight train by the officials of the road.

Charged With Embezzling $100,000.

MEMPHIS, Tenn., Dec. 8.—James M. Edge, alias James Kane, has been arrested here by local detectives charged with embezzling a large sum of money, said to be about $100,000, from the First National bank of Paterson, N. J.

Mrs. Valentine Utzinger, of 75 Grandview avenue, says: "I suffered from kidney complaint for six years, I doctored and used various kinds of medicine with little or no result. I had almost a constant sharp darting pain across my back, and if I ever exerted myself or took cold I suffered severely. I always felt it most when the weather was damp. While in this condition I saw Doan's Kidney Pills recommended and my son bought me a box from L. W. Randolph's drug store. I started to use them at once, following directions closely. They helped the pain in my back and relieved my other difficulties. I give all the credit for this relief to Doan's Kidney Pills for they are beyond a doubt a grand medicine for kidney trouble."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

An Ideal Location
Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE
LINDEN, N. J.
Beautiful and Accessible
2 Miles from Elizabeth, 7 Miles from Newark,
14 MILES FROM NEW YORK
On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL, PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

HANDSOME WAISTS.

They Are Shown In Great Variety and of All Qualities.

The fate that shapes, not our ends, but our waists, has fully decided that shirt waists have not yet outlived their usefulness, and we are to have them not only this winter, but next year as well, for even now the manufacturers are making up thousands of light materials, mostly in the lighter silks, for next summer, so it may be understood that we shall be well provided with waists. But the new ones are somewhat modified and are not so baggy nor so short waisted in the back as they were. As they were last year it is a wonder that any woman could endure them. Now the backs are more nearly like the shape we are, but the fronts are certainly fuller at the waist line, though not in the old ugly way, for a few folds or gathers make a full effect at the belt line.

One very pretty waist of silk in a delicate gray has lines of Persian rib-

NEW WAISTS.

bon an inch and a half wide set diagonally all over the front. Each edge of the ribbon has a narrow velvet piping, the black forming a marked contrast. Extending over the shoulders in bretelle fashion are two folds two and a half inches wide at the top and narrowing down at the belt line. On these are set small white lace medallions. Another fold is placed down the center, and as these folds are above the lines of ribbon the effect is extremely fine. The sleeves are bishop shape, trimmed to match the waist.

Quite a number of the new waists have just a few tucks along the shoulder part of the front and the rest in the form of a shield, with a double breasted effect. These are particularly pretty for the young. Few of them now have the comfort piece, or short skirt, as the waist is finished off with a belt sewed to the waist, or it is so arranged that one of the new silk belts covers the edge completely. This double breasted effect is shown to great advantage in a velvet waist. Along the edge of the two folds there were rows of fine silk braid in cashmere colors, and along the left side there was a vine of raised embroidery done in the new silks, which show all the beautiful colors of autumn foliage. The silk seems to have a dozen colors all in one length, and as the worker sews the different colors seem to blend and the foliage or flowers take the gorgeous tints of nature.

This is almost like the portieres which industrious ladies are now busily making out of silken straps. They find some new fad every year or so and work very hard at it, only to throw it aside after the novelty has worn off. But the weaving of these portieres is taking a great place in domestic economy. The scraps of silk are cut about an inch wide and not more than four to six inches long. They are sewed together and rolled into balls and then sent to the weavers, who make a thing of beauty out of it, as the fabric holds all the rich colors of silk and is soft and harmonious. I think it takes three pounds of silk scraps to make one portiere. Old pieces and black ones are useful to mix in with the others. I mention this as the fad is extending so rapidly that what I may say may be of real service to would be workers in this new fad, but let the men hide all their neckties.

One very neat and stylish waist of soft old rose French flannel had three clusters of tucks, two at the shoulders and the other down the middle of the front, while the waist closed at the left side with a band and large bone buttons. Others have V shaped openings filled in to appear like a vest, with a high stock and narrow fancy white collar. One like this was of fine Scotch plaid, and on each fold were several fancy jet and passementerie ornaments. The belt was of the new braided strings with tassels. The three plait style admits of many changes, one pretty fancy being to have insertion laid along between the front lines and down the shoulders. Others have a sort of fancy shaped yoke, and this may be stitched or left plain or covered with coarse all over lace.

Quite a number of the new waists have fringe of some kind around the yoke in the form of a bertha. Bretelles are put on to give apparent width to the shoulders. Some dainty waists for home and for dressy occasions, the differences being in the material of which they are made, have the upper portion shirred round and round to fit it to the figure, and the upper part of the sleeve is shirred to match.

In one or two instances the shirring goes around the waist and the top of the sleeve in one line.

SIX DAY BIKE RACE.

Leading Teams Are So Far Doing Even Work.

NEW YORK, Dec. 8.—Enthusiasm reached a tremendous pitch in the six day bicycle race at Madison Square Garden here when the representatives of favorite teams put on every ounce in an effort both to gain the lead and to reach the record, which they were still four miles behind.

There was a wild burst of excitement when E. F. Root gained a lap. His triumph was short lived, however, for hardly had the plaudits of the crowd died out before the judges decided not to allow Root's gain, because, as they announced, he had secured it through the pace of Jimmy Bowler of the Chicago team, who, contrary to the rules of the grind, was on the track at the same time for his team mate, Fisher. The crowd, which was wrought up to a high pitch by Root's thrilling ride, received the decision of the officials with hooting.

The hot chase after Root was exciting in the extreme and brought the entire crowd to its feet. Bunched so closely that a blanket would have covered them, Johnny Bedell, Bobby Walthour and Fisher went after the speedy Root on the back stretch in their efforts to best one another. The trio came to grief and went down in a smash.

There was a cry of anxiety as the trainers rushed to the spot. Each of the three riders was damaged but slightly, however, and none of them left the track.

The four leading teams were Leander and Butler, Walthour and Munroe, Floyd Krebs and Peterson and Newkirk and Jacobson, with a score of 366 miles 1 lap each.

Peter Maher Debarred.

PHILADELPHIA, Dec. 8.—Peter Maher, the pugilist, has applied for naturalization papers, but Judge McPherson refused to grant them because he could not answer questions about the government. Maher made three attempts to quality and was counted down and out. He did not know who made the United States laws, how the president was elected or how many states there were in the Union.

Horton Won In a Drive.

SAN FRANCISCO, Dec. 8.—A feature of the racing at Oakland was the exciting streich run by Horton, the favorite for the sixth race. He was almost knocked to his knees soon after the start and was last most of the way, but when called on for the run he responded gamely and got up in time to win in a drive. Dargin was the only other first choice to win.

Western Jockey Club's Meet.

CHICAGO, Dec. 8.—At the annual meeting of the board of stewards of the Western Jockey club the application of the Union Jockey club of St. Louis for racing dates was denied. The jockey clubs of St. Louis which have held meetings heretofore were allotted dates. No application for racing dates was received from the Detroit Jockey club.

Hogan Is Yale's New Captain.

NEW HAVEN, Conn., Dec. 8.—James J. Hogan, '05, of Torrington, Conn., was unanimously elected captain of the Yale varsity football team for the coming year at a meeting of the players last night. Hogan has played right tackle on the varsity for three years.

Mrs. Richman Declared Insane.

WATERTOWN, N. Y., Dec. 8.—County Judge E. C. Emerson has dismissed the indictment against Mrs. Rachel Richman of New York charging her with grand larceny. At Alexandria Bay Mrs. Richman, it was alleged, stole a $25,000 diamond necklace from Mrs. W. E. Delabarre, also of New York. Mr. and Mrs. Richman were arrested and indicted. The indictment against Mr. Richman was dismissed some months ago. Mrs. Richman was declared insane and placed in a sanitarium, hence the dismissal of the indictment.

Miners' Grievances Settled.

WILKESBARRE, Pa., Dec. 8.—The conciliation board provided for by the coal strike commission to settle differences between miners and mine operators had another meeting here. The grievances presented were generally of minor importance and were based upon the construction to be placed upon certain sections of the strike commission's award. Only three cases were disposed of, the board deciding one in favor of the miners and one in favor of the operators.

Mother Tried to Save Her Son.

FLAT ROCK, Mich., Dec. 8.—Mrs. Hattie Sutliff and her fourteen-year-old son were burned to death here in a fire at their residence. When villagers succeeded in forcing their way into the burning building the two bodies were found on the floor near the door, to which they had evidently fought their way, only to be overcome. They were lying side by side, with the mother's arms around the boy, terribly burned and charred.

Negro Claims Self Defense.

WHOLESALE FIRE FRAUDS.

Max Karnfield's Confession Implicates Many Insurance Doodlers.

NEW YORK, Dec. 8.—Startling disclosures, based upon information obtained through a confession made by Max Karnfield, a public fire adjuster, who has been convicted of fraud in connection with a claim of loss he had himself put in and who is awaiting sentence, were made by Assistant District Attorney Garvan.

The cases of twelve persons who are suspected of having defrauded insurance companies in a similar manner will be presented to the grand jury within a few days. Among them are three lawyers, several merchants, several public fire adjusters and two or three adjusters employed by fire insurance companies. Mr. Garvan declares that fire insurance companies have lost hundreds of thousands of dollars through paying false claims of loss.

One of these persons is a merchant worth $500,000, Mr. Garvan says, and another is president of a corporation which employs 400 men.

Fire patrolmen, men employed by the board of fire underwriters to take charge of properties after fires have been extinguished and save as much property as possible, Mr. Garvan alleges, have been in league with fire adjusters. Instead of doing their duty he says he knows that in many instances they have purposely damaged goods by water for a fee paid by fire adjusters.

IN CONGRESS.

Bill Introduced to Make a McKinley Day Holiday.

WASHINGTON, Dec. 8.—The house in regular session transacted a considerable amount of routine matters necessary to facilitate the work of committees.

The president submitted, with his approval, rules and regulations for the lease, sale or other disposition of the public lands other than timber or mineral lands in the Philippine Islands made by the government of the islands. They provide for homesteading, selling and leasing of portions of the public lands.

Representative Smith (Mich.) introduced a bill making McKinley's birthday, Jan. 29, a national holiday, to be known as McKinley day.

Representative Dwight (New York) introduced a bill by request establishing a postal currency providing for notes in the denomination of 5, 10, 25 and 50 cents to be issued by the postmaster general and kept on sale by all postmasters.

The house adjourned at 3:30 out of respect to the memory of the late Henry Burke (Pa.), who died on Saturday last.

NEW YORK, Dec. 8.—The officers of the National Union of Women's Organizations, which has been formed in Washington, at a gathering of representatives from many women's clubs for the purpose of protesting against allowing Reed Smoot to take a seat in the United States senate have retained a lawyer for the case. A form of petition against Smoot has been decided upon. Speakers are to be sent out to different sections of the country, and mass meetings will be held in New York city, Washington, Wilmington, Del.; Philadelphia and other places.

PLAINFIELD YOUNG MEN'S CHRISTIAN ASSOCIATION AND ITS THIRTY-SIX YEARS OF EXISTENCE

SOME FACTS CONNECTED WITH THE BIRTH AND EARLY LIFE OF THE ASSOCIATION OF PASSING INTEREST TO THOSE ENGAGED IN CHRISTIAN WORK.

In its thirty-six years of existance, the Plainfield branch of the Young Men's Christian Association has had ample success in its chosen work of improving the bodily, intellectual and spiritual conditions of young men. It has been conducted invariably by men zealous in its behalf and of high character and excellent understanding of its needs. At its head at the present time, Secretary Manning, of the association; Secretary Robbie, of the boys' department, and Physical Director Heywood have contributed in a large measure to its prosperity and power of uplifting influence.

Since its organization, October 28, 1867, the association has had eleven presidents: Alexander Gilbert, 1867-'70; A. F. Campbell, 1870-'72; Charles W. McCutchen, 1872-'77; James W. Jackson, 1877-'79; C. E. Tyler, 1879-'80; Henry A. McGee, 1880-'81; G. R. Cornwell, Jan.-May, 1881; H. R. Munger, 1881-'86; H. Otis Newman, 1885-'86; F. J. Miller, 1886-'87; William D. Murray, May '87 Jan. '98; Stephen Cahoone, to the present time.

Y. M. C. A. BUILDING.

Among those who were present at the first meeting of the association and who are living at the present time are Alexander Gilbert, H. Otis Newman and James W. Jackson.

The present home of the association with its comforts and conveniences, its halls and meeting rooms, its swimming pool and admirably appointed gymnasium, was occupied for the first time January 1, 1895, and an important State convention was held within it during the following month. Previous to 1895 the association had rooms in the Vandeventer building on East Front street and before that made use of the Vanderbeek building.

One of the strongest features of the association's work of today lies in the Sunday afternoon men's meetings which are attracting a constantly growing attendance. The attendance at these gatherings has averaged 141 during the past month, a big gain over all previous records.

Triumph of a Duck.

A little fox terrier elaborately decorated with ribbons and bows was a visitor at the Houston club, University of Pennsylvania, one afternoon just before the close of the college term. He was accompanied by two fashionably dressed young women who were inspecting the different apartments. While they were viewing the gymnasium and bowling alleys in the basement an old white duck, the mascot of the club, spied the dog, and, believing him to be entirely out of place, waddled forward to remonstrate. The terrier made an onset, and, dodging him, the duck plunged into the pool, closely followed by the dog. Here, however, the duck, being in her element, had the advantage of her opponent, and began pecking the dog on the head. The young women thought the dog would surely be drowned and piteously begged some one to rescue it. Prof. Kistler, the instructor in swimming, who was standing near, gallantly jumped in and pulled out the vanquished animal. The dog's owner thanked him profusely, and, taking her pet in her arms, quickly left the building. The old duck climbed sedately out of the pool, and, giving utterance to a series of triumphant quacks, strutted around in a manner that plainly indicated her satisfaction.

Poppies 2,000 Years Old.

The extraordinary resuscitating power of light has received a very curious illustration in the silver mines at Laurium. The mines had been abandoned more than 2,000 years ago as unworkable, and consisted for the most part of the "slag" produced by the working of the miners. An enterprising Englishman discovered that the mines contained plenty of silver, which could easily be removed by the superior modern appliances. He discovered, however, something far more valuable than the silver, viz., some poppies of a species which had disappeared for 20 centuries, the seed of which had lain dormant beneath the slag for 2,000 years. When the slag was removed to the furnace, the next visit to the mine found the entire space covered with a most gorgeous show of poppies. After their 20 centuries' rest they had bloomed as vigorously as ever, without the aid of a single drop of water or any restorative other than the rays of the sun.—Philadelphia Ledger.

The Telephone in Europe.

Much improvement has taken place in the telephone communication between southern Scandinavia, Denmark and northern Germany. It is now possible to telephone over these wide areas for a charge of 35 cents, which compares favorably with the fee of two dollars for three minutes on the much shorter line between Paris and London. For ten cents more the state telephone companies of Scandinavia and Germany now undertake to inform beforehand the person whose presence is desired at the other end of the wire in an international conversation.—Electrical Journal.

Wireless Telephony.

M. Maiche, a French inventor, has made some experiments with wireless telephony in the forests at St. Germain. The transmitter was placed on the top of a house, but connected to the ground in the manner of a lightning rod. A thousand yards distant two poles 90 feet apart were connected together by wire, and had a telephone receiver in circuit. Sounds from the transmitter were plainly heard in it. Receivers off the line of transmission do not catch the message.

What He Deserved.

"You must not imagine," she said, "that I would be willing to sit out here alone with you if you were not so big and strong, and able to pick me up in your arms as if I were a mere child—in case anything happened."

Then because nothing happened she told her friends that he was dull-witted and probably had a soul like a withered lemon.—Chicago Record-Herald.

Proper Seasoning.

"That boy of mine," said the country editor, "is a little wild, I admit, but he's young yet. He needs a little seasoning—"

"Seasonin's what he'll git," interrupted Farmer Hardgrane, "ef he don't keep outer my orchard. I'll pepper him with rock salt."—Philadelphia Press.

STRIVING TO RECLAIM THE FALLEN WOMAN

Door of Hope Worker Tells of the Noble Undertaking in Gotham's Slum Districts.

RESCUING FROM SIN

MANY PATHETIC CASES RECOUNTED BY THE MISSIONARY.

Large Audience Moved by the Sad Stories—Home Influence, According to the Speaker, the Greatest Aid in Preventing Downfalls.

Miss C. M. Wittemore, of New York, addressed a missionary meeting held last night in Warren Chapel, telling of the work being accomplished in saving fallen women in the great metropolis. Her talk was an interesting one. She told of the many pathetic cases which have come to her attention during her experience in New York and showed how necessary it is that this part of the mission work at home should receive the support of churches and church members. It was one of the largest attended meeting held at Warren Chapel in some time and at its close many persons assured the missionary that she could count on their support.

The meeting was one of a series which has been planned by the prayer committee of the chapel of which Mrs. Louis Ely is chairman. Several more have been arranged for the winter by the members of the Christian Endeavor Society.

Miss Wittemore is identified with the work of the Door of Hope Mission in New York. The main object of that organization is to save women who have strayed from virtue's path. With tears in her eyes she related stories of women who had sought refuge in the mission and had been saved. Graphically she related narratives, filled with sorrow and woe, of families reunited through the efforts of the missionaries. So pathetic were some of these that tears were visible in the eyes of some of her hearers, as the sin of the great city was unfolded to their eyes. Miss Wittemore declared that good home influence is the greatest blessing in the world and that if the family altar is maintained in the home fewer women would go astray.

A part of the collection was given for this worthy cause.

PHOTOGRAPHIC WORK EXHIBIT

COLLECTIONS OF MISSES MARGARET AND EDITH TRACY PLACED ON VIEW.

The first and second of a series of three photographic exhibits on consecutive afternoons was given Monday and again yesterday by the Misses Margaret and Edith Tracy, of West Eighth street, at the studio of Miss Margaret Tracy and Miss Harriet Goddard, corner of Ninth street and First place. The exhibit consisted of a variety of photographs taken by these young women, the execution of which showed great skill and careful attention to technique. A group of pictures taken at Ipswich, L. I., was one of the best specimens in the collection.

Inter-State Fair Profits.

At the meeting of the board of directors of the Intre-State Fair Association it has been decided to declare a dividend of 5 per cent. on the common stock and of 7 per cent. on the preferred stock. This action has been taken pursuant to the report of secretary Mahlon R. Margerum that the profits of the fair for the last year were $18,000, which exceeds the largest profits of any preceding year in the history of the fair by more than $6,000.

Company K's Election.

The annual meeting of the civic organization of Co. K was held Monday night. By reason of the fact that W. B. Martin is captain of the company, he holds the same position in the other organization. The other officers chosen are secretary, Corporal W. B. Martin; financial secretary, Sergeant Oliver R. Pearson; treasurer, Sergeant Asa F. Randolph. The committees were reappointed.

No Increase for Firemen.

There has been a rumor about that an effort is to be made to secure an increase of pay for members of the fire department. When Chairman Lee, of the Councilmanic fire committee, was questioned concerning the report, he emphatically denied that any such move would be made.

M'KINLEY CLUB'S ELECTION

FOWLER MAN SCORES AN EASY VICTORY AS CANDIDATE FOR THE PRESIDENCY.

The annual election of officers of the McKinley Club at Elizabeth resulted in the choice of the regular ticket headed by Former School Commissioner Robert M. Kellogg, who was elected by a large majority. Mr. Kellogg is a strong Fowler man, and led the Fowler side in the Cross-Runyon primary fight of last year. He received eighty-nine votes to twenty-five for his opponent, C. A. Trimble. Mr. Kellogg has been mentioned as a possible candidate for the assembly.

Representatives present from Plainfield were George Tobin, Andrew McCardell and Former Assemblyman William Newcorn. Among the prominent members from Elizabeth were Judge Joseph Cross, City Treasurer James Morrison and County Prosecutor W. C. J. English.

STATE SCHOOL INSPECTION

BILL TO BE INTRODUCED TO PREVENT LOWERING OF THE STANDARD.

An effort will be made when the Legislature meets to have authority given to the State Board of Education to appoint a State Inspector of High Schools, whose chief duty it will be to see to it that the high standard of high schools throughout the State is maintained and does not fall below the mark required by the State educational body. At present there is no such inspection for high schools and some of these institutions have not kept up the standard.

As a consequence the State, it is pointed out, has lost prestige with other States in educational matters, and New Jersey's high school graduates have little or no standing outside of the State. The State high school inspection plan has been specifically indorsed by the State Council of Educational and State High School Teachers' Association, and in its general outline by the State Teachers' Association.

The State Board of Medical Examiners has also become interested in this important matter, and a request has been sent to the State Educational Department by this board to leave no stone unturned to obtain such inspection.

The State Board of Education, at its last meeting in Lakewood, discussed the matter, and it was decided that it was high time that proper action be taken, and that the Legislature be appealed to. A bill has been drafted setting forth the requirements to properly launch this inspection and it will be introduced early at the coming session.

NARROW ESCAPES IN CENTRAL R. R. WRECK

Rear-End Collision of Two Freights at Berckman St., Early Hour This Morning.

THE ENGINE A WRECK

TWO COAL CARS BURNED AND FIREMAN HOLMAN SLIGHTLY INJURED.

Two Alarms for Fire Department—Tracks Blocked—Engineer of Rear Train Said He Couldn't See on Account of Steam.

Almost by a miracle, three men escaped serious injury or death in a rear-end collision between two coal trains on the Central Railroad a few minutes before 3 o'clock this morning. The caboose of the first train, which was a Central, was lifted high in the air and completely overturned by the force of the collision but the fireman who was riding in it at the time escaped with slight scratches on his hand and arm. He was thrown under a huge heap of coal but dug his way out without difficulty.

J. Dixbarn, engineer of the P. and R. freight which ran into the other, though considerably shaken up, was able to crawl out of his cab with a sound body, in spite of the fact that his engine was a complete wreck. His fireman, M. Dietrich, was knocked between the locomotive and the tender, and although his trousers caught fire, he was pulled out and the flames extinguished without great trouble.

Both trains were East bound when the collision happened directly in the rear of Powers' coal yards, 500 to 600 feet East of Berckman street. Engineer F. Remley, of the Central train, drawn by Engine No. 464, signalled to the rear train to slow down. Dixbarn, engineer of the rear train drawn by Engine No. 634-2, claims that he brought his train as near a stop as possible without actually coming to a standstill. He wished to avoid coming to a full stop as this would have necessitated the calling out of a push car to get the train started again. He claimed also that he was unable to see the train ahead on account of the dense clouds of steam.

When the trains came together, the caboose and the car ahead were thrown to the right and the car next in front to the left and down an embankment. The caboose and car caught fire, and alarms were rung in from box 53 by a citizen and box 68 by Patrolman Messler. The Plainfield apparatus was on the scene at 3 o'clock and at 4:50 the flames were completely extinguished. One of the cars and the caboose were almost an entire loss and the engine of the rear train was totally wrecked. All four tracks were blocked until 4:50 when one was cleared for the passage of trains.

The Central train was in charge of Conductor V. Waller and the P. and R. train, which did the damage, in charge of Conductor J. Streeper. The crew of the Central train assert that the engineer of the P. and R. must have been asleep to run by the signals, but the latter, Dixbarn, explains his action by the statement that he could not see for the steam. Holman, the fireman, was the only one injured sufficiently to require the attention of a physician. He was taken to the office of Dr. Browning and his cuts on hand and arm dressed.

KOONS, CHIEF OF ORGANIZATION.

Plainfielder Chosen Chairman of State Y. M. C. A. Bowling League.

Chauncey Koons, of the local Y. M. C. A., was elected chairman of the Y. M. C. A. bowling league of Northern New Jersey at a meeting Saturday night in Orange. The application for withdrawal from the league of Montclair was granted, the action being taken because Montclair's players had joined other teams. George Hanckel, of Montclair, resigned his office of chairman.

Church Boys' Club Elects.

The Boys' Club of the choir of the Church of the Holy Cross met last night and elected these officers for the coming year: President, Harry Fahn; treasurer, H. Davis; secretary, George Mead. This entertainment committee was appointed: Russe Conroy, chairman; Harry Allen and George Mead. This committee will have charge of all entertainments.

Miss Ernestine C. Smith, of Madison avenue, will entertain the Duplicate Whist Club at her home, Tuesday night, Dec. 15.

CAPTURED WITH THE BOOTY

BURGLAR CAUGHT ON MADISON AVENUE BY PATROLMAN M'CARTHY.

Shortly before 1 o'clock this morning, Patrolman McCarthy found two crooks with the goods on them and captured one, the other fellow succeeding in making his escape. The men were detected on Madison avenue, after having gotten some booty.

The men are colored and it is understood that they are not professionals in the business of house breaking. The burglar who McCarthy landed in the police headquarters is being detained there until a search for the other man, being made by the department, is completed. Chief Kiely went to Elizabeth this morning and it is said that his trip is on matters connected with the capture.

A social of the Women's Home and Foreign Missionary Societies of the Monroe Avenue M. E. Church was given last night at the home of Mrs. W. B. Grannatt, in West Fourth street. The attendance was large and a most enjoyable afternoon was spent in playing crokinole and other games. Readings by Mrs. N. Mansfield Smith and recitations by Miss Emma Grannatt and Mrs. W. D. Grannatt contributed much to the evening's pleasures. The committee in charge was Mrs. W. D. Grannatt, president of the Woman's Home Missionary Society of the church; Mrs. J. C. Pierson, president of the Women's Foreign Missionary Society, and Miss Annie Stafford, secretary of both organizations.

NEW TYPE OF VEHICLE RUN OVER THE LOCAL TRACKS LAST NIGHT.

A trial trip was made with one of the new cars recently ordered by the Public Service Corporation, on the main line between this city and Elizabeth last night. The car is much larger than those now used. It will carry sixty-five passengers and each platform will hold twenty-five people. No passengers were carried on the test run.

The seats, covered with white rattan, are arranged cross wise in the car and there is no smoking apartment. The cars are fitted with Westinghouse air brakes and are equipped in modern matter. The platform, where the motorman is stationed, is entirely vestibuled. The company has ordered 150 and most of them will be put in operation on the main line between this city and Elizabeth.

MRS. BODINE BURIED.

Rev. Dr. Schenck Officiated at Services at Home in Jackson Avenue.

Services over the remains of the late Mrs. William C. Bodine were held this afternoon from her late residence on Jackson avenue. Rev. Dr. Cornelius Schenck, pastor of Trinity Reformed Church, was in charge of the services. The interment was in the North Plainfield Cemetery. The floral tributes were handsome, among the number being a large wreath sent by the clerks of Woodhull & Martin's store.

—Trouble with the larger number of brands of canned goods is that you cannot depend upon whether the goods are packed scientifically or not. White Label goods are. Neuman Brothers have that brand. Try their fancy small stringless beans.

E. S. F. Randolph, of Park avenue, has returned from a visit with relatives in Yonkers and New Rochelle.

BOROUGH FIREMEN STRONGLY PROTEST

Adverse to the Use of New Engine House by Council or Any Other Body.

TALK WITH THE MAYOR

WAS ORIGINALLY PLANNED TO HOUSE COUNCILMEN IN OLD QUARTERS.

A Committee Appointed to Hold Another Conference With Mr. Smalley—Matter Being Kept Quiet—Action Last Night.

A special meeting of the Common Council of North Plainfield has been called for Friday night at which time a committee from Warren Engine Company, it is said, will be present to protest against the movement on foot to remodel the plans of the Warren Engine Company's new house, so that the upper rooms can be used as Common Council chambers. It is said that the firemen are not in favor of the proposition.

Officers of the Warren Company met a few evenings ago at the home of Mayor Smalley at which time this plan was fully discussed. The firemen, it is said, object to the plan on the ground that the house was erected for the special benefit of the engine company and that no agreement was stipulated at the time the petition was circulated for the erection of the house for any other purpose.

It was originally planned to convert the present headquarters of the company into a tax collector's office, a recorder's office and Common Council chambers. It is claimed by those interested in the project that the objection to having the Common Council chambers placed in the old building is that the Council, in session, is liable to be disturbed by the prisoners confined in the cells on the ground floor.

A fireman, when in speaking of the matter today, said that at the regular meeting of the company last evening, the matter was discussed, and a committee was appointed to wait upon the Council to further discuss the matter.

ANOTHER BUILDING.

Ground Broken at Watchung Avenue and East Fourth Street for Flat Structure.

Preparations have begun towards the erection of a row of stores and flats at the corner of Watchung avenue and East Fourth street, where the lumber store house formerly occupied by DeWitt C. Ivins, is located. Workmen have been at work during the past few days in tearing down the old structure and the work will be commenced by the middle of the month on the foundation. The stores will face on Watchung avenue and will occupy the entire space between Fourth street and the property of the Central Railroad. The cost of the structure will be in the neighborhood of $6,000.

Slow Work on Gas Tank.

Work on the new gas tank, East Fourth and Washington streets, has been hindered somewat of late on account of the difficulty in securing iron work from the rolling mills and foundaries in Pennsylvania. Operations have not entirely ceased and a corps of men are still engaged in doing work on the inside of the great tub. It was planned to have the job completed by the first of the year, but it is probable that it will not be finished until late in March.

Mr. Bellis' Funeral.

The funeral services over the remains of the late Archibald L. Bellis took place yesterday afternoon from his late residence at 408 West Third street. The services were in charge of Rev. J. C. McKelvey, pastor of Warren Chapel. The interment was in the family plot in Flemington.

Now Mrs. John Brunn.

Miss Louise Wenzel, of New York, and John Brunn, of Jackson avenue, were married this morning at 9:30 at the parsonage of Rev. J. C. McKelvey, pastor of Warren Chapel. The wedding was a quiet one. The witnesses were Miss Carrie Wheeler and Miss Berther Wheeler.

REAL JOLLY TIME AT PARK CLUB'S SMOKER

Excellent Programme Provided by Sketch Artists Affords Entertainment.

SOME INDOOR SPORTS

PLAY ON THE BOWLING ALLEYS AND POOL AND BILLIARD TABLES.

Refreshments in Abundance—Society Folk Present—Samuel Townsend Chairman of Committee on Arrangements.

The men of the Park Club turned out in large numbers last night to enjoy the club's annual smoker, arranged by the house committee, Samuel Townsend, chairman; Nelson A. Miller, George T. Rogers and A. VanDeventer. Like previous affairs of the kind there was nothing lacking to make it one round of pleasure for the members. "Church wardens" were generously distributed and there was plenty of good tobacco, and while all enjoyed the pipe, an excellent entertainment was given by New York talent.

Charles H. Simerson, who appeared at the club a year ago, gave impersonations and songs which were features of the evening, while the work of Ronald Reeder, sketch artist and sleight-of-hand performer, called forth the heartiest applause. He was clever with the crayon and in doing all sorts of tricks. At the piano was George Leonard, who in addition to acting as accompanist, gave a number of musical impersonations of a fife and drum corps, mandolin, auto-harp and music box, and he also gave banjo selections.

This concluded the entertainment and the members were served with an abundance of refreshments. Then followed a social time in which the guests bowled on the alleys, played billiards and pool and otherwise passed the time. A feature was the presence of many of Plainfield's society folks, who have recently identified themselves with the club.

EVANGELIST AT Y. M. C. A.

REV. L. B. GREENWOOD COMMENCES A SERIES OF MEETINGS.

Rev. Lawrence B. Greenwood, an evangelist, led the first of the series of meetings at the Y. M. C. A. building last night. He showed by apt illustrations what had been accomplished by evangelical work in the past and indicated a hopeful outlook for the work in Plainfield. Mr. Greenwood's address was pointed and pithy and contained numerous bright illustrations. Singing by Mr. Greenwood and violin selections by Martin A. Korff added attractiveness to the meeting.

The men's meetings will be continued every evening at 8 o'clock and daily Bible lessons will be given afternoons at 3 for men and women. Meetings for boys will be held this afternoon and Friday and Saturday afternoons at 4 o'clock. The attendance at last night's meeting was most encouraging.

And 31,319 Deaths in New Jersey is the Record for the Year.

The State Board of Health and Bureau of Vital Statistics have combined their annual reports to the Governor. According to the tables of figures the total number of births, marriages and deaths in the State are shown, together with like figures for the counties and larger cities.

Altogether there were 33,655 births, 18,156 marriages and 31,319 deaths. This shows a remarkable advancement for the State over last year, inasmuch as a decrease of 400 deaths is reported. The increase in births for the year was 700, and the marriages a little more than 1,600.

Marines Establish a Camp Near Panama.

SAID FOR THE GOOD OF THEIR HEALTH

The Actual Purpose Believed to Be to Watch Any Disloyal Act on the Part of Local Forces or Hostile Demonstration From Bogota.

COLON, Dec. 9.—Two companies of marines from the United States auxiliary cruiser Dixie under command of Captain Wirt McCreary were landed here and have gone by train to Empire, a town on the railroad near Panama, where a camp has been established in the canal company's buildings. The camp is now thoroughly fortified, and all necessary precautions from a sanitary standpoint to insure the health of the marines have been taken. The camp will be supplied with water from the Dixie pending the analysis of the drinking water available there. If this water should be found to be good the remainder of the 450 marines on board the Dixie will be transferred to the camp in batches of fifty.

The stated official purpose of this movement is to give the marines practice in the building of camps and to relieve them from their long confinement on the vessel. The actual purpose of the United States government in landing the marines is, however, believed to be connected with the precautionary measures now being carried out on both sides of the isthmus and perhaps also for the moral effect which the landing of the marines may have on the native garrison at Panama, the loyalty of which, though hitherto absolutely unswerving, has been questioned in some quarters, especially since the discovery of the plot against the life of General Huertas, commander in chief of the forces of the republic of Panama, and the alleged effort on the part of a few army officers to persuade the garrison to revolt.

It is considered significant that the point selected for the encampment of the Dixie's marines, while it is the highest and most sanitary on the line of the Panama railroad, is also on the trail most frequently used in the past for the movement of troops overland from the Cauca district into the Chiriqui district.

General Huertas is about to establish a small garrison of the troops of the new republic at Yaviza, a town at the head of San Miguel bay, on the Pacific side of the isthmus.

Dr. Manuel Amador and Frederico Boyd, the special commissioners from the republic of Panama who recently visited Washington, have landed here from the steamer Seguranca. The commissioners took a special train for Panama.

PITTSBURG, Dec. 9.—The two men, Morris Opar and Abram Dahler, arrested here with a large quantity of diamonds and other jewelry in their possession are, according to the police department, a much wanted pair. The police officials say that an officer is on his way here from New York to identify the men for robberies there and that they are wanted in Orange, N. J.; Boston and Minneapolis for supposed connection with jewelry robberies in those places.

Shotguns Rule Berkley.

NORFOLK, Va., Dec. 9.—Democrats in the town of Berkley have driven County Treasurer Lyons from his office, where, it is charged, he was registering negro voters, and have the negroes penned up in one section of the town. The streets are filled with men armed with shotguns, and a request will be made for a company of military from Norfolk or Portsmouth at once. Serious trouble is feared.

Society Lady Shot Dead.

RISING SUN, Ind., Dec. 9.—Miss Elizabeth Gillespie, prominent in local society, was assassinated here while sitting in the front room of her residence. The murderer shot her through a window, the entire charge of shot taking effect in the side of her head. No reason can be assigned for the shooting, and there is no clew to the murderer.

DOINGS IN SENATE.

Canal Agreement Sent to Foreign Relations Committee.

CUBAN BILL SEVERELY HANDLED.

Without Comment the Nomination of General Leonard Wood as Major General Was Sent to the Committee on Military Affairs.

WASHINGTON, Dec. 9.—The recent investigation into frauds in the postoffice department was the basis of a sharp debate in the senate by Mr. Gorman and Mr. Lodge. The discussion arose over a motion by Mr. Lodge to refer to the committee on postoffices the resolution introduced by Mr. Penrose looking to a senate investigation into the conditions in the department. Mr. Gorman intimated that the investigation by the department had been partisan in character and said that counter charges had been made against the men who had made it. Mr. Lodge defended the department's work and declared it was far more thorough than a congressional inquiry would be. The resolution went over without action.

Mr. Teller made a speech in opposition to the Cuban bill. He severely criticised General Wood and declared the bill was in the interest of the trust. Mr. Clapp spoke briefly, holding that the senate had absolute power in making treaties.

The senate in executive session referred the treaty between the United States and Panama for the construction of a canal across the isthmus to the committee on foreign relations. The senate without comment also referred the nomination of General Leonard Wood to be major general to the committee on military affairs.

Senator Frye introduced a bill to regulate commerce between the United States and the Philippine archipelago, providing that on and after July 1, 1904, under penalty of forfeiture, no merchandise shall be transported by sea or any passengers be carried between ports of the United States and ports or places in the Philippine archipelago in any other than vessels sailing under the flag of the United States. The bill does not apply to coasting laws in their entirety to trade between the Philippines and the United States, as was done in the cases of Alaska, Hawaii and Porto Rico, but simply restricts the transportation of freight and passengers to American vessels.

IN THE HOUSE.

Postmaster General Requested to Send In Postal Scandal Papers.

WASHINGTON, Dec. 9.—The house has authorized the committee on postoffices and postroads to request the postmaster general to supply the committee with papers in connection with the recent investigation of the postoffice department. It was explained by Mr. Overstreet, chairman of the committee, that the purpose of the resolution was to supply the committee with information essential to the proper consideration of appropriation bills.

The house also instructed the judiciary committee to make inquiry and report whether the isle of Pines can be ceded to Cuba without the concurrent action of the house and senate.

Representative Hepburn reintroduced the pure food bill, embodying the recommendations of the national pure food congress.

Representative Gillett (Mass.) introduced a bill "to protect antigambling laws from nullification through interstate gambling by telegraph."

Representative Tirrell (Mass.) introduced a bill "to prevent the sale of intoxicating liquors in buildings and upon premises owned or controlled by the United States government."

Death Sentence For Criminal Assault

WASHINGTON, Dec. 9.—A jury in the criminal court here brought in a verdict of guilty in the case of John W. Burley, a negro charged with criminal assault, and prescribed death as the penalty. The victim was Adeline Turner, a five-year-old colored girl. This is the first instance of the death penalty being fixed for such crimes in the District of Columbia.

PERKINS' TESTIMONY

Ship Trust Hearing Brings Out Connection of Morgan.

HOW BETHLEHEM WAS ACQUIRED.

Morgan's Partner Read Cablegram to Paris House Saying Schwab and Friends Are Interested In New Shipbuilding Company.

NEW YORK, Dec. 9.—At the hearing in the United States Shipbuilding receivership proceedings Lewis Nixon, president of the company, concluded his testimony and was followed by George W. Perkins, partner in the J. P Morgan & Co. firm, who gave the story of the connection of Morgan & Co. with the shipbuilding flotation. His testimony on direct examination went to show that Morgan & Co.'s connection with the shipbuilding company consisted in supplying trust companies with money to loan the shipbuilding company and in the sale to it of the Bethlehem plant.

The defense made strong efforts to keep certain cablegrams and letters bearing on the French underwriting firm from being published, and at the close of the hearing Mr. Guthrie pocketed the copy of one letter, the newspaper men being unable to obtain it.

Mr. Perkins read a cablegram which, he said, had been sent by his house to Morgan & Co., Mr. Morgan's Paris connection:

"Mr. Charles M. Schwab and his friend are interested in the new shipbuilding company, and we would be glad to have you take as cordial a view of it as is consistent."

Mr. Perkins insisted upon reading the cablegram despite the strenuous objections of William D. Guthrie of counsel for Mr. Schwab.

The witness declared that so much had been said about this cablegram that it would be a real pleasure for him to read it.

The Bethlehem plant was acquired from Mr. Schwab by J. P. Morgan & Co. as syndicate managers for the United States Steel corporation in the fall of 1901, the arrangement being, witness said, "that if we disposed of the property the (Schwab) should have a share of the profits." Schwab had no other interest in the company after its sale.

Mr. Perkins then gave an account of the connection of the firm with the shipbuilding company. In August, 1902, he said, he was approached by Mr. Pam, Mr. Nixon and Mr. Dresser, who wished to obtain from Morgan & Co. a loan for the shipbuilding company, Mr. Dresser representing to him on Aug. 11 that a large amount of the shipbuilding securities had been underwritten in France, that the money would arrive in a week or ten days, but that funds were needed for the company at once. Mr. Perkins said he declined to make the loan for the week or ten days, saying that as a firm Morgan & Co. could have no connection with the shipbuilding industry.

The next day, after another conversation with Mr. Dresser, Mr. Perkins, in behalf of his firm, agreed to deposit $750,000 in each of three trust companies—the Trust Company of the Republic, the Knickerbocker and Manhattan trust companies—for ten days, Mr. Dresser having represented that these trust companies were willing to take an interest in the shipbuilding company if they had the necessary funds to loan. The money was deposited, but the Manhattan Trust company sent back the loan, finding that Morgan & Co. were not interested in the company, and Mr. Dresser made an arrangement with the New York Security and Trust company to obtain that portion of the money, Mr. Perkins introducing Mr. Dresser at the trust company, of which he was a director. Mr. Perkins insisted that the transaction throughout was "merely an ordinary transaction in foreign exchange" on the part of the Morgan company, the money being deposited temporarily with the trust companies in order that they might have funds to make loans against expected money from abroad. The Paris branch of Morgan & Co., he said, had no connection with the French underwriting.

Mr. Untermyer pressed him with questions about the knowledge Morgan & Co. had of the French underwriting and of the security upon which Mr. Dresser obtained the money from the trust companies, but Mr. Perkins insisted that these were details in which his company was not concerned.

Missing Merchant Delirious.

BAINBRIDGE, Ga., Dec. 9.—John Sapp, a prominent merchant, who was reported missing and was supposed to have been pulled out of his buggy and murdered for his money, has been found at the cabin of a negro family a few miles from where he disappeared. He was without coat or shoes, and his feet were frozen. He was delirious and cried out against an imaginary mob intent on killing him.

Railroad Tower Outrage.

PITTSBURG, Dec. 9.—Single handed and with no chance to summon aid, Operator J. R. Largonot, stationed in the Pittsburg and Lake Erie railroad telegraph tower at Alliquippa Park, a mile distant from any habitation, battled with three negroes until he was overcome. He was beaten into insensibility and robbed of about $50. His assailants left him bound in a chair.

"For the Good of the Service."

WASHINGTON, Dec. 9.—The president has accepted the resignation of Second Lieutenant John R. Doyle, Ninth Infantry, now serving in the Philippines, "for the good of the service." He is a native of Pennsylvania and was graduated from the Military academy in 1900.

Plainfield, N. J., Dec. 9, 1903.

The Daily Press has a higher circulation rating than is accorded to any other paper in Plainfield.—Printers' Ink.

Mr. Murphy now rises to explain that he never was a candidate to fill John Kean's shoes in the Senate.

William Tyler is the watchdog of the Common Council. He is a guardian of the city's interests in the best sense every time.

Henry Cabot Lodge, who is known by his works and not by his millions, has introduced a bill in the Senate providing for the exclusion of all foreigners over fifteen years of age who can not read and write the English language. Where ignorance is bliss 'tis folly to emigrate.

The discovery that the new primary law has a glaring omission, in that it does not provide for the election of delegates to State conventions which name delegates to National conventions, will not shock many people. Probably a valid and complete act of the Legislature would surprise the inhabitants of Jersey.

That the monthly business of an establishment bears a direct ratio to the amount of the monthly advertising bill is a statement which has been made recently by three different business men in communications to Printers' Ink, says the Philadelphia Record. When experience has taught this fact to a man, advertising appears to him to be in truth the life of trade.

Sports in Lakewood.

The world's play is quite as important as its work. You don't believe it? Then you should study your world history more carefully, to find proof in plenty that there never was a time when relaxation, change, and diversions of some form, were not regarded as essentials by the best and greatest workers ever known.

And more and more in these driving modern days the play-hours of men of affairs have prominent place on their daily schedules. The intense and pitiless thought which maps out the almost infinite detail of tremendous operations, of which the world learns at the breakfast table, must be broken and cast aside for a little time each day, or intellect will fail.

Lakewood without its varied opportunities for the sport and amusement of busy men can hardly be imagined; certainly, would lost interest. They come here, singly and in parties, by hundreds, for a day or a week or a month; establish their headquarters, and thereafter found on the golf links, polo course, or in the woods. They bring their favorite saddle horses and drivers; order their 'cycles sent down, or spend hours with their guns at the traps, or in boats on the lake. In one way or another, they live out of doors; exercise in the open, recover appetite and sleep sound o' nights. Naturally they return to business new men.

Still safer is the habit of growing numbers who are in business, to locate homes here, going into town each day and returning in season for an hour or two of sport before dinner. The great tournaments which at regular intervals have been held for years are field days for golfers and polo experts all over the country, and Lakewood is recognized as the popular winter play-ground of the great eastern cities.

To know more about Lakewood, send to C. M. Burt, General Passenger Agent, 143 Liberty Street, New York City, for Booklet on Lakewood. It's free for the asking.

SIDE LIGHTS ON TIMELY TOPICS NOTED IN PASSING.

The greatest problem that the farmers of New Jersey have to contend with today is that of help. From all parts of the State comes the cry that good farm help is scarce and has been more scarce every year for the past decade. The State Board of Agriculture has discussed the matter, and the various county boards have taken it up, the last being the Middlesex County Board, where legislation was suggested as a remedy.

If John B. Smith, New Jersey's mosquito expert, can only raise the insignificant sum of $10,000 he can wipe the Jersey skeeter out of existence. But he must have the $10,000. He made a statement to this effect at the closing session of the convention of the New Jersey State Sanitary Association here. In his address before the associaton. Mr. Smith said that there were just thirty-three varieties of the Jersey mosquito. The breeding place of these was in the Raritan meadows, and from there they spread to all parts of the State and multiplied.

Professor Smith declared positively that there was nothing whatever to prevent the complete extermination of the pest if $10,000 was spent in ditching the Raritan meadows and draining the surface water.

A political tragedy entitled "Who's it and why in New Jersey." Act 1; scene, banquet chamber in Senator Kean's Washington mansion. Time, Thursday night, Dec. 10. Principal characters: Franklin Murphy, governor of New Jersey, who is somewhat ambitious and fosters a desire to bear a senatorial toga, now appearing as guest of honor; John Kean, senior senator from New Jersey, who is endeavoring to recuperate after a defeat in his own county; Edward Stokes, a former State senator, who would not object to be seen wearing a governor's tile; Hamilton Kean, a Napolean of politics, who has some bitter recollections; Chorus of "two hundred distinguished citizens." Senator Kean toasts the health of New Jersey's chief executive, who is hailed by brother Ham as the logical man for the Vice Presidency. Deafening applause from the "two hundred distinguished citizens." Governor Murphy drinks to the political health of Edward Stokes, who he refers to as his successor in office. Edward Stokes eulogizes Senator Kean, who he declares is the only man entitled to succeed himself. Scene, Trenton, N. J. Time, one year later. Edward Stokes, governor of New Jersey and sidetracked politically, Franklin Murphy, occupation, manufacturer, Newark, N. J.; John Kean, senior United States senator from New Jersey. "All's well that ends well."

AIR SHIP DIVED.

Professor Manly's Attempt With the Aeroplane Was Dismal Failure.

WASHINGTON, Dec. 9. — Under weather conditions which were regarded as perfect the Langley ship or aeroplane was given a second trial a short distance from Washington down the Potomac, the result being the complete wreck of the air ship. Everything has been in readiness for the trial for some days, so that it was felt all that was need for the test was the right sort of wind and weather. These conditions presented themselves, and the test was made under auspicious conditions.

On the word being given to launch the aeroplane it glided smoothly along the launching tramway until the end of the tramway was reached, when on being left to itself the aeroplane broke in two and turned completely over, precipitating Professor Charles Manly, who was operating it, into icy water beneath the tangled mass.

A number of launches containing newspaper men and others immediately steered for the spot, but before they could reach Professor Manly one of his assistants leaped overboard and brought him aboard the houseboat, on which the launching tramway was laid. Professor Langley was present to witness the test and appeared crestfallen when he saw the product of months of study and labor, combined with an enormous expenditure of money, disappear beneath the water close to where he was standing aboard a tug.

Elijah Again In Control of Zion City and Its Industries.

CHICAGO, Dec. 9.—John Alexander Dowie is again in control of Zion City and all its industries. This turn in the affairs of the head of the Christian Catholic church followed a financial showing which satisfied all the creditors, who immediately made a formal motion before Judge Kohlsaat to have the receivership appointed by the United States district court a week ago dissolved.

As no objection was offered to the motion by any of the creditors Judge Kohlsaat granted the request, and Receivers Blount and Currier were discharged. While the receivers have been relieved from further duties at Zion City, the bankruptcy proceedings are still maintained.

Varilla Hears From Russia.

WASHINGTON, Dec. 9.—M. Bunau-Varilla, the minister from Panama, has made public correspondence between himself and Count Cassini, the Russian ambassador, relative to recognition of the new republic by Russia. Count Cassini wrote: "I have the honor to notify you that his majesty the emperor, my august master, has been pleased to recognize the independence of the republic of Panama. The young republic will know, I do not doubt, how to appreciate the high value of that proof of good will, of esteem and of confidence which my august sovereign has just given to it."

GOSPEL LIGHT HOUSE.

Coney Island Has a Unique Religious Refuge for Unfortunates of Every Variety.

A unique institution at Coney Island is the Gospel lighthouse, which is presided over by Col. William D. Hughes and his wife.

Col. Hughes started in his mission work at the island four years ago with a small tent and a few camp stools. The "boosters" and "barkers" laughed at the "gospel shark" then, but they have since learned to respect him and he is now aided in his work by many of the most prominent business men and pleasure promoters on the island.

In the midst of the hurly-burly of roller coasters, merry go rounds and other noisy engines of amusement, he has built a church little different in architecture from the structures which surround it. The "lighthouse" adjoins the church and

(Located in the Midst of the Gayest Part of Coney Island.)

is a skeleton tower rising to a height of 65 feet above the sandy beach. The lantern at the summit of the tower, which can be seen from any point on the island, is an electric transparency on the four sides of which are emblazoned nightly the words "Jesus Saves."

Many girls who have run away from their homes frequent the dance halls at Coney Island every year. Some of them fall into the hands of the police. Magistrat Voorhees, who presides over the Coney island court, sends many of these to Col. Hughes. They are either returned by him to their parents or retained until it is thought safe to send them out to employment with good surroundings. While living at the "lighthouse" girls are taught to sew and cook.

Col. Hughes and his family live over the chapel. On the outside of the building is a large sign that reads: "Always open. Pull the latch." Spiritual food and the more substantial variety as well are free to any who ask. There is but one table, and tramps are often invited to sit down with the family. The chapel is open afternoons and evenings week days and Sundays.

MONSTER HAILSTONES.

They Fell Not Long Ago in a Pennsylvania Town and Were Larger Than Hens' Eggs.

One sometimes hears a man speak of hailstones "as big as hens' eggs." The tale is perhaps told by a traveler, whose story is received with a shrug of the shoulders. The stones general fell in some far away place, and the ordinary unbelieving easterner puts it in the same category as Mexican dodos or Alkaskan sea serpents.

There was a hailstorm, however, not long ago, about which some 20,000 persons can hold up their hands and swear that they saw and picked up hailstones which were even larger than the average hens' eggs. The inhabitants of West Chester, Pa., which is 20 miles from Philadelphia, were suddenly overtaken by a brazen colored cloud, which threatened for a time, as many thought, to annihilate them. For two minutes the hailstones rattled on the roofs with the

roar of thunder, and smashed windows, stripped trees of their leaves, killed chickens, birds, dogs and cats, and devastated fields of ripened crops. The storm went as suddenly as it came, and it was found to have covered not more than ten square miles of country.

Charles L. Robinson, a New York business man, chanced to be in West Chester at the time of the storm, and he watched the huge ice bullets from a porch.

"The roar of the falling ice," said Mr. Robinson, "inspired a sort of fear which I cannot describe. It was like the roar of cannon. I could see horses in the street which ran away from fright. The storm caused a fall in temperature of about 15 degrees. After it had passed I went out, and picked up several stones and measured them. Several were more than 2½ inches in diameter. In order that I might remember just how large they were, I traced the outlines of one of them on a paper by running a pencil around the edges."

An Ideal Location

Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE

LINDEN, N. J.

Beautiful and Accessible

2 Miles from Elizabeth, 7 Miles from Newark,

14 MILES FROM NEW YORK

On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

THE PREVAILING MODES.

The Short Bolero Effect—Ample Sleeves and Cape Effects.

The short bolero effect with short, wide sleeves is the favorite model just now, and this has a full underblouse of lace and very full lace sleeve puffs. The skirts hang full back and front, with gored or shirred ruffles.

The close fitting small hat is seen alike for dressy and street wear. It is of fine velvet trimmed with a single shaded plume.

Waists of black mousseline de soie trimmed with long fringe and having semitransparent yokes are very dainty for evening wear.

The heavy blouse of cream lace is most effective to wear with tailor made suits.

The broader the shoulders the smarter the gown, and this breadth, together with the fullness of the sleeves, makes the waist line appear very small.

Despite the prejudice against birds they are shown in profusion, the natural feathers in many cases having the additions of patches of bright coloring. The brush osprey is dying out, but the paradise plume remains. Very becoming are the toques made entirely of feathers, and some of the plumage is very lovely and evidently belongs to foreign birds of some rarity. Hats are still large and spreading and project in front, but toques have exceedingly deep brims, especially at the back. Toques are worn in different ways, as some fall low over the forehead and others are raised and show a great deal of the front hair.

The illustration shows a baby lamb coat and flat muff. Both are trimmed with handsome yellow lace.

FASHION HINTS.

Fur Stoles Are Becoming More Elaborate and Large.

Fur stoles have become more and more elaborate, and they have also increased in size until they reach the dimensions of little capes and are used to the exclusion of other wraps with tailor made dresses.

One of the smartest of these stole capes seen recently was of moleskin, having a double cape effect and long stole-like ends. Tiny lapels were of ermine, and the ends of the stole had crosspieces of this fur added in.

Moleskin, by the way, makes a charming turban combined with ermine and cream white ostrich tips, and it is also good for fancy muffs, shirred in with a ruffle of yellowish lace.

NET WAIST.

Really good dresses cannot be cheap this year on account of the quantities of material needed and the patient fancy needlework required in the trimmings.

Ready made robes can be made into the prettiest ball and dinner gowns imaginable at one-third of what they would cost all ready made.

The new stoles are so varied that choice becomes a difficult matter. The most decorative and uncommon exhibit a great deal of lace, either in stripes or medallions. Ermine is much used in combination with other furs and bordered with skunk, sable or squirrel. The new plush coats are made with deep tucks or frills and have much silk passementerie and chenille fringe or tassels.

The illustration shows a net waist combined with lace and narrow velvet ribbon. This particular model would be charming in ecru and red.

HARVARD'S REPORT.

Football Should Not Be Discouraged as a College Diversion.

CAMBRIDGE, Mass., Dec. 9.—The athletic committee of Harvard university, which was asked by the faculty of arts and science to report whether the big college football contests should be discontinued, has reported that it is not advisable at present to stop football games between university elevens. The report says:

"The question was discussed by the general committee, and also a conference was arranged between prominent football coaches and former members of the football team and the committee itself. A full and frank discussion followed, in which were stated the objections to the game which had been made at the meetings of the faculty and information which was requested upon the various points raised. The consensus of opinion was to the effect that the game had improved in many of its features in recent years, that the feeling between opposing teams and particularly between Harvard and Yale was of a friendly nature and that an effort should be made to modify certain apparently objectionable features.

"The committee ventures to express the opinion that the game of football is only one of many distractions in college life and that there is no evidence that its abolition would necessarily turn the attention of students to more serious pursuits."

Negro Defeated World's Champion.

BOSTON, Dec. 9.—Samuel Langford, a colored pugilist from Cambridge, has surprised the followers of boxing by defeating Joe Gans of Baltimore, the lightweight champion of the world, in a fifteen round bout at the Criterion Athletic club in this city. Although Langford won the decision, he was not awarded the world's lightweight championship, as he was two pounds overweight. It was expected that Langford would give Gans a hard battle, but those who believed that the Cambridge boxer would receive the decision were few.

Hughey Murphy Knocked Out.

CHICAGO, Dec. 9.—Benny Yanger of Chicago knocked out Hughey Murphy of Boston in the third round of a six round bout here last night. Yanger weakened him with blows to the stomach in the first and second rounds and easily disposed of Murphy in the third with a series of blows to the jaw.

Favorite Was Disqualified.

SAN FRANCISCO, Dec. 9.—The sport at Oakland was marked by another disqualification. E. M. Brattain, favorite for the fifth race, beat Martimas a neck, but he interfered with him near the finish, and the claim of foul made by Otis was allowed. The judges placed E. M. Brattain last.

Racing at New Orleans.

NEW ORLEANS, Dec. 9.—Four favorites, two of which were at odds-on in the betting, won at the Crescent City track. The defeat of Big Ben and Rainland, both of which were heavily backed at a short price, helped even up the score for the books.

Sale of Whitney Horses.

NEWMARKET, England, Dec. 9.—There was a good attendance here at the sale of W. C. Whitney's stables. The horses were auctioned without reserve with their engagements. Hands Down fetched 3,400 guineas, and Mintagon went for 1,450 guineas.

Reyes Doing Social Duties.

WASHINGTON, Dec. 9.—General Rafael Reyes, the Colombian minister plenipotentiary, now in Washington on a special mission, conformably to the practice in such cases, has called at the residences of the various ministers accredited to the United States and left his card. Today he expects to make the acquaintance of the ambassadors residing in Washington. He still declines to discuss his future plans and is carefully considering every feature of his mission before calling on Secretary Hay for the purpose of making any requests of the state department in connection with the Isthmian situation. It is believed, although General Reyes declines to admit it, that he is considering the advisability of engaging some eminent American counsel to assist him in the presentation of his case before the state department.

Woman and Child Overboard.

SAN FRANCISCO, Dec. 9.—The captain of the steamer Queen, which has arrived here from the north, reports that Mrs. Harry E. Oldt, whose husband is in Alaska, undoubtedly jumped overboard during the night with her four-year-old child after the steamer left Victoria. The woman's clothing and that of the child, except their nightgowns, were found neatly folded on their beds. Mrs. Oldt is believed to have been despondent.

Root Entertained the President.

WASHINGTON, Dec. 9.—Secretary Root entertained the president and a number of government officials at his residence on Jackson place last night. They included Secretary Hay, Secretary Moody, Admiral Dewey, Lieutenant General Young, General Chaffee and Rear Admiral Taylor of the bureau of navigation.

The Fever Outbreak at Butler.

BUTLER, Pa., Dec. 9.—At the executive committee's meeting thirteen new cases of typhoid fever were reported. There is evidently a reduction in the number of cases developing, but the situation is bad enough yet. The deaths since the last report number four.

COLORADO STRIKERS.

Italian Miners Make Serious Trouble at Sagundo.

TRINIDAD, Colo., Dec. 9.—A pitched battle has occurred at Sagundo, a Colorado Fuel and Iron camp, between thirty striking Italian miners and seven of the company's guards. Three of the strikers were shot, and two of them will probably die. The strikers went to the ovens, but were ordered to stop by the guards. The shooting began, each side asserting that the other fired first.

An attack on the new part of the settlement is expected from the Italian strikers in the old town, and a bloody fight may be looked for. Nearly every man in New Sagundo is armed and will shoot at first sign of an assault. All day the strikers are said to have been drinking and have made threats that they will clean out Sagundo after dark. The situation in the camp is most critical. At all the camps and in this town the Italians are worked up to a pitch of frenzy.

CONVICTED OF FRAUD.

McGregor and Upton Found Guilty by Baltimore Jury.

BALTIMORE, Dec. 9.—Former Postal Clerks Thomas W. McGregor and Columbus Ellsworth Upton were convicted in the United States district court here of conspiracy to defraud the government in connection with the purchase of 20,000 leather pouches for use in the free delivery service. Charles E. Smith, who received the order for the pouches through the influence of Upton and McGregor, was the principal witness against the accused. The jury after being out forty-five minutes returned a verdict of guilty. Counsel for the convicted men immediately made motion for a new trial, and Judge Morris agreed to hear arguments on the motion next Saturday. Bond in $5,000 was furnished by the friends of Upton, and he was released. McGregor is in charge of United States Marshal Langhammer pending the arrival of friends from Washington to furnish a similar amount of bail for him.

PEACE ASSURED.

Russia and Japan Will Settle Manchurian Question Without War.

LONDON, Dec. 9.—Dispatches have been received from St. Petersburg confirming the advices that peace between Russia and Japan is now believed to be assured were taken to the Japanese legation here, where they were read with much interest. In the absence of Baron Hayashi, the Japanese minister, Secretary Nabeshima said:

"We have not been kept informed by our government at Tokyo as to the successive steps in the negotiations. Of course we cannot pretend to say how Russia's reply will be received by the Japanese government. It is another step in the negotiations, but from my knowledge of Japanese public opinion I feel safe in saying that the final settlement of the great questions at issue between Japan and Russia will be difficult to reach, while the essential question concerning Manchuria is left in abeyance."

Northern Securities et Al. Case.

WASHINGTON, Dec. 9. — Briefs in behalf of the Northern Securities company and the Northern Pacific Railway company in the case of the United States versus those two companies and the Great Northern company were filed in the supreme court here. The brief of the securities company is by George B. Young and that of the Northern Pacific by C. W. Bunn. Mr. Young's brief traces minutely the origin of the merger. The movement for this consolidation he attributes largely to the raid of May, 1901, by hostile interests on Northern Pacific stock, which it was considered most important to prevent, and says "the Union Pacific interests still held $37,000,000 of the Northern Pacific common stock."

All Hanover Students Rebel.

HANOVER, Ind., Dec. 9.—President Fisher of Hanover college has expelled ten students and suspended fifty others from the various classes as the result of a class clash. The entire student body has left the college and at a meeting held on the campus has decided not to return till the men are reinstated. The sophomore class barricaded itself in the belfry of the college, and not even the professors and students with axes could dislodge them.

Herbert Spencer Is Dead.

LONDON, Dec. 9.—Herbert Spencer, the famous author, is dead at his home in Brighton. His illness took a critical turn a few days ago and he became unconscious during the night, passing away without pain. By his own desire the least possible information was given out during Mr. Spencer's illness. Mr. Spencer is universally described as the "last of the great thinkers of the Victorian age." Herbert Spencer was born April 27, 1820, in the ancient town of Derby, in the heart of England.

Ghouls Rob the Dead.

NEWPORT NEWS, Va., Dec. 9.—The local police are on the trail of an organized band of ghouls who for many weeks, it is believed, have been engaged in desecrating the graves in Greenlawn cemetery and robbing the newly interred bodies of their jewelry, shrouds and clothing. From discoveries made it is evident that this practice has been carried on for some time.

Ambassador Insulted.

PARIS, Dec. 9.—While Count de Wolkenstein, the Austrian ambassador to France, was leaving his carriage here to enter a show in the center of the city some person so far unknown threw filth at him. The ambassador complained to the police, who say that the insult was not intended for him or for the government which he represents.

AMUSEMENTS.

The remarkable success of the clever comic opera comedian, Frank Daniels in Charles B. Dillingham's production of the musical comedy "The Office Boy" at the Victoria Theatre, New York, is a direct contradiction of the stories of hard times in the theatrical business that have been so persistently circulated this season. It also furnishes an object lesson to those purveyors of amusement who, while devoting thought and money to their productions, overlook the most essential element of success, a good play.

Waldron's Superior Cold Cream.

For soaps and kindred articles Mrs. Waldron's is the best place in town. Tincture of soap and hair tonics and Mrs. Waldron's Superior Cold Cream are specialties that are in constant demand. TELEPHONE CO.'S PERMIT

AWARDS MADE FOR PEAPACK AND MOUNTAIN AVENUE ROADS.

Agreement Made for Davidson's Bridge and Blazure's Corner Road—Petitions for More Roads—Thanks Extended to Mr. Page.

Resolutions recommending the offer of a reward of $200 for information leading to the arrest and conviction of horse thieves in Somerset County were adopted by the Somerset County Board of Freeholders in Somerville Tuesday. Horse thieves have been active in the county for many months and the anxiety of the farmers led to the passage of the resolution.

Contracts were awarded for building the Peapack road, to the Augustus Munson Company for $22,809; for building the Davidson bridge and Blazure's Corner road, to the same company for $17,753; for the Mountain avenue road in Bound Brook, to John McNabb for $7,831.

The Hillsborough and Montgomery Telephone Company was granted permission to erect its poles and lines along roads approved by the county. It was reported by County Collector Allen that a bond conditioned for the payment of $2 a week from October 1 last was ready for the reimbursement of the county for the maintenance of Sarah Manning in the New Jersey State Hospital. A petition was presented for the improvement of several roads in Montgomery township. Resolutions of thanks were voted William H. Page, Jr., for his act in improving roads in Bernards township at his own expense.

TEXT OF PROPOSED LAW TO BE PRESENTED TO THE LEGISLATURE.

The barbers' license bill which is to be introduced in the next Legislature has been prepared by the State Barbers' Association. It was decided to send petition slips through the State to be signed by the members. A copy of the petition follows:

"We, the undersigned, citizens and residents of the State of New Jersey, do hereby endorse an act regulating the practice of barbering; the licensing of persons to carry on such practice; and to ensure the better education of such practitioners; and to ensure better sanitary conditions in barber shops; and to prevent the spreading of contagious or infectious diseases; and to authorize boards of health to co-operate in securing such conditions in the State of New Jersey.

"As we believe that the present existing conditions demand the enactment of such legislation and that by the passage of such an act the interest of the public health will be improved and promoted.

"We therefore respectfully urge upon your honorable body the passage of and adoption as law of the 'New Jersey Staete Barbers' License and Sanitary Bill,' when introduced at this session of your Legislature."

All the barbers in the State will be asked to aid in passing the measure by subscribing amounts toward the State fund. The State association will meet in Trenton, January 17, and will visit the State House.

BURGLAR COMMITTED BY JUSTICE HUFF

William McCoy, Caught With the Goods on Him, Held to Await Action of Grand Jury.

PAL STILL AT LARGE

BOOTY TAKEN FROM HOUSE ON MADISON AVENUE YESTERDAY MORNING.

Patrolman McCarthy Captured the Crook—Chief Kiely Hopes to Land the Other Man—Wire Stolen From the Electric Light Company.

William McCoy, the colored man who was caught by Patrolman McCarthy "with the goods" yesterday morning while attempting to make his escape from a house on Madison avenue, was committed to the county jail this morning by Justice Huff to await the action of the Grand Jury. A black jack, screw driver and other tools in a burglar's outfit were found on McCoy when he was searched.

McCoy's pal, also colored, who escaped, is well-known to the local police, and Chief Kiely stated this morning that he confidently expected his capture within a day or two. The man is an experienced crook who has already served one term in State's Prison for burglary committed in this city. Yesterday when he eluded capture he took with him fifty pounds of copper wire and other property stolen from the Elizabeth Light Company. Both crooks make their headquarters in New York.

VILJOEN TO MARRY.

Announcement of Engagement of Boer Leader, Who Visited Plainfield as Martine's Guest.

Many Plainefilders who remember the visit to this city of General Viljoen, the great Boer leader, will be interested in an announcement of his approaching marriage to Miss Mary May Belfort, an accomplished singer, of England. The general performed valiant service in the Boer War and at one time was a prisoner under death sentence. He says that in the two nights he was imprisoned his hair turned perfectly white as a result of his worriment. He finally secured his release, his fellow Boer friends getting possession of the town and jail where he was held. Afterward the English Government offered a reward of $10,000 for his head. While in Plainfield Gen. Viljoen was the guest of James E. Martine at "Cedar Brook Farm," and he made an address in Reform Hall.

NO COUNTY ROAD LIKELY.

Board of Freeholders Not Disposed to Macadamize Cranford Road.

From the present sentiment evinced by members of the Board of Freeholders, it is unlikely that the board will be disposed to adopt the Cranford-Summit road as a county road, when the report is made at the next meeting Although the petition presented to the Board for the adoption of the road was an urgent one, it did not meet the approval of the members, because of the expense of macadamizing and maintaining, the opposition from the rest of the county, and the indifferent benefits to be derived from it by the general public. The cost of macadamizing would be $5,000 a mile, and it is said the Board would hesitate about incurring this expense, especially in view of the fact that the Mountain road is so hard to keep in repair.

The Board of Freeholders will meet today at Westfield and go over the proposed road. One of the Board said today that he believed that the improvement involved too much expense for the benefit to be derived.

For many years he was the postmaster there and was a stationer, having been in business for many years. He was widely known as a composer of sacred music.

Frank Young, of Westfield, who has been visiting friends here, has returned home.

W. F. Oliver, of East Fifth street, is sufficiently recovered from a recent injury to his back to appear on the street.

NEW TROLLEY CAR HERE.

Type of Vehicle to be Used on Jersey City-Trenton Line.

A trip of trolley car No. 1900, one of the 150 new ones ordered by the Public Service Corporation for the service between Jersey City and Trenton, was made to this city today noon. The car was run from Newark to Plainfield by Charles Dunn, superintendent of construction, under the supervision of W. S. Hall, district superintendent.

The car is heated by hot water, while in the summer season the windows can be put out of sight, making the car in every sense suitable for warm weather. Sand can be put on the tracks by means of compressed air and the same method is used for emergency brakes. On either platform a strong iron rail shuts the passage-way off from the motorman, preventing interference with the operation of the car. At each window there is a push-button connected with a bell to be used by passengers wishing to get off at any point.

TINIEST SHETLAND PONY.

Little Animal Owned by LeRoy Ellis Can Pass Under Parlor Table.

Probably what is the smallest Shetland pony in the State is the property of a Fanwood man, LeRoy Ellis, who purchased the little beast recently from the famous Belle Mead stock farm, near Nashville, Tenn. The animal is so small that it could pass easily beneath an ordinary parlor table. A few days ago when an attempt was made to capture it, the animal dodged beneath a milch cow, to the surprise of the cow as well as the pursuers.

THE SUTTERLIN GIRL GUILTY

SIMILAR PLEA ENTERED BY WM. SAUNDERS AT SPECIAL SESSIONS COURT.

Among those arraigned in Court of Special Sessions at Elizabeth yesterday, to plead to offenses with which they stood charged, was Amelia Sutterlin, the young woman recently arrested for breaking into and robbing the residence of Mrs. Frances Simmons on North avenue.

The accused, very dark of complexion, raven black hair, rather good looking, and neatly attired, pleaded guilty. Prosecutor of the Pleas English informed the court that he had received word from Chief Kiely, that before Amelia was sentenced he desired to appear and make a statement regarding her, whereupon sentence in her case was deferred until Wednesday.

William Saunders, colored, of this city, pleaded guilty to the larceny of a bicycle, valued at $15. Sentence deferred one week.

James Cleary, the hobo desperado, who with three companions recently made an assault on the crew of a Pennsylvania Railroad train, near Rahway, pleaded guilty to assault and battery on Samuel Nixon, one of the crew. Sentence was deferred one week.

Charles R. Johnson, colored, arrested in Scotch Plains for the larceny of a watch, pleaded guilty and will be sentenced Wednesday.

REJECTED, KILLED HIMSELF

BECAUSE FORMER PLAINFIELD GIRL LOVED ANOTHER MAN.

Miss Mattie B. Merrill, of Newark, who figured in the suicide of a man named Richard S. Dayton, who took his life in a Philadelphia hotel, is a former Plainfield girl. Dayton was infatuated with Miss Merrill and despite her protest and explanation that she was engaged to another man, he continued to press his suit. According to the newspaper stories he committed suicide because Miss Merrill refused to entertain his attentions. After the man's death there was nothing to disclose his identity until a torn picture of Miss Merrill was found in his room. Miss Merrill was formerly employed in a local dry goods store. Her mother, Mrs. Peterson, of East Seventh street, was burned to death during her residence here, through the upset of a gasolene stove.

I. J. COON'S FUNERAL.

Obsequies at Passaic Valley Largely Attended by Relatives and Friends.

Nothing could show the high regard and esteem in which the community held Israel J. Coon than the large concourse of people that in spite of yesterday's storm attended the funeral services at his late home in Passaic Valley. Two musical selections were rendered by Rev. and Mrs. Walton. The sermon was preached by Rev. O. E. Walton, pastor of the Mount Horeb Church. Interment was made at Mount Horeb.

Mr. Coon was a grandson of Captain Israel Coon, who served in the Revolutionary War, the wife of whom was a daughter of Rev. Abner Sutton, pastor of the Mount Bethel Church at the time of his death in 1791.

Mr. Coon is survived by his wife, who was Miss Mary Coddington, of Somerset street; a son, David, who resides on an adjoining farm and a daughter, the wife of Rev. David Smalley, pastor of the Methodist Church at Broadway, N. J.

Freeholder to Meet Here.

The Somerset County Board of Freeholders will meet in this city tomorrow afternoon at 2 o'clock at the Plainfield Water Company's office to act with the Union County Board respecting the Giraud avenue bridge.

The cause for delay is up to the Dover Iron Works, that concern having failed to deliver the iron ordered for the structure for some unknown reasons. It is understood that the Freeholders are anxious to have this concern fulfill its contract. In case of failure it is not unlikely that an attempt will be made to place the order with some other firm.

PLAINFIELD BOWLERS DEFEAT SUMMIT MEN

Local Aggregation Captures Two Out of Three Games in Y.M.C.A. Bowling League.

WIN BY SMALL MARGINS

THE LOCAL TEAM HAS A CHANCE FOR SECOND PLACE.

Summit Rolls 749 in the Third Game, the Highest in Match—Spicer, of Plainfield, Makes a 170—The Scores.

Without the services of two regular players, Plainfield won two of the three games in the bowling match with Summit last night in the Y. M. C. A. Bowling League contests. Whitley and Hummer were the absentees for Plainfield. The game was played on the local alleys. Plainfield won the first two by narrow margins and Summit captured the third rather easily. Garis was high roller with a record of 197. Spicer, of Plainfield, with 170, was second. The scores:

Plainfield.			
Munday	131	122	—
Spicer	125	170	156
Brokaw	128	—	82
Dreier	—	168	114
Sutphen	147	138	161
Koons	128	135	156
	—	—	—
	659	733	669
Summit.

Shea	115	139	150
Garis	140	173	197
Dean	146	141	155
Leach	127	138	112
	—	—	—
	648	713	749

Plainfield has won three games and lost six in the Bowling League of Northern New Jersey. Last night's match was the third for the local association, the results of the other two matches favoring Rahway two games to one and Orange three games to none. Orange has won all of its games thus far and looks a sure winner of the championship banner. Plainfield has a chance for second place.

LEHIGH STOWING AWAY COAL

COMPANY UNLOADED LARGE QUANTITIES AT SOUTH PLAINFIELD YARDS.

The Lehigh Valley Coal and Transportation Company is storing large quantities of coal at the yards a mile east of South Plainfield and, it is said, is making preparations for another large coal strike. Hundreds of tons of coal are being stored there each month and there seems to be no let up to the continual arrival of cars of coal to the yards.

A Lehigh Valley railroad man, in speaking with a reporter for The Daily Press said that preparations are afoot to increase the capacity of the yard to make it one of the largest on the road between the coal fields and New York. There are at present six large heaps containing from 1,000 to 2,000 tons of anthracite fuel.

During the strike last year the company found that the storage of coal at South Plainfield stood it well in hand. While other roads were compelled to use soft on their passenger trains the Lehigh used anthracite.

To further perfect the plans, it is said four new stacks are soon to be placed in the storage yards and preparations will soon be begun in erecting more traveling dumping cranes. These will be rushed through to completion, it is said, as soon as possible.

Mrs. Valentine Utzinger, of 75 Grandview avenue, says: "I suffered from kidney complaint for six years, I doctored and used various kinds of medicine with little or no result. I had almost a constant sharp darting pain across my back, and if I ever exerted myself or took cold I suffered severely. I always felt it most when the weather was damp. While in this condition I saw Doan's Kidney Pills recommended and my son bought me a box from L. W. Randolph's drug store. I started to use them at once, following directions closely. They helped the pain in my back and relieved my other difficulties. I give all the credit for this relief to Doan's Kidney Pills for they are beyond a doubt a grand medicine for kidney trouble."

BOOK NEWS.

It is planned to issue on Thursday of each week items of library news. This will frequently take the form of book lists, such as lists of books recently added, lists on special subjects and like topics. Frequently the lists will be annotated, the aim being to make these annotations of real service to the reader, by giving him the opinion of a trustworthy critic as to the value of the books or a few words as to their scope. Borrowers should keep these lists. The Plainfield Public Library will furnish to anyone making application a list of its books on a given subject.

The following list of children's books is offered with the double object of being suggestive at Christmas time, and of providing a list from which children may select library books. None have been included which young people have not been found to enjoy, nor which after reading the librarian cannot unhesitatingly recommend. As a slight guide, the approximate ages to which they are adapted are given, further information will be given at the library to those interested. Many of the books are especially adapted for reading aloud to children.

Next Thursday's issue will contain a list of books for machinists.

PUTNAM & DEGRAW

SIX DAY BIKE RACE.

Eight Pairs Now at a Tie Score For First Money.

NEW YORK, Dec. 10.—Worn and seemingly caring nothing for the exhortations of the big crowd which had filled Madison Square Garden all day, the six day riders have slowly reduced their pace, and they are covering only about sixteen miles an hour.

At very infrequent intervals there are sprints, but the cries of "Hit 'er up, boys!" which earlier in the week sent them off as though new life had been infused, seemed to be unheard.

At one time an offer of a crisp five dollar bill made by a spectator to the man who should finish three laps first sent them spinning around at a dizzying speed, with Leander leading the other eleven riders all the way. He captured the prize by half a wheel's length from Moran.

This is the second money Leander has won, having captured $20 earlier in the day after a spirited brush of a mile with Breton, the plucky little Frenchman, who because of his unceasing good nature and staying powers has won the hearts of the thousands who throng the arena.

Lampoon and Dan McKenna Won.

NEW ORLEANS, Dec. 10.—Lampoon and Dan McKenna, both well supported, were the winning favorites here. George Thompson, who has just returned to this country with a long and good record on foreign tracks, had his first mount on Dan McKenna. Rounding the first turn in the last race Barkelmore fell, and Will Shelley and Shotgun fell over him. Wolf, who had the mount on Barkelmore, was severely bruised, but the others escaped unhurt.

Otto Steifel Defeated.

SAN FRANCISCO, Dec. 10.—Close finishes and the defeat of favorites marked the racing at Oakland. The greatest surprise was the defeat of Otto Steifel, the 3 to 5 favorite for the two-year-old race, who was beaten by Captain Forsee. Jockey Bullman, who arrived from New York, made his first appearance on Pollock.

Four-year-old Laid the Stone.

PROVIDENCE, R. I., Dec. 10.—A bright four-year-old lad laid the foundation stone of the gates to be erected at Brown university in memory of his father, John Nicholas Brown. The child performed his part in the ceremony in a manner which awoke general admiration. The gates when completed will be the handsomest in the city, their architecture generally conforming with that of the John Carter Brown Memorial library near by. The boy, John Nicholas Brown, Jr., is reputed to be the wealthiest child of his age in this country.

Unearthing Land Frauds.

WASHINGTON, Dec. 10.—Incidental to the general investigation being conducted by the interior department into the land frauds in the west an inquiry is being made of the records in the general land office in Washington by inspectors detailed for that purpose. Their inquiries are in connection with charges that employees of the office have given advance information of lands to be set aside for forest reservations whereby opportunities are afforded speculators to take up lands in the territory to be reserved.

Miss O'Neil and Rankin Accused.

CHICAGO, Dec. 10.—All the properties and costumes of Nance O'Neil, the San Francisco actress, and McKee Rankin have been attached by William Cleveland, manager of the Cleveland theater, where for the last month Miss O'Neil and Rankin have been filling an engagement. Affidavit was made by Cleveland that the actress and Rankin were, in his belief, about to cancel or dispose of their property, leave the state and defraud him of several hundred dollars advance expenses.

JEFFERSON CITY, Mo., Dec. 10.—The supreme court has reversed the decision of the lower court in the case of Colonel Edward Butler of St. Louis, convicted at Columbia, Mo., of attempted bribery, and discharged the prisoner. I am very glad the decision of the trial court was reversed."

WAR WITH COLOMBIA

Morgan Scores Administration on Cuba and Panama.

SAID PRESIDENT FELL INTO A TRAP.

Declared That "United States Is Becoming Covetous and Now Rules Cuba, and Canal Treaty Was a Grotesque Act."

WASHINGTON, Dec. 10.—When Senator Teller had concluded his speech in opposition to the Cuban reciprocity bill Senator Morgan also was heard in opposition to that measure. The Alabama senator devoted a great share of his attention to the Panama canal question. He charged that the United States had broken faith in failing to obey the Spooner law and warned Cuba that the same course might be followed by us toward that country in case the pending bill should become a law.

Mr. Morgan took occasion to refer frequently to the Panama canal treaty and in that connection again freely criticised what he denominated "presidential usurpation." He declared that the United States is becoming affected to the core with covetousness and said the country seemed to be quivering with doubt as to whether it should go over entirely or pursue the better course followed by our national fathers. So far as he was concerned he would not be so mean as to yield to a temptation simply to advance the commercial interests of his state. He asserted that the United States would do as it might please with Cuba and added:

"She is now fettered to the decks of our warships as firmly as Professor Langley's air ship was ever attached to his house boat."

He spoke of the negotiations of the Panama canal treaty as a grotesque act and declared that Panama had "no more right to appoint a minister to the United States than that country had to consecrate a saint.

"He came," the senator continued, "as a swift winged messenger of falsehood, dispatched on his mission by the Panama Canal company."

So far as the concession made to Cuba in this bill is concerned, he said it would not be regarded by the Cubans in anything but a serious light, whatever the result may be.

"The Cubans will not," he said, "regard it as a ludicrous act in a French vaudeville, but will accept it seriously."

Mr. Morgan said that Cuba would do well to give careful heed to our purposes in the legislation under consideration. They should not follow the old adage not to look a gift horse in the mouth, for in this case "the gift horse is a broncho which greets them with a whinny and may send them away with a kick."

Returning to the Panama situation, Mr. Morgan said that the United States is practically at war with Colombia as the result of the fact that the president had fallen into a trap. He wanted, he said, to save the senate from this same trap and again referred to M. Bunau-Varilla, the Panama minister, and after reviewing briefly that gentleman's history as an engineer and contractor on the Panama canal said that he had "contracted wisely and well and had left the isthmus a rich man."

Mr. Morgan said that his whole purpose was to warn the senate against ratifying a treaty the negotiation of which he characterized as "a most wretched, a most abominable and a most horrible transaction." Notwithstanding this was the case, the senator continued, "the senate sleeps over this breach of the Monroe doctrine, while the president of France and the president of the United States stand over the recumbent figure and intone in unison their sole and satisfied amen."

He expressed the opinion that the cost of the Panama canal in its early stages would be so great as to cause congress to stop the appropriations before the enterprise had gone far and thus accomplish the purpose of the transcontinental railways in preventing the construction of any canal.

Discussing the president's message, he said the chief executive had failed to execute the Spooner law because it was distasteful to him and declared that he had not succeeded in formulating any satisfactory excuse for his course. He predicted that the time would come when Cuba would "clip the threads that restrain her and bind her to us and again float off into the sea of liberty."

In such an effort, he continued, Cuba might find a friend in Germany, which might follow our example and create a state of independence in a night and then annex it with the coming sunrise. No doubt there would be fighting, for who, he asked, "is more eager to fight than Emperor William or our own strenuous president?"

He then proceeded to say that only yesterday he had met a great Democrat, who had "had a place in our affairs only second in importance to the presidency and had made a name for himself in diplomacy, evidently meaning former Secretary of State Olney, who had bowed his head as he said:

"'For the first time in my life I have to confess that I am ashamed of the attitude of my country.'"

Mr. Morgan, reverting again to Cuba, said:

"Our relations with that island ought to remain as they are so far as our economic policy is concerned, or she ought to be admitted as a state."

When Mr. Morgan stopped speaking the senate went into executive session and ten minutes later adjourned.

Senator Hoar has introduced the following resolution:

"Resolved, That the president be re-

quested, if not in his judgment incompatible with the public interest, to communicate to the senate such facts as may be in his possession as will show whether at the time of the ratification of the treaty with the republic of Panama, lately communicated to the senate, Panama had successfully established its independence, had lawfully adopted a constitution and had given authority to the persons with whom said treaty purports to have been made to negotiate and ratify the same; also the population of said republic of Panama at that time, its capacity for self government and the race and character of the persons composing it; also whether the officials negotiating or ratifying the treaty on the part of Panama had any personal or private interest in or relation to the construction of a canal across the isthmus of Panama."

IN MANCHURIA.

Consul Davidson's Experience of Four Months' Travel.

ST. PETERSBURG, Dec. 10.—James W. Davidson, United States consul at Tamsui, Formosa, who is here on his way home after four months of extensive travel in Manchuria, says that through the courtesy of Baron de Rosen, the Russian minister to Japan, he was provided with a special car when traveling on the Manchurian railway and that every facility was placed at his disposal by the Russian officials throughout his journey.

Consul Davidson gathered much valuable information, some of which corrects the misapprehensions concerning Manchuria now current in Europe. He found that Manchuria, especially the Liauho valley, is very fertile and with a dense Chinese population. Much money, the consul says, is being spent between Vladivostok and Port Arthur in the erection of many permanent buildings. None of these buildings, however, are on the East China railway, as has been reported. Traffic between Vladivostok and Port Arthur is very heavy, calling for the operation of thirty trains daily.

Consul Davidson refutes the story that the efforts to make Dalny an ice free port had met with failure. Though ice had formed inside the breakwater, it did not in any way interfere with navigation. The consul confirms the report that depredations have been committed by Chinese robbers, calling for the employment of Russian troops with a view to suppressing the outrages.

The reoccupation of Mukden by the Russians, Consul Davidson says, consisted only in the placing of forty guards at the gates.

Kroonland Safe at Queenstown.

QUEENSTOWN, Ireland, Dec. 10.—The Red Star line steamer Kroonland, which sailed from Antwerp for New York Dec. 5 and reported by wireless that her steering gear was disabled and that she was returning, has arrived in the inner harbor of Queenstown. She had little difficulty in steering by means of her twin screws. The Kroonland has 900 passengers on board. The passengers of the Kroonland will be transferred to the White Star line steamer Teutonic, which sails from Queenstown today for New York.

Republican Convention For St. Louis

WASHINGTON, Dec. 10.—To secure the selection of St. Louis as the Republican convention city is the object of ex-Governor D. R. Francis, D. M. Hauser and W. H. Thompson, the president, vice president and treasurer respectively of the Exposition company, who are now in Washington. Incidentally the legislative features of the exposition were discussed with Speaker Cannon, and application also was made to the treasury department for the establishment of a national bank on the exposition grounds.

Knox Hatmakers on Strike.

NEW YORK, Dec. 10.—Two hundred hatmakers and finishers employed in the Knox hat factory in Brooklyn have gone on strike in response to a call from the heads of the national union. This is the first strike that has occurred in the Knox factory in the fifty years of its operation. A change of the system for the payment of piece workers is at the bottom of the trouble, the men declaring that under the new system their wages are reduced from $5 to $6 a week.

Oil Soars Again.

PITTSBURG, Dec. 10.—The Standard and Producers and Refiners' Oil companies have advanced the quotation of Pennsylvania oil 3 cents, bringing the price up to $1.90, the highest since May, 1895. Tiona, Corning and New Castle were also advanced 3 cents, while the lower grades were put up a cent. The gradual decrease in production, necessitating the drawing upon stocks, is said to be responsible for the advance.

Desperado Killed by Farmer.

GUTHRIE, Okla., Dec. 10.—James Harbelt, a noted desperado of the territory, has been killed at Sebony by a farmer named Donahue. Harbelt bore a bad reputation, having killed Giles Flippin in the Indian Territory some years ago and also being reputed to have been a member of the gang that robbed the Texas express of $75,000, killing a deputy at the same time.

President of Ice Company May Die.

CHATTANOOGA, Tenn., Dec. 10.—T. C. Riggs, president of the Chattanooga Ice company, was perhaps fatally injured here in a collision between his automobile and a car of the Chattanooga Electric Railway company.

Town Almost Wiped Out.

HILLSBORO, Tex., Dec. 10.—The town of Abbott, eight miles south of here, has been almost wiped out by fire. Fifteen buildings were destroyed entailing a loss of $75,000.

SHIPYARD HEARING.

Perkins Defends Morgan From Bondholders' Accusations.

NOTHING TO DO WITH BETHLEHEM

Witness Said His Firm Had No Connection With Trust's Organization—Lawyers Try to Prevent the Full Story Coming Out.

NEW YORK, Dec. 10.—Further remarkable disclosures were made at the hearing in the bondholders' suit against the United States Shipbuilding company in the testimony of George W. Perkins, partner of J. P. Morgan.

The most startling revelation was that the Bethlehem steel plant was not really owned by Mr. Schwab, but that Mr. Schwab was used by J. P. Morgan & Co. as a dummy in selling the plant to the shipbuilding company. This was brought out when it was shown that the contract of sale of the Bethlehem plant was signed not by Mr. Schwab, but by J. P. Morgan & Co.

According to Mr. Untermyer, counsel for the litigant bondholders, the stock of the Bethlehem Steel company was held in the offices of J. P. Morgan & Co. in the names of Mr. Schwab, his clerks and secretaries as dummies.

Another amazing fact drawn from Mr. Perkins was that, though he had never been introduced to D. Leroy Dresser, he was willing to place $2,100,000 with trust companies to be loaned to him. And just as remarkable was the statement of Mr. Perkins that his firm was willing to accept $5,000,000 in securities of the United States Shipbuilding company as a reward for their services without having investigated the financial standing of the company. In other words, J. P. Morgan & Co. accepted what represented a year's earnings of the trust and interest on $7,000,000 without having the slightest knowledge of the value of the properties of the shipyard combination or their earning capacity.

When the hearing opened Lawyer William D. Guthrie, counsel for the Schwab interest, made a strenuous effort to prevent the making public of the full story of the connection of J. P. Morgan & Co. with the sale of the Bethlehem steel plant to the United States Shipbuilding company, which brought on a bitter argument between himself and Mr. Samuel Untermyer, in which Mr. Guthrie accused Mr. Untermyer of uttering a deliberate falsehood.

Mr. Untermyer showed to the witness a letter that had accompanied the reply of Morgan, Harjes & Co. to the cablegram from J. P. Morgan & Co., asking that a "cordial view" be taken of the defunct trust.

Mr. Guthrie made strenuous opposition to the making public of this correspondence.

"If this letter is given by you to the press," said Mr. Guthrie to Mr. Untermyer, "I will take steps with the court to have it suppressed."

The Wentz Mystery.

RICHMOND, Va., Dec. 10.—Six extra Pinkerton detectives have arrived at Big Stone Gap to go to work on the Wentz mystery. It is now believed that, if murdered at all, young Wentz's body is hidden in some house in the backwoods settlements. This theory is based on the fact that the country has been so carefully searched that it is certain his body would have been revealed had it been disposed of in any other way. Many people in that vicinity believe that Wentz is alive.

Scared Strike Breakers With Clubs.

STOCKTON, Cal., Dec. 10.—Armed with clubs, a mob of about fifty strikers from the Royal mine at Hobson turned back forty strike breakers who were under armed escort here near Milton, marched them down the track about a mile and ordered them out of the vicinity. The order was obeyed with alacrity. The men had been employed at San Francisco to take the places of strikers. More trouble is expected.

Killed His Own Son.

COLUMBUS, Ga., Dec. 10.—In the superior court here a jury returned a verdict of voluntary manslaughter against R. H. Burton for killing his seventeen-year-old son. The father alleged that the son cursed him and threatened to kill him, and before he knew what he was doing he had drawn his knife and stabbed his boy to death. James Burton, another son, was a prosecution witness in the case.

Negro Gets Death Sentence.

BIRMINGHAM, Ala., Dec. 10.—Frank Adams, a negro, has been convicted of the murder of Dave Lee, also colored, and was given the death sentence. Both men were convicts and were serving terms for murder, Adams thirty years and Lee a life sentence. The five witnesses on whose testimony Adams was convicted were all serving life sentences for murder.

Children Assaulted Their Teacher.

SULLIVAN, Ind., Dec. 10.—Miss Erlene Sinclair, the nineteen-year-old schoolteacher of the Parks schoolhouse in this county who was overpowered by her unruly pupils, tied to a hog trough and placed for two hours in a pond of icy water until only her head was above the surface, has sworn out warrants for assault and battery against six children.

The New York State Association of Women is opposed to the extension of suffrage to the fair sex. Among its officers are such women as Mrs. Lyman Abbott, Mrs. Elihu Root and Mrs. Richard Watson Gilder. It is needless to say that some husbands have been asserting their rights.

There is not a single advantage which any method of publicity can boast over the newspaper. The magazines make the point that they go into the home; but the reputable and enterprising newspaper is not only regularly welcomed and read in the home (women being the most devoted of newspaper readers)—it is read on the street cars, in the office, store, counting room and wherever men can snatch a moment for reading. For every woman who reads a magazine there are hundreds who read the newspapers.—Ex.

A Plainfield woman sent a communication to The Daily Press today in which she protests against the practice of some Plainfielders who do their shopping in New York. She very timely says that articles displayed at the stores suitable for Christmas presents can be purchased here as cheaply as at the Metropolis and this is the exact truth. Before visiting the shopping districts in New York yesterday she inspected the wares at the local stores, taking pains to learn the retail prices. As a result of her investigations, she asserts that the Plainfield prices were on a par with those of New York and in some cases cheaper. If Plainfield women wish to see the New York displays all well and good, but when they do their buying there they are not only acting unfair to themselves but are doing something detrimental to the city in which they live.

The Coming Man's Career.

Choosing a career for young men to follow has always been a matter of interest and importance to parents as well as to the young men themselves. As the great majority of young men entering business life have little to invest except their brains and enthusiasm, the question has always been, what business can be entered with the greatest prospect for future success, requiring the investment of little or no capital at the beginning? United States Senator John F. Dayden, of New Jersey, one of the most prominent and successful men of the country, and the man who first introduced Industrial Life Insurance into the United States, has written an interesting and timely article on the opportunities which Life Insurance offers as a career for men starting in business. The article has been printed in a handsome little brochure by The Prudential Insurance Company of America, of which Senator Dryden is the president, and as that company gives employment to more than 20,000 people, Senator Dryden can be said to speak with authority. An important thought in reading Senator Dryden's article is that his remarks apply with the same force to men in middle age as they do to young men. The article is worth reading by all men, young and old, and a copy of the booklet will be sent upon request to the Home Office of The Prudential at Newark, N. J.

It is generally believed that a stage line between here and Plainfield, if run at a moderate fare, would be a profitable enterprise. Topic For the Week Beginning Dec. 13, "Jesus Christ—His Saving Power"—Text, Acts iv, 12; Matt. i, 21; 1 Tim. ii, 5.

"In none other is there salvation."

What is salvation? The answers have been many and varied. Nor is it an easy thing to give an answer which covers all the necessary items and does not include anything unnecessary. It has something to do with what we believe, and yet it is more than belief, for it is possible for one to know much about God and religion and yet be far from saved. It has something to do with our feelings and actions, but nothing we can do will save either ourselves or others, and it is far more than feelings of any kind.

Looked at in one way, salvation is "pure love to God and man filling the heart and governing the actions."

From another point of view it is the Holy Spirit dwelling in the soul and working in all the faculties of mind and body.

Its effects are peculiar. It broadens and clears the understanding, giving a grasp and comprehension of truth never before possessed. It deepens sympathy and awakens sentiments of purity, reverence, devotion and benevolence. It prompts to acts of helpfulness and words of tenderness. It brings harmony into the inner life and the desire to see all outer life harmonious and happy.

That such a condition is not natural and common to all people is very plain. That some do live in such a state is also well known. That many who have been in the unsaved state have by some means passed into the power and purity of the saved life is a matter also of experience and testimony. We see around us many such transformed lives. They are not all alike in the extent or intensity of the change, but in some things all have a resemblance.

All agree in the fact that they have found peace when they have come to trust Jesus Christ as a personal Saviour and rely upon Him to give them guidance, pardon and eternal life from God the Eternal Father. This act of faith may be described in various ways, but in its essential nature it is a combination of all the powers of the soul, taking the highest and best it knows of God and in glad recognition of His love willingly consenting to become obedient to His directions and take Him as ruler of all the life. It unites the best of thought and will and feeling in service of God.

It is not merely a decision to live a better life. It is not merely acknowledging the common truth about God. It is not merely feeling sorry for the misdeeds of the past and wishing to be good and do good for the future. It is a deep soul turning from all evil and the conscious incoming of power to love and do the right, a power not of self, but greater and deeper and purer than ever before known. It also has an element of personal fellowship with Jesus Christ never before felt toward any other one. A bond of union in purpose and principle and satisfaction of soul desires.

This is salvation, and there is no other one the world has ever seen who had power to so affect men, and there is no one who may not be so affected by Him if he will so decide.

Untold Possibilities.

Life brings untold possibilities of good to each of us, but what we need is faith in these, especially when we are immersed in the petty details, the drudgeries, the coarser passions and trials which daily come to us. We need this faith in a divine calling and in the promise of God when the world and the flesh and the devil appeal to our sloth or to our self indulgence and we are tempted to take the low standard of the world and to be, as they say, "no better than others." It is then we need faith in Christ and, at whatever cost, to surrender ourselves to the vision which He vouchsafes of what is right and true and good. It may be hard just then to obey, to take this particular cross, to lay aside the indulgence that fascinates and to turn at once from the tempter to the Saviour, but in doing so lies the way of faith and victory.—Sunday Magazine.

What Is a Christian?

There is only one great character in the world that can really draw out all that is best in men. He is so far above all others in influencing men for good that He stands alone. That man was the Founder of Christianity. To be a Christian man is to have that character for our ideal in life, to live under its influence, to do what He would wish us to do, to live the kind of life He would have lived in our house had He our day's routine to go through. It would not, perhaps, alter the forms of our life, but it would alter the spirit and aims and motives of our life, and the Christian man is he who in that sense lives under the influence of Jesus Christ.—Henry Drummond.

Religion.

Religion is not a perpetual moping over good books. Religion is not even prayer, praise, holy ordinances. These are necessary to religion. No man can be religious without them. But religion is mainly and chiefly the glorifying of God amid the duties and trials of the world, the guiding of our course amid adverse winds and currents of temptation by the sunlight of duty and the compass of divine truth, the bearing up manfully, wisely, courageously, for the honor of Christ, our great leader, in the conflict of life.—John Caird.

God's Love.

God's love runneth faster than our feet
To meet us stealing back to Him and peace,
And kisses numb our shame; nay, and puts on
The best robe, bidding angels bring it forth.

—Edwin Arnold.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning Dec. 13—Comment by Rev. S. H. Doyle.

Topic.—An antiworry meeting.—John xiv, 1-31.

We are living in an age when worry and its pernicious effects are most prevalent. The contest for place and power and the strife of competition at a time when so much stress is laid upon material things are so great that the lives of many are filled with undue anxiety concerning the things of life. In addition to this, there are many other causes that produce worry—the afflictions, sorrows and bereavements of life as well as its duties and unnatural ambitions.

But worry is anti-Christian. Jesus Christ, the "author and finisher of our faith," was an optimist and not a pessimist. He recognized the fact that there were sorrows, adversities and tribulations in life, but in spite of them all He preached the gospel of good cheer. To the paralytic He said, "Be of good cheer; thy sins be forgiven thee." To the disciples on the stormy Galilee He said, "Be of good cheer, it is I; be not afraid." To them again when about to leave them in the world a parting word was, "In the world ye have tribulation, but be of good cheer, for I have overcome the world." To Paul, face to face with shipwreck in the Mediterranean sea, He appeared at night with the comforting words, "Fear not, Paul." So it was continually in the life of the Master. Recognizing the sorrows of life, He yet preached cheerfulness and warned His disciples against undue anxiety about the things of this life. And where do we find a better illustration of this truth than in the instance before us, where when about to leave His disciples in the world He said, "Let not your heart be troubled; ye believe in God, believe also in Me?"

Christ's practice and teaching make worry wrong for the Christian. It is a manifestation of doubt of God. It is an expression of lack of faith in Christ. Real, genuine faith in God and in Jesus Christ as the Son of God and our Saviour should exclude worry from our lives, and worry indulged in becomes a sin.

But worry is worthless as well as wrong. It improves nothing. It makes bad worse instead of better. Nothing in the midst of trouble is more harmful than worry over it. Cheerfulness strengthens and encourages us, it helps us to endure, but worry weakens us at every point and makes us all the less able to stand against the trouble that assails us.

If not worry, what then? Trust—trust in God, trust in Jesus Christ. "Ye believe in God, believe also in Me." That Christ declares should be our attitude toward the troubles and adversities of life. We are not to fear, but believe; we are not to worry, but to trust. Christ Himself is the basis of Christian cheerfulness which should supplant worry. "Be of good cheer, it is I," He said to the disciples, and again, "In the world ye have tribulations, but be of good cheer, for I have overcome the world." Christ has overcome, and in His name and power we can overcome. Therefore "let not your heart be troubled, neither let it be afraid."

BIBLE READINGS.

Josh. i, 7; Isa. xl, 25-31; Ps. xl, 1-7; xvi, 1-11; xxiii; xxxvii, 1-5; xlvi, 1-7; Mark vi, 45-51; John xvi, 33; Acts xxvii, 21-25.

The White Harvest Fields.

Lift up your eyes and look upon the white harvest fields in all the world. India has enlarged her Christian Endeavor boundaries. China with her new secretary is at the beginning of a new era of great expansion. Japan has gained 30 per cent and has just enjoyed the best convention in her history. Great Britain has made steady progress. Germany has made substantial gains. France and Spain have had the best year in all their history, while since our last convention Switzerland, Italy, Portugal, Finland and Iceland have fairly entered the ranks of Christian Endeavor for the first time.—Rev. Dr. Francis E. Clark.

Canvass For Members.

Let every society inaugurate a membership canvass. Search the Sunday school, go through the entire congregation, for recruits. Enlarge the associate list. Bring in the Christian young people who have not yet learned the joy of service for Christ. This will be a splendid preliminary to a campaign for souls further on.—Rev. Dr. Edwin Forrest Hallenbeck.

More Quiet Hour Thoughts.

If each man had the spirit of self surrender, the spirit of the cross, it would not matter to him whether he were doing the work of the mainspring or of one of the inferior parts—F. W. Robertson.

For grounding our young people in fundamental truth, for quickening the spiritual life and for developing in them a love and a power for Christian service nothing can be more effectual than day by day feeding on the word of God.—Rev. Edwin F. Hallenbeck, D. D., President New York State Union.

The daily study of the Bible, if possible at some regular time each day, as in the Quiet Hour in the morning or in the evening, and in systematic way, is the substantial way of making progress daily in a mastery of the Bible and of deeply impressing on the mind and heart the life molding truths of the Bible.—Robert E. Speer.

Five minutes spent in the companionship of Christ every morning—aye, two minutes, if it is face to face and heart to heart—will change the whole day, will make every thought and feeling different, will enable you to do for His sake what you would not have done for your own or for any one's sake.—Henry Drummond.

An Ideal Location

Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE

LINDEN, N. J.

Beautiful and Accessible

2 Miles from Elizabeth, 7 Miles from Newark, 14 MILES FROM NEW YORK

On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL, PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER, AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL, or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

WOMEN'S GOWNS.

Wine Color Popular—Corduroy Velvet Suits For Utility Wear.

Wine color is a very popular shade. Some of the prettiest street costumes show variations of this color. Often a cloth gown will be trimmed with a darker shade of panne and then brightened by a little vest of a more delicate shade.

Corduroy velvet is popular for useful wear, but the attempt to introduce it into finer gowns is a distinct failure because of the more beautiful weaves of velvet which make it seem common-

place. But in shades of gray and myrtle green made into a smart tailor made it certainly has its charms.

The prevalence of fancy buttons is very marked. They are of kid, gun metal, gold, silver and even burnt wood.

Fur toques are made much lighter in weight this year, the crown in many instances being of chiffon velours or tulle.

There is no abating in the vogue of brown, and this ordinarily trying color is most becoming to some women.

Facings and cordings of cloth in pale shades or of darker velvet are quite the most fashionable trimmings for cloth gowns, and a great deal of lace is used for vests and fronts, which can be rendered warm and comfortable by a lining of soft, fine flannel.

The picture shows a net waist having silk embroidered spots.

Tucks of the Wide Variety a Feature of the New Dresses.

Tucks are a feature of many smart costumes, but not the fine tuck, however. The fold is an inch and over in depth and decorates the bottom of the skirt and the full puffs.

Old fashioned sleeves ruffled to the elbow are seen on some Paris models of silk gowns.

Three-quarter coats of Persian lamb are smart, made with wide collars and

revers which fold back flat and blouse in the front. These coats are held in at the waist line by a band of stitched black panne.

Chiffon applique is used on many gowns and waists, as the different motifs can be separated and used with very striking effect.

Skirts box plaited all around the back, front and sides are very smart made of supple cloth or thin material.

A triple effect in capes and skirt ruffles is not uncommon on the same gown.

Gray and beaver tones are noticeable in millinery, and a hat of mole plush is turned up with cream colored chiffon elaborately drawn and tucked, and over the chiffon are medallions of gray lace highly embroidered with jet and steel. Large picture hats are much in favor, and lace with a broad binding is much used, and in black there are large shapes of gauged chiffon with black velvet bindings and bold garnitures of colored velvet.

The illustration shows a child's coat of tan cloth having a tan lace collar and brown velvet straps as trimmings.

A BLOODLESS BATTLE.

Deputies and Strikers Shoot For Half an Hour Without Result.

TRINIDAD, Colo., Dec. 10.—While a number of deputies and clerks were driving from Berwind to Tobasco they were fired upon by several men hid behind rocks and brush. The deputies and clerks jumped from the wagon and returned the fire. The shooting continued at intervals for thirty minutes, though no one was injured.

Sheriff Clark and posse were preparing to leave for the scene on a special train when word was received that re-enforcements of guards had arrived from Tobasco, half a mile away, and the ambush party fled. No arrests were made. The trouble is said to have started when a miner came into the mine office at Berwind and became very abusive. He was kicked out by a deputy, and it is thought that he stirred up his friends to start the difficulty.

The double funeral of Velano and Band, the miners killed by guards in the battle at Segundo will be held in Trinidad from the Catholic church under the auspices of the miners' union. This being the first blood shed since the strike began, great preparations are being made for a demonstration. Over 1,000 union miners are expected to march in the funeral parade. The relations between the miners and guards at Segundo are still strained, and trouble is expected there at any time.

Say Securities Merger Was Lawful.

WASHINGTON, Dec. 10.—A brief in behalf of Messrs. J. Pierpont Morgan, Robert Bacon and Daniel S. Lamont, appellants, with others, in the case of the United States versus the Northern Securities company has been filed in the United States supreme court by Attorneys Francis Lynde Stetson and David Wilcox. They claim that the so called merger was entirely lawful and say: "These transactions have consisted merely in the organization of a lawful corporation of New Jersey and in the sale to and purchase by it of property lawfully salable. All acts done in relation to the organization of the Northern Securities company and to the purchase by it of the shares of stock of the railway companies and to the sale thereof by the owners were expressly authorized by law."

A Window Glass Trust.

PITTSBURG, Dec. 10.—Representatives of practically all of the leading window glass companies in the United States are attending a meeting here today. It is the most important in the history of the glass industry, as the Manufacturers' Window Glass association will likely be perfected. Some of the producers have declined to join the organization, and this has resulted in the failure to acquire control of 1,500 pots outside of the American Window Glass company. Chairman Johnston of the organization committee stated that upon this meeting depends the future of the glass business for some time to come.

Prominent Physician Dead.

OGDENSBURG, N. Y., Dec. 10.—Dr Elisha Hall Bridges, a prominent physician and medical expert, has died at his residence here of acute Bright's disease. WARSHIPS ON WATCH

Landing of Colombian Troops Reported on Gulf of Darien.

TO OPEN MOUNTAIN WAY TO PANAMA

Cruisers Patrol Coast, and War Department Is Ready to Send Army to Re-enforce Marines Already Landed to Protect Panama.

WASHINGTON, Dec. 10.—A report from Savanilla says that Colombian steamers have landed 1,100 men from Cartagena, near the mouth of the Atrato river, on the gulf of Darien, to open a way over the Darien mountains into Panama.

Other troops from the department of Cauca, Colombia, are said to be converging on Panama, and from all parts of Colombia troops are reported to be marching or awaiting the result of General Reyes' mission to Washington.

A Colon dispatch says that the United States cruiser Atlanta is still patrolling the eastern end of the San Blas coast and keeping an outlook for any attempt on the part of the Colombian government to land troops on the Isthmus, which the Atlanta would at once prevent. The Atlanta is also endeavoring to ascertain if the Indians know anything of the movements of troops from the interior across the frontier and is also seeking information concerning the concentration of Colombian troops at the mouth of the Atrato river, on the gulf of Darien. The Atrato river being in Colombian territory, the Atlanta could not interfere with any movements of Colombian troops there.

The movements of the Atlanta are entirely of a precautionary nature and for the purpose of securing information as to the situation.

The United States gunboat Bancroft has left here to patrol the western end of the San Blas coast in co-operation with the Atlanta. It is expected that the latter vessel will return here in a day or two to report.

Plans for the speedy movement of United States troops on Panama have been discussed at a joint meeting of the army and navy boards in the state, war and navy building. The government already has issued orders for the landing of marines now at Colon at the first indication of danger to American interests on the isthmus.

General Young, chief of staff, states that the army is prepared for any contingency which may arise in Panama. It is understood that preparations have been completed for the immediate movement of troops and that the transport service is in readiness.

At both the war and navy departments it was admitted that preparations for sending troops to the isthmus have been made.

The war department has now taken official cognizance of the oft repeated reports that Colombian troops are assembling at different points near the isthmus with the avowed purpose of making hostile demonstrations against Panama.

Italian Ruler For Macedonia.

ROME, Dec. 10. — Negotiations are still pending looking to the selection of an Italian officer, probably a general, as commander of the proposed international gendarmerie in Macedonia. It is absolutely denied that should an Italian officer be selected he will be first compelled to enter the service of Turkey, as this would interfere with his duties, which would not only be unlimited in exercising vigilance for the protection of Mussulmans and Christians alike, but which would also compel him to see that Ottoman rule in Macedonia did not conflict with the Austro-Russian reform scheme as accepted by the porte.

LITERARY.

The impressive "Avowals" by George Moore, author of "Esther Waters," which are appearing in Lippincott's Magazine, reach Part IV. in the Christmas number. The subject is Tolstoy and his literary work, and the delightful self-revelations known to readers of "The Confessions of a Young Man" are here carried forward by a matured and mellowed mind. Nothing in recent criticism has, it is said, provoked more serious discussion than these delightful "Ovowals."

MRS. ADELE WATT SECURES DIVORCE

Proceedings Brought in the Orange County Court by a North Plainfield Woman.

STORY OF MARITAL WOE

HUSBAND NAMED CLERGYMAN AND A MEMBER OF OLD GUARD.

Mrs. Watt Alleged Cruel Treatment —Tales of a Yachting Party— Hearing Before a Referee— Final Decree.

After creating a scandal by suits and countersuits for separation and divorce, dragging in the name of persons whose characters have been smirched and who have had no opportunity to defend themselves, Commander Watt, of New York, and his wife Adele, who resides in North Plainfield, have been legally divorced.

A suit by Mrs. Watt against her wealthy husband was brought in Orange County. There the testimony was heard before a referee, who decided in Mrs. Watt's favor, and the decree will be signed on Tuesday. Commodore Watt put in a reply and there was the appearance of a contest.

So far as known there was no testimony taken at the suit in Orange County that reflected upon Mrs. Watt and no effort was made to prove the acts alleged wherein Mrs. Watt's name was unfavorably connected with that of the Rev. Dr. George R. Van De Water and Major W. H. Truman, of the Old Guard.

The Watt divorce proceedings originally came as a great surprise. Mrs. Watt formerly was a Mrs. Mc Laughlin and obtained a divorce from her first husband. When she was married to Commodore Archibald Watt, owner of the yacht American, former owner of the celebrated yacht Golden Rod, and member of a dozen clubs, wealthy, owner of the old Watt mansion, she had one child. The marriage took place in June, 1895. The Rev. Mr. Van De Water was the officiating clergyman.

Soon after the marriage the couple went to live on the yacht American, lying most of the time at her anchorage in the North River. Connected by telephone on to the shore, the couple on the $500,000 yacht lived happily for a while.

The first the outside world knew of the disagreement of the couple was when Mrs. Adele Watt began suit for separation. She alleged cruelty, made charges of various kinds and, in short, was a badly treated wife.

For a long time there were hints of a prominent clergyman and military man being mixed up in their allegations. In the court proceedings it developed that Dr. Van De Water was the clergyman.

A stewardess aboard the yacht made affidavit about Dr. Van De Water. She said he came aboard when the Commodore was asleep or was not aboard. On a couple of occasions she told of accompanying Mrs. Watt ashore. Once, she said, Mrs. Watt and the minister drank five highballs each while she sat by and drank a glass of beer.

When Dr. Van De Water's name was dragged in he made a vigorous denial of the charges and announced his intention of defending himself.

LOUIS M. DUNAVAN WEDS.

The bride was a stenographer in the law offices of A. A. Clark, Esq. The groom is employed by the city as a regular fireman, being stationed in No. 3 Hose Company house in the West End. Announcements of the marriage were received today by Plainfield friends.

Storm Causes Trouble.

There was a delay in some of the cars, while one car went out of commission at the corner of Grant avenue and West Front street, the passengers being obliged to transfer to another car at that point. The change was made in the heavy downpour. Later the disabled car was repaired and again put in the service.

AMUSEMENTS.

The Majestic Theatre, New York, has announced that there will be daily matinee performances of "Babes in Toyland" during the Chrismas holidays. This welcome news will be hailed with delight by the thousands of school children who wish to see their old nursery friends and cannot attend night performances. No first class theatre in New York ever before gave daily matinees and the venture of the Majestic has aroused interest in theatrical circles.

When "Red Feather" was making its preliminary road tour before settling down at the Lyric Theatre for the winter, Miss De Vere was always ready to suggest points of interest worth visiting in the various cities. When they were approaching New Haven, Miss De Vere looked up from her note book on which were scribbled a few words in French, and said, "Do you know what we shall see in New Haven, girls?" A chorus of feminine voices replied: "Yale Students." Miss De Vere silenced the girls with severe glances. "Here—in the New Haven, we shall see se great offices of se New York, New Haven and se Hartford road," and then to the amazement of her traveling companions she rattled off amazing facts about the New Haven headquarters, the area they covered, the number of employes, the scale of wages, and other data that few Americans would be able to present.

Miss Sarah Demming, of Jersey City, who has been visiting the Misses Murray, of Grove street, has returned home.

SITE FOR BOROUGH'S NEW SCHOOLHOUSE

Place Favored by Majority of Board on West Side of Grove St., South of Greenbrook Rd.

LOCATION IS THE BEST

SCHEME TO ERECT TWO BUILDINGS NOT SUPPORTED.

Growth of North Plainfield in Westerly Section, Improvements in the East Being Blocked—Where Majority of Voters Are.

The impression seems to have gone forth that the site selected by the majority of the North Plainfield School Board, for the new school building, is at the corner of Grove street and Greenbrook road. This is not the case, for while this location was offered, it was considered that the ground was too low, and another site on the westerly side of Grove street, about 200 feet south of Greenbrook road, was the one selected. This is on higher ground, and is a much more convenient location for a school, and as the growth of the borough in the next ten years is bound to be largely in this vicinity many tax payers feel that this is the best available situation.

Improvements in the eastern end of town on a large scale are in a sense blocked owing to the fact that most of the property east of Westervelt avenue is owned by the estate of Charles Hyde, and the estate of John Taylor Johnson, and the properties are held at figures, which are not particularly attractive, it is said, to builders of homes. Property in the western portion of the borough, north of Greenbrook road can be purchased at a low figure, per front foot, and naturally, it is claimed, the growth will go that way.

The fact that there is already one new school building in the district east of Somerset street, it is argued, would seem to preclude the necessity of building another one in that district, and leaving the larger section west of Somerset street out in the cold. The last named district, that west of Somerset street, has a large majority of voters, and according to Collector French's books has a valuation of ——, while the district east of Somerset street pays taxes on ——.

Speaking of the subject, a boroughite said today: "The necessity of a new school is admitted by all and there should be little division on the Grove street site selected by the school Trustees as they have given the subject thorough consideration. The idea suggested by some one that two school houses be built, one in either end of the borough, is hardly inclined to strike the tax-payers favorably as the purchasing of two sites, and the building of two schools, will cost much more than one site and one building having twice the capacity."

CHRISTMAS TREE AT FAIR

WOMAN'S GUILD OF THE CHURCH OF THE HOLY CROSS HOLDS SALE.

Under the auspices of the Woman's Guild, of the Church of the Holy Cross, a sale was held yesterday afternoon and last night in the parish house, and general patronage made it a distinct success. It was originally planned to hold an oyster supper at the church, but on account of the recent bereavement of Rev. W. Montgomery Downey, the scheme was abandoned.

Most of the articles displayed for sale were donated by the members of the church. Mrs. A. E. Faber, Jr., was chairman of the committees in charge of the various booths. The Christmas tree proved to be the principal attraction to the children during the afternoon. The tree was loaded down with tempting presents for the young people and the patronage at this table, which was in charge of Miss Helen Phillips, was especially large.

Those in charge of other tables were: Candy—Miss Ida Moore; utility table—Miss Nettie Davis; linen table—Mrs. J. H. Carmen; cake—Mrs. Irene Murray; fancy—Mrs. Frank Brown and Mrs. Watson. Mrs. W. Montgomery Downey was to have had charge of this department but on account of her absence, Mrs. Brown and Mrs. Watson presided. Cake, ice cream and tea were served during the evening. The bazaar was held for the benefit of the general guild fund.

PARK TEAM LOST TO ROSELLE CASINO

F. O. Ball Rolled 226 in the Second Game, That Being Highest Score Made.

MEN IN FINE FETTLE

PARK'S AGGREGATION BOWLS 841 IN ONE GAME.

Local Team Shows Marked Improvement in Play—Two Roselle Men Make More Than 200 in Single Games—The Scores.

The Park Club bowling team journeyed to Roselle last night and rolled the second match in The Daily Press Bowling League tournament, with Roselle Casino. Despite the fact that the Parks rolled over 800 in each of the first two games, they were unable to capture a single one. In the first game they were defeated by five pins, the totals being 818 to 813. In the second game they braced up and rolled a total score of 841, but an 879 rolled by the home team was too much to overcome. In the last game their total was 746, while the Roselle boys finished with an 818.

The Parks, however, showed improvement over their first match. F. O. Ball was again high man with a 226 rolled in the second game, while the veteran, Dr. Thiers put up a score of 183 in the first game. All of the other scores were uniformly good, but the home team was a trifle too strong. Ralph T. Willis was a member of the visiting team and he failed to bring the totals up as he is accustomed to do. William Townsend was also a little off from his usual game.

There were comparatively few low scores rolled by Roselle, the majority of them being high. S. Smith rolled a 207 in the first game, while Mulford reached 201 in the third game and a 192 in the second game. The other scores with one or two exceptions were equally as high in proportion.

The scores for the three games:

AMATEUR DRAMATIC CLUB'S SCHEDULE

Local Organization Plans Production of Several Performances, Including Faust.

CLUB IN NEW QUARTERS

INVITATIONS TO BE ISSUED FOR A EEW YEAR'S NIGHT EVENT.

Young Actors Occupy a Hall in East Front Street—Two Farce Comedies to be Presented at the Casino During the Winter.

The A. E. Willard Dramatic Club, which has already provided Plainfielders with much amusement by its presentation of "Hector" and a vaudeville entertainment as well as of "The Last Days of Pompeii," is preparing for a season of activity this winter. Through the exertions of one of its leading members, William Jeffery, the club has been enabled to secure for its purposes the hall above Mehrten's candy store on East Front street. The hall is admirably suited to dramatic work and has been fitted out with a large stage.

Though the scenery, which when completed will be handsome, has not yet been painted, the canvas is all up and it is expected that everything will be in readiness for a big time on New Year's night, the first entertainment by the club in its own quarters. A play or farce will be given at that time. The affair will be made a social event and a large number of invitations will be issued.

The club occupied its quarters for the first time Wednesday night of this week for a rehearsal of the play "Faust," which it will present in February or March under the auspices of some one of the local lodges. The partsf or this play, which is not easy of acting except by an unusually competent company, have been excellently cast. Mrs. A. E. Willard will play Marguerite and Mr. Willard, Mephistopheles, both having appeared in the parts on the professional stage. William Jeffery will be the Faust of the production.

On the 23d of this month, the club will present two farce comedies, "A Quiet Family" and "Which Shall He Marry," at the Casino for the benefit of Court Plainfield, No. 1144, Independent Order of Forresters.

PLANS OF THE ALIS CLUB

IMPROVEMENTS CONTEMPLATED AND SOME BASEBALL SCHEMES.

The success thus far attending the Alis Club in its efforts to give the people good sports, has encouraged the members and there is now talk of greater things in the future. Aside from the fact that the club expects to have a baseball team next season superior to anything in recent years, it is quite likely that before a great while it will have a house of its own, a place where indoor baseball, basket ball and tennis can be played.

The increase in membership is responsible for a revival of interest in sports. The purpose of the members is to secure a suitable clubhouse, where in the winter various sports can be given and at the same time combine social features with them. The plans call for plunge and show baths and all modern conveniences.

Within a short time the baseball committee will have its arrangements about completed for next season's team and details concerning them will be made public. The committee has had the pick of some of the fastest semi-professional players in the Metropolitan district, many of whom are anixous to play in Plainfield, and there is no doubt but what one of the strongest semi-professional teams in the State will be located in this city. In becoming a member of the New Jersey State League, the club will be able to sign players and hold them the same as any regular league team

Coal Well Distributed.

During the clearing up of the freight wreck on the Central Railroad, a few mornings ago, four large gondolas loaded with coal were dumped on the lots of the Central New Jersey Land and Improvement Company, which was formerly the location of Michael Power's coal yards on South avenue. A section gang worked all Wednesday afternoon in the driving rain loading this coal on cars to be distributed about the local depots and freight stations for company use here this winter.

TRINITY'S YOUNG MEN'S CLUB

CONSISTORY APPROVES OF ORGANIZATION AND INSTRUCTS COMMITTEE.

Trinity Reformed Church is to have a Young Men's Club. A committee recently appointed to look into the advisability of organizing such a club reported favorably last night to the Consistory of the church at its regular monthly meeting. The idea was approved by the Consistory and the committee, Edgar F. Sheppard, A. K. Willett and F. E. Smith, was instructed to formulate plans for the club in regard to the age limit of membership and the features to be emphasized. The social side of the club will be made prominent.

The present clerk of the Consistory, Edgar T. Sheppard, was unanimously re-elected for the ensuing twelve months as was also George Gayle, treasurer of the church. Both officers were thanked for their efficient services for the good of the church. It was voted to contribute to the support of Muhlenberg Hospital by an annual offering to be made at the morning services on the third Sunday in December. Other business considered by the Consistory was mainly routine.

FORMER PATROLMAN SKIPS

HUFF LEAVES TOWN AND DEBTS BEHIND IN A HURRY CALL.

Former Patrolman John Huff has skipped town and left behind him a large number of debts. He left yesterday morning between 9 and 10 o'clock to avoid arrest. Huff has been in trouble for some months past, his alleged neglect of duty and misconduct in office leading to his dismissal from the police department something more than a month ago "for the good of the service."

The day before he left town, the ex-policeman bought a suit of clothes at a credit store and paid one dollar down, presumably leaving the other payments to accumulate interest. In addition, he is said to owe large bills to grocers and provision dealers as well as to his landlord, John E. Emmons, for rent of rooms on North avenue.

Huff's wife left about the time of his dismissal from the force, it is said, taking their child with her to her home in Syracuse, N. Y. It is said that Huff was in the habit of beating her while under the influence of liquor.

There were over five hundred members of the First Baptist Church congregation attending the reception given last night to the new pastor, Rev. Dr. J. A. Chambliss, and his wife. The affair was an informal one and the greeting extended was cordial and unanimous. The reception was held in the lecture room of the church, the place being arranged with flowers, palms and smilax, while there were several cosy corners, where rugs and sofa pillows combined to make the scene an attractive one.

In the centre of the main room, the guests were received by Dr. and Mrs. Chambliss. They were assisted by Rev. Dr. Yerkes, pastor-emeritus, and his wife; Mr. and Mrs. E. L. Bonney, Mr. and Mrs. L. W. Randolph, Mr. and Mrs. O. B. Leonard, Dr. and Mrs. J. B. Probasco, Mr. and Mrs. L. V. F. Randolph, Mr. and Mrs. H. C. Compton, Mr. and Mrs. T. S. Armstrong, Alexander Gilbert, H. E. Batchelor, Mrs. Frank Jones, Mrs. L. L. Manning, Mrs. Walter C. Dobbins, Mrs. Elvaine VanName, Mrs. L. W. Randolph, Mrs. S. B. Joseph, Mrs. George H. Robins and Miss Florence Serrell.

The refreshment committee was assisted by these waitresses: The Misses Helen Armstrong, Ella Harold Serrell, Ethel King, Minnie B. Serrell, Josephine Serrell, Gladys Burt, Ada Fountain, Marguerite Serrell, Annis Kinsman, Bessie and Grace TenEyck, Mae Batchelor, Pauline Denton, Elizabeth Wilson, Velma F. Ward, contralto, and tenor solos by George Smith, of the church choir. In addition there were piano selections by Howard Case.

An unusual feature was the singing of a familiar hymn by L. E. Barkalew, one of the oldest members of the church.

PETIT JURORS' PAY.

Although Sheriff Will Not Discharge Them, They Will be Paid.

Sheriff Coriell has received no notice as yet to discharge the petit jury, but such jurors as call on him tomorrow morning between 9 and 10 o'clock can get their money. The sheriff will do this of his own accord, so that jurors may have the money for use for the holiday season.

The jury has been held over thus far in anticipation of a murder trial, but it is not definite whether the trial will be started this month or not. It was thought the trial would be put over to the January term, but no word regarding it has been received from Justice Gummere

Boys Released.

Andrew Carney, Jr., William Bird and Joseph Finney were victims arraigned before Recorder Doud in North Plainfield last night. They were charged with hurling snow balls from the housetops at a citizen. They were released after an apology had been made by them.

PLAINFIELD HEIRS CONTEST HER WILL

Not Satisfied With Testament, An Attempt is Being Made to Prevent Probate.

CAVEAT ALREADY FILED

MRS. REBECCA D. MUNN LEFT ESTATE VALUED AT $50,000.

Undue Influence Alleged to Have Been Used on Aged Testatrix, Plainfield Heirs Are the Dead Woman's Grandchildren.

Sidney E. Frazee, Frank T. Frazee and Mrs. Delia R. Voehl, all of this city and Mrs. Sarah F. Stillwell, of Newark, have filed a caveat in the Surrogate's office in Newark, to contest the will of the late Mrs. Rebecca D. Munn, who died several days ago in that city. It is claimed that undue influence has been used by Mrs. William H. Keepers, at whose home, Mrs. Munn lived for twelve years.

The caveat was filed by Hetfield & Hetfield, of this city, who represent the caveators. The will has not yet been offered for probate.

The caveators are grandchildern of the late Mrs. Munn, who died leaving an estate valued at about $50,000. The grandchildren were each bequeathed $300, and the balance of the estate was left to the daughter, Mrs. William H. Keepers.

The five grandchildren who are contesting the will are children of a deceased daughter. Under the intestate law these children are entitled to an equal division of the deceased daughter's share. Mrs. Munn was between 85 and 86 years old, and, it it alleged, that in her feeble state she was also influenced by her daughter in making out her will. It will probably be several weeks before the court sets a time for the hearing.

MEN DO NOT BEHOLD GOD

EVANGELIST GREENWOOD SAYS THAT PEOPLE OBSERVE EVERYTHING ELSE.

"Beholding" was Lawrence B. Greenwood's subject at last night's revival meeting in the Y. M. C. A. series. Referring to his text, "Behold the Lamb of God who taketh away the sin of the world," he said that men too often behold almost every thing else. A feature of the meeting was the valuable testimony volunteered by many present. Mr. Greenwood, who is known as the "singing evangelist," gave several tenor solos. Robert M. Davis played the cornet and George A. Horne accompanied at the piano. The singing was led by W. C. Leek.

The musical part of the revival work has been made specially attractive. A quartette has been formed to singa future meetings and consists of George A. Horne, W. C. Leek, William Simmons and Frank S. Lockwood. At Sunday afternoon's men's meeting a mixed choir made up of the members of the different churches will sing.

RUM, THEIR DOWNFALL.

Liquor Causes More Deaths Than Epidemics or War Annually.

"Rum causes more deaths in any one year in the world's history than any war, rebellion or epidemic," declared Chaplain Robert Munroe, of the Tombs prison, New York, when he addressed the evangelistic meeting at the Reform Club last night. He said that the number of deaths resulting from rum are at least 75,000 yearly. Of the 150 life prisoners he has in the prison, thirty men, two women and one boy are serving sentences for murder committed while they were under the influence of liquor. John E. Brown, the converted policeman, also spoke at the meeting The attendance was large and much enthusiasm was shown in the meeting.

Little Girl's Funeral.

The funeral services of Ella May Adams, infant daughter of Mr. and Mrs. J. H. Adams, of East Third street, were held yesterday afternoon at 3 o'clock from the residence of the parents. Rev. Dr. J. A. Chambliss, pastor of the First Baptist Church, officiated. Interment was in Evergreen Cemetery.

BIG MORTGAGE ON ELECTRIC LIGHT CO.

New Consolidated Company Borrows $1,275,000 From a Newark Trust Company.

IS P. S. C. BACK OF IT?

SOMERSET, UNION AND MIDDLESEX LIGHT CO., CORPORATION TITLE.

Plainfield, Dunellen, New Market, Scotch Plains, Bound Brook, Westfield and Somerville Now Under One Control.

According to a despatch from that place a mortgage of $375,000 has been filed at Somerville by the Public Service Corporation in favor of the Fidelity Trust Company, of Newark, to secure the issue of bonds to complete the merger of the Somerset Lighting Company, the Plainfield Gas and Electric Light Company and the Citizen's Electric Company. The new corporation will be known as the Somerset, Union and Middlesex Lighting Company.

James C. Pope, of the Plainfield Electric Light Company, said this morning that such a mortgage had been filed but confirmed the report published in The Daily Press a few days ago, to the effect that the Public Service Corporation was in no way connected with the merger. The mortgage was filed by Frank Bergen, counsel for the Public Service Corporation, which probably gave rise, he said, to the rumor that the Public Service Corporation was back of the deal.

Nothing is known here of a Citizen's Electric Company. There is no concern of that name in Somerville, New Brunswick, Bound Brook, or Dunellen, and it was said this morning at the local electric light company's office on West Second street, that no such firm is known to them. As told in The Daily Press, it is reported that the plan of merging the companies of the three counties is to control the entire lighting and electric power facilities in Union, the southern part of Somerset and the Northern part of Middlesex Counties, which will embrace Somerville, Bound Brook, Dunellen, New Market, Plainfield, Scotch Plains and Westfield.

Zarro Appeals.

The case in tort of Frank Zarro against David Hand has been appealed from Justice Huff's court by William Newcorn, Esq., counsel for the plaintiff, and will be heard in the January term of the Supreme Court. A verdict of no cause for action was returned by a jury at a trial, November 20, in Justice Huff's court. The plaintiff seeks to recover for twenty-one electric light or telephone poles which he alleges the defendant had taken in excess of a specified amount of lumber contracted for. S. S. Swackamer, Esq., is the defendant's counsel.

SNAP SHOTS.

SIDE LIGHTS ON TIMELY TOPICS NOTED IN PASSING.

Herbert Doyle, a colored man, employed by Hill & Shupp, was locked in the store a few nights ago and came near spending the night a prisoner. The fellow became frightened during the middle of the night and telephoned to Mr. Shupp who secured his release. Doyle declares that he does not mind being locked up in a bake shop where there is something to eat on hand but he did not relish spending the night amid crepe de sole, Brussels carpets and chiffoniers.

In a recent issue of "Shooting and Fishing," there appears an account of the regular prize composition target shoot held under the auspices of the North Branch Gun Club on November 27. In this connection a flattering notice of a Plainfield young man's work is given: "Henry P. Vosseller, an employe of the Peters Cartridge Company, who gets very few opportunities to shoot, distinguished himself on this occasion by rising to the dignity of an 80 per cent. gait in one instance, to a 90 per cent. gait twice, and winding up for the day with a score of 10 straight."

AMUSEMENTS.

At the Metropolitan Opera House this evening at 8, "Tosca" will be rendered and at tomorrow's matinee at 2, "Lohengrin" will be given. For tomorrow night "Traviata" is scheduled. On Monday evening, Dec. 14, "Cavalleria Rusticana" and "Pagliacci;" Wednesday evening, Dec. 16, "Rigoletto;" Thursdays, Dec. 24, 31, and Jan. 7, 14, 21, "Parsifal."

Maude Adams has captivated the theatre goers by the way she plays her part in "The Pretty Sister of Jose." There is something about her acting that is sadly lacking with other stars on the Metropolitan boards and she is drawing crowded houses at the New Empire, one of the finest appointed playhouses. The evening performances begin at 8:15. There's a matinee Saturday at 2:15.

LITERARY.

The Burr McIntosh Monthly reflects the latest achievements in the art of reproduction. Each number contains about forty handsome panel photographs, six inches by twelve inches, of beautiful women, famous men, interesting events, art studies, a number of magnificent colored prints and gravures. Enfolded with the handsomest multi-color cover ever presented and bound with silk cord. All pictures are of convenient size for matting, passepartouting, framing and for decorating your home. The year's collection will be of great value. Six Burr McIntosh framed celebrity pictures with each yearly subscription. Burr McIntosh Monthly, 18 West 33rd street, New York.

—The Pennsylvania Railroad, it is said, is preparing to erect, at its docks in South Amboy and Hoboken, improved coal handling machinery that will throw out of employment during the entire winter months 350 men and twice that number in summer.

—Former Prosecutor Nelson Y. Dungan, of Somerville, is one of the incorporators of the Hillsborough and Montgomery Telephone Company, incorporated at the home of Peter A. Garretson, at Belle Meade recently. The capital is $125,000 and these officers have been elected: President, Peter A. Garretson; vice president, Hueston Labaw; secretary, Louis E. Opie; treasurer, Clarence R. Covert. The object of the company is to establish a telephone system in the above-named townships of Somerset County, giving the residents this improvement at a low figure.

Plainfield, N. J., Dec. 11, 1903.

The Daily Press has a higher circulation rating than is accorded to any other paper in Plainfield.—Printers' Ink.

The New York Sun is now "setting" on Odell, incidently making it hot for Roosevelt, Wood and others in a long list of great men it hates.

Marriage and trials begin about the same time.—Trenton State Gazette.

After the editor of the State Gazette has spoken what further proof is necessary?

The daily newspaper is, and always will continue to be, the life of advertising. It offers the only effective medium for informing the people of the current trade. It reaches the public immediately. An advertisement in a reliable newspaper is always implicitly trusted, and always rewards the trust, for it always brings results. —Baltimore Herald.

President of Common Council James F. Buckle, whose civic pride is demonstrated by his works, says that Plainfield is blessed with improvements that rarely fall to the lot of the community of its size. He endorses, however, the proposition for the collection and disposal of garbage under municipal control, which is strongly urged by The Daily Press. In Mr. Buckle's opinion, this is Plainfield's greatest need at the present time.

Bob Davis, who runs the Democratic machine in New Jersey much as he pleases, shows his usual sagacity in picking out a strong candidate, if the report be true that he will support Richard V. Lindabury, of Essex County, for the party's gubernatorial nomination. When Davis supported Seymour in preference to Ferrell at the last Democratic gubernatorial convention, he displayed good political judgment, Seymour being not only strong with the masses but a man of undoubted executive ability well fitted to occupy the place now held down by Franklin Murphy. His reputed present choice, Mr. Lindabury, is one of the foremost lawyers in the State and a man of rare attainments. Plainfielders will recall his speech made against the annexation scheme during the campaign on that proposition. His skillful handling of the poor end of the stick demonstrated to those interested in the scheme that the anti-annexationists had called into their service a Goliath in reasoning powers. One strong point in Mr. Lindabury's favor is that he is an able lawyer, which in view of the many sad blunders recently, should make a good campaign argument provided he is nominated.

CITY JOTTINGS.

—W. M Miner, of Plainfield, has been granted a patent on a multiplex telephone.

—Fancy cheese, smoked salmon, sturgeon, pickled and Bismark herring. R. W. Barnes, 217 Park avenue.

—Walter P. Lindsley, of Newark, has purchased at sheriff's sale, the Fingerhut property in North Plainfield, for $2,750.

—L. Moraller & Son, the leading jewelers, of this city, have received their Christmas holiday goods. Everything in the line of jewelry, watches, silverware, diamonds and Christmas jewelry novelties. Prices are compatable with good quality and first class goods.

—The improved condition of West End avenue, between Front street and the brook, was noticeable during the heavy rain Wednesday night. Unlike previous conditions, the water was carried off almost as soon as it fell to the ground. Other improvements are contemplated for this avenue in the near future.

An Ideal Location

Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE
LINDEN, N. J.

Beautiful and Accessible
2 Miles from Elizabeth, 7 Miles from Newark,
14 MILES FROM NEW YORK
On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL, or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

FOR INFORMATION concerning lots in these beautiful Park Cemeteries, and FREE transportation to prospective lot buyers, apply at once to any LEADING UNDERTAKER or offices of the Associations:

MILLINERY OF THE MOMENT

Styles and Trimmings Which Are Rather Smart.

Millinery becomes more and more picturesque as the season advances. The shapes are growing larger and more pronounced. Plumed hats are a necessity for dressy occasions, and the plumes, arranged in a variety of ways so that they droop in the hair, are supposed to match the tints of the gown.

Turbans made of flowers, rough felt or chiffon velvet are very smart and are worn on all occasions. A bunch of cock's plumes drooping over the left ear is a favorite trimming.

The French sailor has graduated into a dressy hat. It even comes made of ermine or sable and trimmed with white ostrich tips.

Rough felts are still popular, and these are prettiest in all black and all white relieved by a small touch of color.

Gainsborough and picture hats are very smart for the few who can wear

GAINSBOROUGH HAT.

them. In general the attempt to revive the high crown on other hats proves unsuccessful.

A mixture of royal blue and white is popular in Paris. A charming three cornered white beaver hat had strappings of blue velvet caught by fancy filigree buttons. It is curious that royal blue should die so hard in Paris. It was a favorite color last winter and still holds its own. White, too, is always popular in the winter with dark furs. Of course it is extravagant wear, but nothing looks so well. White corduroy velvets are perfectly lovely and will be a leading feature of the early Monte Carlo fashions. They are softened with lace and panne trimmings and worn with stoles of sable or mink and a brown hat.

The cut shows a Gainsborough hat of pale gray felt trimmed with a deeper gray panne scarf and a shaded feather.

JUDIC CHOLLET.

FOR COLD DAYS.

Handsome Fur Coats With Loose Sleeves—Overskirt Effects.

The fur coat is now with us in all its glory. The loose or sack shape seems to be the favorite for beautiful minks and sables. The whole thing gives the effect of a cape with full sleeves. These sleeves are filled in at the lower edge with ruffles of lace, so that when the arm is raised it gives a very dainty effect.

Ruching appears on many of the dressy gowns, and these have pinked edges and are best made of taffeta or some other thin silk.

Borders of fur, particularly mink, are seen on many smart French gowns. A

SIBELINE DRESS.

combination of cloth, mink or sable and Irish lace is especially desirable.

Overskirt effects are appearing on a few of the French gowns, but this is a trying style to all but a few tall, slender women.

Petticoats with heavily shirred flounces are used to wear with the thinner gowns which require holding out around the feet.

There is no doubt about it that wine color and mink or sable are beautiful mixtures and give a cheery touch of color to the somberness of autumn days.

The picture shows a costume of the popular old rose sibeline.

ALEXANDRA IN PERIL

Fire In English Queen's Bedroom at Sandringham.

BURNING APARTMENT COLLAPSED.

Awakened by Miss Knollys, Her Majesty and the Secretary Escaped In Their Night Robes Not a Moment Too Soon.

LONDON, Dec. 11.—Queen Alexandra narrowly escaped serious injury and possibly death by a fire at Sandringham palace which started in the bedroom of Miss Charlotte Knollys, lady of the bedchamber to the queen. It communicated in a few minutes to the adjoining apartment of Queen Alexandra, where she lay asleep.

Queen Alexandra had a very narrow escape. Miss Knollys was fortunately awakened by the smoke in her bedroom, which is immediately below the chamber occupied by her majesty. Miss Knollys rushed upstairs to the queen's apartment and aroused her majesty. Both the queen and her secretary, who were clad only in dressing gowns, escaped from the burning room not a moment too soon, as the floor of the

QUEEN ALEXANDRA.

queen's apartment collapsed almost immediately, carrying with it her majesty's bed. Only a few hundred pounds' damage was done by the fire, which was confined to the two bedrooms. It is now stated that the trouble originated in an imperfectly insulated electric light wire, which set fire to a beam between the ceiling of Miss Knollys' bedroom and the floor of her majesty's apartment.

The alarm raised by Miss Knollys soon brought the household fire brigade, which quickly began the work of extinguishing the fire. Sir Dighton Macnaghten Brobyn, keeper of the privy purse and extra equerry to the king, also speedily arrived and took charge of the operations. Queen Alexandra, who displayed the utmost composure, remained with Miss Knollys near the scene until she was assured that there was no further danger of the fire spreading.

An examination of the apartments shows that more damage was done by water than by fire. A large number of the queen's treasured knickknacks and some of her charming furniture were spoiled.

News of the fire was suppressed until the queen had entirely recovered from the shock.

King Edward was not in the palace, having returned to Buckingham when a large party that his majesty and the queen had been entertaining at Sandringham dispersed. The king was quickly notified of the fire, however, at Suffolk and of the queen's fortunate escape.

Miss Knollys, who faced peril to arouse the queen, is one of her majesty's most constant and intimate associates. On the queen's accession King Edward issued a special order conferring upon Miss Knollys the rank, status and precedence of a daughter of a baron in order that she might retain her post. She is therefore known as the Hon. Charlotte Knollys.

Princeton's Unique Gift.

PRINCETON, N. J., Dec. 11. — A unique gift was received by the trustees of Princeton university in the form of a union jack and a long pennant which at one time floated over the United States steamer Princeton. They were purchased by the personal contribution of the members of the crew and sent to Princeton, with a congratulatory letter. When the Princeton was commissioned in 1898 the crew was given a dinner by the Princeton club of Philadelphia. The flags will decorate the trophy room of the new gymnasium.

He is now secretary of the French legation at Belgrade, Servia; has held a number of important posts, is a linguist, is regarded as an accomplished diplomat, is married and will take his family to Washington. WATERBURY, Conn., Dec. 11.—The jury in the case of G. W. Cairns of Boston versus F. P. McEvoy of this city has returned a verdict awarding the plaintiff $150 damages. Cairns brought the suit for $10,000 for false imprisonment and slander. McEvoy traded his bicycle business in this city for twelve building lots in Woburn, Mass., with Cairns, afterward claiming that he was bunkoed, and had Cairns arrested.

It is believed that the past season has been one of the most successful in the history of the club. There is now some talk of arranging to close the season at an earlier date in the fall, owing to the shortness of the days and the liability to disagreeable weather at that time of the year.

THE FIREMEN NOT ALTOGETHER PLEASED

Told Borough Council it Was Late in Applying for Rooms in New Fire Headquarters.

MATTER IN ABEYANCE

WILL BE A SPECIAL MEETING OF FIRE COMPANY TUESDAY.

Chief Stahl Said Firemen Would Probably Come to Terms—Large Delegation of Firemen Present at Meeting of Council.

Except for a formal conference between the members of the Common Council and the Warren Engine Company, the matter relative to the proposition made by Mayor Smalley to move the Council chambers into the fire headquarters in the new building, when that structure is completed, is settled. There will be a special meeting of the company Tuesday evening, when Robert Clark, Jr., chairman of the fire, water and lamps committee of the Common Council will be present, and will report back to the Council when it meets Wednesday evening, December 16. The plans for the proposed change in the finishing of the upper part of the new building will be presented to the members of the company at the meeting and when they thoroughly understand what the Council desires, a definite answer will be given.

The meeting of the Common Council last evening was attended by a large delegation of members of the Company. Chief of the Borough Fire Department Jules J. Stahl was the spokesman for the firemen. He stated that when the agitation was started for a new engine house and a special election was secured for that purpose, nothing was said at that time about placing the Common Council chambers in the building. He gave it as his opinion that when the Company had a clear idea of the amount of room the Council needed the Company would probably be willing to come to an agreement.

Chairman Clark, of the fire, water and lamps committee, went over part of the history of the fire headquarters building and the causes which led up to the erection of a new headquarters. He asked what the ulterior motive could be in bringing about an agitation for moving into the new fire house at this late date. Councilman Lee, of the police committee, could not see why the engine company should object to the Council's occupying part of the new building. He said that the presence of the Council in the building would add a certain amount of dignity to the place.

There was much discussion pro and con and it was finally decided, at the suggestion of Councilman Nichols, that the plans be submitted to the firemen.

WILL BE COMPLETED SOON

RAPID PROGRESS ON WEST END SEWER AFTER MUCH DELAY.

Work is progressing rapidly on the new West End Saturday sewer, of which almost four miles is completed. It is probable that the work will be finished the end of next week.

The sewer runs through Albert street, between Compton avenue and Mariners place; Pond place, between Stebbins and Muhlenberg places; John street, Prescott, place between South Second street and West Fourth street; Dunellen avenue, between Clinton avenue and Compton avenue; Essex street, between Spooner avenue and John street; West Fifth street, between Grant avenue and Prospect place; West Fourth street, Lee place, North avenue and South avenue, Second street, West Sixth street, Spooner avenue and West Third street

The contract for the sewer was given over a year ago. The contractors have not progressed as rapidly as was expected, and are now paying the penalty for their dilatory conduct by being confronted with at least a foot of frost through which they must dig.

The reason the street commissioner is rushing the work is to enable an assessment to be made and thus avoid paying interest on the work. Payment has been made in installments by the city. As soon as the work has reached a stage where it can be appraised, the cost will be reported to the Common Council and the matter will be placed in the hands of the Sewage Commission for settlement.

WESTFIELD BOWLERS WIN SIX STRAIGHT

Cranford Casino Team Meets Defeat on Its Own Alleys by the Leaders.

HEGEMAN MAKES A 222

WESTFIELD DOES ITS BEST WORK IN THE FIRST GAMES.

Roselle Has Won Three Games, Cranford, One, and the Park Club, None—North Plainfielders Expect to Improve.

The Westfield Club bowling team tried conclusions with the Cranford Casino team on its alleys last night, in the third match in The Daily Press Bowling League tournament, the visitors winning the second game only. The Westfield team seems to be in championship form at present and in the first game defeated Cranford by 143 pins, the totals being 868 to 725. The totals of the second game were 803 to 747 in favor of the visitors, while the home team won the last game by a margin of 103 pins, the totals being 821 to 718.

In the first game the Westfield five did its best work, Forster rolling a 210 and Hegeman a 222. The next highest man was Condit who rolled 191 in the third game. For the visitors there was not a man who rolled over 183 and this score Hibson made in the second game. They won this game by a margin of fifty-six pins.

Thus far the Westfield team has won six games, Roselle has won three, Cranford one, while the Parks have failed to win a game. They no doubt will be heard from very soon and will give the other three teams a lively chase.

The scores for the three games:

NO MORE FRAME BUILDINGS

WITHIN CERTAIN LIMITS OF BOROUGH AFTER PASSAGE OF ORDINANCE.

The ordinance entitled "an ordinance to govern the erection of frame buildings in North Plainfield" and the defining of a fire limit in the borough was passed on its second reading at the meeting of the borough Common Council last night, and it will be read for the third time at the next regular meeting which will be held on Friday evening, January 8. The limits wherein frame building will not be permitted to be erected after the ordinance becomes a borough law is defined as follows: Washington avenue to Park place, to Grove street, east to Somerset street, to Grandview avenue, on the easterly side of Somerset street to Jackson avenue, to Westervelt avenue, to Green brook and to the intersection of the county line in Green brook and Washington street.

It is probable that a building inspector will be appointed at some later date in North Plainfield, who will have charge of the erection, removal and demolition of buildings. It is understood that the passage of the ordinance is primarily aimed to defeat the Durlach brothers in their intention to move into the borough the frame building now located on the corner of Watchung avenue and East Front street, this city.

A communication signed by Ferdinand Brose and other for two street lights on Wilson avenue above Cedar street, was referred to the fire, water and lamps committee. The Council adjourned at 9 o'clock to meet on Friday night, January 8, on account of the regular meeting night in January falling on a holiday.

MT. OLIVE CHURCH A SEPARATE INSTITUTION

Will Become Such at Beginning of Year, Severing Relations With First Baptist.

RESULT OF FRICTION

COLORED PEOPLE NOT SATISFIED TO BE GOVERNED BY WHITE BRETHERN.

Expressed Dissatisfaction Because They Couldn't Chose Their Sunday-School Superintendent and Arrange Their Summer Outings.

After being under the guidance and receiving the assistance of the First Baptist Church for nearly twenty years, the members of the Mt. Olive Baptist Church (colored) will, beginning January 1, launch forth upon their own resources. This they will do believing that they have gained sufficient financial means to carry out their much-desired plans. In making this change the members will dissolve their relationship with the First Baptist Church and will elect their own church and Sunday-school officers, and, in every way govern themselves.

For some time past there has been a feeling of unrest on the part of some of the members of the Mount Olive Church on account of a supposed restraint placed upon their actions. The First Baptist Church has never attempted to govern them so far as church matters are concerned, except at times when advice and assistance have been sought, but the Sunday-school has for twenty years been under the direct supervision of the First Baptist Church, which from year to year has chosen the superintendent.

For many years S. B. Joseph filled this position and during the past sixteen years M. C. Dobbins has held the place, being re-appointed each year. Associated with him have been a number of white teachers, including Miss Cole, Miss Thickstun, Miss May E. Howlett, N. H. Saxton and others. There have also been a few colored teachers. The school has always prospered. Each year the effort has been to make it more self-sustaining, but there have been occasions when financial assistance was necessary from the First Baptist Church. The latter church has always given the school a Christmas entertainment and a trip on the annual excursion to the seashore.

Some of the colored members have desired to arrange their own summer outing, instead of going with the white people, while others have been perfectly satisfied with the usual arrangement. The planning for these outings has been attended with more or less friction. Now, the officers of the Baptist Church have decided that if the colored church desires to govern itself it can do so. Every effort will be made to give the church a good start the first of the year.

According to the deed of the Mt. Olive Church property the members can do as they please with it, except to mortgage or sell it. The church has recently been greatly improved through the aid of money subscribed by many white folks and by contributions of its members.

M. C. Dobbins, as well as several of the white teachers, will return to the First Baptist Church, where they will continue their interest in the Sunday-school work, their places to be filled entirely by colored persons. The pastor, Rev. E. E. Jackson, will have general supervision of the church and school. Before the change goes into effect the Mt. Olive Church will communicate with the First Baptist Church, and the latter body will then vote to sever the relationship. This action will be taken within a short time.

FREDERICKSON CAPTURED HIM

ERNEST MORRIS, COLORED, STOLE CLOTHING FROM FRONT ST. STORE.

For stealing two pair of corduroy trousers and a $12 coat which were hanging in front of U. B. Crane's clothing store on West Front street, Ernest Morris, colored, of 424 East Third street, was arrested last night by Sergeant Frederickson. The goods were taken at 9:30 o'clock, the theft being seen by a citizen across the street. Morris took his booty to the alley in the rear of Warnock's bakery on West Front street, dropping a pair of trousers by the way. He was identified by one of Crane's clerks at 11 o'clock on West Front street.

A coat was stolen in the same way from Sternberg's store about a week ago by a man who answers Morris's description.

Morris was held in $300 this afternoon by Justice Huff to await a preliminary hearing next week.

CITY NOT SHIRKING.

Plainfield is Doing Its Share in Caring for Terrill Road—Kick From Fanwood.

Plainfield is making repairs to Terrill road, the dividing line between the city and Fanwood. There has been some dispute between the two communities as to the proper care of the road, Fanwood claiming that Plainfield was not doing its share of the work in accordance with an agreement.

Street Commissioner Andrew Gavett said yesterday that during the summer time Terrill road is in good condition and therefore the city had necessarily done little. At present the road is in need of repairs and Plainfield is doing its full part.

THE DOVER BOILER WORKS REPRIMANDED

The Somerset and Union County Boards of Freeholders Adopted Resolutions.

A SCATHING REBUKE

CONCERN FAILED TO LIVE UP TO THE TIME CONTRACTED TO BUILD BRIDGE.

Notice Given That the Giraud Avenue Structure Must be Ready for Use by End of the Year—The Company's Excuses.

The Dover Boiler Works was severely censured by the Boards of Freeholders of Union and Somerset Counties, in special meeting yesterday, because of the non-fulfillment of their contract to provide the structural iron work for the new Giraud avenue bridge. The scathing rebuke administered by the Boards was voiced in the following resolutions which were sent to the works:

"Whereas, owing to the unbusiness like action of the Dover Boiler Works, and their numerous and trivial excuses for delay in completing their contract respecting the Giraud avenue bridge;

"Therefore be it resolved, that it is the sense of the joint meeting of the Boards of Somerset and Union Counties that the Dover Boiler Works be notified that unless the girders, etc., for the Giraud avenue bridge be put in place at their own expense and a safe and convenient passage for public travel thereon be made on or before December 31, 1903, that said contract be then cancelled; and further that the said Dover Boiler Works be held responsible in every particular for all damages; and that this notice in no sense to be considered as a waiver to any claim which we now, or may hereafter have thereunder.

"And be it resolved that a copy of this resolution be forwarded to the Dover Boiler Works forthwith."

The bridge was to have been completed by September first; that is the Dover Iron Works should have had the structural iron work on the spot ready for the contractors and masons to go ahead with the work. The first delay was occasioned when the Dover concern shipped some inferior ironwork to this city, only to have it refused by Engineer Hubbard. Numerous other delays have been experienced by the contractors in this city and the foregoing ultimatum was sent, demanding that the bridge be put in a passable condition by December 31, to which date the Boards adjourned.

If the bridge is not in such a condition that vehicles may safely pass over it by that time, the Dover concern will forfeit any amount of damages which may be sustained by the county through the imperfect construction of the bridge. The counties hold the bonds of $1,000 provided by the company.

There were present at the meeting the entire Board of Somerset County and the bridge committee of the Union County Board, which is composed of Freeholders William A. Westphal, chairman; Joseph McCandless, John Robison, of Fanwood; Noah Woodruff, of Roselle Park; E. K. Adams, of Cranford; County Engineer J. Frank Hubbard and County Attorney William A. Codington.

DEAD BODY ON RAILROAD TRACKS

John Phillips, of This City, Evidently Struck by a Train at Dunellen.

IN SEARCH OF WORK

THOUGHT TO HAVE BEEN FORMER EMPLOYE AT POND TOOL WORKS.

City Directory Contains the Name of John Phillips, of Madison Avenue—Dunellen Undertaker Says Man Lived on W. Third Street.

The body of John Phillips, of West Third street this city, was found by a track walker lying beside the railroad tracks of the Central Railroad at Dunellen this morning. The body was quite cold and it is probable that life had been extinct several hours before it was found. The remains were taken to the undertaking parlors of Walter G. Runyon, where they still await final disposition.

The city directory gives the name of but one John Phillips, who resides on Madison avenue. The Dunellen undertaker said this morning that although he knew that the dead man lived on West Third street, he did not know the exact number. From marks and bruises on the body it is evident that the man was struck by a train and death caused by an injury to the spinal column. From the appearance of the clothing it is believed the man was tossed some distance.

It is said that Phillips was a machinist formerly employed at Pond's. It is believed that he was in Dunellen searching for work as machinist or trainman in the railroad yards.

UPHILL FIGHT IN BASKET BALL

ENABLED HEINECKE'S TEAM TO BEAT HAND'S IN SENIOR Y. M. C. A. SERIES.

In the senior basket ball league at the Y. M. C. A. last night an exciting game was played between Hand's and Heinecke's teams, the latter winning out by strong up-hill work in the second half. In the first half Hand led, 15 to 8, but the Heinecke men got going in the last period and won out 18 to 16. Good guarding of the baskets was a feature of the game.

Smith's five was scheduled to play Neal's but as only one man of Neal's aggregation, Rothberg, showed up, the game was declared a 2 to 0 victory for Smith and a match substituted between four of Smith's men and a picked four. Smith's team won, 17 to 7.

In the standing to date, Smith's team leads, with a clean record of four victories and no defeats; Heinecke is second with two games won and two lost, and Hand and Neal are tied for third and fourth positions with one victory and three defeats. Next week Smith will meet Hand and Neal will play Heinecke. Summaries:

Heinecke—Mundy and Woodland, forwards; McCullough, centre; Heinecke and Utzinger, guards. Hand—Jacot and Sheppard, forwards; Joseph, centre; Sebring and Carolin, guards. Score, Heinecke, 18; Hand, 16. Goals from the floor, Hand's team 7; Heinecke's 7. Goals from fouls, Hand's 2; Heinecke's 4.

COLLEGE BOYS SING TO SOCIETY PEOPLE

Princeton Glee, Banjo and Mandolin Clubs Appear at the Casino.

RECEIVED AN OVATION

DANCING WOUND UP NIGHT'S EVENTFUL PROGRAMME.

College Airs and Comic Opera Selections Among the Numbers at the Concert—Old Nassau Sung With Spirit—House Crowded.

Fond recollections of college days were brought to the Plainfield alumni of Old Nassau, who with five hundred others, mostly society folk, gathered last night at the Casino to hear the excellent concert given by the Princeton Glee, Banjo and Mandolin Clubs. Every available seat was taken long before the well balanced programme was started. The great majority tarried until long after midnight for to the younger set especially the dance was not the least among the events of the night's entertainment.

The Plainfield Alumni Association left no means unspent to make the occasion enjoyable alike to the students and the patrons of the affair and they succeeded admirably. And on the other hand the "undergrads" did their share, the clubs being particularly kind in responding to encores. Interspersing the good old college airs were a liberal number of catchy tunes made popular at the theatrical attractions on the boards at present. Owing to the fact that the programme was not commenced until somewhat after the time designated, a few of the numbers of lesser importance were necessarily omitted.

Mention of the interior decorations should not be neglected, for the effect of the college colors adorning the walls was particularly fetching. Princeton banners above the stage faced the colors of Yale and Harvard decorating the balcony. The "tiger" was on guard between "Yale" and "Harvard."

To give a lively stir to the old college enthusiasm, which is more or less dormant in the alumnus, "Old Nassau" was sung as an opening number by the Glee Club. That it brought "tune to every heart and every voice" was shown by the demonstration, to which the Club responded by pushing "the bull dog off the map." "A rag time ball" by the Banjo Club was followed by a little mixture of everything tuneful entitled "1904 Medley." Selections from one or two comic operas and musical extravaganzas were given by the Mandolin Club and the first part closed with "Fantasienstuck" by the Banjo Club, several of the selections having been encored. A step song form Carmina Princetonia by the Glee Club was the first number of the second part and this was followed in turn by "Gondolieri," by the Mandolin Club; "The 1904 Rakion" by the Banjo Club; solos by Joseph R. Truesdale, leader of the Glee Club; "The White Crow" by the Banjo Club, and "Espanola Viva" by the Glee and Mandolin Clubs. Mr. Truesdale's contributions were coon songs, which he sang well, although he lacked much of the expression and effectiveness required." Espanola Viva" caught the fancy of the amused audience and received hearty applause. The major portion of the third part was omitted, but the "Triangle Song" from Carmina Princetonia, rendered by the combined clubs served as a fitting climax to the concert. College yells dear to the heart of the Princetonian thundered forth from the club's members as the curtain rung down.

The dance proved to be exceedingly enjoyable and it was well managed. The patronesses were principally selected from the ranks of Plainfield's society women, who are related to graduates and undergraduates of Old Nassau. During the night's festivities, light refreshments were served. The music for the affair was furnished by Prof. Austin's orchestra of seven pieces, of New York.

Plea Went All Right.

QUESTIONS OF THE DAY DISCUSSED BY THE PRESS.

State Building and Loans.

Building and loan associations are growing in numbers, in popular favor and in strength year by year. They are becoming more and more the depositories of the savings and the favorite investment of the wage earners and those of moderate income. When they are prosperous—and they generally are—it is a sure index, not only of the prosperity of the community in which they exist, but of the thrift and forehandedness of the investors. That these things are true in a notable degree of New Jersey is shown by the annual report of David O. Watkins, State Commissioner of Banking and Insurance, just submitted to Governor Murphy.

There are in the State 385 active building and loan associations, an increase of 23 during the last year, with an aggregate membership of 112,530, an increase of 5 per cent. for the same period. The aggregate gross assets of these associations are $51,460,688, with payments by members of $38,862,503 and total profits of $9,216,183. Of the new associations formed this year and operating, eleven are in Newark. Mr. Watkins's report is full of further interesting details, but the outline given here shows very gratifying and progressive prosperity in this comparatively new line of investment for the people, most of whom must necessarily go without the more pretentious classes of securities.—Newark Advertiser.

AMUSEMENTS.

Klaw & Erlanger's massive scenic production of the romantic dramatic story of modern Japan, "A Japanese Nightingale," adapted from Onoto Watanna's widely read novel by William Young, the dramatist of "Ben-Hur," is drawing packed houses to Daly's Theatre. This is the most elaborate production of a play treating of foreign life ever seen in this country. A great feature has been made of the music, composed by N. Clifford Page, the famous student of Oriental music, whose compositions have attraced wide attention, both in America and Europe. Margaret Illington has made a great hit in the role of the "Nightingale," to which she is well adapted both in temperament and ability as a player. Other important roles are very artistically played by Orrin Johnson, Vincent Serrano, Frederick Perry, Eugene Jepson and Olive May.

Charles Richman in Victor Mapes' stirring play of the Revolutionary period, "Captain Barrington," is drawing large audiences to the Manhattan Theatre, New York, the double indorsement of Mr Richman as a star and of the drama as the best of its period being enthusiastic. "Captain Barrington" would stand as a most effective and pleasing play without the atmosphere of the Revolution that gives it an added interest, for it is most skillfully constructed and abounds in exciting incidents, while its character drawing is clear and diversified. Aside from its strong dramatic scenes, too, it has much relieving comedy that keeps its audiences in the best of humor, and aside from Mr. Richman, the company is one of the strongest seen in New York this season, and all the prominent players in it have excellent parts.

Francis Wilson and his star players in the elaborate revival of Jacobowski and Paulton's comic opera classi, "Erminie," return to New York and to the Grand for the week beginning Dec. 14. This popular opera is now in its eighteenth year and still retains its hold on the music loving public. The production which Mr. Wilson and his managers have given the opera is pretentious in the extreme and the company supporting Mr. Wilson is the highest-salaried ever organized.

For a number of years past the Eden Musee has been steadily growing in popularity. This has been due to the excellent attractions furnished. The management is continually on the alert to discover something new and novel that will appeal to the Musee's patrons. In addition the Musee has arranged for the reproduction of important scenes in history which will be of special interest to students of history. One of these now being exhibited is entitled "The Rise and Fall of Napoleon" showing the important epochs in his life and his death on St. Helna. The reproduction of this series of pictures alone cost $10,000.

PANAMA IN CONGRESS

Foreign Affairs Chairman Defends Action of President.

"DID NOT WASTE TIME---NEVER DOES"

Hitt Said, "The Whole World Is In Favor of This Canal, and We Have a Man at Work Who Will Cut It Through."

WASHINGTON, Dec. 12.—The birth of the republic of Panama and its recognition by this government was the subject of a spirited debate in the house. Mr. Dinsmore (Dem., Ark.), during consideration of the pensions appropriation bill, severely criticised the administration in connection with the canal and Mr. Hitt (Rep., Ill.), chairman of the foreign affairs committee, replied in a vigorous defense of the president and his Central American policy. Mr. Williams of Mississippi, the minority leader, replied to Mr. Hitt, declaring that the minority did not condone the part taken by this government in connection with Panama affairs.

Nearly the whole of the four hours' session was taken up in a discussion of the isthmian question. No conclusion was reached on the pension bill. Mr. Van Voorhis (Rep., O.) of the appropriations committee made a statement concerning the provisions of the bill, when the debate digressed to Panama. The house adjourned until Monday.

Dr. Dinsmore disavowed any purpose to impute dishonorable or improper motives to the officers of the government.

Mr. Hitt said there was nothing hasty or unique in the recognition of the new republic, as it occurred five days after the promulgation of the independence of the republic.

Mr. Williams asked if this was not the first time in South American history "that the other fellow had been prevented from shooting back."

Mr. Hitt replied that he had seen it stated in the press, but did not know it to be so, but said that troops could be sent to Colon only to interfere with traffic on the isthmus and that the United States is under obligation to prevent interruption of this traffic.

Mr. Hitt made a vigorous defense of the administration in connection with the republic of Panama. His references to the president caused loud applause on the Republican side.

The president, said Mr. Hitt, had not been precipitate, but had waited a reasonable time. "But," he added, "he did not waste time. He never does." This utterance was loudly applauded on the Republican side.

"Ordinarily," Mr. Hitt went on, "when a ship is in port and a disturbance or insurrection occurs we land troops to protect Americans from being killed or robbed. We have done that in France, and we would do it anywhere.

"In the case of Panama our situation was different from that of any spot on earth. We had a solemn and binding engagement which had been impressed upon us by all the years. Often we were called upon by the Colombian government, oftener by events, to enforce the obligation to keep that path open from sea to sea, not to aid or to suppress rebellion, but to keep the path open, and when we landed troops at Colon their duty under the treaty was plain to let no armed men or cause of any kind disturb the open, free course of commerce or of movement in the pathway across the isthmus.

"Now, it so happened in the course of human events, which we do not guide, but which is believed by many an all wise Providence watches and directs, that in this case our duty, in good faith under the treaty to keep that highway open, fell in with and brought out a consequence which was grave to Colombia. She has invoked that interference before, but it so happened that always heretofore it inured to her benefit. In this case that which we have done we did for a motive of the highest obligation of national faith.

"It was done sedulously and carefully, but it did result in making it very difficult for troops to come from Bogota. Our government will not permit anybody on the line of that railway or the crossing of the isthmus who would disturb free transit, and it is because the two things coincide that men who do not look on the matter calmly and fairly will say that we did what we did to injure Bogota, when, in fact, we did it to keep good faith, though it has injured Bogota."

Mr. Hitt said: "The one purpose has been effected, the one that has been voted for in this body and has governed the action of our government is the one that every good American heartily sympathizes with.

"That is the reason we do not apologize for the conduct of our government in following the precedents of its past history, and we are proud that we have a president that does not wait ten years."

The whole world, he said, had been in favor of a canal, and, added Mr. Hitt, "we have got a man to work on it who will soon cut it through." This was loudly cheered by the Republicans.

Mr. Williams, interrupting, said he wanted to take the burden of saying "Yes" to the question as to whether the government had been virtually guilty of moral obliquity in its international relations in its action concerning the republic of Panama.

Mr. Hitt, continuing, said the people of Panama had organized a government which had the cordial support of every one who lived there.

That, he said, is proved by the fact that a man would have been an unnatural being if he had not wished to separate himself from such a cumbrous government as had weighed upon them

so hard. Referring in this connection to the government at Bogota, he said, "That distant center colony, plotting to get hold of the great spoil they hoped to get from the United States, deliberately threw away the treaty and $10,000,000 in the hope of getting still more, utterly regardless of the great peril to which they put the people of the province of Panama.

"Following the spirit of the treaty and of the legislation since, the president while waiting a reasonable time found that the will of congress should be carried out, and he would not submit to the blackmail that was tried to be imposed upon the people of the United States owing to the rapacity of a band of men who abused their authority. It is not in the spirit of our people. When the open hand of bounty is met by the clinched fist of malice and greed the Yankee knows how to stop that business."

Mr. Williams, the minority leader, following, charged that this was the first time that this government had interfered in the domestic affairs of a South American country. He said that the minority side could not be made to make the mistake which the majority desired it to make. The Democrats want a canal, he said. They wanted the Nicaraguan canal, but if they could not get the canal where they thought it ought to be they would take it where they could get it and take it as they might get it. He thought possibly the Nicaraguan route was regarded as too great a competitor of the transcontinental railways.

He said the Democrats are not proud of the part this government has taken, but they must recognize a fact as a fact.

Mr. Williams said that virtually it had been confessed that if Colombia dares to land a soldier in the newborn republic of Panama, "newborn with the birth foreseen and aided, as I believe, from Paris and from Washington, the United States will treat it as an act of war."

There was one fact could not be got around, and that was the manner of the birth of the new republic.

Continuing, Mr. Williams said:

"If the Democratic party and a few Republicans had not hedged up and bound this government in the two clauses which compels us to give Cuba her freedom and independence, you would have treated Cuba as you treated the Philippines. As to the new republic of Panama, I am satisfied that the most deliberate, long reviewed, well thought out project ever completed or ever thought of since the world began is the birth of Panama and our connection with it."

After some further remarks on the same line Mr. Williams closed as follows:

"If the president refuses to obey the plain words of the Spooner act approved by him, perhaps suggested by him; if he is going to override the law; if, after having waited a reasonable time to enter into a treaty with Colombia, he now refuses to obey the language of that law and proceed to try and negotiate a treaty with Costa Rica and Nicaragua, then, in God's name, hurry up your canal."

Mr. Hearst (N. Y.) introduced a bill in the house to establish a parcels post. It provides for the classification of mail matter, defining the kind that shall be carried in the different classes.

IN THE SENATE.

Cuban Bill Takes Up the Time of the Session.

WASHINGTON, Dec. 12. — There were two speeches in the senate on the Cuban reciprocity bill, one of them by a Democrat in support of the bill and the other by a Republican in opposition.

The opposing speech was made by Mr. Bard (Cal.), who contended that the United States was under no obligation to give further aid to Cuba and especially when to do so we must pursue a course injurious to our own industries.

Mr. McCreary (Ky.) made his maiden speech in the senate and supported the bill because our past magnanimous course toward Cuba he believed to be a step toward tariff reform. He said that the protective policy of the United States already had brought about retaliation by Germany, and he predicted that other European nations, possibly including Great Britain, soon would follow the example set by that country.

Senator Hoar has reintroduced a bill providing for a site and authorizing the erection in Washington of a monument to the memory of Henry Wadsworth Longfellow. Senator Hoar announced that the money for the monument has been raised by the Longfellow Memorial association.

Turks Blame Our Consul.

WASHINGTON, Dec. 12. — Chekib Bey, the Turkish minister here, filed with the state department an explanation from the minister for foreign affairs of Turkey of the Alexandretta affair, stating in effect that United States Consul Davis sought to procure the illegal emigration of a Turkish subject and, failing in this, attacked and beat the Turkish police and then took the steamer. The state department has had partial advices from Minister Leishman and is awaiting the completion of his investigation.

Colombian Troops Sent to Rio Atrato Return to Bogota.

THE MAYFLOWER ACTING AS SCOUT

Governor at Colon Reports That Men Landed by Colombia Suffered Terrible Hardships In Their Efforts to March to Panama.

WASHINGTON, Dec. 12.—A report from Colon says that Admiral Coghlan has received a letter from Luther F. Ellsworth, United States consul at Cartagena, which says that the Colombian warship Cartagena left Cartagena, carrying about 800 soldiers, its destination being the Atrato river district. The contents of the letter, which give no details of the movement, have been transmitted to the Washington government.

The Mayflower, which left in a southeastward direction, will join the Atlanta, and both vessels will proceed to the gulf of Darien for the purpose of obtaining definite information as to what is happening there. The Mayflower will return immediately and report to Admiral Coghlan.

Several of the Panamanian scouting parties have already left here, and others will leave Panama shortly to watch the movements of the Colombians. No reports have yet been received from the parties in the field, and there is no news tending to confirm the report from La Guayra of the landing of Colombian troops at the mouth of the Atrato river, on the gulf of Darien.

A Panamanian gunboat and a United States gunboat have proceeded together to David, near the western end of the isthmus of Panama, for the purpose of giving the people of that district evidence of the fact that the United States forces are co-operating with those of Panama in maintaining peace on the isthmus. The gunboats are expected to return here on Sunday.

Governor Melendez at Colon in an interview said:

"I have just learned unofficially through passengers of the Fournel that the Colombian warships General Pinzon and Cartagena left Cartagena, having on board 450 troops which General Tovar brought to Colon. These were landed at the Rio Atrato, with instructions to build a road toward Panama, but after terrible suffering for four days in their efforts to go up the river in small boats and canoes and being in want of provisions of all kinds, their supplies having been soaked with water and completely spoiled, the troops resolved not to go any farther. The passengers also affirm the troops have since returned to Cartagena."

General Melendez said that he had sent commissioners to the chiefs in the Indian Territory requesting them to come to Colon and interview the officials of the government on important matters concerning their interests. One chief from the Indian settlement at Point Diablo has already accepted the invitation and arrived here. He gives assurance that Colombian troops have not been seen in his territory and further that they would not be allowed to cross the country. Other chiefs from San Blas and Cape Mosquito who have accepted the government's invitation are expected to arrive here shortly.

News has been received here from the interior to the effect that 4,000 Colombian troops left Bogota a fortnight ago to go down the Magdalena river, but on reaching Honda they received orders countermanding the movement and returned to Bogota.

Advices from Cartagena say that the Colombian authorities have removed the shipping ban against the republic of Panama.

BONIER HELD FOR MURDER.

Inquest on the Bodies of the Aged Frehr Couple at Buffalo.

BUFFALO, Dec. 12.—Charles Bonier, seventy-four years old, has been held by the inquest jury on the charge of having murdered Franz and Johanna Frehr, the aged couple who disappeared on Nov. 19 and whose bodies were found on Dec. 3 buried in their own yard.

The charge against Bonier is murder in the first degree.

City Chemist Hill has announced as the result of his chemical and microscopic analysis that the spots on the trousers of Bonier are unmistakably blood spots. Several splotches of the blood were found. An attempt evidently had been made to wash out the blood stains. Bonier when arrested admitted that the trousers belonged to him. He could not explain the presence of the blood.

Wood Will Be Called Home.

WASHINGTON, Dec. 12. — Senator Hanna has decided to request the senate committee on military affairs to subpœna General Wood to answer some of the charges made against him by opponents of his confirmation as major general. The committee expected to close its hearing Dec. 16, but it is now believed that at least two weeks more will be required. Should General Wood be subpœnaed an adjournment will be taken to give him time to return from the Philippines.

Ministers Leaving Belgrade.

VIENNA, Dec. 12.—According to a dispatch from Belgrade, the German, Austrian and Turkish ministers are preparing to leave the city ostensibly for a long holiday. The Russian and Italian representatives have already left Belgrade on a similar pretext. The real reason for the exodus of diplomats, however, is said to be that King Peter has negatived the demands of these ministers for the punishment of the assassins of King Alexander and Queen Draga.

The Commercial Tribune wants to know how big a man Roosevelt is before the people. Well he is just big enough to sacrifice himself for his friend Wood.

The foresight of the New Jersey Central in locating a station at Grant avenue, is seen nowadays through the great use of it by hundreds of people every day. It is situated in a section convenient to a thriving, growing part of the city and many commuters get on and off trains there rather than go to the main station on North avenue.

Governor Pennypacker's ambition has been to occupy a position on the bench of the highest court in Pennsylvania. By the will of his cousin Mat Quay he was boosted into the highest executive office in that commonwealth, and the chances are that he'll find a way to get into the Supreme Court now that there's a place for him to fill. Pennypacker himself is an able man but the men he travels with have soiled his reputation in the public eye.

"Keeping your name before the public" has its value, but it is small. "Familiarity breeds contempt," and the firm that is always thrusting it name forward, in season and out of season, without a proper business reason for its conceited egotism, makes a poor investment of good money. The public is more interested in your goods than in you. To them you are an incident in your business; a means to an end. You are selling your goods, not yourself. Whenever you put out an announcement, see that it is permeated with something for the other fellow's good.—Printers' Ink.

Vailsburg's Common Council has passed an ordinance appropriating $140,000 for a sewer system and thereby shows its intention of being up to-date in municipal improvements. The fact should be given attention by the residents of North Plainfield, which is without any sanitary arrangements for the disposal of sewage. There has been plenty of agitation in the borough over this important subject, but so far it has not borne fruit. The sooner the municipality has some system of this sort, just so soon will it begin to grow. It is no small wonder that home seekers prefer to purchase property on this side of the brook, when it is considered that Plainfield has an admirable system of sewage disposal.

Proceedings of the Board of Chosen Freeholders of Union County.

[OFFICIAL.]

Regular meeting of the Board of Chosen Freeholders of the County of Union, N. J., held on Thursday, Nov. 5, 1903, at 2:30 p. m.

Roll call showed all members present except Freeholder Wahl—19.

The minutes of the previous meeting (the reading of bills being omitted) were on motion approved as read.

PETITIONS, COMMUNICATIONS, ETC.

The following petition was presented and read:

To the honorable Board of Chosen Freeholders in the County of Union.

Gentlemen: We, the undersigned, being the owners of at least two-thirds of the lineal feet along the road hereinafter mentioned, to wit:

That portion of Springfield avenue beginning at Union avenue, in the township of Cranford, and running thence to the boundary line between the township of Cranford and the town of Westfield, and hence on through the said town of Westfield from said boundary line past the intersection of said Springfield avenue with Broad street in the town of Westfield and the residence of Mr. Daniel Fink to the Mannahiggin Brook, and thence on past the Branch Mills Union Chapel to the boundary line between the line of Westfield, borough of Mountainside and the township of Springfield, and hence on through the said township of Springfield past the residences of Messrs. Enoch D. Miller, John Woodruff, Mrs. Meyer, Smith Parsell and Mr. Trivett, and thence along the Shunpike Road past the Baltus Roll golf links over the mountains to the city of Summit line, said road here described being at least 4 miles in length.

Do hereby petition your honorable body to cause the said road above described to be improved by the construction of a macadamized road hereon, in accordance with the provisions of chapter 97 of the laws of 1903 of the State of New Jersey, entitled 'An act to provide for the permanent improvement of public roads in this State."

Dated Nov. 5, 1903.

Signed by Thomas F. Clark and 43 others, representing 27,352 lineal feet.

On permission being granted the board was then addressed by Messrs. James O. Clark and Mr. Pierson, of Westfield, and Mr. Miller, of Springfield, who spoke in favor of the road as petitioned for.

Accompanying the foregoing petition was the following guarantee from the town council of Westfield:

Oct. 28, 1903.

Hon. Board of Chosen Freeholders in the County of Union.

Gentlemen: At a meeting of the council of the town of Westfield, in the county of Union, held Oct. 26, 1903, the following resolution was adopted:

Whereas, The property owners along Springfield avenue and Branch Mills Road, our town, have joined with the property owners along said roads in Cranford, Mountainside and Springfield, in petitioning the Board of Chosen Freeholders of Union County to make said county roads, and to improve same by macadamizing under provisions of an act "To provide for the permanent improvement of public roads in this State," chapter 97, laws 1903, and whereas, this act provides that the total expense to municipalities through which the roads run shall not exceed 10 per cent. of the cost of the road, and gives to the governing board of said municipalities the right to guarantee such payment on behalf of the municipalities to the Board of Freeholders; therefore be it

Resolved, That this council authorize this guarantee of 10 per cent. of the cost of the road within the limits of this town, and the clerk be instructed to notify the Board of Freeholders of this guarantee.

Yours very truly,
Lloyd Thompson, Town Clerk.

On motion of Freeholder Bonnel it was ordered that the foregoing petition, etc., be received and referred to the county road committee and county attorney.

REPORTS OF COMMITTEES.

Report of the committee appointed to examine the culvert at Second and Sheridan avenues, Lorraine, N. J.

We find a 12 inch iron and stone ware pipe now running across the intersection of these avenues. This pipe is entirely inadequate to carry off the water collecting at that point, and we recommend that a new culvert, with walls of stone masonry and a covering of flagging stones, be constructed at a cost not to exceed $700.

We have received assurances from the Elizabeth, Plainfield and Central Jersey Railway Company, whose tracks are laid on both the avenues, that they will contribute the sum of $300 towards the expense of constructing the culvert.

The expense to the county will therefore be not greater than $500.

Signed, Henry Krouse, Noah Woodruff, E. K. Adams, Committee.

Freeholder Woodruff moved that the report be received and recommendation adopted, which was so ordered on roll call by a unanimous vote.

NEW BUSINESS.

By Freeholder Bonnel:

Resolved, That the bill of the W. T. Kirk Co. for furnishing and erecting bridge on Springfield avenue, Springfield, New Jersey, amounting to $1,290, be paid when properly audited by the committee.

Freeholder Woodruff moved the adoption of the resolution, and on roll call it was unanimously adopted.

The following resolution was presented and read:

Resolved, That the bill of the W. T. Kirk Co. for furnishing new iron works, and cutting, punching and setting old beams for rebuilding bridge at Price and Lumber streets, Linden, N. J., amounting to the sum of $596, be paid when properly audited by the committee. Signed,

Henry Krouse, Benj. King, E. K. Adams, Thos. J. Pierson, Joseph McCandless, Committee.

Freeholder Tillman moved the adoption of the resolution, and on roll call it was unanimously adopted.

By Freeholder Woodruff:

Resolved, That the bill of John H. France, amounting to $219, for the bridge on Union Road, Roselle Park, be paid when properly audited by the committee.

Freeholder Tillman moved the adoption of the resolution, and on roll call it was unanimously adopted.

The following preamble and resolution was presented and read:

Whereas, The New street bridge, in the town of Westfield, now in course of building, is very near completion.

Resolved, That the county collector is hereby authorized to pay the contractor's bill for the same when properly certified and examined by the engineer and the committee.

Signed, Charles A. Smith, J. Robison, Jacob Brucklacher, Committee.

Freeholder Krouse moved the adoption of the foregoing resolution, and on roll call it was unanimously adopted.

By Freeholder Adams:

Resolved, That the appropriations for hospitals be divided as follows:

Elizabeth General Hospital, $5,000, Muhlenberg Hospital, $3,200, Alexian Bros., $1,800.

Freeholder Robison moved the adoption of the resolution, and on roll call it was unanimously adopted.

By Freeholder Brucklacher:

Resolved, That when this board adjourns it stands adjourned to meet again on Thursday, Nov. 19th, 1903, at 2:30 p. m.

On motion of Freeholder Robison the resolution was adopted without dissent.

At the direction of the board the county attorney was requested to examine into the election law, and ascertain what amount, in his opinion, the eleciton officers in this county were entitled to receive for the conduct of the primary and general elections of the year 1903.

Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE

LINDEN, N. J.

Beautiful and Accessible

2 Miles from Elizabeth, 7 Miles from Newark,

14 MILES FROM NEW YORK

On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

A PERTINENT QUERY

Concerning Married Women's Names

WHEN a sweet girl is a bride she cannot do enough to prove her capacity for sinking her existence into that of her bridegroom. She is all devotion; she lays her life at his feet. He, of course, manlike, generally likes it, and the more she blots herself out the better he likes it. Then is the time when, partly to show her devotion, partly to be fashionable as well, she prints her visiting cards with only the husband's name thereon. She has lost even her own name; there is nobody in that family but the husband, and she glories in it. The husband, of course, again likes it and encourages her in every way to obliterate herself. He would scarcely be a man if he did not.

Let me illustrate: Suppose Mamie Smith marries Robert Livingston Billjones, it being an aggravated case of love's young dream on both sides. Of course Mamie Smith is not at all Mamie Smith Billjones now, but merely Mrs. Robert Livingston Billjones.

Everything is sweet with Mr. and Mrs. Robert Livingston Billjones awhile. Mr. Billjones starts out well. Then suddenly he seems not to be able to meet the family expenses. Mamie is not yet disillusioned. She will help dear Robbie. She begins, let us say, to make cake and crullers for the Woman's exchange, quite secretly at first, then more openly. She is so successful that somebody says:

"Why don't you open a tea room?"

Mamie does, in the pureness of her wifely devotion naming the establishment the "Mrs. Robert Livingston Billjones Tea Room."

The establishment prospers and wins renown among fashionables. Mrs. Billjones is shrewd, capable and a lady. She gets Persian rugs, old tapestries and rare china for the Mrs. Robert Livingston Billjones tea room, and its fame spreads over a dozen states. Mrs. Billjones is laying up money. Then gradually dear Robbie ceases to make any more exertion laborward. He lives off Mrs. Robert Livingston Billjones' tea room and lives on the fat of the land. He amuses himself.

The habit of living on the fat of the land and of amusing himself grows on

WHICH IS MRS. ROBERT LIVINGSTON BILLJONES?

him. By and by he becomes so expensive that it does seem to Mrs. B. that she can no longer afford the luxury of a husband. He may or may not be so very bad. That is as it happens. But ere long Mrs. Mamie, now an independent woman, an individual taking care of herself, and of him, too, begins to wonder what she ever saw in that Billjones anyhow. Being lazy, knowing he is not a manly man, Billjones becomes grouty and hard to live with. Likewise does she become grouty and hard to live with.

The upshot is that she gets a divorce. But she is in such bondage to fashion that not for a pearl necklace would she call herself anything but Mrs. Robert Livingston Billjones. Besides that, the now famous and profitable chocolate and cruller place is known wherever it is known as the Mrs. Robert Livingston Billjones tea room. If she named it anything else, who would know it? New customers could not find her, and old ones would think the place had changed hands. So it stays as it was.

But now let us see:

Billjones, deprived of his accustomed support, has to hustle for his own living. He shakes himself up, pulls himself together and goes to work. He really is not a bad sort of fellow now that he has to bestir himself. He becomes comparatively manly and manlike, falls in love with another lady, who, womanlike, loves him for himself alone and would love him though he had shown an incompatibility with a dozen previous wives. This trusting, angelic girl is not afraid.

The new love and Billjones are married.

Now, which is really, truly Mrs. Robert Livingston Billjones? That is the query which I meant to spring upon you when I started out. Shall the first wife hurt at once her pride and her business by altering her name, or shall the second one heroically resist issuing her cards as Mrs. Robert Livingston Billjones, or what?

The case is not at all uncommon. This moment there are three women, all estimable ladies, entitled to the name of a well known actor. Plainly the style of married women's names ought to be readjusted to meet modern requirements.

NORDICA'S DIVORCE.

Musical World Surprised by Suit of Great Vocalist.

WANTS HER FREEDOM AT ANY COST

Hungarian Tenor Doeme, Husband of Famous Artist, Said to Have Become Infatuated With a Parisian Singer of Note.

NEW YORK, Dec. 12.—The musical world, already greatly shocked by the news that Mme. Lillian Nordica has sued her husband, Zoltan Doeme, a famous Hungarian tenor, for divorce, will be still more surprised to learn that the principal corespondent named in the case is said to be one of the most celebrated singers who ever appeared in opera or concert in this city.

Because of the prominence of this woman in the world of music and art and her conspicuous position before the public at the present time every effort is being made to keep her name out of the case.

Mme. Nordica and the corespondent were formerly great friends. Under Maurice Grau they shared honors at the Metropolitan Opera House for several seasons, and their attachment for one another was a matter of remark.

It was a year ago that Mme. Nordica first noticed the growing friendship between her husband and her friend. For awhile she thought nothing of it; then when further evidence of an intimacy between them came to her she could no longer stave off the inevitable and confronted her husband with her suspicions. Herr Doeme denied the charge, declaring that it was a libel on a good woman, but when Mme. Nordica presented her proofs her husband shriveled up and was next heard of singing in Paris.

Mme. Nordica never had a chance to face her rival, for that woman, warned, it is said, by Doeme, soon went to Paris herself. In Paris the intimacy between Doeme and the woman was a matter of comment. They were seen much together and made very little secret of their close friendship.

Mme. Nordica's furious jealousy, which developed when she first discovered the truth, gave way to an immovable resolution to be free at any cost, even the cost of her husband's and her former friend's reputations.

Doeme and his wife appeared to be a very happy couple, Mme. Nordica seemed proud of his good looks and his fine voice, and he seemed very proud of her. Their domestic life was said to be ideal and was the admiration of the Metropolitan Opera House set for several seasons.

NATIONAL COMMITTEE MEETS.

Received by President Roosevelt at the White House.

WASHINGTON, Dec. 12.—The national Republican committee, presided over by Senator M. A. Hanna, met at the Arlington hotel here for the purpose of deciding the time and place for the next national Republican convention. After a brief session, at which Senator Hanna congratulated the committee on its past achievements and predicted future success, the committee paid its respects to President Roosevelt at the White House. The exchange of greetings between the president and the committee was most cordial. A group picture of the committee was taken on the White House portico, in which the president and Senator Hanna occupied the foreground.

A small amount of routine business was laid before the committee by Secretary Perry S. Heath, the most of which, on motion of Senator Scott of West Virginia, was referred to the executive session.

General C. R. Brayton of Rhode Island, who had announced that he would present a resolution for revision on the basis of membership in the national convention, stated that on conferring with members since his arrival in Washington he had decided not to bring up the question at this time.

St. Louis and Chicago, which seem to be the chief rival cities for the convention, are maintaining headquarters at the Arlington and will be given an opportunity to present their claims at the morning session.

Friendship Offering From Kaiser.

WASHINGTON, Dec. 12.—Baron von Sternburg, the German ambassador, called on President Roosevelt to pay his respects and formally to announce his return from his recent sojourn in Germany. He presented to the president a formal communication of good will and friendship from Emperor William. The expression of the German emperor was brief and cordial. Its text has not been made public.

Made No Defense.

GRAND RAPIDS, Mich., Dec. 12.—Ex-Alderman James O. McCool of the First ward made no defense in his examination here on the charge of accepting a bribe of $350 from ex-City Attorney Lant K. Salsbury. Judge Haggerty of the police court held him to the next term of the superior court for trial.

Japanese Was Hanged.

NANAIMO, B. C., Dec. 12.—Maida, a Japanese, was hanged here for the murder of two countrymen who lived with him. Their murder was intended as preliminary to the killing of a Japanese and his wife who slept in an adjoining room. Maida was in love with the woman and had been repulsed by her.

Hanged For Bailiff's Murder.

CARTERSVILLE, Ga., Dec. 12.—Robert Middlebrooks, colored, was hanged here for the murder of Bailiff Reed, whom he killed six months ago while resisting arrest.

He now offers a great opportunity for any one to purchase a well-established business which is a profitable and well-paying one. Any person interested in this matter will learn something to their advantage by consulting with Mr. Laing.

—The greatest problem that the farmers of New Jersey have to contend with today is that of help. From all parts of the State comes the cry that good farm help is scarce and has been more scarce every year for the past decade. The State Board of Agriculture has discussed the matter, and the various county boards have taken it up, the last being the Middlesex County board, where legislation was suggested as a remedy.

—The hearing in the case of William Albert Boe in Justice Huff's court was adjourned from yesterday to Friday morning, December 18, at 10 o'clock. Boe is charged with embezzlement from the firm of John R. Miller & Son, of Newark, dealers in cigars and tobaccos. Boe's claim is that he did not embezzle but stood ready to make good any shortage in his accounts at any time when the firm saw fit to make a statement of the correct amount. Boe has disputed the correctness of the sum which the firm says is due them. The adjournment was taken to allow for time to arrange the accountr. W. G. DeMeza is Boe's counsel.

COUNCILMEN HOLD CAUCUS

RALPH I. TOLLES ADVERSE TO ACCEPTING PRESIDENCY OF BODY.

The members of the new Common Council held a caucus this week, when matters pertaining to the new organization were discussed at some length. Those present were R. I. Tolles, Frank Randolph, Robert L. Lee, W. S. Tyler, W. A. Garrigues, J. S. Higbam, W. S. Bullock, W. L. Gloak, Arthur Murphy, Leslie M. Daniel and Theodore Wilson.

While it has not been definitely settled, it is understood that Mr. Tolles prefers to remain on the floor of the Council and retain his position as chairman of the streets and sewer commitee. It will be remembered that he was prominently mentioned for president of the new body, being the oldest member and having another year to serve. It is now rumored that in view of certain work to be carried out next year in the department of streets and sewer, Mr. Tolles would rather remain in charge of that, being well acquainted with the details. Another caucus will be held next week, when a complete organization will be effected and the committees made up.

SIDE LIGHTS ON TIMELY TOPICS NOTED IN PASSING.

J. Fred Gibeson, who established a piano business in this city which is now located on West Front street, was one of the principals in a romantic midnight marriage in Long Island Tuesday. The bride was Miss Lillian Denihee, of New York. The ceremony was performed by Rev. J. H. Prescott, at Sayville, L. I. The clergyman, according to a dispatch from Sayville, arose from his bed at midnight and married the couple.

The Trinity building, in New York, which is almost as well known as Trinity Church in this city, is to be demolished to make room for a more modern structure. The building is of local interest in that Fred A. Potts, formerly Governor of New Jersey, and at one time a resident of this city, was a tenant of the building as was Frederick Randolph, who was also a Governor of New Jersey. William Rockhill Potts, a brother of the former Governor, was a councilman in this city.

Henry C. Pocyne is now the owner of a private trolley line half a mile long. Pocyne owns land between Matawan and South Amboy. The Jersey Central Traction Company secured a right of way for half a mile on his land by condemnation. Pocyne fought the proceedings, and Justice Fort decided the act permitting condemnation by trolley companies unconstitutional. An ejectment suit, which followed, was decided in Pocyne's favor. The company has laid its tracks and built its line on the disputed land, and all the property reverts to Pocyne.

There was a significance about the hymn sung by L. E. Barkalew at the reception given to Rev. Dr. and Mrs. J. A. Chambliss at the First Baptist Church, Thursday night. Mr. Barkalew was, many years ago, one of a glee club, composed of several well-known men in the church. The members used to sing at the various religious services and the hymn sung by Mr. Barkalew was used fifty years ago in the prayer-meetings at that church. Its rendition recalled to the minds of a few present those former days and it was much enjoyed. Among the other members of the church in the glee club were H. C. Compton's father and Andrew Vanderbeek.

M. MERLE D'AUBIGNE TALKS ON MISSIONS

Recounts the Work Being Done by McAll Auxiliary in France.

MAKES TWO ADDRESSES

SPEAKS TO MEMBERS OF FIRST BAPTIST AND CRESCENT AVE. CHURCHES.

Grandson of Great Historian Relates Needs of France Which Contains Sixty Catholics to One Protestant—Interesting Discourse.

An excellent idea of the far-reaching work being carried on by the McAll Auxiliary in France was given yesterday morning at the First Baptist Church and last night at the Crescent Avenue Presbyterian Church by M. Merle D' Aubigne, of Paris, who is now in this country interesting Americans in this work. It was through the influence of the local branch of the McAll Auxiliary, with a membership of about four hundred, that this noted person came to Plainfield. He is a grandson of the French historian of that name and is an earnest and interesting speaker.

At the First Baptist Church the speaker compared the superstitious religious ideas and practices of the early days with the religion of today. He told of the work of Hugenots; how they protested against church heathenism and were persecuted and burned to death for their beliefs and defense of Christianity.

In referring to the needs of France today, the speaker said that Protestant Christianity is the greatest. He said that during its long history the French people have never been quite at rest. They are naturally a critical spirit with a determination to look and examine things. He said that there is about one Protestant to sixty Catholics in France and one might travel a hundred miles without seeing a Protestant church.

Mr. D'Aubigne said that the French have strange notions about Protestantism. The Gospel has got to be taken to them and the McAll Auxiliary is one of the best agencies for doing this work. He stated that the Baptists are doing a good work in France, many of the followers being recruited from among the Roman Catholic Church. The necessity of doing union work was referred and to the efforts of reaching the farmer and laboring class, which was characterized as the true King of France, was told of in an interesting manner, as was also the work being done through two mission boats used on the canals. In this way the Gospel is carried to the poor people. The need of this was shown in a statement made that in one community of 6,000 inhabitants there was but one Protestant family.

In conclusion Mr. D'Aubigne told of the efforts to establish Christian settlements, or clubs, something on the plan of the Y. M. C. A., where men can meet, receive religious instruction and enjoy the benefits of a gymnasium, reading rooms and other helpful agencies. He thanked the members of the local branch for their earnest endeavor and support in the McAll work and expressed the hope that the interest would increase.

Last night at the Crescent Avenue Presbyterian Church, Mr. D'Aubigne told somewhat the same story as in the morning, and he was listened to with deep interest. In the two addresses he made he enlisted the sympathy and support of many Plainfielders.

Trolley Schedule Improvement.

An official of the Public Service Corporation in speaking about the new schedule under which the trolley cars are now operated after 7:30 at night and on Sundays, said that it simply cut off the time usually allowed at either terminal. Several minutes have been allowed in this way, while under the new rule when a car reaches a terminal no time is lost and the return trip is started at once. In this way connection with the Dunellen and Bound Brook cars is made more certain.

Star Course Postponed.

The Star Course entertainment advertised for tonight has been postponed to March 24th on account of the special meetings that are now being held at the Y. M. C. A.

Three Dances.

Harry McGee and Reeve Stockton will give a series of three dances at the Park Club, the first to take place December 17.

TROLLEY RECORD TRIP MADE

NEWARK TO NEW BRUNSWICK THROUGH PLAINFIELD IN THREE HOURS.

A record was established for fast trolley service between Newark and New Brunswick last Friday when one of the new cars recently tested on the main line between Elizabeth and this city was run through from Newark to New Brunswick in less than three hours. The car left Newark at 9:35 and arrived in the "Muddy City" at 12:30. On the car were all the officers and directors of the company, including President Thomas N. McCarter. The trip was continued on to Trenton, the entire distance from Newark to Trenton being covered by four hours and ten minutes, which was record breaking time.

President McCarter said that the trip was merely an experiment, and he was unwilling to speak at length of it or what the company proposed to do in running its cars between Jersey City and Trenton and on to Philadelphia. It continued on to Trenton.

In New Brunswick the officials of the Public Service Corporation were joined by Superintendent Wagenhals and other officials of the Trenton line.

It is hinted that the P. S. C. is dickering for the Trenton-New Brunswick "Fast Line."

HIS RESIGNATION ACCEPTED

I. C. T. CLUB ELECTS A TEMPORARY PRESIDENT TO SUCCEED MR. NASH.

The resignation of V. W. Nash, Jr., from the presidency of the I. C. T. Club was accepted at a meeting of the club Saturday night. William Waters, the vice president, will serve as Mr. Nash's successor until the regular yearly election of officers is held.

It was voted to hold a regular dance on New Year's eve instead of the masquerade ball originally planned. The committee in charge of the dance is composed of Raymond McVoy, chairman; Harry Flannery, George Cose, Joseph Robinson, Edmond Texier, V. W. Nash, Jr., and Leonce Texier.

Several members of the club announced their intention of attending a dance to be given Wednesday night by the Democratic Club of Springfield. The trip will be made in a stage. The recent club fair was a financial success according to the report which was received from the fair committee.

Plainfielder's Wife a Bigamist.

Rev. John A. Dewald, of New Brunswick, who testified Wednesday in the Long kidnapping case at Mount Vernon, says that he did not, while on the stand, say that the woman called "Bertha Long" was the wife of one Welch. He did say that if she was married to John Long she was a bigamist, but did not say who her first husband was.

The career of "Mrs. Long" has been an eventful one. About eight years ago her father killed her mother and then himself after a quarrel about their daughter. It was after that that the youngest daughter, Emma Bahr, was placed in the Mount Vernon orphanage, from which she was taken by her sister.

G. W. Abbott Visits Old Haunts.

George W. Abbott, whom many Plainfielders will remember as prominent spirit in the baseball season of the old days when the Crescents and the West End's, of Somerville, were bitter rivals, was a visitor to The Daily Press office on Saturday He still retains that genial face and kindly manner as in former days. Mr. Abbott is now living in Bound Brook, and is practicing law in Jersey City.

Subject for Next Sunday.

On account of the stormy weather yesterday morning, Rev. Dr. Cornelius Schenck did not preach on "Prophylaxis." He will deliver the sermon next Sunday morning. CHURCH PEOPLE NET GOOD SUM AT AFFAIR—PASTOR CHIEF SALESMAN.

Under the auspices of the sewing society of the Swedist Evangelical Church, a successful sale was conducted in the church rooms Saturday night. Laces, doilies, sofa pillows and many other dainty products of the seamstress's art, appropriate for Christmas gifts, found a ready sale and netted a good sum for the benefit of the church. The sale was conducted by the pastor, Rev. L. T. Lindholm. Others who assisted in disposing of the goods and serving coffee were Mrs. Annette Brandt, Mrs. Matilda Johnson, Henry Brandt, A. Jacobson, William Johnson and Arthur Liudmark. Mrs. L. T. Lindholm sang and a short service of prayer preceded the sale.

The tenth anniversary of the Christian Endeavor Society of the Seventh-Day Baptist Church, was observed in the church Saturday morning, this service taking the place of the regular one usually held at that time. The president of the society, George L. Babcock, was in charge, and conducted the introductory services. Rev. Dr. A. H. Lewis offered prayer.

The secretary and treasurer, Miss Mary St. John, read the reports for the year of the junior, intermediate and senior societies. There has been a slight increase in membership and contributions. The reports were encouraging showing that the societies have made progress and are doing good work.

After the reading of the reports Rev. George B. Shaw, pastor of the church, delivered and a short appropriate sermon.

BEER AND BLOWS.

Signora Navarro's Offspring Celebrates Her Birthday and Lands in Court.

Domenico Navarro's mother lives in sunny Italy, but the fact of the separation did not prevent her loyal son from celebrating her birthday yesterday with the help of two kegs of beer. Domenico's excessive enthusiasm in his mother's behalf led him to a dispute with Tony Paretta, one of the invited guests, and brought both men into the city court this morning, Tony making a complaint that the filial Domenico had struck him under the belt as well as under the influence of liquor. Tony also claimed that his countryman was running a Sunday liquor-selling ranch. Judge Runyon found that the complainant was equally to blame with the defendant and suspended sentence.

GEN. SICKLES' DENIAL.

War Veteran Makes Reply to a Husband's Charges.

Gen. Daniel E. Sickles, whose name is mentioned by Andrew P. Carter, of New York, in an answer filed by him to Mrs. Carter's injunction suit now pending in Chattanooga, Tenn., with the names of Col. Pope, the bicycle manufacturer, and W. Preston Harrison, brother of Mayor Carter Harrison, of Chicago, as having been on a footing of undue friendliness with Mrs. Carter, said yesterday that Mr. Carter's course was absolutely unjustified, and said that there was no possible excuse for coupling his name with hers. Gen. Sickles spent the summer of 1901 at the Hotel Netherwood and is well known in this city.

Confesses to Theft.

Ernest Morris, the colored man who was accused of stealing clothes from in front of U. B. Crane's store on West Front street, made a full confession of his guilt Saturday after sharp questioning by the police. He was unable to furnish $300 bonds to await an appearance before the Grand Jury and was taken to the county jail at Elizabeth.

New Sewer's Completion.

James Maybury & Sons, of Passaic, who have be enengaged in building an extension of the sewer system in this city, five miles in length, will complete the work in about ten days, provided the weather is favorable. MRS. EMMA J. UTTER PASSES TO REWARD

Widow of the Late Dr. Albert Utter Dead at Her West Fifth Street Home.

WAS A GIFTED SINGER

IDENTIFIED WITH MANY PROMINENT ORGANIZATIONS IN THIS CITY.

Devoted Member of Seventh-Day Baptist Church—Funeral Services Tonight—Interment at Westerly, R. I.

On Saturday, December 12th, there passed into the Land of Sunshine one of those rare spirits whose lives dispense sunshine wherever they go. Mrs. Emma J. Utter, widow of the late Dr. Albert Utter, had been a resident of Plainfield for many years, and was with her husband intimately connected with the musical interests here, he being the leader of the Plainfield Harmonic Society, the precursor of the Vocal and Choral Societies, and she its leading soprano.

In the earlier days no function where music was used was complete without Mrs. Utter, whose pure sweet voice and charming manner were highly esteemed here and in the metropolitan churches where she sang for many years. Mrs. Utter was a woman of remarkable endowments, not only of voice and manner but with those rare traits of character which endeared her to her large circles of friends everywhere. Seldom does one see so sunny a disposition. No trial, no discouragement, was great enough to cloud the happy smile which was like a benediction to all who came within the gracious influence of her presence.

Mrs. Utter was a devoted member of the Seventh-Day Baptist Church, and was associated with local charities and benevolences. She was for a long time a member of the Board of Governors of the Children's Home, of the Woman's Christian Temperance Union, and many other societies whose object was the uplifting of the unfortunate.

To those who knew and loved her earth seems poorer for her going home, but the Heavenly Choir has been enriched, and freed from earth's limitations; she now joins in sweet acclaim to the Saviour whose footsteps she so closely followed in life.

She leaves two daughters, Mrs. Clarence Maxson, of Westerly, R. I., and Miss Jessie M. Utter, of Plainfield.

The services will be held at her late home at 7:45 tonight and the interment will be made at Westerly, R. I.

EXPLOSION HURTS GARDENER

EZRA HAMILTON HURT BY ACCIDENT AT MR. M'CUTCHEN'S GREENHOUSE.

One man was injured in an explosion of a boiler at the home of Charles W. McCutchen Saturday afternoon, and one end of the green houses was shattered. The injured man is Ezra Hamilton, the gardener. His injuries consist of burns and bruises.

Hamilton was at work in the green house and had just opened up the dampers in the boiler, which supplies the heat for the hot house in the winter time, when there was a frightful explosion and Hamilton was knocked down and received scalds about the face and hands by escaping steam. He was also injured by flying pieces of iron. The explosion is said to have been caused by water backing up in the boiler tubes.

The glass was shattered by the force of the explosion and part of the end of the structure was blown out. The damage will probably amount to $200.

The preparations being made are elaborate.

PREACHED HIS FIRST SERMON

EDWIN B. MAYNARD, THE BARBER, OCCUPIED PULPIT OF COLORED CHURCH.

Edwin B. Maynard, the proprietor of a North avenue barber shop, who says he has received a Divine call to expound the Gospel to the unsaved colored people of this city, preached last night to one of the largest congregations ever seated in the Mt. Zion A. M. E. Church. His topic was "The Downfalls of Man, or Where Art Thou." He called attention to the fact that because Adam and Eve sinned they sacrificed their happiness. The lesson of his sermon was to implicity obey the Lord. By so doing, the speaker said that when the Lord calls "Where art thou?" his people will not be lost in the mire of sin. The congregation was composed of colored and white people.

REV. E. E. JACKSON'S DENIAL

AND SUPERINTENDENT DOBBINS' CONFIRMATION OF STORY.

At the session of the Mt. Olive Baptisa Church Sunday-school yesterday afternoon, the pastor, Rev. E. E. Jackson, publicly took exception to an article published in The Daily Press of Saturday, stating that the relationship of that church and the First Baptist Church would be severed the first of next January. He said that there were misleading statements in the article.

By way of refutation, M. C. Dobbins, superintendent of the Sunday-school, said that the article was not misleading, but was entirely correct. He also stated that the Sunday-school, without his knowledge, elected its own officers, including a superintendent, and that the members then declared their intention of conducting the school in their own way. Mr. Dobbins said that beginning with the new year the new officers would take charge.

It is likely that on Wednesday night the First Baptist Church will take action regarding the Mt. Olive Baptist Church matter and that arrangements will be made looking toward the release of the latter church so that it may conduct its own affairs. Mr. Dobbins is the appointee of the First Baptist Church.

"Giants," His Subject.

Yesterday afternoon's meeting for men at the Y. M. C. A. was largely attended. L. B. Greenwood, the leader, spoke interestingly of "Giants" that, in the shape of temptations or procrastination or fear of ridicule, prevent men's accepting Christianity. The singing was by a chorus of mixed voices led by E. C. Martin. Whitney Frasee and Robert W. Davis accompanied with the cornet and Mrs. VanBrackle was the pianist. Mr. Greenwood sang several selections.

Walked Into Glass Door.

Mrs. Howard Giles, of the borough, while shopping in Hill & Shupp's store Saturday night walked into one of the large glass doors and shattered the glass. She struck the pane with her forehead but a broad brim on her hat saved her from being cut by the falling glass. She was dazed from the force of the impact and it was several minutes before she was able to proceed on her way home.

Husband Not Guilty.

The case of Mrs. Watson C. Emery, of Lincoln, against her husband, who lives in Newark, on a charge of threats, was heard Saturday afternoon before Justice VonMinden at Dunellen. Lawyer W. T. Sandford represented Mrs. Emery and Coddington & Swackhamer the husband. The defendant was acquitted.

Doings in Police Court.

John Archibald, drunk and disorderly, was fined $3 this morning by City Judge Runyon. Frank Morhing's jag cost him $5. Merlin Everett, a boy badly in need of parental discipline, was accused of firing a revolver promiscuously in the midst of his playmates. His case will be investigated further.

Unitarian's Bazaar Abandoned.

Rather than go to the expense and trouble attending upon the annual bazaar, the women of the Unitarian Church have decided not to hold that event this year. Instead the needed amount of money has been contributed by the women and other members of the church.

—Tomatoes, hand packed in large tins, scientifically sealed and selected, are only sold in white label cans at Neuman Brothers. White label goods are the best but are not any more expensive than other kinds.

HOPE CHAPEL'S BIG SALE

AUXILIARIES HOLD ONE OF THE MOST SUCCESSFUL EVENTS IN ITS HISTORY.

A sale of home-made cakes, pies and other toothsome edibles, fancy goods and other articles, useful and ornamental, at Hope Chapel, was well attended Saturday afternoon and night. The affair was under the direciton of the Ladies' Aid and Ladies' Missionary Societies and was one of the most successful of the kind ever held in the chapel. When the sale started at 2 o'clock, the booths were loaded down with good things, and when the night's entertainment was over everything was sold down to the last handkerchief and the last cake.

In the evening, a delightful concert was given by the East Side House Glee Club, of New York, in charge of George Schneider, who is conducting the Monday Night Choral Club at the chapel. Fred A. Ballantyne, basso, did pleasing work as the soloist and was encored several times. Miss Maude Pinnock's piano solos were also heartily applauded.

The fund for the new kitchen at the chapel will benefit by the sale, which was in charge of Mrs. F. A. Weber, Mrs. L. R. Heward, Mrs. George Radford, Mrs. Joseph Brown and Miss Annie Thain.

WOMEN'S MISSION BAND SALE

THE AFFAIR AT TRINITY REFORMED ATTENDED BY ATTRACTIVE FEATURES.

A sale of unusual attractiveness at Trinity Reformed Church Saturday afternoon and evening was under the auspices of the Young Women's Mission Band of the church for the benefit of mission work. The church parlor, where the fair was held, was decorated in Oriental fashion and in the evening young women, in the costumes of the far East, poured tea Miss Grace Emmons represented Japan; Miss Emma Line was dressed in Chinese costume; Miss Grace Rowland wore the robes of India; and Miss Abbie VanCleef represented the American Indian.

All sorts of handkerchiefs from inexpensive ones to costly lace affairs, including an especially beautiful one made by a Russian peasant, were sold at a table in charge of Miss Lillian A. Force, assisted by Mrs. David J. Krymer, Mrs. H. S. Potter and Mrs. H. C. VanEmburgh. Most of the handkerchiefs were collected by the mission band during the summer.

Home made sweets of all kinds attracted many purchasers to the cake and candy table, which was in charge of the emergency committee of the mission band. Mrs. Harry Crawford, chairman, presided, and was aided by Mrs. A. Zeisz, Miss Grace Emmons, Mrs. F. S. Cutter and Miss A. Searing.

The Oriental cosy corner, which was the object of much admiration, was the handiwork of W. H. Olmsted and C. F. Colthar.

The remarkable success of the fair is indicated by the fact that, though there were only two tables at which goods were sold, at least $55 was realized for the mission fund. The sale of handkerchiefs alone will add nearly $40 to the fund.

No Fire in Borough.

Box 143, of the North Plainfield Fire Department, at the corner of Somerset street and Grandview avenue, was rung in Saturday night at about 10 o'clock for a fire outside of the borough limits. The firemen thought the blaze was in the Hyde property but when they arrived upon the spot they found that it was still several miles away. The scene of the fire was the Gould barn, east of the Mountain Park Inn on Johnston's drive, belonging to E. C. Kieb, of Fanwood

New Jersey's Saloons Increasing.

New Jersey, according to the report of the commissioner, this year has 770 more saloons than the year before. The number of saloons in the State reported for the fiscal year 1902 is 9,172, and for 1903, 9,942. The Fifth district, to which Newark belongs, has 7,841 saloons. This also takes in Jersey City, Hoboken, Paterson and several other large towns. The First district (there are only two districts in New Jersey) has 2,101 saloons.

Relief Wanted.

The Relief Association desires to make the usual Christmas gifts to the children of its beneficiaries and contributions for that purpose of money, Christmas tree ornaments, toys in good condition, books, candy, fruit, caps, mittens, stockings, flannels, etc., will be acceptable. Donations may be sent to the Relief rooms, 544 West Front street, at any time. 12-11-4-eod

STORY OF MUTILATION, SUBJECT OF SERMON

Many Men Listen to Lawrence Greenwood's Discourse at Trinity Church.

AN INTERESTING TALK

A CLOSER COMMUNION WITH GOD, URGED BY SPEAKER.

Number of Persons in Congregation Who Were Converts a Short Time Ago—Speaker Held Audience's Undivided Attention.

A large number of men were in the congregation of the Trinity Reformed Church last evening and heard Lawrence Greenwood, an evangelist, whose visit here several years ago with Mr. Mills at the time the great evangelistic services were held, resulted in the conversion of many souls. There were a number in the congregation who were converted at that time, and before Mr. Greenwood spoke the pastor, Rev. Dr. Cornelius Schenck, mentioned the fact that some of the most enthusiastic and steadfast members of his church today were led to the narrow path by Mr. Greenwood.

"The Story of Mutilation" was the subject of Mr. Greenwood's address. His style is original and entertaining. He is gifted with happy faculties which punctuate his sermons. Although not an orator he sways his hearers to a great extent. All during the discourse he held his hearers' undivided attention. His sermon was practicable and decidedly helpful. He expounded plain truths which were presented as they exist and were not in any way varnished.

Mr. Greenwood's text was chosen from the fourteenth chapter of Matthew. This deals with the beheading of John the Baptist. The speaker declared that St. John preached a sermon that was too close for the people. Men do not care how the Jews are hammered, the preacher declared, but they do not want truths brought too close to their own door. St. John brought home the truth of the sin of the people and this was resented. The speaker drew attention to the fact that when the argument becomes so imbued with the Holy Spirit the people it was aimed at did not stand it, but placed the St. John in jail. He told the truth and was beheaded for his pains.

The point of Mr. Greenwood's address was closer communion with God. He is a fountain of help, said he, and is ever ready to come to one's aid. During the course of his sermon he paid a tribute to Y. M. C. A. work and said that the members of that association throughout the country are as fine a body of men as he has come in contact with.

AMUSEMENTS.

Presents of every matter and description right from the hands of the members of the Piper family are to be given every child visiting "Babes in Toyland," at the Majestic Theatre, New York, during the daily matinees. So pleased is the management with the children of New York and surrounding towns, the interest they have taken in "Babes in Toyland," at the Majestic Theatre, New York, and the hearty approval the little children give the "grown ups" on the stage that it was decided today to make reciprocation during the holiday matinees. Christmas trees, with branches bending under the weight of things that make glad the hearts of children will make a new scene during the last act and every one of the Piper children, even Contrary Mary, will take a hand in distributing the presents to their little friends in the audience. These nine matinees in ten days during the Christmas holidays, extending from December 25th to January 2d, are an unusual feature in New York theatricals. It has never been done before in any other theatre in New York.

"'Way Down East" comes to the Academy of Music on Monday, December 14th, following "The Best of Friends." The engagement is to continue through the holiday season. This play has been seen in New York on numerous occasions and has a clientele peculiarly its own. There is little doubt that the coming engagement will be as satisfactory as previous ones. When one sees the play, as produced by William A. Brady' special company—the company which played in New York at the Academy of Music—there is no longer any wonder at its great success.

THE WAGE QUESTION

United States Commissioner Wright's Co-operative Ideas.

PRESENT SYSTEM WILL PASS AWAY

Co-operation Will Take Its Place. Labor Question Means the Struggle of Humanity For Higher Standard of Life.

PHILADELPHIA, Dec. 14. — "The wage system will pass away. In its stead, I believe, there will come a system which will be composed of the profit sharing and the co-operation ideas. The great labor question means the struggle of humanity for a higher standard of life. The employer must consider his employee as well as the stockholder as an investor."

These words were contained in an address upon "The Wage Question," made by Carroll D. Wright, United States commissioner of labor, before the Society of Ethical Culture of this city.

Of scarcely less interest than his prediction of a new labor system was Colonel Wright's approval of a plan to insure labor against incapacity resulting from accident, illness or advancing age. The German idea was quoted, under which the employer pays one-fourth the cost of a sick and death benefit policy, the employee one-fourth and the government one-half.

"England," said Colonel Wright, "has taken up this system, and we of the United States are steadily approaching it."

Continuing, Colonel Wright said:

"Capital charges to the consumer the depreciation of property and machinery. Why should not the depreciation of labor machinery—its hands, its brains, its body—be included in the final cost?

"We see in every progressive community that the demand of the workingmen is no longer for a wage sufficient to enable him to keep body and soul together.

"Labor has been taught to feel that it is a social as well as an economic power in the community, and this educating process has gone on until the demand for labor is for a reasonable margin beyond that fixed by the iron law of wages.

"The wage system will pass away. It is, as has been shown, unsatisfactory in many of its applications. It depends too largely for its equities upon the generosity and great mindedness of employers. That there are many such who would scorn to influence the votes or actions of their employees and who would be incapable of taking petty or great advantage of their workmen is happily true. That there are others, however, who make use of their opportunities proves the weakness of the system and argues for a greater measure of independence for those who labor.

"The system that will take the place of that under which mere wages are paid probably will be composed of the profit sharing and co-operation plans. The work people will then acquire the interest of investors, the more capable will rise to their opportunities, and the less worthy will find their level."

Bryan at the Vatican.

ROME, Dec. 14.—William Jennings Bryan, accompanied by his son, has been received in private audience by the pope. Mr. Bryan was presented by Mgr. Kennedy, rector of the American college, who acted as interpreter. His holiness spoke with great interest of the Catholics in the United States. After the audience Mr. Bryan expressed himself as highly pleased with the pope's kindly face and bearing. Before going to the Vatican Mr. Bryan visited several of the interesting sights of Rome, including the Coliseum and the Roman forum. He took particular interest in the spot from which Cicero thundered his invectives against Catiline. Later Mr. Bryan lunched with Ambassador Meyer.

Burglars Took the Sterling Silver.

WORCESTER, Mass., Dec. 14. — Burglars stole over $1,500 worth of solid silver from the house of Sylvanus B. Roy here, gaining entrance to the house by prying open three windows and getting away so quietly that the robbery was not discovered till the breakfast hour. This is the biggest robbery in Worcester in years. It is supposed they are the men who were concerned in the robberies of the houses of several wealthy families near Worcester in the last few months. Good hauls have been made each time, and in each case the solid silver has been picked out.

RECORD ZERO MARKS

Chicago Has Coldest Day For Season Since 1876.

JACK FROST MAKES MUCH TROUBLE

Fire Engine Delay Causes $85,000 Loss In Windy City—Death From Cold—At Akron Fifteen Suffer Injury—Traffic Tied Up.

NEW YORK, Dec. 14.—A dispatch from Chicago says that yesterday was the coldest day in Chicago for this season of the year since 1876. Early in the morning the temperature began to go down until at 8 a. m. it had reached 13 below. During the day it began to moderate, and the mercury is hovering around the zero mark, and the indications are for warmer weather, with snowstorms.

On account of the cold and the heavy condition of the streets owing to the heavy fall of snow the three story department store of Bodzinski & Co. in West Twenty-second street was destroyed by fire. A special for engines was sent in, but before they reached the scene of the fire through the drifts of snow the building had been completely destroyed, causing a loss of $85,000.

So far but one death has been reported, that of a switchman who was found frozen to death in the Chicago and Northwestern yards.

A report from Detroit, Mich., says Detroit is having its first zero weather of the winter. At 9:30 o'clock the thermometer in the United States weather bureau registered 3 degrees above zero, and at that hour Observer Conger predicted that it would fall a little below zero before the morning. The thermometer has hovered between 10 and 5 degrees above zero all day, accompanied by a twenty mile an hour wind.

Cleveland (O.) advices say the severest wind and rain storm in years has swept over that portion of Ohio.

At Akron fifteen persons were injured by contact with electric wires, two, it is believed, fatally. All lights were out and street car service suspended.

At Delaware the wind blew down the brick smokestack of Slocum library of the Ohio Wesleyan university, wrecking the college hothouse, and business was paralyzed for several hours.

At Zanesville the roof of the Smith block was blown off, blocking the street for hours, and traffic over the high Fifth street bridge was suspended owing to its weakened condition.

A Rochester (N. Y.) dispatch says the coldest snap of the season has struck Rochester. The temperature dropped to 14 degrees, following a very high wind which prevailed all day.

A Kalamazoo (Mich.) report says sleet and snow have blocked all railroad and street car traffic in that section of Michigan. The rainstorm which began early in the morning turned to snow later in the day, and at night there was over twelve inches of snow on the ground. No attempt has been made to run street cars.

A report from Omaha, Neb., says that zero weather has continued throughout the day in Nebraska, with slight moderation.

A St. Paul (Minn.) report says that the northwest has experienced the coldest weather of the season, the thermometer ranging from 4 to 24 degrees below zero at the various stations of the weather bureau. There is apparently no prospect of immediate relief.

Trains on all railroads are delayed because of the intense cold. In St. Paul the minimum was 23 degrees below zero, reached early in the morning. Later the mercury stood at 12 degrees below zero. Reports from central Wisconsin and northern Michigan report a terrific blizzard raging and much delay to traffic.

New Shipyard Suit Starts.

NEW YORK, Dec. 14.—In the suit brought by John A. C. Norris and six other stock and bond holders of the United States Shipbuilding company asking for a receiver other than the present one and for an injunction restraining the so called Sheldon reorganization committee from carrying out its plan most of the defendants have been served with papers calling upon them to appear and defend themselves in the United States circuit court for the southern district of New York.

Wos y Gil Got All the Cash.

NEW YORK, Dec. 14.—Among the passengers who arrived on the steamer Foxhall from Porto Plata, Santo Domingo, was Emilia Villalon, a young man, who says he is a brother-in-law of President Jiminez, the new ruler of Santo Domingo. Villalon says that the deposed president, Wos y Gil, went to Porto Rico and took with him $200,000 in cash, all the money in the hands of the former government.

Chandler's Flotilla Sails.

NORFOLK, Va., Dec. 14.—Lieutenant Chandler's torpedo flotilla, consisting of the destroyers Decatur, Chauncey, Bainbridge, Barry and Dale, has sailed from Hampton Roads upon its long record trip to Manila, which is to be made via the West Indies, Gibraltar, Mediterranean sea, Suez canal and Indian ocean.

Wounded Woman Is Dead.

PROVIDENCE, R. I., Dec. 14.—Annie Boyce, the woman who was badly slashed by Patrick Fitzgerald at her home here, is dead. Fitzgerald is locked up charged with murder.

Wants American Artists.

HAVANA, Dec. 14.—Anastasio Saaverio, proprietor of the Payret theater, has sailed for New York for the purpose of engaging American theatrical performers.

We shouldn't be surprised if Mr. Kean should actually build a public library for Elizabeth. Whatever his faults may be he always delivers the goods.—Cranford Chronicle.

The Senator is reported to have said the day after election that one of his legs was longer than the other. Did the Chronicle pull it?

A prominent woman of Plainfield, the wife of a well-known business man, was seen by a clerk taking a pair of kid gloves from the men's department at Woodhull & Martin's store one day last week. Most women are content to buy their husbands Christmas presents with money which the latter give them for the purpose.

The stranger coming into town can always tell who are the enterprising, wide-awake merchants by looking over the advertising columns of the local papers. And the people, the local buyers, are wont to patronize most liberally the business houses which invite public attention by continuous and liberal advertising. The man who doesn't advertise these days must be content to see trade pass by him and crowd the store of a rival who knows the value of newspaper space and employs it as the fulcrum for his lever of success.—Camden Post-Telegram.

—There is a peculiar condition of affairs over in Dover, where two tax assessors are holding forth. One is a Republican and the other a Democrat. The latter claims that he was elected for three years and refuses to vacate the office, while the Republican assessor is equally certain that he is the lawful holder of the position.

The Christmas services in a majority of the Plainfield churches will be held Sunday, Dec. 27, when special programmes will be given. This date is selected, though after Christmas Day, because it is the Sunday nearest to that festal occasion.

There will be a meeting of the Men's Club of the First Presbyterian Church in the chapel, tomorrow night. The programme will include a debate on the Panama question and possibly a talk by Ernest R. Ackerman, who has been invited to tell of his last trip abroad.

Arrangements have been made this year whereby the Sunday-schools of the Crescent Avenue Presbyterian Church, Bethel and Hope Chapels, will observe their Christmas celebrations separately. Heretofore, the schools have always joined in this service at the home church.

The new stained glass windows presented to the Englishtown Methodist Church have been placed in position. August Sandford, of Dunellen, as agent for his brother, Charles Sandford, of England, last week paid the $739.42 mortgage due on the church parsonage. The parsonage is now entirely free of debt.

In last week's issue of the Clinton Democrat there appears this news item concerning Rev. A. E. Finn, recently called to the pastorate of the Park Avenue Baptist Church: "Rev. A. E. Finn tendered his resignation as pastor of the Cherryville Baptist Church on Sunday and he has accepted a call to the Park Avenue Baptist Church, of Plainfield. The announcement was received with the greatest regret by the members of the congregation. He has been a hard worker for the Master, and he enjoyed the respect and love of every one in the community where he has labored assiduously for over six years."

'PLAINS AND FANWOOD.

The Italian settlement on Hunter avenue, which has been a peaceful neighborhood for a number of years, is fast gaining an unsavory reputation. Several years ago the sons of the Sunny Isle began congregating here. In time the settlement has grown to seven or eight habitations. No complaint was ever heard against this part of town until several weeks ago when one of the residents rushed into town looking for an officer to arrest one of their number who was bent on murdering part of the settlement. When the officer arrived on the scene the man had either made his escape or was kept in hiding. So it was impossible to make an arrest. Friday night the same thing was repeated, then constables rushed to the settlement to quiet the flow of blood, but it was impossible to get at the particulars or make an arrest, as no one would make complaint.

The weekly shoot of the Brookside Gun Club was held Saturday afternoon on the club's grounds near the brook. It was well attended considering that the club has changed from a slow trap to one of the fastest throwing traps made the scores were very good and showed an improvement over those of the previous week. The following scores were made in the fifty bird shoot: Jahn, 42; Walpole, 26; J. Johnston, 33; Schmidt, 28; G. Johnston, 40. At 25 birds: Medhurst, 9; Ayers, 17.

The Ladies' Circle, of the Baptist Church, and the Choir Guild, of All Saints' Episcopal Church, held successful cake sales Saturday afternoon. The Baptists holding forth at the home of Mrs. John H. L. Todd, and the Guild in the Casino at The Homestead. Both sales were well patronized and the receipts were gratifying to those in charge.

The bright blaze, which was noticed by the residents about 10 o'clock Saturday night, was the burning of the Gould barn located on Johnston's drive, about a mile east of the Mountain Park Inn. The property is owned by E. C. Kieb, of the borough.

In Memoriam.

The women of Garfield League desire to express in this public manner, their sorrow at the great loss they have sustained, in the death of Mrs. Laura I. Bodine.

"Faithful unto death" most appropriately voices what she has been to the organization ever since its formation twenty years ago. She was one of its charter members, and its honored and efficient secretary during all those years. Sister Bodine was not only gifted in the use of her pen, but possessed in an eminent degree the spirit of patriotism, which she inherited, no doubt from her dear old father, Comrade Thomas M. MacDonald who served his country for three years during the war of the Rebellion, as a member of Co. I, 3d Regiment, N. J. Vol., and also from her brother, Benjamin MacDonald, one of "McAllister's Boys," of Co. D, 11th Reigment, N. J. Vol., who gave his young life to his country early in the struggle, and sleeps in a soldier's grave at Alexandria, Va. May the Great Commander above bless and comfort the husband, daughters and father of the loved one, called so suddenly to her everlasting home, and may those of us who remain, be as ready as our sister was to answer the summons when our turn comes to join the Grand Army above. "Be ye also ready; for in such an hour as ye think not the Son of man cometh."

An Ideal Location

Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE

LINDEN, N. J.

Beautiful and Accessible

2 Miles from Elizabeth, 7 Miles from Newark,

14 MILES FROM NEW YORK

On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

BECAUSE the properties are ACCESSIBLE TO 4,000,000 PEOPLE, and considering the RAPID GROWTH OF GREATER NEW YORK and its TRIBUTARY CITIES and TOWNS, it is only a question of a SHORT TIME when LOTS in ROSEDALE and LINDEN PARK will EQUAL IN VALUE those of our MOST NOTED cemeteries.

FOR INFORMATION concerning lots in these beautiful Park Cemeteries, and FREE transportation to prospective lot buyers, apply at once to any LEADING UNDERTAKER or offices of the Associations:

A BUSINESS EDUCATION.

It Is as Necessary For Girls as For Boys Nowadays.

Time: The usual period of helplessness after the death of the head of the family. His womankind, brought up with expensive education, have been taught that they should not bother their pretty heads about business, and now that they are left with very little ready money, a collection of debts and a lot of (to them) indecipherable hieroglyphics on paper the old, old question arises, "What shall we do?"

Why on earth do not parents give a practical education to their daughters? What if they do marry? Marriage is no security as things are nowadays.

"WHAT SHALL WE DO?"

The husband is likely to fail, to fall ill, to die before he has laid aside anything, and then what is to become of the wife?

It is a waste of time to spend large sums on expensive music and drawing masters when not one girl in five has enough talent to make it worth while, but every girl is capable of being trained in business habits, and there is not the smallest reason why she should not be as intelligent and able in this branch as her brother.

That women have a good business capacity is plainly shown in France, where the greater part of the retail trade is in their hands. Let a father explain his business to his daughters that they may not despise the source of their income and that they may appreciate the value of money.

A father who has property in the shape of farms and other real estate would do well to interest his daughter in the management of such real estate, in the drainage of lands, the leases of houses, the collecting of rents, etc.

Such a practical training will make a girl a better wife, capable of helping her husband with her advice and counsel, and if she does not marry it will make her an independent woman, able to stand alone.

And, in any case, every girl, be her station in life high or low, should be taught a practical way of earning her living and of managing what income she has. HELEN CLIFTON.

WICKER FURNITURE.

It Is Simple and Inexpensive and Yet Exceptionally Artistic.

Wicker furniture in brown, dull red and green is being used more and more even in the better rooms of houses. It is artistic in the extreme when fitted with pretty cushions, and its inexpensiveness is not the least of its charms.

The picture shows a drawing room having white woodwork after the colonial style and three wide, low windows. The quaint brick fireplace is made still cozier by the settle of green wicker drawn close to it. The pretty chairs are of the same shade of wicker, and the flowered cretonne pillows are of mingled green and rose. The rest of the furniture, tables, bookcases, etc., are of white wood. A dainty china lamp with a rose shade completes the pleasing color scheme.

R. DE LA BAUME.

GREEN WICKER FURNITURE.

Europe's Aristocracy.

The aristocracy of Europe is maintained by American money, which goes abroad with American girls who have bought titled husbands. Millions of dollars are taken out of this country every year in that way; but then what of it? Wealthy Americans spend a large part of their incomes in Europe, in any case, and it is little matter what kind of a bauble they purchase, whether a forty string pearl necklace or a titled husband.

ATLANTA REPORTS.

Colombian Cruisers Did Appear In Gulf of Darien.

NO SIGN OF HOSTILE TROOPS ON COAST

Warship Will Resume the Watch Along the Gulf—More United States Marines Will Land at Culebra Camp.

COLON, Dec. 14.—Through the examination of the San Blas coast made by the United States cruiser Atlanta and the converted cruiser Mayflower, both of which vessels have returned here, it has been clearly established that the Colombian cruisers General Pinzon and Cartagena appeared in the gulf of Darien about thirty-six hours after they were reported as having left Cartagena. No reliable evidence, however, could be obtained to show that any of the troops carried by the cruisers had been landed either on the gulf coast or northwest thereof.

The Atlanta and the Mayflower made a thorough inspection of the entire vicinity. It was learned that at one coast point the Cartagena embarked a small quantity of naval stores, a few bullocks, some corn and fifty pieces of zinc roofing, but no information could be obtained as to the direction taken by the cruiser thereafter. It has been reported that Colombian troops were landed at a certain point on the Panama coast, but the Atlanta was present at this place at the time when, according to the report, the troops should have been landed and saw nothing.

The naval officers found the attitude of the Indians to be indifferent and even repellant. The traditions of the Indians for centuries have been against permitting aliens to land in their territory, and these traditions they still maintain. They often declined to answer the questions of the interpreters, and on several occasions their information was found to be misleading.

The information obtained by the Atlanta and Mayflower points to two probabilities, either that the Colombian troops have returned to Cartagena or that they have been landed at some point on the coast between Cartagena and the gulf of Darien and may be proceeding thence toward Cauca.

The Indian interpreters aboard the Atlanta conferred with the chiefs of the territory, who gave them positive assurance that no Colombian troops had been landed and who said that even if they did land it would be impossible for them to pass through owing to the total absence of mountain trails. The Atlanta steamed forty miles farther toward the Atrato river, obtaining similar information everywhere. A report to this effect has been made to Admiral Coghlan.

The United States auxiliary cruiser Prairie, which sailed from Guantanamo, has arrived here. The supply ship Culgoa has gone to meet the fleet at Culebra.

The Atlanta has sailed again toward the gulf of Darien and will continue a careful patrol of the coast.

It would be impossible for the Cartagena and the General Pinzon to enter the Atrato river because the mouth of the river has a six foot bar. No small boats are obtainable thereabout, and no considerable number of troops could be transported up the river.

The remainder of the marines on board the auxiliary cruiser Dixie will be landed tomorrow, satisfactory arrangements having been completed to obtain good water for the camp at Culebra, on the line of the Panama railroad.

AMADOR HEADS THE LIST.

Prominent Panamanians Take Steps to Form a Government.

PANAMA, Dec. 14.—Over 150 prominent members of the Conservative and Liberal parties assembled for the purpose of electing a committee which will nominate candidates for the convention called to formulate a constitution and laws for the government of the republic.

The following were elected: Dr. Manuel Amador, Gil Ponce, Manuel Cucalon, Antonio Facio and Jose Lastro, Conservatives; Ciro Urriola, Heliodoro Patino, Gil Sanchez, Domingo Diaz and Gerardo Ortega, Liberals.

The committee will recommend candidates from each province, the object being to bring the best men to the convention. Though the proceeding is altogether unnecessary, the convention will undoubtedly go through the form of ratifying the Panama canal treaty.

Elections will be held in the new republic of Panama on Jan. 15 for delegates to a constitutional convention. All the new municipalities of all the provinces have warmly applauded the ratification by the Panama junta of the Hay-Bunau-Varilla treaty.

GENERAL URIBE-URIBE.

Will Go as Special Envoy to South American Republics.

CARACAS, Dec. 14. — According to advices just received here, the Colombian government has decided to send General Rafael Uribe-Uribe as a special envoy to the South American republics.

General Uribe-Uribe has tendered his services to the Colombian government for the retaking of the isthmus, but the Conservatives are opposed to accepting the offer, fearing that such action would result in the overthrow of the Marroquin government. He is expected here soon.

Legitimate Pleasures.

"Legitimate Pleasures" was the subject of a sermon preached last night by Rev. Charles E. Herring at the First Presbyterian church. He said that he would not attempt to lay down any prescribed rules for people to follow. What was first necessary was a Christianized conscience and then what would constitute legitimate pleasures were those which could be enjoyed without the still small voice raising against them.

OPPOSED TO OUSTING MURRAY

RUMOR OF THREATENED CHANGE IN DEPARTMENT CAN'T BE REMOVED.

Fire department circles have been greatly exorcised over a report that First Assistant Chief John W. Murray is to be practically forced out of the department. The assertion that politics enters into the matter is frequently made and the sympathy of the entire department is with the First Assistant.

There is nothing official in the report. Rumors, more or less conflicting, have been filling the air for the past month. Those "higher up" declare that the report is entirely without official confirmation and while they admit that the ousting of Mr. Murray is possible they deny its probability. Chairman Robert L. Lee, of the fire committee of the Common Council, is reported to be strongly opposed to Mr. Murray's withdrawal.

While there is no opposition to having John Cose made first assistant chief, the department is not in favor of having the place made vacant by dynamiting Murray out of his seat Murray's record as a fireman alone entitles him to better consideration than that. During the past sixteen years he has attended at least 80 per cent. of the fires. He resuscitated the Alert Hose Company when it was all but dead and helped to give it order and system.

It is exceedingly doubtful if Murray can be forcibly removed from office without some charge being made against him and a trial accorded him. Murray stands with a clean record before the department.

SNAP SHOTS.

SIDE LIGHTS ON TIMELY TOPICS NOTED IN PASSING.

Farmer-orator James E. Martine, whose heart is filled with yearnings for William R. Hearst as a president of these United States, says that he does not believe that Richard V. Lindabury is available for a Democratic gubernatorial nomination, the distinguished lawyer's shortcoming being summed up in the fact that he did not sing merrily for W. J. Bryan in 1896 and 1900. "Bob" Davis, who runs the Democratic machine in Hudson County, a bailwick which is pretty much the real thing at State Democratic conventions, has said that Mr. Lindabury would make an excellent candidate. But then Mr. Davis and Mr. Martine disagree on many things political. Mr. Davis for instance advocates the nomination of Judge Alton B. Parker, of New York, for the place on the Democratic ticket which the Plainfielder desires to see Mr. Hearst occupy.

Thus saith the farmer-orator: "Mr. Lindabury is a most admirable gentleman, but is he available and can he be elected? The fact that he did not support the ticket in 1896 and in 1900 would cost us hundreds of votes. Though I am a bimetallist, I would support him with my heart and voice in case he were nominated for I believe in standing by any man which the great Democratic party deems wise to nominate." Mr. Martine had nothing to say regarding the candidacy of Samuel S. Swackhamer for the nomination beyond the fact that he is a great admirer of the Somerset County assemblyman.

PLAINFIELD SCHOOLS AT THE EXPOSITION

As at Buffalo, the City Schools Will Have Elaborate Exhibit at St. Louis.

SUBJECTS INCLUDED

SUPT. H. M. MAXSON ANNOUNCES OPENING AND CLOSING DATES.

Formaldehyde Generator for the Schools—Medical Inspectors Report—Condition of Finances—Truant Officer Named.

Plainfield schools will be represented by an exhibit at the St. Louis exposition next year. Superintendent Maxson reported on the matter last night at the postponed meeting of the Board of Education, stating that he had received an urgent request from the State department for a Plainfield exhibit. The fact that Plainfield's showing at the Pan-American Exposition, at Buffalo, was in many ways the most satisfactory of the New Jersey exhibit, made the State department especially anxious for an equally successful showing at the St. Louis school exhibit which it was said would probably be the greatest the world has seen.

The departments of languages, arithmetic, science, drawing and history will be represented and all pupils in the school will have samples of their work included. It is possible also that photographs of the children at work will be submitted as part of the exhibit.

Superintendent Maxson announced the dates for the opening and closing of the school terms during the coming year. The winter term will begin Tuesday, January 5 and close Friday, April 1. The spring term will open April 12 and extend to June 16. The fall term of 1904 will begin one week earlier than usual, September 13, and will extend to December 23, the arrangement necessitating a later commencement, June 22, in 1905.

The accuracy in keeping the school registers was commented upon favorably by the superintendent. Mr. Maxson was empowered to purchase a formaldehyde generator for use in the schools and to be operated by the janitors for disinfecting purposes in cases of diphtheria and scarlet fever. The committee on teachers was given power to grant excuses for dismissal from school. By the committee on buildings, Dr. Probasco, chairman, it was announced that the matter of obtaining disinfectants for use in the schools would be reported upon at the next meeting, after consultation with the medical examiners.

The medical inspectors, Drs. Tomlinson and Van Horn, announced that they had examined 289 pupils during the past month. They stated that cases of diphtheria are few. The report of the custodian of school monies showed a balance on hand December 1 of $34,489.85. The amount collected during the year from the sale of school property and from fines for books damaged by pupils was $188.11. The finance committee, Mr. Lovell chairman, reported that the books had been audited and that the accounts were in the hands of the printer.

A letter was received from Chief of Police P. S. Kiely announcing that Patrolman F. S. McCarthy had been chosen as an assistant in compelling children to attend school.

In honor of the fifty-fifth wedding anniversary of Mr. and Mrs. F. W. Clark, of 336 Somerset street, a surprise party was tendered at their home last night by their children and grandchildren. Thirty-five people, immediate relatives and a few friends, arrived early in the evening and came upon the unsuspecting couple with hearty congratulations. A number of presentations to the aged couple were made. A lamp was given by their children and grandchildren. The children who arranged the surprise were: H. F. Clark, J. W. K. Clark, William H. Clark, of the Oneanta Normal College, who was the only one of the grandchildren not present; Elmer Edward Emmons, Jay Clark, Harvey Clark, Julius Clark, Fanny Clark and Miss Justina Clark.

In retrospect Mr. Clark recalled the difficulties he had in getting from his home in Fulton, N. Y., where his wedding took place fifty-five years ago, to New York before the days of the railroad. He told of having made the trip in a canal boat and of riding on the first railroad in New York State. He engaged in business in New York for many years, having had charge of a manufacturing concern. He retired and came to live in Plainfield where he has been ever since. Mrs. Clark was a Miss Cornelia H. Knox and was married in the Presbyterian Church at Fulton by Rev. Rockwell Townsend. HEBREWS OBSERVE FEAST

EIGHT-DAY CELEBRATION AT SYNAGOGUE AND HOME ALL OVER WORLD.

Beginning yesterday and continuing eight days, Hebrews will observe the national feast, "Hanukah," otherwise known as the Feast of the Dedication, or the Feast of Maccabeus. In this city services are held daily at the Weinberger building on West Front street and are conducted also by the heads of families in their homes.

The time is one of rejoicing among the Jews in commemoration of the victories of Judas Maccabeus over the enemies of the Jews of Palestine.

In the synagogues and in the Jewish homes a light is burning today, and one more will be added each night, so that on the eighth night there are eight lights in the Hanukah candelabra, the reminiscent of glory in the traditions of Israel. A special hymn, "Moos Tzur," is chanted after the same melody by the Jews all over the world. Hanukah is to the Jew what the Fourth of July is to the American and "Le Quatorze Juillet" to the Frenchman.

The feast commemorates the deliverance of the Jews from the tyranny of Antiochus Aristophanes, about 170 B. C. He oppressed them and polluted the holy temple by offering flesh of swine on its altar, and placed statutes of pagan gods on the altars. Finally, the Syrians erected an altar and bade the aged Mantachias to sacrifice on it. He refused, slew the king's messenger, then raised the standard of revolt. He gathered an army, but died before the first attack, proclaiming Judas Maccabeus as his successor. The Jews finally routed their enemies completely in two battles, and Maccabeus caused the temple to be purified.

A rabbinical legend is to the effect that when the perpetual lamp was to be lighted, it was discovered that there remained only one bottle of oil, but by a miracle the oil lasted eight days until a fresh supply could be obtained.

JOHN W. MURRAY SAFE.

Leaders Deny That There is Any Scheme for a Change in Fire Department Heads.

From reliable sources it is learned that there is no intention of making any change in the office of first assistant chief of the fire department, and that John W. Murray will continue his duties. James T. MacMurray, the local Republican leader, said last night that he had not heard of the scheme previous to reading an account in the papers. John W. Murray said that he had received no information whatever of a proposed change. Councilman Robert Lee, chairman of the fire committee, also denies that there is any truth in the story.

WILD DASH OF RUNAWAYS

MADDENED TEAM OF HORSES CAUSE NO DAMAGE BY AWFUL PACE.

In and out among carriages, business wagons and pedestrians, two horses drawing a two-ton wagon loaded with barrels of beer, dashed down East Front street this morning, dodged a trolley car loaded with people at the corner of Front and Somerset streets and turning, ran up Somerset street at a terrific pace. Although the frightened animals covered almost half a mile of crowded thoroughfare in their mad run, they did not collide with anything, nor do any damage to the wagon, harness or themselves.

The wagon was in charge of Frank Rickett, who at the time was delivering beer in the Hotel Waldorf. A boy on a bicycle started the horses. As the team dashed down Front street without a driver, William Emmons swung on behind and climbed to the seat, only to find that the lines had dropped down between the horses. In front of Councilman Arnold's store, Chief Marshal William Campbell caught one of the horses by the bridle and as he was being dragged along the street, Marshal James Block caught the other horse and skillfully threw him.

A motorman on the Somerset street trolley line probably saved a half dozen passengers from injury by reversing the power on his car, and running it back to safety, when he saw the team coming up the street. The runaways were stopped just where the car had stood a few minutes before.

FUNERAL SERVICES OVER MRS. UTTER

Rev. Dr. A. H. Lewis and Rev. George B. Shaw Officiate at Well Attended Obsequies.

IMPRESSIVE SINGING

INTERMENT TO BE MADE TODAY AT WESTERLY, R. I.

Dr. Lewis Dwelt on Dead Woman's Noble Character, and Rev. Mr. Shaw Read the Scripture—Quartette Sang Two Selections.

The funeral services of Mrs. Emma J. Utter were held last night at 7:45 from the late residence, 422 West Fifth street, where a large number of friends and neighbors gathered. The services were opened with the singing of "The Homeland," by Mr. and Mrs. David E. Titsworth, Miss Nan. Randolph and Elmer E. Runyon.

Rev. George B. Shaw, pastor of the Seventh-Day Baptist Church, read appropriate Scripture selections, after which Rev. Dr. A. H. Lewis, who knew Mrs. Utter for many years, made a few remarks. He referred to the unusual fact that it was the third evening service in that family in which he had taken part, the other two being that of Mrs. Utter's mother and her husband. He dwelt chiefly on Browning's thought in the poem of "Ben Ezra," that the best of life is yet to come, and he also spoke of the uplifting influence of music on the character, is being the one thing on earth that is to be reproduced in the next life.

The services closed with the singing of "He Giveth His Beloved Rest," by the quartette, accompanied by Miss Carrie Dewey. Today the remains were taken to Westerly, R. I., for interment.

LITERARY.

The December number of The American Boy (Sprague Publishing Co., Detroit, Mich.,) comes to us this month in enlarged form and in number of pages. Seldom have we seen between the covers of a magazine a greater amount and variety of matter of special interest to boys than this number contains. The notable features of the number are the first chapters of a story by Kirk Munroe, who has just returned from a trip around the world and is writing for The American Boy, the story being entitled, "The Blue Dragon."

Second Race.—De Reszke won; Mrs. Frank Foster, second; Captain Arnold, third.

Third Race.—Big Ben won; Willful, second; Bon Mot, third.

ROOT DEFENDS WOOD

Secretary Addresses Chairman on Military Affairs.

REPORTS SENT OUT FULL OF ERRORS

"False Reports Furnished the Press to the Prejudice of an Honorable Officer and Man of Integrity Fighting In Philippines."

WASHINGTON, Dec. 15. — Elihu Root, secretary of war, has addressed the following letter to Senator Proctor, acting chairman of the committee on military affairs:

"I inclose a letter from Brigadier General Tasker H. Bliss asking attention to the report of his recent testimony before your committee as a witness regarding certain objections to the confirmation of General Wood. It appears that the press report of General Bliss' testimony is the precise contrary of what he in fact testified. He wishes this set right for his own reputation, and I shall take the liberty of doing so as far as practicable by giving his letter to the press.

"At the same time I wish to call the attention of your committee to the fact that some person seems to be persistently furnishing to the press false statements of the testimony taken before you, the perversion of the evidence being in every case to the prejudice of General Wood. It cannot be doubted that the newspapers publishing these reports believe them to be true and that the reports are sent to them by the representatives of the press in good faith under the same belief.

"It is evident that some person is undertaking to convey to the press representatives information of what goes on in the committee and is taking advantage of the fact that the evidence is not published to state it falsely for the purpose of injuring General Wood in the public estimation, so that, while your committee will act upon the evidence actually before it, the public judgement as to how you ought to act will be based upon an entirely different and erroneous idea of what the evidence is.

"If the evidence actually given called for General Wood's presence I should of course bring him back from the Philippines, but I do not feel justified in withdrawing him from the important duties which he is performing on account of false reports of evidence which has never in fact been given. It hardly seems fair that an officer who is not here to protect himself, but is serving his country faithfully under orders on the other side of the world, should have his reputation stabbed in this way. I earnestly request your committee's attention to this subject."

General Bliss in his letter contradicts the report that he strongly opposed the admission without payment of duty of the silver service purchased in New York by the Jai Alai and that he received mandatory instructions from General Wood to admit said silver service free of duty. He says he testified most positively under oath that neither directly nor indirectly, verbally nor in writing, personally from him nor through any subordinate nor from any person whatsoever, "had I received even an intimation as to the remission of duties upon these articles; that I ordered the remission of duty because I believed them and believe now that it was in accordance with the law; that if any mistake was made I was solely responsible for it. I further testified that during the two and a half years that I served directly under the orders of General Wood as military governor of Cuba I know of no action of his that was not consistent with the character of an honorable officer and a man of integrity."

WOOD HEARING.

Evidence Given by Dr. Fisher Was Against Character of Bellairs.

WASHINGTON, Dec. 15. — In the Wood hearing Dr. Fisher testified that he told General Wood all he had learned of the character of Bellairs and that he had offered to General Wood to produce witnesses who could prove Bellairs indecent morally. He said that General Wood told him he did not care to know anything about the stories; that all he asked was that they not be printed in Havana.

In addition to his corroboration of Dr. Fisher's testimony Mr. La Fontisee told of the manner in which he had learned of Bellairs' character and swore also that General Wood knew all about it. He said he learned from persons who went to Havana from Florida that Bellairs had served five years in the Florida convict camps, three years in one and two in another. The crime of which he had been convicted was forgery on a branch of the Bank of England.

Mr. La Fontisee said that in May, 1900, a convict from Florida named Johnson came to him and said that he had seen Bellairs and General Wood together at the races in Havana and that he recognized and spoke to Bellairs, who motioned to him to keep silent. According to Johnson's story as told by Mr. La Fortisee, Bellairs excused himself and met Johnson, asking him to remain quiet concerning his criminal record.

Grand Exposition of Holiday Gifts.

The whole world of art and genius has contributed to a matchlessly beautiful array of the dainty, practical and unique. A collection of articles so diversified, covering such a vast variety of requirements that it seems improbable that anyone can come here now without finding the exact thing that is fitted to their needs. To enumerate is out of the question—how absolutely impossible to do more than suggest, can be appreciated by those who stop to consider that there are more than fifty great departments crowded to their furthest capacity with gift goods counting up into a mighty aggregate of millions.

Commencing Wednesday, December 16,
Open Evenings Until Christmas.

A Wonderland of Playthings.

The workshops of Germany, Austria, Switzerland and France were invaded by our emissaries, and there is not a toy or game worth having that will not be found in our big fifth floor bazaar. Thousands of toys at 5c, and at every price ranging up to $50 and over Steam or electric engines, magic lanterns, moving picture machines, rocking horses, express wagons, patrols, velocipedes, sleds, tool chests, building blocks—everything. Then no one, large or small, should miss seeing

The Multitude of Pretty Dolls.

Charmingly dainty wide-eyed beauties--many of them beautifully gowned, and less expensive dolls that will be every bit as dear to any little girl who is fortunate enough to have old Santa Claus remember her on Christmas morning.

Our contention, made earlier in the season, that prices here are lowest has been substantially confirmed by innumerable buyers who have investigated our and contemporary showings.

PROTECTING PANAMA

Marines Go to Yaviza to Stop Advance of Hostiles.

TO DEFEND THE ISTHMIAN CAPITAL

Policy of the Naval Authorities to Concentrate Forces at Points Which Enable Them to Watch For Colombian Troops.

WASHINGTON, Dec. 15.—An official report to the state department says a company of marines from the United States cruiser Prairie has been landed at Colon under the command of Captain Smedley D. Butler and immediately started by train for Panama. The destination of the marines is said to be Yaviza, up the San Miguel gulf and Tuira river.

It is believed that the decision of the naval authorities to station marines at Yaviza may possibly be owing to the reports that Colombian troops have been seen in that direction, but up to the present time there is no reason to believe that any large force is under orders to march on Panama from Cauca. The opinion seems to prevail that the few Colombian soldiers seen were probably scouts, who were endeavoring to learn what preventive and protective measures were being taken by the republic of Panama, and that it was their presence which gave rise to the exaggerated rumors of a speedy attack by Colombia on the isthmus.

It is more likely that the movement of marines to Yaviza is in conformity with the policy of the naval authorities to concentrate forces at points which offer the best facilities for getting immediate information of any movement by Colombian troops toward Panama and at the same time of affording the marines some relief from their confinement to the ships. The marines carried with them all requisites for camp life and also a number of machine guns.

The news of the movement of marines southward from Panama, based as it was on the reported landing of Colombian troops in that part of the isthmus, was received with keen interest in army circles, where there has been exhibited for some time a desire to participate with the navy in any military movements on the isthmus. The general staff gave the subject immediate attention. There was, however, no outcome in the shape of orders to troops, though the arrival here of Brigadier General J. Franklin Bell, superintendent of the general staff college at Leavenworth, was regarded as confirming the previous statements to the effect that the army is making ready to do its share at a moment's notice. General Bell has been in consultation with the members of the general staff.

General Greene's New Job.

NEW YORK, Dec. 15. — General Francis V. Greene, present police commissioner of New York city, has accepted a position with the Albright-Hayes Power company, which is building a power plant on the Canadian side of Niagara river at Niagara Falls. He will assume his new duties on Jan. 1. General Greene has declined to discuss the story. "Wait awhile," he said; "then I'll tell.

Lineman Died From Shock.

CLEVELAND, O., Dec. 15.—Half a dozen physicians worked for an hour over the body of Thomas Kelly, a lineman who was shocked to death here, in an attempt to restore life. The effort failed, however, the physicians state, because too long a time, four hours, had elapsed from the time the man was shocked until the arrival of the body at the laboratory of Western Reserve university.

Walker Determined to Die.

ELMIRA, N. Y., Dec. 15.—William Walker, aged twenty-eight years and married, a prominent insurance man of Corning, was found unconscious in his office here, with two self inflicted bullet wounds over his heart. He was taken to the City hospital and, it is believed, will die. No cause for his act is known.

Will Not Have Union Miners.

SALT LAKE CITY, Dec. 15.—"Any miner who wants to work for the Utah Fuel company must choose between the company and the miners' union," said Vice President Kramer. "We will not take back a single striker so long as they are unwilling to surrender their union cards."

Miners Want Eight Hour Day.

TELLURIDE, Colo., Dec. 15.—The miners' union has voted to continue the strike in this region until a settlement on another eight hour day basis is reached with mine and mill managers. Managers says they will not recognize the union or grant its demands.

Stepping on Tack Caused Death.

SAN DIEGO, Cal., Dec. 15.—Dr. Joseph H. Greer of Fort Wayne, Ind., has died here of blood poisoning, the result of stepping on a tack in a sleeping car while coming to San Diego recently to attend his wife, who had been stricken with paralysis.

Lynchers Were After Him.

HUNTINGTON, W. Va., Dec. 15.—Russell Lucas has been brought here from Logan county and placed in jail to prevent his being mobbed. Lucas killed John Craddock because the latter gave evidence against him in a lawsuit.

Injured Priest Is Blind.

OTTAWA, Dec. 15.—Rev. Father McGurty, who was hurt in the Ottawa university fire, is blind. He is still in a delirium, and his life is despaired of. Father McGurty came here from Lowell, Mass.

Plainfield, N. J., Dec. 15, 1903.

The Daily Press has a higher circulation rating than is accorded to any other paper in Plainfield.—Printers' Ink.

The Westfield Standard's Christmas issue is a creditable number. There are some live men in the Standard's office.

There are no catch-penny ads in The Daily Press. Christmas shoppers may depend upon the statements made by the merchants who announce their wares through our columns.

James E. Martine and Richard V. Lindabury had a chat together the other day. Mr. Martine says they did not talk politics. We always thought Mr. Lindabury an able and shrewd man, but how did he work it on the "farmer orator?"

If you could meet your entire trade personally, and could explain to each the merits of all your different goods, you would not need to advertise. You can't do this. As a matter of economy, you advertise—tell the public what you have for sale. Each year additional business will result. It makes it easier to do business; less work and worry—more satisfaction all around. —Printers' Ink.

What sound argument can there be for the proposed removal of Joseph A. Hubbard from the local board of assessors? Mr. Hubbard is a man of good judgment and has much experience to qualify himself for retention in the place he has so ably filled for many years. Citizens who have the interests of the city at heart should petition the Common Council not to allow such a mistake to be made.

The vague report that John W Murray is to be removed as first assistant chief of the fire department and his place given to John Cose has met with the reception it deserves. There is probably no foundation for the story, it being too preposterous to give a moment's consideration. After tracing up the rumor, one is led to believe that it originated in the overworked brain of some over-zealous boom starter. The suggestion that Mr. Murray would be removed as a punishment for not having worked for the ring's interests here at the last election has been made, but no sober thinking person would believe that the local Republican machine would commit such a foolhardy blunder. Moreover Jas. T. MacMurray, himself, denies all knowlege of the matter and says that he sees no reason why there should be any change. Were politics to be introduced in the fire department, or in any other department of the local government, the interests of the citizens would suffer and the city would become degenerated as a municipality. There would surely be a strong protest against the removal of Mr. Murray, who knows as much about fire department work as any man in the city, and whose standing in the community is an enviable one. The ousting of such a man would be a crime against the municipality.

An Ideal Location

Rosedale and Linden Park Cemeteries

LARGEST IN THE STATE

LINDEN, N. J.

Beautiful and Accessible

2 Miles from Elizabeth, 7 Miles from Newark, 14 MILES FROM NEW YORK

On Main Line Pennsylvania Railroad

Why Lots in these Cemeteries commend themselves to Heads of Families and Investors

BECAUSE of the $1,000,000 Trust Fund provided for by the Trustees in each Cemetery, the income from which will keep the properties perpetually beautiful at NO EXPENSE TO LOT OWNERS.

BECAUSE such a guarantee, not found in any other cemetery, assures lot owners that the grounds WILL BE MAINTAINED PERMANENTLY AS BEAUTIFUL PARKS AFTER THE INCOME FROM THE SALE OF LOTS HAS BEEN EXHAUSTED.

LOTS SHOULD BE PURCHASED NOW

BECAUSE MORE ADVANTAGES ARE OFFERED TO LOT BUYERS in a new Modern Park Cemetery than in those established many years and, in most cases, no provision made for perpetual care without extra expense to lot owners. THERE ARE A GREATER NUMBER OF IDEAL LOCATIONS TO SELECT FROM, PRICES OF LOTS ARE ALWAYS LOWER AND TERMS MORE ADVANTAGEOUS.

BECAUSE life is most uncertain and EVERY ONE SHOULD ANTICIPATE THE INEVITABLE BY MAKING A CHOICE NOW OF A FINAL RESTING PLACE.

LOTS WILL PROVE A GOOD INVESTMENT

BECAUSE they are sure to increase in value and can be purchased NOW at the INITIAL or LOWEST PRICE and upon the most ADVANTAGEOUS TERMS.

THE SLOW GIRL

She Should Wake Up

THE bachelor gave a cynical little laugh.

"Well, the slow girl is better than the rapid girl," he remarked.

"Why, the idea!" cried the worldly wise woman. "But let me tell you that while there are undoubtedly some—er—young ladies who would do well to slow down there are even larger numbers who need the spur rather than the checkrein."

"Most women would rather be comfortable than anything else," remarked the bachelor sententiously.

"Um! That sounds as if it had come from a book; but, even so, much depends on the meaning of the word 'comfortable.' Most of the slow girls I know are not even comfortable in the sense of being at ease in their minds. They simply lay the trouble to bad luck, that patron saint of the lazy. In nine cases out of ten (we will leave that tenth case for real hard luck) they have themselves to blame. Any girl who is alive has no business to stand dolefully at the window with 'lonely' written all over her and watch the fun of the rest of the world. Let her sit down and make out a list of the women she knows and why they don't call or invite her any more and of the men she knows or might easily know and the reason why they don't come around. Perhaps she hasn't asked them! Well, if she waits for men to ask permission to call in this busy, overrushed world I am afraid the dear girl will sit alone in her studio, parlor, reception room or whatever it may be more than one evening in the week. There is a way of doing things that is not bold or sentimental—a frank look in the eyes, like a nice boy's; a cordial intonation in the voice and a 'How would you like to run up some evening next week and take dinner with me, Mr. Smith?' And she doesn't need to make any fuss for him. Men hate fuss and formality.

"It's the same way with a girl's friends. She is worse than silly to confine her attentions to one or two, merely contenting herself with paying formal calls on the others. She must circulate among them, introduce those whom she thinks will be congenial, bring around the men and make them meet her girl friends or, better still, plan little foursomes in which she will bring a man for the other girl and the other girl will bring one for her. If she is selfish and stuffy and poky, she never, never will have friends. And why are some girls afraid to make

LONELY.

friends with influential people—people who can help them along in the world? They are just as easy to entertain as ordinary folk if a girl can make herself interesting, and if she doesn't know how to do that let her study how.

"I should like to say to every girl who is slow: If your surroundings swamp you, change your surroundings; if your lack of means cramps you, find some way of augmenting those means, and it not infrequently happens that your very work will bring you friends. But move along. Get ahead, whatever you do. Let only one thing worry you—the thought that you are idle, that you are not making the most of life, that you are not advancing. That ought to worry you to death if you are frittering your time.

"'And for goodness' sake, whatever you do, keep your eyes open. Look straight ahead. Don't live in the past, and don't believe that stupid saying of old women, 'It will all come right somehow.' In won't come right unless you make it so.

"'I don't believe in planning for the future. It will all come right somehow,' murmured one of these feminine weaklings as she dropped a few gentle tears over a faded packet of love letters. Not that she cared particularly, but there being nothing else to do that afternoon she beguiled the tedium of her lonely life by taking out of her trunk the almost forgotten love letters and crying over them. Great pity she couldn't better her condition by doing something practical."

"Upon the whole," murmured the bachelor, "I don't think I should care to be the slow girl."

"There is such a thing as a happy medium," the worldly wise woman answered, with dignity.

MAUD ROBINSON.

IN SUPREME COURT.

The Northern Securities Case Heard at Washington.

J. P. MORGAN & Co., "MANAGERS."

Knox Reviewed History of Northern Pacific, Saying, "Built With Government Money, Its Independence Has Been Destroyed."

WASHINGTON, Dec. 15.—The supreme court of the United States began hearing arguments in the case of the Northern Securities company, the Great Northern Railroad company, the Northern Pacific company, James J. Hill, J. Pierpont Morgan, Daniel S. Lamont and others versus the United States, coming to this court on appeal from the decision of the circuit court for the district of Minnesota. That decision was to the effect that the purchase of the greater share of the stock of the two railroad companies constituted a merger and was contrary to the Sherman antitrust law. The case involves the community of interest principle.

The brief of the government in the case was prepared by Attorney General Knox and Assistant Attorney General Day.

It states that the bill in the case was originally brought by the government to restrain the violation of the antitrust law by the Securities company in the consolidation of the Northern Pacific and the great railroads and that the decision of the court below was favorable to the contention of the United States.

Attorney General Knox was present with quite an array of assistants from his office, while the opposition also was represented by a long list of distinguished counsel, including former Attorney General Griggs, John G. Johnson of Philadelphia, C. V. Bunn and Charles B. Young.

John G. Johnson, representing the Northern Securities company, made the first argument. He announced that the three railroads and the Securities company would desire to be heard by their counsel, while it was stated in behalf of the government that only the attorney general would speak.

Mr. C. V. Bunn, for the companies, said:

"The parallel telegraph lines of the country stand on the same footing as parallel railway lines, as it is common knowledge that nearly all the telegraph lines of the country have gradually come into the control of two companies.

"In the same way you have got to hold that the acquisition of parallel steamboat lines is a restraint on interstate commerce. And so if a few individuals owning stock in carrying corporations should unite into a partnership, turning the stock in as partnership assets, you would have the same unity of ownership and the same conspiracy and agreement and likewise the same power of control that you have in this case, and my question is whether it is really a subject of federal control or a subject of state control."

He contended that there had been no consolidation, but said that if there had been it would not be in restraint of trade.

Mr. Bunn was followed by Attorney General Knox for the United States.

In order that the court might understand the reasons for this concern he reviewed the principal facts connected with the organization and subsequent history of the Northern Pacific company, its relations to the Great Northern railroad and other facts out of which the questions in this case arise, but without extended comment. His statement of facts in this connection was as follows:

First.—That the Northern Pacific railroad was built under the authority of the United States and in the main with capital furnished by the United States and that the United States intended and attached the condition to its contribution that the railroad should be a great independent national highway and specified that the object of its construction was to "promote the public interests."
